INDUSTRIAL COMMISSION

Department of Labor and Industries continued with state industrial commission. See §§ 53-37, 55-38, herein. 4032.
Office of commissioner of labor abolished—

The Department of Labor and Industries is hereby continued as a department of the state government, under the control and management of the Industrial Commission of Minnesota, hereinafter created, and the
office of Commissioner of Labor is hereby abolished. ('21 c. 81 § 1)

4033. Industrial commission—There is hereby created a commission to be known as the "Industrial Commission of Minnesota," hereinafter called the Commission. The Commission shall be composed of three Commissioners who shall be appointed by the Governor by and with the advice and consent of the Senate. The first three Commissioners shall be appointed within thirty (30) days after the passage of this act and before the adjournment of the present legislature, if practicable. One shall be appointed for a term commencing March 15, 1921 and ending June 30, 1923; one for a term commencing March 15, 1921 and ending June 30, 1927; and thereafter each Commissioner shall be appointed for a term of six years. Not more than two Commissioners shall belong to the same political party. Inasmuch as the duties to be performed by such Commission vitally concern the employers, employees, as well as the whole people of the state, it is hereby declared to be the purpose of this act that persons be appointed as Commissioners who shall fairly represent the interests of all concerned in its administration. Any vacancy on the Commission shall be filled by the Governor by and with the advice and consent of the Senate for the unexpired portion of the term in which the vacancy occurs. ('21 c. 81 § 2)

4034. Salaries—Chairman—Each Commissioner shall receive an annual salary of $4,500, payable in the same manner that other state salaries are paid. Each Commissioner shall devote his entire time to the duties of his office. The Commissioner whose term first expires shall be chairman. Each Commissioner, before entering upon the duties of his office, shall take the same oath as other state officers. ('21 c. 81 § 3)

4035. Governor may remove—The Governor may at any time remove a Commissioner for inefficiency, neglect of duty, or malfeasance in office. Before such removal he shall give such Commissioner a copy of the charges against him and fix a time when he shall be heard in his own defense, which shall not be less than ten (10) days thereafter, and such hearing shall be open to the public. If such Commissioner shall be removed, the Governor shall file in the office of the Secretary of State a complete copy of all the charges made against such Commissioner and his findings thereon, with a record of the proceedings. Such power of removal shall be absolute and there shall be no right of review in any court whatsoever. ('21 c. 81 § 4)

4036. Commissioners or employees not to take part in political campaigns—Every Commissioner and every officer or employee of the Commission, who by solicitation or otherwise exerts his influence, directly or indirectly, to induce other officers or employees of the state to adopt his political views, or to favor any particular person or candidate for office, or to contribute funds for campaign or political purposes, shall be removed from his office or position by the authority appointing him. ('21 c. 81 § 5)

4037. Office in St. Paul—The Commission shall keep its office at St. Paul and shall be provided by the custodian of state property with suitable rooms and necessary furniture. The Commission may, however, have an office at any other place in the state, when the convenience of the Commission and the parties interested so requires. ('21 c. 81 § 6)

4038. Organization—Quorum—Upon the taking effect of this act, the Commission shall meet at the state capital and organize. A majority of the Commission—
shall be itemized and sworn to by the persons incurring the expense, and be subject to the approval of the Commission. ('21 c. 81 § 12)

4044. Powers of department of labor and industries transferred to commission—On and after June 1, 1921, the Commission shall possess all the powers and perform all the duties now conferred and imposed by law on the Department of Labor and Industries and the State Board of Arbitration except that any power or duty vested in the Commissioner of Labor at the time of the taking effect of this act and requiring individual action, shall, on the taking effect of this act, be exercised or performed by such member of the Commission, or officer or employee of the Department, as shall be designated by the Commission. The State Board of Arbitration, as now constituted, is hereby abolished. ('21 c. 81 § 13)

