9.6 assessing safety and risk to the child, and formulating a plan.

9.7 (b) If the responsible agency determines that the child must be interviewed as part of a  
9.8 family assessment or investigation, the responsible agency must interview the child separately

9.11 responsible agency shall document the rare and exceptional circumstances. The county shall  
9.12 report to the commissioner the number of interviews conducted under rare and exceptional  
9.13 circumstances and the reasons constituting rare and exceptional circumstances, and any

10.31 (3) may conduct a family assessment for reports that do not allege sexual abuse or  
 10.32 substantial child endangerment. In determining that a family assessment is appropriate, the

11.2 for an immediate response;

11.3 (4) may conduct a family assessment on a report that was initially screened and assigned  
11.4 for an investigation. In determining that a complete investigation is not required, the local  
11.5 welfare agency must document the reason for terminating the investigation and notify the  
11.6 local law enforcement agency if the local law enforcement agency is conducting a joint  
11.7 investigation; and

11.8 (5) shall provide immediate notice, according to section 260.761, subdivision 2, to an  
11.9 Indian child's tribe when the agency has reason to believe the family assessment or  
11.10 investigation may involve an Indian child. For purposes of this clause, "immediate notice"  
11.11 means notice provided within 24 hours.

11.12 If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or  
11.13 individual functioning within the family unit as a person responsible for the child's care, or  
11.14 sexual abuse by a person with a significant relationship to the child when that person resides  
11.15 in the child's household or by a sibling, the local welfare agency shall immediately conduct  
11.16 a family assessment or investigation as identified in clauses (1) to (4). In conducting a family  
11.17 assessment or investigation, the local welfare agency shall follow standard fact-finding  
11.18 protocol as developed by the commissioner in accordance with paragraph (m), gather  
11.19 information on the existence of substance abuse and domestic violence<sub>2</sub> and offer services  
11.20 for purposes of preventing future child maltreatment, safeguarding and enhancing the welfare  
11.21 of the abused or neglected minor, and supporting and preserving family life whenever  
11.22 possible.

11.23 If the report alleges a violation of a criminal statute involving sexual abuse, physical abuse,  
11.24 or neglect or endangerment, under section 609.378, the local law enforcement agency and  
11.25 local welfare agency shall coordinate the planning and execution of their respective  
11.26 investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple  
11.27 interviews. Each agency shall prepare a separate report of the results of its investigation or  
11.28 assessment. In cases of alleged child maltreatment resulting in death, the local agency may  
11.29 rely on the fact-finding efforts of a law enforcement investigation to make a determination  
11.30 of whether or not maltreatment occurred. When necessary the local welfare agency shall  
11.31 seek authority to remove the child from the custody of a parent, guardian, or adult with  
11.32 whom the child is living. In performing any of these duties, the local welfare agency shall  
11.33 maintain appropriate records.

12.1 If the family assessment or investigation indicates there is a potential for abuse of alcohol  
12.2 or other drugs by the parent, guardian, or person responsible for the child's care, the local  
12.3 welfare agency shall conduct a chemical use assessment pursuant to Minnesota Rules, part  
12.4 9530.6615.

12.5 (c) When a local agency receives a report or otherwise has information indicating that  
12.6 a child who is a client, as defined in section 245.91, has been the subject of physical abuse,  
12.7 sexual abuse, or neglect at an agency, facility, or program as defined in section 245.91, it  
12.8 shall, in addition to its other duties under this section, immediately inform the ombudsman  
12.9 established under sections 245.91 to 245.97. The commissioner of education shall inform  
12.10 the ombudsman established under sections 245.91 to 245.97 of reports regarding a child  
12.11 defined as a client in section 245.91 that maltreatment occurred at a school as defined in  
12.12 section 120A.05, subdivisions 9, 11, and 13, and chapter 124E.

