1.14 ARTICLE 1
1.15 PHYSICIAN ASSISTANTS

1.16 Section 1. Minnesota Statutes 2018, section 147A.06, is amended to read:

1.17 147A.06 CANCELLATION OF LICENSE FOR NONRENEWAL.

1.18 Subdivision 1. Cancellation of license. The board shall not renew, reissue, reinstate, or
1.19 restore a license that has lapsed on or after July 1, 1996, and has not been renewed within
1.20 two annual renewal cycles starting July 1, 1997. A licensee whose license is canceled for
1.21 nonrenewal must obtain a new license by applying for licensure and fulfilling all requirements
1.22 then in existence for an initial license to practice as a physician assistant.

1.23 Subd. 2. Licensure following lapse of licensed status; transition. (a) A licensee whose
1.24 license has lapsed under subdivision 1 before January 1, 2020, and who seeks to regain
1.25 licensed status after January 1, 2020, shall be treated as a first-time licensee only for purposes

2.1 of establishing a license renewal schedule, and shall not be subject to the license cycle  
 2.2 conversion provisions in section 147A.29.

2.3 (b) This subdivision expires July 1, 2022.

2.4 Sec. 2. Minnesota Statutes 2018, section 147A.07, is amended to read:

2.5 **147A.07 RENEWAL.**

2.6 (a) A person who holds a license as a physician assistant shall annually, upon notification  
 2.7 from the board, renew the license by:

2.8 (1) submitting the appropriate fee as determined by the board;

2.9 (2) completing the appropriate forms; and

2.10 (3) meeting any other requirements of the board.

2.11 (b) A licensee must maintain a correct mailing address with the board for receiving board  
 2.12 communications, notices, and license renewal documents. Placing the license renewal  
 2.13 application in first class United States mail, addressed to the licensee at the licensee's last  
 2.14 known address with postage prepaid, constitutes valid service. Failure to receive the renewal  
 2.15 documents does not relieve a licensee of the obligation to comply with this section.

2.16 (c) The name of a licensee who does not return a complete license renewal application,  
 2.17 annual license fee, or late application fee, as applicable, within the time period required by  
 2.18 this section shall be removed from the list of individuals authorized to practice during the  
 2.19 current renewal period. If the licensee's license is reinstated, the licensee's name shall be  
 2.20 placed on the list of individuals authorized to practice.

2.21 **Sec. 3. [147A.29] LICENSE RENEWAL CYCLE CONVERSION.**

2.22 Subdivision 1. **Generally.** The license renewal cycle for physician assistant licensees  
 2.23 is converted to an annual cycle where renewal is due on the last day of the licensee's month  
 2.24 of birth. Conversion pursuant to this section begins January 1, 2020. This section governs  
 2.25 license renewal procedures for licensees who were licensed before December 31, 2019. The  
 2.26 conversion renewal cycle is the renewal cycle following the first license renewal after  
 2.27 January 1, 2020. The conversion license period is the license period for the conversion  
 2.28 renewal cycle. The conversion license period is between six and 17 months and ends the  
 2.29 last day of the licensee's month of birth in either 2020 or 2021, as described in subdivision  
 2.30 2.

3.1 Subd. 2. Conversion of license renewal cycle for current licensees. For a licensee  
3.2 whose license is current as of December 31, 2019, the licensee's conversion license period  
3.3 begins on January 1, 2020, and ends on the last day of the licensee's month of birth in 2020,  
3.4 except that for licensees whose month of birth is January, February, March, April, May, or  
3.5 June, the licensee's renewal cycle ends on the last day of the licensee's month of birth in  
3.6 2021.

3.7 Subd. 3. Conversion of license renewal cycle for noncurrent licensees. This subdivision  
3.8 applies to an individual who was licensed before December 31, 2019, but whose license is  
3.9 not current as of December 31, 2019. When the individual first renews the license after  
3.10 January 1, 2020, the conversion renewal cycle begins on the date the individual applies for  
3.11 renewal and ends on the last day of the licensee's month of birth in the same year, except  
3.12 that if the last day of the individual's month of birth is less than six months after the date  
3.13 the individual applies for renewal, then the renewal period ends on the last day of the  
3.14 individual's month of birth in the following year.