4045. Divisions—The Department of Labor and Industries shall consist of the following divisions, to wit: Division of Workmen's Compensation, Division of Boiler Inspection, Division of Accident Prevention, Division of Statistics, Division of Women and Children, Division of Employment, Division of Mediation and Arbitration, and such other divisions as the Commission may deem necessary and establish. Each Division of the Department and persons in charge thereof shall be subject to the supervision and direction of the Commission and of any Commissioner assigned to supervise the work of such division, and, in addition to such duties as are or may be imposed on them by statute, shall perform such other duties as may be assigned to them by the Commission. ('21 c. 81 § 14)

4046. Powers and duties—The Commission shall have the following powers and duties:

(1) To exercise such powers and perform such duties concerning the administration of the Workmen's Compensation Laws of the state as may be conferred and imposed on it by such laws.

(2) To exercise all powers and perform all duties now conferred and imposed on the Department of Labor and Industries as heretofore constituted, and the bureaus of such department, so far as consistent with the provisions of this act.

(3) To establish and conduct free employment agencies, and after the first day of June, 1921, to supervise the work of private employment officers, all as now provided by law; to make law the opportunities for self-employment in this state, to aid in inducing minors to undertake promising skilled employments, to encourage wage earners to insure themselves against distress from unemployment, to investigate the extent and causes of unemployment in the state and remedy therefor, and to devise and adopt the most efficient means in its power to avoid unemployment.

(4) To promote the voluntary arbitration, mediation and conciliation of disputes between employers and employees in order to avoid strikes, lockouts, boycotts, blacklists, discriminations and legal proceedings in matters of employment. In pursuance of this duty it may appoint temporary boards of arbitration or conciliation to provide the necessary expenses of such boards, order reasonable compensation not exceeding $15.00 per day for each member engaged in such arbitration or conciliation, prescribe rules of procedure for such arbitration or conciliation boards, conduct investigations and hearings, issue or publish statements, findings of facts, conclusions, reports and advertisements, and may do all other things convenient and necessary to accomplish the purposes directed in this act. The Commission may designate a subordinate to be known as Chief Mediator and may detail other assistants or employees for the purpose of executing these provisions, without extra compensation. In order to carry out the provisions of this subsection, the Industrial Commission, or any Commissioner thereof, the Chief Mediator or any temporary board of conciliation or arbitration, shall have power to administer oaths to witnesses, and to issue subpoenas for the attendance of witnesses; and if any person refuses to comply with any subpoenas issued by the Commission, a Commissioner, the Chief Mediator or a temporary Board of Conciliation or Arbitration, or if any witness refuses to testify regarding that about which he may be lawfully interrogated, the judge of any district court of any county in the state, on application of the Commission or of a Commissioner, shall compel obedience by attachment proceedings, as in the case of the disobedience of a subpoena issued by such court.

(5) To adopt reasonable and proper rules and regulations relative to the exercise of its powers and duties, and proper rules to govern its proceedings and to regulate the mode and manner of all investigations and hearings. But the rules and regulations shall not be effective until ten days after their adoption. A copy of such rules and regulations shall be delivered to every citizen making application therefor.

(6) To collect, collate and publish statistical and other information relating to the work under its jurisdiction and to make public reports in its judgment necessary. On or before the first Monday in January of each year the Commission shall report its doings, conclusions and recommendations to the Governor, which report shall be printed and distributed biennially to the members of the Legislature and otherwise as the Commission may direct.