12.13 (d) Authority of the local welfare agency responsible for assessing or investigating the  
12.14 child abuse or neglect report, the agency responsible for assessing or investigating the report,  
12.15 and of the local law enforcement agency for investigating the alleged abuse or neglect  
12.16 includes, but is not limited to, authority to interview, without parental consent, the alleged  
12.17 victim and any other minors who currently reside with or who have resided with the alleged  
12.18 offender. If the responsible agency determines that the alleged victim must be interviewed,  
12.19 absent rare and exceptional circumstances, the alleged victim shall be interviewed separately  
12.20 from and prior to the alleged offender, and any other relevant collateral contacts under  
12.21 paragraph (i), clause (3). The interview may take place at school or at any facility or other  
12.22 place where the alleged victim or other minors might be found or the child may be transported  
12.23 to, and the interview conducted at, a place appropriate for the interview of a child designated  
12.24 by the local welfare agency or law enforcement agency. The interview may take place  
12.25 outside the presence of the alleged offender or parent, legal custodian, guardian, or school  
12.26 official. For family assessments, it is the preferred practice to request a parent or guardian's  
12.27 permission to interview the child prior to conducting the child interview, unless doing so  
12.28 would compromise the safety assessment. Except as provided in this paragraph, the parent,  
12.29 legal custodian, or guardian shall be notified by the responsible local welfare or law  
12.30 enforcement agency no later than the conclusion of the investigation or assessment that this  
12.31 interview has occurred. Notwithstanding rule 32 of the Minnesota Rules of Procedure for  
12.32 Juvenile Courts, the juvenile court may, after hearing on an ex parte motion by the local  
12.33 welfare agency, order that, where reasonable cause exists, the agency withhold notification  
12.34 of this interview from the parent, legal custodian, or guardian. If the interview took place  
12.35 or is to take place on school property, the order shall specify that school officials may not

13.1 disclose to the parent, legal custodian, or guardian the contents of the notification of intent  
13.2 to interview the child on school property, as provided under this paragraph, and any other  
13.3 related information regarding the interview that may be a part of the child's school record.  
13.4 A copy of the order shall be sent by the local welfare or law enforcement agency to the  
13.5 appropriate school official.

13.6 (e) When the local welfare, local law enforcement agency, or the agency responsible  
13.7 for assessing or investigating a report of maltreatment determines that an interview should  
13.8 take place on school property, written notification of intent to interview the child on school  
13.9 property must be received by school officials prior to the interview. The notification shall  
13.10 include the name of the child to be interviewed, the purpose of the interview, and a reference  
13.11 to the statutory authority to conduct an interview on school property. For interviews  
13.12 conducted by the local welfare agency, the notification shall be signed by the chair of the  
13.13 local social services agency or the chair's designee. The notification shall be private data  
13.14 on individuals subject to the provisions of this paragraph. School officials may not disclose  
13.15 to the parent, legal custodian, or guardian the contents of the notification or any other related  
13.16 information regarding the interview until notified in writing by the local welfare or law  
13.17 enforcement agency that the investigation or assessment has been concluded, unless a school  
13.18 employee or agent is alleged to have maltreated the child. Until that time, the local welfare  
13.19 or law enforcement agency or the agency responsible for assessing or investigating a report  
13.20 of maltreatment shall be solely responsible for any disclosures regarding the nature of the  
13.21 assessment or investigation.

13.22 Except where the alleged offender is believed to be a school official or employee, the  
13.23 time and place, and manner of the interview on school premises shall be within the discretion  
13.24 of school officials, but the local welfare or law enforcement agency shall have the exclusive  
13.25 authority to determine who may attend the interview. The conditions as to time, place, and  
13.26 manner of the interview set by the school officials shall be reasonable and the interview  
13.27 shall be conducted not more than 24 hours after the receipt of the notification unless another  
13.28 time is considered necessary by agreement between the school officials and the local welfare  
13.29 or law enforcement agency. Where the school fails to comply with the provisions of this  
13.30 paragraph, the juvenile court may order the school to comply. Every effort must be made  
13.31 to reduce the disruption of the educational program of the child, other students, or school  
13.32 staff when an interview is conducted on school premises.

13.33 (f) Where the alleged offender or a person responsible for the care of the alleged victim  
13.34 or other minor prevents access to the victim or other minor by the local welfare agency, the  
13.35 juvenile court may order the parents, legal custodian, or guardian to produce the alleged

14.1 victim or other minor for questioning by the local welfare agency or the local law  
14.2 enforcement agency outside the presence of the alleged offender or any person responsible  
14.3 for the child's care at reasonable places and times as specified by court order.