3.15 Subd. 4. Subsequent renewal cycles. After the licensee's conversion renewal cycle  
3.16 under subdivision 2 or 3, subsequent renewal cycles are annual and begin on the last day  
3.17 of the month of the licensee's birth.

3.18 Subd. 5. Conversion period and fees. (a) A licensee who holds a license issued before  
3.19 January 1, 2020, and who renews that license pursuant to subdivision 2 or 3, shall pay a  
3.20 renewal fee as required in this subdivision.

3.21 (b) A licensee shall be charged the annual license fee listed in section 147A.28 for the  
3.22 conversion license period.

3.23 (c) For a licensee whose conversion license period is six to 11 months, the first annual  
3.24 license fee charged after the conversion license period shall be adjusted to credit the excess  
3.25 fee payment made during the conversion license period. The credit is calculated by: (1)  
3.26 subtracting the number of months of the licensee's conversion license period from 12; and  
3.27 (2) multiplying the result of clause (1) by 1/12 of the annual fee rounded up to the next  
3.28 dollar.

3.29 (d) For a licensee whose conversion license period is 12 months, the first annual license  
3.30 fee charged after the conversion license period shall not be adjusted.

3.31 (e) For a licensee whose conversion license period is 13 to 17 months, the first annual  
3.32 license fee charged after the conversion license period shall be adjusted to add the annual  
3.33 license fee payment for the months that were not included in the annual license fee paid for  
3.34 the conversion license period. The added payment is calculated by: (1) subtracting 12 from

4.1 the number of months of the licensee's conversion license period; and (2) multiplying the  
4.2 result of clause (1) by 1/12 of the annual fee rounded up to the next dollar.

4.3 (f) For the second and all subsequent license renewals made after the conversion license  
4.4 period, the licensee's annual license fee is as listed in section 147A.28.

4.5 Subd. 6. **Expiration.** This section expires July 1, 2022.

4.21 application in first class United States mail, addressed to the applicant at the applicant's last  
4.22 known address with postage prepaid, constitutes valid service. Failure to receive the renewal  
4.23 documents does not relieve an applicant of the obligation to comply with this section.

4.24 (d) The name of an applicant who does not return a complete license renewal application,  
4.25 annual license fee, or late application fee, as applicable, within the time period required by  
4.26 this section shall be removed from the list of individuals authorized to practice during the  
4.27 current renewal period. If the applicant's license is reinstated, the applicant's name shall be  
4.28 placed on the list of individuals authorized to practice.

11.3 Subd. 4. **Subsequent renewal cycles.** After the licensee's conversion renewal cycle  
 11.4 under subdivision 2 or 3, subsequent renewal cycles are annual and begin on the last day  
 11.5 of the month of the licensee's birth.

 11.7 January 1, 2020, and who renews that license pursuant to subdivision 2 or 3, shall pay a  
 11.8 renewal fee as required in this subdivision.

11.9 (b) A licensee shall be charged the annual license fee listed in section 147D.27 for the  
 11.10 conversion license period.

11.11 (c) For a licensee whose conversion license period is six to 11 months, the first annual  
 11.12 license fee charged after the conversion license period shall be adjusted to credit the excess  
 11.13 fee payment made during the conversion license period. The credit is calculated by: (1)  
 11.14 subtracting the number of months of the licensee's conversion license period from 12; and  
 11.15 (2) multiplying the result of clause (1) by 1/12 of the annual fee rounded up to the next  
 11.16 dollar.

11.17 (d) For a licensee whose conversion license period is 12 months, the first annual license

11.19 (e) For a licensee whose conversion license period is 13 to 17 months, the first annual  
 11.20 license fee charged after the conversion license period shall be adjusted to add the annual  
 11.21 license fee payment for the months that were not included in the annual license fee paid for  
 11.22 the conversion license period. The added payment is calculated by: (1) subtracting 12 from  
 11.23 the number of months of the licensee's conversion license period; and (2) multiplying the  
 11.24 result of clause (1) by 1/12 of the annual fee rounded up to the next dollar.