(7) To establish and maintain branch offices as needed for the conduct of its affairs. ('21 c. 81 § 15)

4047. Inconsistent acts repealed—All acts and parts of acts inconsistent with the provisions of this act are hereby repealed. ('21 c. 81 § 16)

4048. Qualifications of inspectors—No person shall be eligible to appointment as a chief factory inspector, elevator inspector, railroad inspector or factory inspector in the department if he is not possessed of practical experience and knowledge of and the operation of such machinery, appliances and work places as he may be called upon to inspect; and every person desiring such an appointment shall be required to pass such a competitive examination touching his general qualifications and his knowledge of the trade and technical phases of the work required in such position as may be deemed necessary by the board of examiners to the proper discharge of the duties of such position. No person shall be appointed to the position of deputy labor commissioner who is not possessed of such qualifications as the board of examiners may determine necessary. No person shall be appointed superintendent of the bureau of women and children who is not competent to investigate and report to the commissioner of labor upon the conditions under which women and children are at work in all factories, workshops, hotels, restaurants, mercantile establishments and other places where women and children are employed, with such recommendations as will promote the health and welfare of the women and children so employed in the state. (21 c. 82 § 1)

In General.

The Industrial Commission found that Louis Beld died from injuries arising out of and in the course of his employment. The record does not establish conclusively that his injuries were sustained while in a place of danger in disobedience of orders to leave it. 191-257, 201-513.

Rights of Action by Parents of Injured Minor.

The Workmen's Compensation Act destroys the parent's common-law action to recover for loss of services of an injured minor child who is an employee, and for the expenses incurred incident to such injuries. 158-465, 198-254.

If the parent desires to retain the common-law remedy, he must cause an election to be made by the employee not to be bound by part 2 of the act; and, if he fails to cause such election to be made, he accepts the provisions of part 2, unless otherwise expressly stated in the contract in writing, and a copy of such contract or the portion of the contract containing such provision shall be filed with the Industrial Commission; or unless written or printed notice has been given by either party to the other, as hereinafter provided that he does not accept the provisions of part 2. Every employer and every employee is presumed to have accepted and come under part 2 hereof, unless prior to the accident, he shall have signified his election not to accept or be bound by the provisions of part 2. This election not to accept part 2 shall be by notice as follows:

The employer shall post and keep posted in a conspicuous place in his shop or place of business and such other places as the Industrial Commission may order, a written or printed notice of his election not to be bound by part 2 hereof and file a duplicate thereof with the Industrial Commission.

The employee shall give written or printed notice to the employer of his election not to be bound by part 2, and file a duplicate with affidavit of service attached thereto with the Industrial Commission.

All such notices of election or re-election shall be on forms prescribed by the Industrial Commission and the election shall become effective when the copy of the notice is filed with the Industrial Commission. ('21 c. 82 § 11, amended '23 c. 300 § 2)

4272. Termination of acceptance or election—Notice—Either party may terminate his acceptance, or his election not to accept the provisions of part 2 by thirty (30) days' written notice to the other, such notice to be given as provided in section 11. A duplicate of such notice with affidavit of service attached thereto shall be filed with the Industrial Commission and the
time shall not begin to run until the notice is so filed. (21 c. 82 § 12)

Section 11 is § 4271, hereinafter 211-227.

4273. Minors have power to contract, etc.—Minors who are permitted to work by the laws of this state shall, for the purpose of part 2 of this act, have the same power to contract, make election of remedy, make settlements, and receive compensation as adult employees; subject, however, to the power of the Industrial Commission, in its discretion at any time to require the appointment of a guardian to make such settlement and to receive moneys thereunder or under an award. (21 c. 82 § 13)

The Workmen's Compensation Act destroys the parent's common-law action to recover for loss of services of an injured minor child who is an employee, and for the expenses incurred incident to such injuries. If the parent desires to retain the common-law remedy, he may cause an election to be made, by the employee not to be bound by part 2 of the act; and, if he fails to cause such election to be made, he accepts the provisions of the statute, and thereby surrender his right to any other award or form of compensation.