14.4 (g) Before making an order under paragraph (f), the court shall issue an order to show  
14.5 cause, either upon its own motion or upon a verified petition, specifying the basis for the  
14.6 requested interviews and fixing the time and place of the hearing. The order to show cause  
14.7 shall be served personally and shall be heard in the same manner as provided in other cases  
14.8 in the juvenile court. The court shall consider the need for appointment of a guardian ad  
14.9 litem to protect the best interests of the child. If appointed, the guardian ad litem shall be  
14.10 present at the hearing on the order to show cause.

14.11 (h) The commissioner of human services, the ombudsman for mental health and  
14.12 developmental disabilities, the local welfare agencies responsible for investigating reports,  
14.13 the commissioner of education, and the local law enforcement agencies have the right to  
14.14 enter facilities as defined in subdivision 2 and to inspect and copy the facility's records,  
14.15 including medical records, as part of the investigation. Notwithstanding the provisions of  
14.16 chapter 13, they also have the right to inform the facility under investigation that they are  
14.17 conducting an investigation, to disclose to the facility the names of the individuals under  
14.18 investigation for abusing or neglecting a child, and to provide the facility with a copy of  
14.19 the report and the investigative findings.

14.20 (i) The local welfare agency responsible for conducting a family assessment or  
14.21 investigation shall follow standard fact-finding protocol as developed by the commissioner  
14.22 in accordance with paragraph (m), to collect available and relevant information to determine  
14.23 child safety, risk of subsequent child maltreatment, and family strengths and needs and  
14.24 share not public information with an Indian's tribal social services agency without violating  
14.25 any law of the state that may otherwise impose duties of confidentiality on the local welfare  
14.26 agency in order to implement the tribal state agreement. The local welfare agency or the  
14.27 agency responsible for assessing or investigating the report shall collect available and  
14.28 relevant information to ascertain whether maltreatment occurred and whether protective  
14.29 services are needed. Information collected includes, when relevant, information with regard  
14.30 to the person reporting the alleged maltreatment, including the nature of the reporter's  
14.31 relationship to the child and to the alleged offender, and the basis of the reporter's knowledge  
14.32 for the report; the child allegedly being maltreated; the alleged offender; the child's caretaker;  
14.33 and other collateral sources having relevant information related to the alleged maltreatment.  
14.34 The local welfare agency or the agency responsible for assessing or investigating the report  
14.35 may make a determination of no maltreatment early in an assessment or investigation, and

15.1 close the case and retain immunity, if the collected information shows no basis for a full  
15.2 assessment or investigation.

15.3 Information relevant to the assessment or investigation must be asked for, and may  
15.4 include:

15.5 (1) the child's sex and age; prior reports of maltreatment, including any maltreatment  
15.6 reports that were screened out and not accepted for assessment or investigation; information  
15.7 relating to developmental functioning; credibility of the child's statement; and whether the  
15.8 information provided under this clause is consistent with other information collected during  
15.9 the course of the assessment or investigation;

15.10 (2) the alleged offender's age, a record check for prior reports of maltreatment, and  
15.11 criminal charges and convictions. The local welfare agency or the agency responsible for  
15.12 assessing or investigating the report must provide the alleged offender with an opportunity  
15.13 to make a statement. The alleged offender may submit supporting documentation relevant  
15.14 to the assessment or investigation;

15.15 (3) collateral source information regarding the alleged maltreatment and care of the  
15.16 child. Collateral information includes, when relevant: (i) a medical examination of the child;  
15.17 (ii) prior medical records relating to the alleged maltreatment or the care of the child  
15.18 maintained by any facility, clinic, or health care professional and an interview with the  
15.19 treating professionals; and (iii) interviews with the child's caretakers, including the child's  
15.20 parent, guardian, foster parent, child care provider, teachers, counselors, family members,  
15.21 relatives, and other persons who may have knowledge regarding the alleged maltreatment  
15.22 and the care of the child; and

15.23 (4) information on the existence of domestic abuse and violence in the home of the child,  
15.24 and substance abuse.