11.25 (f) For the second and all subsequent license renewals made after the conversion license  
 11.26 period, the licensee's annual license fee is as listed in section 147D.27.

### 11.29 **REGISTERED NATUROPATHIC DOCTORS**

12.5 board as described in section 147E.25; and

12.7 presented in the renewal application. The information must be submitted within 30 days  
12.8 after the board's request, or the renewal request is nullified.

12.9 (b) A registrant must maintain a correct mailing address with the board for receiving  
12.10 board communications, notices, and registration renewal documents. Placing the registration  
12.11 renewal application in first class United States mail, addressed to the registrant at the  
12.12 registrant's last known address with postage prepaid, constitutes valid service. Failure to  
12.13 receive the renewal documents does not relieve a registrant of the obligation to comply with  
12.14 this section.

12.15 (c) The name of a registrant who does not return a complete registration renewal  
12.16 application, annual registration fee, or late application fee, as applicable, within the time  
12.17 period required by this section shall be removed from the list of individuals authorized to  
12.18 practice during the current renewal period. If the registrant's registration is reinstated, the  
12.19 registrant's name shall be placed on the list of individuals authorized to practice.

12.20 Sec. 2. Minnesota Statutes 2018, section 147E.15, is amended by adding a subdivision to  
12.21 read:

12.22 Subd. 10a. **Registration following lapse of registered status; transition.** (a) A registrant  
12.23 whose registration has lapsed under subdivision 10 before January 1, 2020, and who seeks  
12.24 to regain registered status after January 1, 2020, shall be treated as a first-time registrant  
12.25 only for purposes of establishing a registration renewal schedule, and shall not be subject  
12.26 to the registration cycle conversion provisions in section 147E.45.

12.27 (b) This subdivision expires July 1, 2022.

12.28 Sec. 3. **[147E.45] REGISTRATION RENEWAL CYCLE CONVERSION.**

12.29 Subdivision 1. **Generally.** The registration renewal cycle for registered naturopathic  
12.30 doctors is converted to an annual cycle where renewal is due on the last day of the registrant's  
12.31 month of birth. Conversion pursuant to this section begins January 1, 2020. This section  
12.32 governs registration renewal procedures for registrants who were registered before December

13.1 31, 2019. The conversion renewal cycle is the renewal cycle following the first registration  
13.2 renewal after January 1, 2020. The conversion registration period is the registration period  
13.3 for the conversion renewal cycle. The conversion registration period is between six and 17  
13.4 months and ends the last day of the registrant's month of birth in either 2020 or 2021, as  
13.5 described in subdivision 2.

13.6 Subd. 2. **Conversion of registration renewal cycle for current registrants.** For a  
13.7 registrant whose registration is current as of December 31, 2019, the registrant's conversion  
13.8 registration period begins on January 1, 2020, and ends on the last day of the registrant's  
13.9 month of birth in 2020, except that for registrants whose month of birth is January, February,  
13.10 March, April, May, or June, the registrant's renewal cycle ends on the last day of the  
13.11 registrant's month of birth in 2021.

13.12 Subd. 3. **Conversion of registration renewal cycle for noncurrent registrants.** This  
13.13 subdivision applies to an individual who was registered before December 31, 2019, but  
13.14 whose registration is not current as of December 31, 2019. When the individual first renews  
13.15 the registration after January 1, 2020, the conversion renewal cycle begins on the date the  
13.16 individual applies for renewal and ends on the last day of the registrant's month of birth in  
13.17 the same year, except that if the last day of the individual's month of birth is less than six  
13.18 months after the date the individual applies for renewal, then the renewal period ends on  
13.19 the last day of the individual's month of birth in the following year.

13.20 Subd. 4. **Subsequent renewal cycles.** After the registrant's conversion renewal cycle  
13.21 under subdivision 2 or 3, subsequent renewal cycles are annual and begin on the last day  
13.22 of the month of the registrant's birth.

