Michele Timmons
Revisor of Statutes

Policy and Funding Committees and Divisions with
Jurisdiction over the Minnesota Department of Health

[A complete list of addressees is at the end of the letter.]

Subject: Annual Report on Obsolete, Unnecessary, or Duplicative Rules, as Required by
Minnesota Statutes, Section 14.05, Subdivision 5.

Minnesota Statutes, section 14.05, subdivision 5, states:

By December 1 of each year, an agency must submit to the governor, the Legislative Coordinating Commission, the policy and funding committees and divisions with jurisdiction over the agency, and the revisor of statutes, a list of any rules or portions of rules that are obsolete, unnecessary, or duplicative of other state or federal statutes or rules. The list must also include an explanation of why the rule or portion of the rule is obsolete, unnecessary, or duplicative of other state or federal statutes or rules. By December 1, the agency must either report a timetable for repeal of the rule or portion of the rule, or must develop a bill for submission to the appropriate policy committee to repeal the obsolete, unnecessary, or duplicative rule. Such a bill must include proposed authorization to use the expedited procedures of section 14.389 to repeal or amend the obsolete, unnecessary, or duplicative rule. A report submitted under this subdivision must be signed by the person in the agency who is responsible for identifying and initiating repeal of obsolete rules. The report also must identify the status of any rules identified in the prior year's report as obsolete, unnecessary, or duplicative. If none of an agency's rules are obsolete, unnecessary, or duplicative, an agency's December 1 report must state that conclusion.

We have identified the following Minnesota Department of Health (MDH) rule subparts as obsolete for this report:

- 2006 (1) Minnesota Rules 4626.2015, subparts 3(c) and 6(b) — Certified Food Manager certification fees are obsolete and duplicative because Minn. Stat. § 157.16 imposes different fees that supersede the rule.

MDH intends to repeal these obsolete rules when it performs its next routine rule repeal, which we anticipate will follow our current every-other-year schedule. We will use the expedited process for repealing obsolete rules under Minn. Stat. § 14.3895.

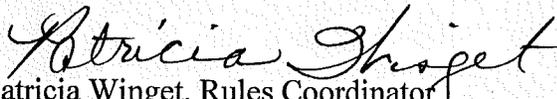

In the last two years' reports, we identified the following sections of MDH rules as being obsolete, unnecessary, or duplicative. We repealed all of these under Minn. Stat. § 14.3895 on July 10, 2006. (See 31 State Register 35):

- 2005 (1) Parts 4763.0310, 4763.0320, and 4763.0330 — Loan Forgiveness Programs. (These rules were no longer needed due to statute change in 2003. The rest of the chapter was repealed in Laws 2003, but these three sections were overlooked and not listed.)
- 2004 (2) Certain parts and subparts of Chapter 4685 — Health Maintenance Organizations. These rules (except for part 4685.3300, subparts 6 and 7, which we left in place in response to concerns of the Minnesota Council of Health Plans) were repealed on July 10, 2006. See 31 State Register 35.
- 2004 (3) Part 4736.0100 — Indian Health Grants to Community Health Boards.
- 2004 (4) Chapter 4763 — Medical Education Assistance Programs.