15.25 Nothing in this paragraph precludes the local welfare agency, the local law enforcement  
15.26 agency, or the agency responsible for assessing or investigating the report from collecting  
15.27 other relevant information necessary to conduct the assessment or investigation.

15.28 Notwithstanding sections 13.384 or 144.291 to 144.298, the local welfare agency has access  
15.29 to medical data and records for purposes of clause (3). Notwithstanding the data's  
15.30 classification in the possession of any other agency, data acquired by the local welfare  
15.31 agency or the agency responsible for assessing or investigating the report during the course  
15.32 of the assessment or investigation are private data on individuals and must be maintained  
15.33 in accordance with subdivision 11. Data of the commissioner of education collected or  
15.34 maintained during and for the purpose of an investigation of alleged maltreatment in a school

16.1 are governed by this section, notwithstanding the data's classification as educational,  
16.2 licensing, or personnel data under chapter 13.

16.3 In conducting an assessment or investigation involving a school facility as defined in  
16.4 subdivision 2, paragraph (c), the commissioner of education shall collect investigative  
16.5 reports and data that are relevant to a report of maltreatment and are from local law  
16.6 enforcement and the school facility.

16.7 (j) Upon receipt of a report, the local welfare agency shall conduct a face-to-face contact  
16.8 with the child reported to be maltreated and with the child's primary caregiver sufficient to  
16.9 complete a safety assessment and ensure the immediate safety of the child. The face-to-face  
16.10 contact with the child and primary caregiver shall occur immediately if sexual abuse or  
16.11 substantial child endangerment is alleged and within five calendar days for all other reports.  
16.12 If the alleged offender was not already interviewed as the primary caregiver, the local welfare  
16.13 agency shall also conduct a face-to-face interview with the alleged offender in the early  
16.14 stages of the assessment or investigation. At the initial contact, the local child welfare agency  
16.15 or the agency responsible for assessing or investigating the report must inform the alleged  
16.16 offender of the complaints or allegations made against the individual in a manner consistent  
16.17 with laws protecting the rights of the person who made the report. The interview with the  
16.18 alleged offender may be postponed if it would jeopardize an active law enforcement  
16.19 investigation. Absent rare and exceptional circumstances, the child reported to be maltreated  
16.20 shall be interviewed separately from and prior to the alleged offender, including when the  
16.21 alleged offender is the primary caregiver.

16.22 (k) When conducting an assessment or investigation, the local welfare agency shall use  
16.23 a question and answer interviewing format with questioning as nondirective as possible to  
16.24 elicit spontaneous responses. For investigations only, the following interviewing methods  
16.25 and procedures must be used whenever possible when collecting information:

16.26 (1) audio recordings of all interviews with witnesses and collateral sources; and

16.27 (2) in cases of alleged sexual abuse, audio-video recordings of each interview with the  
16.28 alleged victim and child witnesses.

16.29 (l) In conducting an assessment or investigation involving a school facility as defined  
16.30 in subdivision 2, paragraph (c), the commissioner of education shall collect available and  
16.31 relevant information and use the procedures in paragraphs (j) and (k), and subdivision 3d,  
16.32 except that the requirement for face-to-face observation of the child and face-to-face interview  
16.33 of the alleged offender is to occur in the initial stages of the assessment or investigation  
16.34 provided that the commissioner may also base the assessment or investigation on investigative

17.1 reports and data received from the school facility and local law enforcement, to the extent  
 17.2 those investigations satisfy the requirements of paragraphs (j) and (k), and subdivision 3d.

17.3 (m) Standard fact-finding protocol shall include gathering available and relevant details  
 17.4 from the alleged victim, the alleged perpetrator, and other relevant collateral contacts under  
 17.5 paragraph (i), clause (3), regarding at least the following information:

17.6 (1) who, what, when, where, and how regarding the reported allegation;

17.7 (2) recentness, frequency, duration, and severity of any patterns of behavior that present  
 17.8 a risk to a child;

17.9 (3) existence and impact of past and present harm to the child;

17.10 (4) protective parental capacities including knowledge of parenting and child  
 17.11 development, nurturing and attachment, parental resilience, social and emotional competence,  
 17.12 concrete supports in times of need, and social connections;

17.13 (5) child vulnerability factors including age and whether the child has a disability;

17.14 (6) characteristics of the child's family members that promote resiliency; and

17.15 (7) instances within the family when the child is safe as a starting point for additional  
 17.16 safety planning or services.