24S21. Notice of injury, etc.—Unless the employer shall have actual knowledge of the occurrence of the injury, or unless the injured worker, or a dependent, or someone in behalf of either, shall give notice thereof to the employer in writing, within fourteen (14) days after the occurrence of the injury, then no compensation shall be due until such notice is given or knowledge thereof is acquired, and no compensation shall be allowed, unless the knowledge obtained within thirty (30) days from the occurrence of the injury, no want, failure, or inaccuracy of a notice shall be a bar to obtaining compensation, unless the employer shall show that he was prejudiced by such want, defect or inaccuracy, and then only to the extent of such prejudice. If the notice is given, or the knowledge obtained within ninety (90) days, and if the employee, or other beneficiary, shall show that his failure to give prior notice was due to his mistake, inadvertence, ignorance of fact or law, or inability, or to the fraud, misrepresentation or deceit of the employer or his agent, then compensation may be allowed, unless the employer shall show that he was prejudiced by failure to receive such notice, in which case the amount of compensation shall be reduced by such sum, as shall fairly represent the prejudice shown. Section 20 is § 4280, herein.

4282. Limit of actions.—The time within which the following acts shall be performed under part 2 of this act shall be limited to the following periods, respectively:

(1) Actions or proceedings by an injured employee to determine or recover compensation; two years after the employer has made written report of the injury to the Industrial Commission but not to exceed six years from the date of the accident.

(2) Actions or proceedings by dependents to determine or recover compensation two years after the receipt by the Industrial Commission of notice in writing of death given by the employer but not to exceed six years from the date of the accident; provided that in any such case, if a dependent of the deceased or any one in his behalf shall give notice of such death to the Industrial Commission, said Commission shall forthwith notify in writing the employer of the time and place of such death. In case the deceased was a native of a foreign country, and leaves no known dependent or dependents within the United States, it shall be the duty of the Industrial Commission to give written notice of said death to the consul or other representative of said foreign country forthwith.

Such order, under the circumstances of this case, should not have been entered nunc pro tunc, when the effect of such entry would prevent the plaintiff or the beneficiary of the action from obtaining a reinstatement of the action, so that he might proceed with it as a
4283. Examination and verification of injury—
(1) The injured employe must submit himself to examination by the employer's physician, if requested by the employer, and at reasonable times thereafter upon the employer's request. The employe shall be entitled upon request to have his own physician present at any such examination. Each party shall defray the cost of his own physician.

(2) In case of dispute as to the injury, the Industrial Commission, or in case of a hearing, the commissioner or referee conducting the hearing, may, upon its or his own motion, or upon request of any interested party designate a neutral physician of good standing and ability to make an examination of the injured person and report his findings to the Commission, a commissioner or referee as the case may be. A copy of the signed certificate of such neutral physician shall be mailed to the parties in interest and either party within five days from date of mailing may demand that such physician be produced for purpose of cross-examination. Such signed certificate of neutral physician shall be competent evidence of the facts stated therein. The expense of such examination shall be paid as ordered by the Commission, commissioner or referee.

(3) If the injured employe refuses to comply with any reasonable request for examination, his right to compensation may be suspended by order of the Commission and, in such case, no compensation shall be paid while he continues in such refusal.

(4) In all death claims where the cause of death is obscure or disputed, any interested party may request an autopsy and if denied, the Commission may upon petition order the same; the cost of such autopsy shall be borne by the party demanding the same.

(5) Any physician designated by the Commission, or by the employer, or by any attorney, professional person or agency representing the interests of the insured, to whom the injured employe or his dependents are required to submit, or pay for his services or treatment by the employer or by the Industrial Commission, shall operate as a satisfaction of the compensation liability as to the employer. Payments from said fund shall be made by the trustee in the same amounts and at the same time as are herein required of the employer until said fund and interest shall be exhausted, excepting as the Commission shall otherwise order. In the appointment of the trustee, preference shall be given, in the discretion of the Industrial Commission, to the choice of the injured employe or the dependents of the deceased employe, as the case may be.

See notes under prior sections.

