The secretary of state shall furnish such statement in plate form to such newspapers, the expense of which shall be borne by said newspapers. He shall also forward to each county auditor a number of copies of such statement, in poster form, sufficient to enable him to supply at least six of such copies for each election district of his county. The auditor shall furnish such copies to the town, village and city clerks, who shall give three weeks posted notice thereof, and cause one copy to be conspicuously posted at each polling place on election day. Any violation of this section shall be a felony and shall be punishable accordingly. (Act Apr. 22, 1939, c. 431, Art. 2, §11.)

53-18k. Commissioner to establish and enforce standards.—The commissioner is authorized to establish from time to time and to enforce standards for all supplies, materials, and equipment in common use by officers and departments of the state; to make or cause to be made any test, examination, or analysis necessary therefor; to require the assistance of any and all officers and departments therefor; to prepare or cause to be prepared proper and uniform specifications therefor; and to classify the requirements of the various agencies of the state government for the purpose of the use and application of such standard specifications. (Act Apr. 22, 1939, c. 431, Art. 2, §12.)

53-18l. May transfer employees from one department to another.—With the approval of the governor and the executive head of the department of civil service, if there be such a department, the commissioner may, in order to expedite the necessary work of any department or agency, or to eliminate duplication and promote economy and efficiency, transfer employes from one department or agency to another; provided, that no necessary work of the department or agency from which the transfer is made shall thereby be curtailed, and provided further, that the salaries of such employes shall be charged to the department or agency to which they are transferred. (Act Apr. 22, 1939, c. 431, Art. 2, §13.)

53-18m. Commissioner to prepare budget—Estimates—Report to governor-elect.—(a) It shall be the duty of the commissioner or his designated deputy to prepare the budget for all state departments and agencies, subject to the approval of the governor. The commissioner shall furnish every department, official, and agency of the state authorized to expend state moneys with a sufficient number of budget estimate forms for its use by September 1 of each even numbered year. The budget forms shall be so drawn as to show actual expenditures for the two preceding fiscal years, estimated expenditures for the current fiscal year and estimates for each fiscal year of the succeeding biennium, the same data in respect to departmental receipts and an estimated appropriation balance at the end of the current fiscal year. The estimated expenditures shall be classified to set forth the data by funds, organization units, character, and objects of expenditures, and the organization units may be subclassified by functions and activities. The department revenue estimates shall show the basis upon which the estimates were made and the factors involved in the same, and shall be classified so as to show receipts by funds, organization units, and sources of income.

(b) Each such department, official, or agency shall, not later than the first day of October preceding the convening of the legislature, file with the commissioner its estimates in the form provided, including a full explanation of its requests for any increased appropriations and for the expansion of services and the addition of new activities, a statement of the work accomplished during the preceding biennium and the work proposed to be done for the next biennium, and a list of all employes, their titles, and their salaries. The commissioner shall prepare estimates for all departments, boards, and agencies that fail to file requests.

(c) The commissioner of administration shall report the budget estimates to the governor-elect immediately after his election, and shall make available to him all information, staff, and facilities in the department relating to the budget. (Act Apr. 22, 1939, c. 431, Art. 2, §14.)

53-18n. Governor to submit budget to the legislature—Message—Detailed statement—Additional information.—(a) The governor shall, within three weeks after his inauguration, submit the budget to the legislature. The budget shall include two parts.

(b) Part 1 of the budget shall consist of a budget message prepared by the governor, including his recommendations with reference to the fiscal policy of the state government for the coming biennium, describing the important features of the budget plan, embracing a general budget summary setting forth the aggregate figures of the budget so as to show the balanced relation between the total proposed expenditures and the total anticipated income, with the basis and factors on which the estimates are made, the amount to be borrowed, and other means of financing the budget for the ensuing biennium, compared with the corresponding figures for at least the last two completed fiscal years and the current year. The budget plan shall be supported by explanatory schedules or statements, classifying the expenditures contained therein by organization units, objects, and funds, and the income by organization units, sources, funds, and the proposed amount of new borrowing, as well as proposed new tax or revenue sources. The budget plan shall be submitted for all special and dedicated funds as well as the general revenue fund, and shall include the estimated amounts of federal aids, for whatever purpose provided, together with estimated expenditures therefrom.

(c) Part 2 of the budget shall embrace the detailed budget estimates both of expenditures and revenues. It shall also include statements of the bonded indebtedness of the state government, showing the actual amount of the debt service for at least the past two completed fiscal years, and the estimated amount for the current fiscal year and for the next two fiscal years, the debt authorized and unissued, the condition of the sinking funds, and the borrowing capacity. It shall also contain any statements relative to the financial plan which the governor may deem desirable or which may be required by the legislature.