17.17 **EFFECTIVE DATE.** This section is effective the day following final enactment, with  
 17.18 the exception that the amendments to paragraph (b), the first sentence of paragraph (i), and  
 17.19 paragraph (m), are effective March 1, 2020.

17.20 Sec. 5. Minnesota Statutes 2018, section 626.556, subdivision 10e, is amended to read:

17.21 Subd. 10e. **Determinations.** (a) The local welfare agency shall conclude the family  
 17.22 assessment or the investigation within 45 days of the receipt of a report. The conclusion of  
 17.23 the assessment or investigation may be extended to permit the completion of a criminal  
 17.24 investigation or the receipt of expert information requested within 45 days of the receipt of  
 17.25 the report.

17.26 (b) After conducting a family assessment, the local welfare agency shall ~~determine~~ make  
 17.27 two determinations: first, whether maltreatment has occurred; and second, whether services  
 17.28 are needed to address the safety of the child and other family members and the risk of  
 17.29 subsequent maltreatment. The local welfare agency shall enter a determination of  
 17.30 maltreatment, the facts supporting the determination, and the identity of the alleged  
 17.31 perpetrator into the state Social Service Information System.

18.1 (c) After conducting an investigation, the local welfare agency shall make two  
18.2 determinations: first, whether maltreatment has occurred; and second, whether child  
18.3 protective services are needed. No determination of maltreatment shall be made when the  
18.4 alleged perpetrator is a child under the age of ten. The local welfare agency shall enter a  
18.5 determination of maltreatment, the facts supporting the determination, and the identity of  
18.6 the alleged perpetrator into the state Social Service Information System.

18.7 (d) If the commissioner of education conducts an assessment or investigation, the  
18.8 commissioner shall determine whether maltreatment occurred and what corrective or  
18.9 protective action was taken by the school facility. If a determination is made that  
18.10 maltreatment has occurred, the commissioner shall report to the employer, the school board,  
18.11 and any appropriate licensing entity the determination that maltreatment occurred and what  
18.12 corrective or protective action was taken by the school facility. In all other cases, the  
18.13 commissioner shall inform the school board or employer that a report was received, the  
18.14 subject of the report, the date of the initial report, the category of maltreatment alleged as  
18.15 defined in paragraph (f), the fact that maltreatment was not determined, and a summary of  
18.16 the specific reasons for the determination.

18.17 (e) When maltreatment is determined in an investigation involving a facility, the  
18.18 investigating agency shall also determine whether the facility or individual was responsible,  
18.19 or whether both the facility and the individual were responsible for the maltreatment using  
18.20 the mitigating factors in paragraph (i). Determinations under this subdivision must be made  
18.21 based on a preponderance of the evidence and are private data on individuals or nonpublic  
18.22 data as maintained by the commissioner of education.

18.23 (f) For the purposes of this subdivision, "maltreatment" means any of the following acts  
18.24 or omissions:

18.25 (1) physical abuse as defined in subdivision 2, paragraph ~~(k)~~ (m);

18.26 (2) neglect as defined in subdivision 2, paragraph ~~(g)~~ (i);

18.27 (3) sexual abuse as defined in subdivision 2, paragraph ~~(n)~~ (p);

18.28 (4) mental injury as defined in subdivision 2, paragraph ~~(f)~~ (h); or

18.29 (5) maltreatment of a child in a facility as defined in subdivision 2, paragraph ~~(e)~~ (d).

18.30 (g) For the purposes of this subdivision, a determination that child protective services  
18.31 are needed means that the local welfare agency has documented conditions during the  
18.32 assessment or investigation sufficient to cause a child protection worker, as defined in  
18.33 section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment

19.1 if protective intervention is not provided and that the individuals responsible for the child's  
19.2 care have not taken or are not likely to take actions to protect the child from maltreatment  
19.3 or risk of maltreatment.

