

SENATE

STATE OF MINNESOTA

EIGHTY-EIGHTH LEGISLATURE

S.F. No. 959

(SENATE AUTHORS: HAYDEN)

DATE	D-PG	OFFICIAL STATUS
03/04/2013	470	Introduction and first reading Referred to Health, Human Services and Housing

A bill for an act
relating to human services; modifying medical assistance managed care
contracts; amending Minnesota Statutes 2012, section 256B.69, subdivision 5a.
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2012, section 256B.69, subdivision 5a, is amended to
read:

Subd. 5a. **Managed care contracts.** (a) Managed care contracts under this section
and section 256L.12 shall be entered into or renewed on a calendar year basis beginning
January 1, 1996. Managed care contracts which were in effect on June 30, 1995, and set to
renew on July 1, 1995, shall be renewed for the period July 1, 1995 through December
31, 1995 at the same terms that were in effect on June 30, 1995. The commissioner may
issue separate contracts with requirements specific to services to medical assistance
recipients age 65 and older.

(b) A prepaid health plan providing covered health services for eligible persons
pursuant to chapters 256B and 256L is responsible for complying with the terms of its
contract with the commissioner. Requirements applicable to managed care programs
under chapters 256B and 256L established after the effective date of a contract with the
commissioner take effect when the contract is next issued or renewed.

(c) Effective for services rendered on or after January 1, 2003, the commissioner
shall withhold five percent of managed care plan payments under this section and
county-based purchasing plan payments under section 256B.692 for the prepaid medical
assistance program pending completion of performance targets. Each performance target
must be quantifiable, objective, measurable, and reasonably attainable, except in the case
of a performance target based on a federal or state law or rule. Criteria for assessment

of each performance target must be outlined in writing prior to the contract effective date. Clinical or utilization performance targets and their related criteria must consider evidence-based research and reasonable interventions when available or applicable to the populations served, and must be developed with input from external clinical experts and stakeholders, including managed care plans, county-based purchasing plans, and providers. The managed care or county-based purchasing plan must demonstrate, to the commissioner's satisfaction, that the data submitted regarding attainment of the performance target is accurate. The commissioner shall periodically change the administrative measures used as performance targets in order to improve plan performance across a broader range of administrative services. The performance targets must include measurement of plan efforts to contain spending on health care services and administrative activities. The commissioner may adopt plan-specific performance targets that take into account factors affecting only one plan, including characteristics of the plan's enrollee population. The withheld funds must be returned no sooner than July of the following year if performance targets in the contract are achieved. The commissioner may exclude special demonstration projects under subdivision 23.

(d) Effective for services rendered on or after January 1, 2009, through December 31, 2009, the commissioner shall withhold three percent of managed care plan payments under this section and county-based purchasing plan payments under section 256B.692 for the prepaid medical assistance program. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year. The commissioner may exclude special demonstration projects under subdivision 23.

(e) Effective for services provided on or after January 1, ~~2010~~ 2014, the commissioner shall require that managed care plans use the assessment and authorization processes, forms, timelines, standards, documentation, and data reporting requirements, protocols, billing processes, and policies consistent with medical assistance fee-for-service or the Department of Human Services contract requirements consistent with medical assistance fee-for-service or the Department of Human Services contract requirements for all ~~personal care assistance services under section 256B.0659~~ home care services under section 256B.0651.

(f) Effective for services rendered on or after January 1, 2010, through December 31, 2010, the commissioner shall withhold 4.5 percent of managed care plan payments under this section and county-based purchasing plan payments under section 256B.692 for the prepaid medical assistance program. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year. The commissioner may exclude special demonstration projects under subdivision 23.

(g) Effective for services rendered on or after January 1, 2011, through December 31, 2011, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the health plan's emergency room utilization rate for state health care program enrollees by a measurable rate of five percent from the plan's utilization rate for state health care program enrollees for the previous calendar year. Effective for services rendered on or after January 1, 2012, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the health plan's emergency department utilization rate for medical assistance and MinnesotaCare enrollees, as determined by the commissioner. For 2012, the reduction shall be based on the health plan's utilization in 2009. To earn the return of the withhold each subsequent year, the managed care plan or county-based purchasing plan must achieve a qualifying reduction of no less than ten percent of the plan's emergency department utilization rate for medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, compared to the previous measurement year until the final performance target is reached. When measuring performance, the commissioner must consider the difference in health risk in a managed care or county-based purchasing plan's membership in the baseline year compared to the measurement year, and work with the managed care or county-based purchasing plan to account for differences that they agree are significant.

The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that a reduction in the utilization rate was achieved. The commissioner shall structure the withhold so that the commissioner returns a portion of the withheld funds in amounts commensurate with achieved reductions in utilization less than the targeted amount.

The withhold described in this paragraph shall continue for each consecutive contract period until the plan's emergency room utilization rate for state health care program enrollees is reduced by 25 percent of the plan's emergency room utilization rate for medical assistance and MinnesotaCare enrollees for calendar year 2009. Hospitals shall cooperate with the health plans in meeting this performance target and shall accept payment withholds that may be returned to the hospitals if the performance target is achieved.

