include proposed authorization to use the expedited procedures of section 14.389 to repeal or amend the obsolete, unnecessary, or duplicative rule. A report submitted under this subdivision must be signed by the person in the agency who is responsible for identifying and initiating repeal of obsolete rules. The report also must identify the status of any rules identified in the prior year's report as obsolete, unnecessary, or duplicative. If none of an agency's rules are obsolete, unnecessary, or duplicative, an agency's December 1 report must state that conclusion.

Portions of the Public Utilities Commission's telephone assistance plan rules, Chapter 7817, and its rules governing Commission conduct and *ex parte* communications, Chapter 7845, have been superseded by statute. The Commission plans to begin the process of revising these rules in the first quarter of 2005.