13.23 Subd. 5. **Conversion period and fees.** (a) A registrant who holds a registration issued  
13.24 before January 1, 2020, and who renews that registration pursuant to subdivision 2 or 3,  
13.25 shall pay a renewal fee as required in this subdivision.

13.26 (b) A registrant shall be charged the annual registration fee listed in section 147E.40 for  
13.27 the conversion registration period.

13.28 (c) For a registrant whose conversion registration period is six to 11 months, the first  
13.29 annual registration fee charged after the conversion registration period shall be adjusted to  
13.30 credit the excess fee payment made during the conversion registration period. The credit is  
13.31 calculated by: (1) subtracting the number of months of the registrant's conversion registration  
13.32 period from 12; and (2) multiplying the result of clause (1) by 1/12 of the annual fee rounded  
13.33 up to the next dollar.

14.1 (d) For a registrant whose conversion registration period is 12 months, the first annual  
14.2 registration fee charged after the conversion registration period shall not be adjusted.

14.3 (e) For a registrant whose conversion registration period is 13 to 17 months, the first  
14.4 annual registration fee charged after the conversion registration period shall be adjusted to  
14.5 add the annual registration fee payment for the months that were not included in the annual  
14.6 registration fee paid for the conversion registration period. The added payment is calculated  
14.7 by: (1) subtracting 12 from the number of months of the registrant's conversion registration  
14.8 period; and (2) multiplying the result of clause (1) by 1/12 of the annual fee rounded up to  
14.9 the next dollar.

14.10 (f) For the second and all subsequent registration renewals made after the conversion  
14.11 registration period, the registrant's annual registration fee is as listed in section 147E.40.

14.12 Subd. 6. **Expiration.** This section expires July 1, 2022.

## 14.13 **ARTICLE 6**

### 14.14 **GENETIC COUNSELORS**

14.15 Section 1. Minnesota Statutes 2018, section 147F.07, subdivision 5, is amended to read:

14.16 Subd. 5. **License renewal.** (a) To be eligible for license renewal, a licensed genetic  
14.17 counselor must submit to the board:

14.18 (1) a renewal application on a form provided by the board;

14.19 (2) the renewal fee required under section 147F.17;

14.20 (3) evidence of compliance with the continuing education requirements in section  
14.21 147F.11; and

14.22 (4) any additional information requested by the board.

14.23 (b) A licensee must maintain a correct mailing address with the board for receiving board  
14.24 communications, notices, and license renewal documents. Placing the license renewal  
14.25 application in first class United States mail, addressed to the licensee at the licensee's last  
14.26 known address with postage prepaid, constitutes valid service. Failure to receive the renewal  
14.27 documents does not relieve a licensee of the obligation to comply with this section.

14.28 (c) The name of a licensee who does not return a complete license renewal application,  
14.29 annual license fee, or late application fee, as applicable, within the time period required by  
14.30 this section shall be removed from the list of individuals authorized to practice during the

15.1 current renewal period. If the licensee's license is reinstated, the licensee's name shall be  
15.2 placed on the list of individuals authorized to practice.

15.3 Sec. 2. Minnesota Statutes 2018, section 147F.07, is amended by adding a subdivision to  
15.4 read:

15.5 Subd. 6. **Licensure following lapse of licensure status for two years or less.** For any  
15.6 individual whose licensure status has lapsed for two years or less, to regain licensure status,

15.10 since the licensed genetic counselor's initial licensure or last renewal; and

15.11 (3) submit the fees required under section 147F.17 for the period not licensed, including  
15.12 the fee for late renewal.

15.13 Sec. 3. Minnesota Statutes 2018, section 147F.07, is amended by adding a subdivision to  
15.14 read:

15.15 Subd. 6a. **Licensure following lapse of licensed status; transition.** (a) A licensee whose  
15.16 license has lapsed under subdivision 6 before January 1, 2020, and who seeks to regain  
15.17 licensed status after January 1, 2020, shall be treated as a first-time licensee only for purposes  
15.18 of establishing a license renewal schedule, and shall not be subject to the license cycle  
15.19 conversion provisions in section 147F.19.