4284. Compensation to alien dependents—In case a deceased employe, for whose injury or death compensation is payable, leaves surviving him an alien dependent or dependents residing outside of the United States, the Industrial Commission shall direct payment of all compensation due to the deceased or to his dependents, to be made to the duly accredited consular officer of the country of which the beneficiaries are citizens, if such consular officer resides within the State of Minnesota, or if not, to his designated representative residing within the state, and such consular officer or his representative shall be the sole representative of such deceased employe and of such dependents to settle all claims for compensation and to receive for distribution to the persons entitled thereto, all compensation arising hereunder. The settlement and distribution of said funds shall be made only on order of the Commission. Such consular officer or his representative shall furnish, if required by the commission, a good and sufficient bond, satisfactory to the commission, conditioned upon the proper application of the moneys received by him. Before such bond is discharged, such consular officer or representative shall file with the commission a verified account of the items of his receipts and disbursements of such compensation.

Such consular officer or his representative shall, before receiving the first payment of such compensation, and thereafter, when so ordered to do by the commission, furnish to the commission a sworn statement containing a list of the dependents with the name, age, residence, extent of dependency and relationship to the deceased of each dependent. (21 c. 82 § 24)

4285. Payment in lump sum—The amounts of compensation payable periodically hereunder may be computed to one or more lump sum payments on any reasonable request for examination, his right to compensation may be suspended by order of the Commission, conditioned upon the proper application of the moneys received by him. Before such bond is discharged, such consular officer or representative shall file with the commission a verified account of the items of his receipts and disbursements of such compensation.

In making such commutations the lump sum payments shall, in the aggregate, amount to a sum equal to the present value of all future installments of compensation calculated on a six percent basis. (21 c. 82 § 25)

4286. Payment to trustee—At any time after the amount of any award or commutation has been finally determined by the commission, a sum equal to the present value of all future installments of the compensation calculated on a six percent basis may (where death or the nature of the injury renders the amount of future payments certain) by leave of the commission, be paid by the employer to any savings bank or trust company of this state to be approved and designated by the commission, and such sum, together with all interest thereon, shall, thereafter, be held in trust for the employe or the dependents of the employe, who shall have no further recourse against the employer. The payment of such sum by the employer, evidenced by receipt of the trustee, filed with the Industrial Commission, shall operate as a satisfaction of the compensation liability as to the employer. Payments from said fund shall be made by the trustee in the same amounts and at the same time as are herein required of the employer until said fund and interest shall be exhausted, excepting as the Commission shall otherwise order. In the appointment of the trustee, preference shall be given, in the discretion of the Industrial Commission, to the choice of the injured employe or the dependents of the deceased employe, as the case may be. (21 c. 82 § 26)

See notes under prior sections.

4287. Compensation preferred claim—Assignment—Exemption—The right to compensation and all compensation awarded any injured employe or for death claims to his dependents, shall have the same preference against the assets of the employer as other unpaid wages for labor, but such compensation shall not become a lien on the property of third persons for any reason of such preference. Claims for compensation owned by an injured employe or his dependents, shall not be assignable and shall be exempt from seizure or sale for the payment of any debt or liability except as otherwise provided herein. (21 c. 82 § 27)

4288. Employer to insure employers—Exceptions—Violations—Penalties—Every employer except the state and the municipal subdivisions thereof, liable under this act to pay compensation shall insure payment
of such compensation with some insurance carrier authorized to insure such liability in this state unless such employer shall be exempted from such insurance by the Industrial Commission; provided that nothing herein contained shall prevent any employer with the approval of the Commission from excluding medical and hospital benefits as required in Section 19. Provided, also, that an employer conducting distinct operations or establishments at different locations may either insure or self-insure each separate establishment, or operation and such other portion of his operations, which may be determined by the Industrial Commission to be a distinct and separate risk. An employer desiring to be exempted from insurance his liability shall make application to the Commission by written order which makes such exemption, wherein the employer desiring to be exempted from insuring his liability for compensation, showing his financial ability to pay such compensation, whereupon the Commission by written order may make such exemption, as it deems proper. The Commission may, from time to time, require further statement of financial ability of such employer to pay compensation and may upon ten days' notice, in written revocation its order granting said exemption, in which case such employer shall immediately insure his liability. As a condition for the granting of an exemption, the Commission shall have authority to require the employer to furnish such security as it may consider sufficient to insure payment of all claims under compensation. Where the security is in the form of a bond or other personal guaranty, the Commission may, at any time, either before or after the entry of an award, upon at least ten days' notice, and opportunity to be heard, require the surety to pay the amount of the award, the same to be enforced in like manner as the award itself may be enforced.