(d) The commissioner shall, upon request, furnish the governor or the legislature with any further information required concerning the budget, and shall, upon request, attend hearings of committees of the legislature in regard thereto. (Act Apr. 22, 1939, c. 431, Art. 2, §15.)

53-18o. Year to be divided into quarterly allotment periods.—(a) For the purposes of the quarterly allotment system, each fiscal year shall be divided into four quarterly allotment periods, beginning respectively on the first days of July, October, January, and April; provided, that in any case where the quarterly allotment period is impracticable, the commissioner may prescribe a different period suited to the circum-

stances not exceeding six months nor extending beyond the end of a fiscal year.

(b) Except as otherwise expressly provided herein, the provisions of this chapter relating to the allotment system and to the encumbering of funds shall apply to appropriations and funds of all kinds, including standing or annual appropriations and dedicated funds from which expenditures are to be made from time to time by or under the authority of any agency, but shall not apply to appropriations for the courts or the legislature, nor to payment of unemployment compensation benefits. In the case of construction contracts and transactions for the acquisition of real estate for public purposes, where periodical allotments are impracticable, the commissioner may dispense therewith and prescribe such regulations as will insure proper application and encumbering of funds. Contingent funds appropriated for the governor or the attorney general shall not be subject to the provisions hereof relating to allotment, but shall be subject to the other provisions hereof relating to expenditure and encumbering of funds.

(c) No appropriation to any agency shall become available for expenditure thereby during any allotment period until such agency shall have submitted to the commissioner an estimate in advance, in such form as the commissioner shall prescribe, for such allotment period next ensuing, of the amount required for each activity to be carried on and each purpose for which money is to be expended during said period, and until such estimate shall have been approved, increased, or decreased by the commissioner and funds allotted therefor as hereinafter provided.

(d) If the estimate is within the terms of the appropriation as to amount and purposes, having due regard for the probable further needs of the agency for the remainder of the fiscal year or other term for which the appropriation was made, and if there is a need for such appropriation for the next ensuing allotment period, the commissioner shall approve the same and allot the estimated amount for expenditure. Otherwise the commissioner shall modify the estimate so as to conform with the terms of the appropriation and the prospective needs of the agency, and shall reduce the amount allotted accordingly. The commissioner shall act promptly upon all estimates, and shall notify every agency of its allotments at least five days before the beginning of each allotment period, and shall notify the state auditor. The total amount allotted to any agency for the fiscal year or other terms for which the appropriation was made shall not exceed the amount appropriated for such year or term.

(e) The commissioner shall also have authority at any time to modify or amend any allotment previously made by him, upon application of or upon notice to the agency concerned, and upon a showing of emergency or other cause, provided no deficit or undue reduction of funds to meet future needs of such agency will result therefrom.

(f) In case the commissioner shall discover at any time that the probable receipts from taxes or other sources for any appropriation, fund, or item will be less than was anticipated, and that consequently the amount available for the remainder of the term of the appropriation or for any allotment period will be less than the amount estimated or allotted therefor, he shall, with the approval of the governor, and after notice to the agency concerned, reduce the amount allotted or to be allotted so as to prevent a deficit. In like manner he shall reduce the amount allotted or to be allotted to any agency by the amount of any saving which can be effected upon previous estimates through a reduction in prices or other cause.

(g) There shall be kept in the office of the state auditor an accounting system showing at all times, by funds and items, the amounts appropriated for and the estimated revenues of such agency, the amounts allotted and available for expenditure, the amounts of expenditures or obligations authorized to be incurred,

actual receipts and disbursements, actual balances on hand, and the unencumbered balances after deduction of all actual and authorized expenditures.

(h) No payment shall be made and no obligation shall be incurred against any fund, allotment, or appropriation unless the state auditor shall first certify that there is a sufficient unencumbered balance in such fund, allotment, or appropriation to meet the same. Every expenditure or obligation authorized or incurred in violation of the provisions of this chapter shall be void. Every payment made in violation of the provisions of this chapter shall be deemed illegal, and every official authorizing or making such payment, or taking part therein, and every person receiving such payment, or any part thereof, shall be jointly and severally liable to the state for the full amount so paid or received. If any appointive officer or employee of the state shall knowingly incur any obligation or shall authorize or make any expenditure in violation of the provisions of this chapter, or take part therein, it shall be ground for his removal by the officer appointing him, and if the appointing officer be other than the governor and shall fail to remove such officer or employe, the governor may exercise such power of removal, after giving notice of the charges and opportunity for hearing thereon to the accused officer or employe and to the officer appointing him. (Act Apr. 22, 1939, c. 431, Art. 2, §16.)

