The departmental estimates shall be classified to show the data by funds, organization units, character, and objects of expenditures, and the organization units may be subclassified by functions and activities. Year to be divided into quarterly allotment periods.—(a) For the purposes of the quarterly allotment system, each fiscal year shall be divided into four quarterly allotment periods, beginning respectively on the first day of July, October, January, and April; provided, that in any case where the quarterly allotment period is impracticable, the commissioner may prescribe a different period suited to the circumstances not exceeding six months nor extending beyond the end of a fiscal year.

(b) Except as otherwise expressly provided herein, the provisions of this chapter relating to the allotment system and to the encumbering of funds shall apply to appropriations and funds of all kinds, including standing appropriations and departments, for which expenditures are to be made from time to time by or under the authority of any agency, but shall not apply to appropriations for the courts or the legislature, nor to payment of unemployment compensation benefits. (e) The commissioner shall also have authority at any time to modify or amend any allotment previously made by him, upon application of or upon notice to the agency concerned, and upon a showing of emergency or other cause, provided no deficit or undue reduction of funds to meet future needs of such agency will result therefrom.

(f) In case the commissioner shall discover at any time that the probable receipts from other taxes or other sources for any appropriation, fund, or item will be less than was anticipated, and that consequently the amount available for the remainder of the term of the appropriation or for any allotment period will be less than the amount appropriated therefor, he shall, with the approval of the governor, and after notice to the agency concerned, reduce the amount allotted or to be allotted so as to prevent a deficit. In like manner he shall, upon application or upon notice to the agency concerned, increase or decrease the amount allotted or to be allotted to any agency by the amount of any saving which can be effected upon previous estimates through a reduction in prices or other cause.