Any employer who shall fail to comply with the provisions of this section to secure payment of compensation for injuries or death, according to the full benefits of part 2 of this act, shall be liable for five (5) times the lawful premium, as determined by the Compensation Insurance Board, for compensation insurance for such employer for the period he fails to comply with such provisions, commencing upon ten (10) days' notice revoking its order granting such exemption, in which case such employer shall immediately insure his liability. As a condition for the granting of an exemption, the Commission shall have authority to require the employer to furnish such security as it may consider sufficient to insure payment of all claims under compensation. Where the security is in the form of a bond or other personal guaranty, the Commission may, at any time, either before or after the entry of an award, upon at least ten days' notice, and opportunity to be heard, require the surety to pay the amount of the award, the same to be enforced in like manner as the award itself may be enforced.

The insurer must be one authorized by law to conduct such business in the state of Minnesota and authority is hereby granted to all insurance companies writing such insurance to include in their policies in addition to the requirements now provided by law, the additional requirements and terms and conditions in this section provided. No agreement by an employer to pay to an employer any portion of the cost of insuring his risk under this act shall be valid. But it shall be lawful for the employer and the workman to agree to carry the risk covered by part 2 of this act in conjunction with other and greater risks and providing other and greater benefits such as additional compensation, accident, sickness or old age insurance or benefits, and the fact that such plan involves a contribution by the workman shall not prevent its validity if such plan has been approved in writing by the Industrial Commission. Any employer who shall make any charge or deduction prohibited by this section shall be guilty of a misdemeanor. If the employer shall insure to his employees the payment of the compensation provided by part 2 of this act in a corporation or association authorized to do business in the state of Minnesota, and approved by the insurance commissioner of the state of Minnesota, and if the employer shall post a notice or notices in a conspicuous place or in conspicuous places about his place of employment, stating that he is so insured and stating by whom insured, and if the employer shall further file copy of such notice with the Industrial Commission, then, and in such case, any proceedings brought by an injured employee or his dependents shall be brought directly against the insurer, and the employer or insured shall be released from any further liability.

Provided that in case of insolvency or bankruptcy of such insurance company the employer shall not be released from liability under the provisions of this act.

| 4289 | Who may insure—Policies, etc.—Any employer who is responsible for compensation as provided under part 2 of this act may insure such risk in any manner or manner authorized by law. But those writing such insurance shall, in every case, be subject to the conditions of this section hereinafter named.

If the risk of the employer is carried by any insurer doing business for profit, or by an insurance association or corporation formed of employers, or of employers and workmen, to insure the risks under part 2 of this act, operating by the mutual assessment or other plan or otherwise, then insofar as policies are issued on such risks they shall provide for compensation for injuries or death, according to the full benefits of part 2 of this act.

Such policies shall contain a clause to the effect that as between the workman and the insurer, that notice to and knowledge by the employer of the occurrence of the injury shall be deemed notice and knowledge on the part of the insurer; that jurisdiction of the employer for any purpose shall be jurisdiction of the insurer, and that the insurer will, in all things, be bound by and subject to the awards rendered against such employer upon the risks so insured.