(h) Effective for services rendered on or after January 1, 2012, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the plan's hospitalization admission rate for medical assistance and MinnesotaCare enrollees, as determined by the commissioner. To earn the return of the withhold each year, the managed care plan or county-based purchasing plan must achieve a qualifying reduction of no less than five percent of the plan's hospital admission rate for medical

assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, compared to the previous calendar year until the final performance target is reached. When measuring performance, the commissioner must consider the difference in health risk in a managed care or county-based purchasing plan's membership in the baseline year compared to the measurement year, and work with the managed care or county-based purchasing plan to account for differences that they agree are significant.

The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that this reduction in the hospitalization rate was achieved. The commissioner shall structure the withhold so that the commissioner returns a portion of the withheld funds in amounts commensurate with achieved reductions in utilization less than the targeted amount.

The withhold described in this paragraph shall continue until there is a 25 percent reduction in the hospital admission rate compared to the hospital admission rates in calendar year 2011, as determined by the commissioner. The hospital admissions in this performance target do not include the admissions applicable to the subsequent hospital admission performance target under paragraph (i). Hospitals shall cooperate with the plans in meeting this performance target and shall accept payment withholds that may be returned to the hospitals if the performance target is achieved.

(i) Effective for services rendered on or after January 1, 2012, the commissioner shall include as part of the performance targets described in paragraph (c) a reduction in the plan's hospitalization admission rates for subsequent hospitalizations within 30 days of a previous hospitalization of a patient regardless of the reason, for medical assistance and MinnesotaCare enrollees, as determined by the commissioner. To earn the return of the withhold each year, the managed care plan or county-based purchasing plan must achieve a qualifying reduction of the subsequent hospitalization rate for medical assistance and MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23 and 28, of no less than five percent compared to the previous calendar year until the final performance target is reached.

The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following calendar year if the managed care plan or county-based purchasing plan demonstrates to the satisfaction of the commissioner that a qualifying reduction in the subsequent hospitalization rate was achieved. The commissioner shall structure the withhold so that the commissioner returns a portion of the withheld funds in amounts commensurate with achieved reductions in utilization less than the targeted amount.

5.1 The withhold described in this paragraph must continue for each consecutive
5.2 contract period until the plan's subsequent hospitalization rate for medical assistance and
5.3 MinnesotaCare enrollees, excluding enrollees in programs described in subdivisions 23
5.4 and 28, is reduced by 25 percent of the plan's subsequent hospitalization rate for calendar
5.5 year 2011. Hospitals shall cooperate with the plans in meeting this performance target and
5.6 shall accept payment withholds that must be returned to the hospitals if the performance
5.7 target is achieved.

5.8 (j) Effective for services rendered on or after January 1, 2011, through December 31,
5.9 2011, the commissioner shall withhold 4.5 percent of managed care plan payments under
5.10 this section and county-based purchasing plan payments under section 256B.692 for the
5.11 prepaid medical assistance program. The withheld funds must be returned no sooner than
5.12 July 1 and no later than July 31 of the following year. The commissioner may exclude
5.13 special demonstration projects under subdivision 23.

5.14 (k) Effective for services rendered on or after January 1, 2012, through December
5.15 31, 2012, the commissioner shall withhold 4.5 percent of managed care plan payments
5.16 under this section and county-based purchasing plan payments under section 256B.692
5.17 for the prepaid medical assistance program. The withheld funds must be returned no
5.18 sooner than July 1 and no later than July 31 of the following year. The commissioner may
5.19 exclude special demonstration projects under subdivision 23.

5.20 (l) Effective for services rendered on or after January 1, 2013, through December 31,
5.21 2013, the commissioner shall withhold 4.5 percent of managed care plan payments under
5.22 this section and county-based purchasing plan payments under section 256B.692 for the
5.23 prepaid medical assistance program. The withheld funds must be returned no sooner than
5.24 July 1 and no later than July 31 of the following year. The commissioner may exclude
5.25 special demonstration projects under subdivision 23.

5.26 (m) Effective for services rendered on or after January 1, 2014, the commissioner
5.27 shall withhold three percent of managed care plan payments under this section and
5.28 county-based purchasing plan payments under section 256B.692 for the prepaid medical
5.29 assistance program. The withheld funds must be returned no sooner than July 1 and
5.30 no later than July 31 of the following year. The commissioner may exclude special
5.31 demonstration projects under subdivision 23.

5.32 (n) A managed care plan or a county-based purchasing plan under section 256B.692
5.33 may include as admitted assets under section 62D.044 any amount withheld under this
5.34 section that is reasonably expected to be returned.

6.1 (o) Contracts between the commissioner and a prepaid health plan are exempt from
6.2 the set-aside and preference provisions of section 16C.16, subdivisions 6, paragraph
6.3 (a), and 7.

6.4 (p) The return of the withhold under paragraphs (d), (f), and (j) to (m) is not subject
6.5 to the requirements of paragraph (c).