19.4 (h) This subdivision does not mean that maltreatment has occurred solely because the  
19.5 child's parent, guardian, or other person responsible for the child's care in good faith selects  
19.6 and depends upon spiritual means or prayer for treatment or care of disease or remedial care  
19.7 of the child, in lieu of medical care. However, if lack of medical care may result in serious  
19.8 danger to the child's health, the local welfare agency may ensure that necessary medical  
19.9 services are provided to the child.

19.10 (i) When determining whether the facility or individual is the responsible party, or  
19.11 whether both the facility and the individual are responsible for determined maltreatment in  
19.12 a facility, the investigating agency shall consider at least the following mitigating factors:

19.13 (1) whether the actions of the facility or the individual caregivers were according to,  
19.14 and followed the terms of, an erroneous physician order, prescription, individual care plan,  
19.15 or directive; however, this is not a mitigating factor when the facility or caregiver was  
19.16 responsible for the issuance of the erroneous order, prescription, individual care plan, or  
19.17 directive or knew or should have known of the errors and took no reasonable measures to  
19.18 correct the defect before administering care;

19.19 (2) comparative responsibility between the facility, other caregivers, and requirements  
19.20 placed upon an employee, including the facility's compliance with related regulatory standards  
19.21 and the adequacy of facility policies and procedures, facility training, an individual's  
19.22 participation in the training, the caregiver's supervision, and facility staffing levels and the  
19.23 scope of the individual employee's authority and discretion; and

19.24 (3) whether the facility or individual followed professional standards in exercising  
19.25 professional judgment.

19.26 The evaluation of the facility's responsibility under clause (2) must not be based on the  
19.27 completeness of the risk assessment or risk reduction plan required under section 245A.66,  
19.28 but must be based on the facility's compliance with the regulatory standards for policies  
19.29 and procedures, training, and supervision as cited in Minnesota Statutes and Minnesota  
19.30 Rules.

19.31 (j) Notwithstanding paragraph (i), when maltreatment is determined to have been  
19.32 committed by an individual who is also the facility license or certification holder, both the  
19.33 individual and the facility must be determined responsible for the maltreatment, and both  
19.34 the background study disqualification standards under section 245C.15, subdivision 4, and

20.1 the licensing or certification actions under section 245A.06, 245A.07, 245H.06, or 245H.07  
20.2 apply.

20.3 **EFFECTIVE DATE.** This section is effective the day following final enactment, with  
20.4 the exception that the amendments to paragraph (b) are effective March 1, 2020.

20.5 **Sec. 6. DIRECTION TO COMMISSIONER OF HUMAN SERVICES.**

20.6 (a) By September 1, 2019, the commissioner of human services shall produce and display  
20.7 on the Department of Human Services' monthly child welfare data dashboard reports of the  
20.8 following information by county:

20.9 (1) the total number of maltreatment reports;

20.10 (2) the number and percentage of maltreatment reports screened in and screened out;

20.11 (3) the number and percentage of screened-in maltreatment reports assigned to family  
20.12 assessment and to traditional investigations;

20.13 (4) the number of times children have been the subject of a report within the past five  
20.14 years, including whether the reports were screened in or screened out;

20.15 (5) the number of family assessments closed due to nonparticipation; and

20.16 (6) the number and percentage of cases moved from a family assessment to a traditional  
20.17 investigation.

20.18 (b) By October 1, 2019, the commissioner shall report to the legislative task force on  
20.19 child protection and the chairs and ranking minority members of the legislative committees  
20.20 with jurisdiction over child protection regarding a plan for implementation by March 1,  
20.21 2020, a method for local child welfare agencies to make a determination of whether  
20.22 maltreatment has occurred after a family assessment under Minnesota Statutes, section  
20.23 626.556, subdivision 10e, paragraph (b).

20.24 (c) By March 1, 2020, the commissioner shall identify existing materials or create new  
20.25 materials as needed to develop, publish, distribute, and ensure that child protection workers  
20.26 have received training on child protection and foster care guidelines for child protection  
20.27 staff, supervisors, and others involved in child protection screening to follow for all processes  
20.28 in the child welfare continuum of services described in Minnesota Statutes, section 626.556,  
20.29 subdivision 7a.

20.30 (d) By March 1, 2020, the commissioner shall, in consultation with content experts,  
20.31 counties, and leaders in communities of color and tribes, develop, publish, distribute, and