Such policies must provide that the workman shall have an equitable lien upon any amount which shall become owing on account of such policy to the employer from the insurer, and in case of the legal incapacity or inability of the employer to receive the said amount and pay it over to the workman or dependents, the said insurer will pay the same direct to said workman or dependents, thereby discharging all obligations under the policy to the employer, and all of the obligations of the employer and insurer to the workman; but such policies shall contain no provision relieving the insurance company from payment when the employer becomes insolvent or discharged in bankruptcy or otherwise, during the period the policy is in force, if the compensation remains owing.
satisfied in whole or in part, shall be conclusive evidence of the insolvency of such insurance company, and in case of the adjudication of bankruptcy or insolvency of such insurance company by any court of competent jurisdiction proceedings may be brought by the employee against the employer in the first instance, or against such employer and insurance company jointly or severally or in any pending proceedings against any insurance company, the employer may be joined at any time after such adjudication. ('21 c. 82 § 29, amended '23 c. 282 § 2)

4281. Insurance rates discriminating against employment of physically handicapped persons—Prohibition against—No person, partnership, association or corporation, or their agents or employees writing workmen's compensation insurance in this state shall make or charge any rate which discriminates against the employment by the insured of any person who is physically handicapped by reason of loss or loss of use of any member due to accident or other cause. ('19, c. 367, § 1)

4282-1. Same—Penalty—Any person, partnership, association or corporation, or their agents or employees, offering a rate of compensation insurance forbidden by section 1 of this act shall be guilty of a misdemeanor. ('10, c. 367, § 2)

4282-2. Same—Cancellation of license—Whenever any company or its agents or employees shall have been convicted of a violation of this act, such fact shall be sufficient cause for the cancellation of its license by the commissioner of insurance. ('19, c. 367, § 3)

4282-4. Licenses to write workmen's compensation insurance—Revocation grounds—The license now or hereafter granted to any insurer to write workmen's compensation insurance in the state of Minnesota shall be revoked by the commissioner of insurance in case it or its agents have been guilty of fraud, misrepresentation, or culpable, persistent and unreasonable delay in making settlements under the provisions of the workmen's compensation act and acts amendatory thereof. Such action may be taken by the commissioner upon his own motion, the recommendation of the commissioner of labor or the complaint of any interested person. A complaint against any such insurer shall be in writing and shall clearly specify the grounds upon which the revocation of such insurer is sought, and such insurer shall have the right to answer the complaint in writing and be heard before the commissioner of insurance in its own behalf, and the method of procedure for the hearing shall be prescribed by said commissioner, who shall set a time and place therefor and shall give all parties interested at least ten days' notice thereof by mail. The commissioner of insurance shall make and file his findings and order and shall send a copy thereof to the commissioner of labor, to the complainant, and to the insurer against whom the charges were made. Within ten days after the service of the findings and order of the commissioner of insurance, revoking the license of any insurer, which service may be made by mail, said insurer may appeal from such order to the district court of the district in which the office of the commissioner is located by serving written notice of appeal upon the commissioner. The commissioner of insurance shall thereupon file with the clerk of such court a certified copy of his findings and order, which shall be prima facie evidence of the facts therein stated. Thereupon the court shall summarily hear and determine the questions involved on said appeal. ('10, c. 508)

4289-1. Certain persons liable as employers—Contractors—Sub-contractors, etc.—(1) Any person who creates or carries into operation any fraudulent scheme or artifice to evade the provisions of this act or any part thereof, or who engages in work without himself being responsible to the workman for the provisions of this act, shall himself be included in the term "employer" and be subject to all the liabilities of the employees under this act. But this section shall not be construed to cover or mean anyone who lets a contract to a contractor in good faith nor a contractor, who, in good faith, lets to a subcontractor a portion of his contract. Provided, however, that no person shall be deemed a contractor or subcontractor, so as to make him liable to pay compensation within the meaning of this section, who performs his work upon the employers' premises and with the employers' tools or appliances and under the employers' directions; nor one who does what is commonly known as "piece work" or in any way where the system of employment used merely provides a method of fixing the workman's wages.