15.20 (b) This subdivision expires July 1, 2022.

15.21 Sec. 4. **[147F.19] LICENSE RENEWAL CYCLE CONVERSION.**

15.22 Subdivision 1. **Generally.** The license renewal cycle for genetic counselor licensees is  
15.23 converted to an annual cycle where renewal is due on the last day of the licensee's month  
15.24 of birth. Conversion pursuant to this section begins January 1, 2020. This section governs  
15.25 license renewal procedures for licensees who were licensed before December 31, 2019. The  
15.26 conversion renewal cycle is the renewal cycle following the first license renewal after  
15.27 January 1, 2020. The conversion license period is the license period for the conversion  
15.28 renewal cycle. The conversion license period is between six and 17 months and ends the  
15.29 last day of the licensee's month of birth in either 2020 or 2021, as described in subdivision  
15.30 2.

16.1 Subd. 2. Conversion of license renewal cycle for current licensees. For a licensee  
16.2 whose license is current as of December 31, 2019, the licensee's conversion license period  
16.3 begins on January 1, 2020, and ends on the last day of the licensee's month of birth in 2020,  
16.4 except that for licensees whose month of birth is January, February, March, April, May, or  
16.5 June, the licensee's renewal cycle ends on the last day of the licensee's month of birth in  
16.6 2021.

16.7 Subd. 3. Conversion of license renewal cycle for noncurrent licensees. This subdivision  
16.8 applies to an individual who was licensed before December 31, 2019, but whose license is  
16.9 not current as of December 31, 2019. When the individual first renews the license after  
16.10 January 1, 2020, the conversion renewal cycle begins on the date the individual applies for  
16.11 renewal and ends on the last day of the licensee's month of birth in the same year, except  
16.12 that if the last day of the individual's month of birth is less than six months after the date  
16.13 the individual applies for renewal, then the renewal period ends on the last day of the  
16.14 individual's month of birth in the following year.

16.15 Subd. 4. Subsequent renewal cycles. After the licensee's conversion renewal cycle  
16.16 under subdivision 2 or 3, subsequent renewal cycles are annual and begin on the last day  
16.17 of the month of the licensee's birth.

16.18 Subd. 5. Conversion period and fees. (a) A licensee who holds a license issued before  
16.19 January 1, 2020, and who renews that license pursuant to subdivision 2 or 3, shall pay a  
16.20 renewal fee as required in this subdivision.

16.21 (b) A licensee shall be charged the annual license fee listed in section 147F.17 for the  
16.22 conversion license period.

16.23 (c) For a licensee whose conversion license period is six to 11 months, the first annual  
16.24 license fee charged after the conversion license period shall be adjusted to credit the excess  
16.25 fee payment made during the conversion license period. The credit is calculated by: (1)  
16.26 subtracting the number of months of the licensee's conversion license period from 12; and  
16.27 (2) multiplying the result of clause (1) by 1/12 of the annual fee rounded up to the next  
16.28 dollar.

16.29 (d) For a licensee whose conversion license period is 12 months, the first annual license  
16.30 fee charged after the conversion license period shall not be adjusted.

16.31 (e) For a licensee whose conversion license period is 13 to 17 months, the first annual  
16.32 license fee charged after the conversion license period shall be adjusted to add the annual  
16.33 license fee payment for the months that were not included in the annual license fee paid for  
16.34 the conversion license period. The added payment is calculated by: (1) subtracting 12 from

17.1 the number of months of the licensee's conversion license period; and (2) multiplying the  
 17.2 result of clause (1) by 1/12 of the annual fee rounded up to the next dollar.

17.3 (f) For the second and all subsequent license renewals made after the conversion license  
 17.4 period, the licensee's annual license fee is as listed in section 147F.17.

17.5 Subd. 6. **Expiration.** This section expires July 1, 2022.