(b) Except as otherwise expressly provided by law, the provisions of this section shall apply to every appropriation of a stated sum for a specified purpose or purposes heretofore or hereafter made from the general revenue fund, but shall not, unless expressly so provided by law, apply to any fund or balance of a fund derived wholly or partly from special taxes, fees,

earnings, fines, Federal grants, or other sources which are by law appropriated for special purposes by standing, continuing, or revolving appropriations. (Act Apr. 22, 1939, c. 431, Art. 2, §17.)

All moneys received by the treasurer during any month shall be credited by him and by the state auditor to the proper funds not later than the first day of the following month. 53-18s. Five per cent of receipts to be set aside for expenses—General administration fund—Appropriations—Federal accounts.—

It is hereby determined that a charge of five per cent of the amounts received from the taxes and fees specified in this section does not exceed the reasonable cost and value of the services rendered or to be rendered by the governor, the secretary of state, the state treasurer, the state auditor, the attorney general, the department of administration, the public examiner, the courts, and the legislature, in connection with the collection of such taxes and fees and the maintenance of the agencies concerned therewith. There is hereby imposed upon the gross receipts beginning July 1, 1939, from (1) all fishing licenses, (2) all hunting licenses, (3) all motor vehicle registration taxes credited to the trunk highway fund, (4) all gasoline taxes credited to the trunk highway fund, a charge of five per cent, such charge to be determined at the end of each quarter on the gross receipts for such period. The proceeds of such charge shall be paid into the state treasury and credited to a special fund to be known as the general administration fund. All moneys in said fund shall be subject to appropriations by the legislature for salaries and other regular maintenance expenses for the offices of the governor, the secretary of state, the state treasurer, the state auditor, the attorney general, the department of administration, the public examiner, the courts, and the legislature. All appropriations made for any of said purposes, if no other special fund be specified therefor, shall first be charged against said general administration fund in the order in which the appropriations were made as long as any moneys are available in said fund, but this shall not preclude the use of other authorized and available funds for such appropriations after the moneys in said general administration fund have been exhausted. In case the charge imposed by this section against any of said kinds of funds or receipts shall be held invalid, it shall not affect any other charge hereunder. In case any such charge shall be held, by any final determi-

nation by competent Federal authority, to conflict with the requirements of any federal grant so as to reduce the amount to which the state would otherwise be entitled thereunder, so much of the proceeds of such charge as may be necessary to comply with the requirements of such grant is hereby re-appropriated to the agency concerned for the same purposes as the funds against which such charge was made. (Act Apr. 22, 1939, c. 431, Art. 2, §20.)

(1) Transfers may be authorized by the commissioner of administration not exceeding \$2000, but limited to one such transfer for the same purpose for each quarterly period;

(2) Transfers exceeding \$2000 but not exceeding \$5000 shall be approved by the commissioner of administration and the governor;

(b) The chairman of the senate committee on taxes and tax laws, the chairman of the senate committee on finance, the chairman of the house committee on taxes and tax laws, the chairman of the house committee on appropriations, and the governor shall constitute a committee to be known as the legislative emergency committee, of which committee the governor shall be chairman. If any of the legislative members elect not to serve on the committee, the house of which they are members, if in session, shall select some other member for such vacancy. If the legislature is not in session, vacancies in the legislative membership of the committee shall be filled by the last speaker of the house or, if he be not available, by the last chairman of the house rules committee, in case of a house vacancy, and by the last senate committee on committees, in case of a senate vacancy. The commissioner of administration shall act as secretary of the committee and shall keep a permanent record and minutes of its proceedings, which shall be made available for examination upon request of any interested citizen. The commissioner of administration shall transmit a report to the next legislature of all actions of said committee. Traveling and subsistence expenses of all legislative members in attending meetings of the committee shall be chargeable against the appropriation of the department of administration. The committee shall meet from time to time upon the call of the governor or upon the call of the secretary at the request of three or more of its members.

(c) The provisions of this act shall not be construed to prevent the appropriation of separate contingent funds to the governor and the attorney general, or to limit the use of said funds as otherwise authorized by law.

(d) The first salary and wage schedules of employees prepared as provided by law after the taking effect of this act shall be submitted to the legislative emergency committee, which may approve or modify such schedules, subject to the limitations of the appropriations therefor. On the approval of the legislative emergency committee, such salary and wage schedules shall be placed in effect at a date fixed by said committee and shall remain in effect until changed as provided by law.

(e) With the approval of the governor and by agreement of the heads of the departments or agen-

cies concerned, any appointive subordinate officer or employe of a department or agency may be employed by or assigned to perform duties under another department or agency. (Act Apr. 22, 1939, c. 431, Art. 2, §21.)

The officers of comptroller, commissioner of the budget, commissioner of purchases, and state expert printer are hereby abolished.