(2) Where compensation is claimed from, or proceedings taken against a person under subdivision 1 of this section, the compensation shall be calculated with reference to the wage the workman was receiving from the person by whom he was immediately employed at the time of the injury, or if he was not so employed, at the time of the injury.

(3) The employer shall not be liable or required to pay compensation for injuries due to the acts or omissions of third persons not at the time in the service of the employer, nor engaged in the work in which the injury occurs, except as provided in Section 31, or under the conditions set forth in Section 66-J. ('21 c. 870 § 3)

4289. Liability of party other than employer—Procedure—(1) Where an injury or death for which compensation is payable under part 2 of this act is caused under circumstances also creating a legal liability for damages on the part of any party other than the employer, such party also being subject to the provisions of part 2 of this act, the employee, in case of injury, or his dependents in case of death may, at his or their option, proceed either at law against such party other than the employer for recovery of damages, or against the employer for compensation under part 2 of this act, but not against both.

If the employee in case of injury, or his dependents in case of death, shall bring an action for the recovery of damages against such other party than the employer, the amount thereof, manner in which, and the persons to whom the same are payable, shall be as provided for in part 2 of this act, and not otherwise; provided, that in no case shall such party be liable to payment of any damages to any party other than the employee for any damages growing out of or resulting from such injury or death.

If the employer or his dependents shall elect to receive compensation from the employer, then the latter shall be subrogated to the right of the employee or his dependents to recover against such other party, and may bring legal proceedings against such party and recover the aggregate amount of compensation payable by him to such employee or his dependents here-
under, together with the costs and disbursements of such action and reasonable attorney's fees expended by him therein.

The provisions of Subdivision 1 of this section shall apply only where the employer liable for compensation under part 2 of this act, and the other party or parties legally liable for damages were engaged in the due course of business, (a) in furtherance of a common enterprise, or (b) the accomplishment of the same or related purposes in operation on the premises where the injury was received at the time thereof, and not otherwise.

(2) Where an injury or death for which compensation is payable under part 2 of this act is caused under circumstances also creating a legal liability for damages on the part of any party other than the employer, such party also being subject to the provisions of part 2 of this act but where the provisions of subdivision 1 of this section do not apply or where said party or parties other than the employer are not subject to the provisions of part 2 of this act legal proceedings may be taken by the employer or dependents against such other party or parties to recover damages, notwithstanding the payment by the employer or his liability to pay compensation hereunder, but in such case if the action against such other party or parties is brought by the injured employee, or in case of his death, by his dependents, and a judgment is obtained and paid or settlement is made with such other party either with or without suit, the employer shall be entitled to deduct from the compensation payable by him, the amount actually received by such employee or dependents after deducting costs, reasonable attorney's fees and reasonable expenses incurred by such employee or dependents in making such collection or enforcing such liability; provided that in such case action be not diligently prosecuted by the employer or dependents against such other party or parties to recover damages, notwithstanding the payment by the employer or his liability to pay compensation hereunder, but in such case if the action against such other party or parties is brought by the injured employee, or in case of his death, by his dependents, and a judgment is obtained and paid or settlement is made with such other party either with or without suit, the employer shall be entitled to deduct from the compensation payable by him, the amount actually received by such employee or dependents after deducting costs, reasonable attorney's fees and reasonable expenses incurred by such employee or dependents in making such collection or enforcing such liability; provided that in such case he brings an action for the recovery of damages, the amount thereof and the manner of payment shall be as provided in part 2 of said act.

Where an employee pursues the employer for compensation under the mistaken impression that the law afforded him no other remedy or an additional remedy, equity, in the absence of injury to others or of facts creating an estoppel, may relieve him from his apparent election.

Subdivision 1.

Subdivision 2.

Where the award to the employee is paid by an insurance company, pursuant to a policy held by the city, and the city has paid nothing, it has suffered no damage, it is not the real party in interest, and cannot maintain an action against the defendant third party who caused the injury. § 212-461.

When employee claims and receives compensation from the employer, the common law action passes to the employer by virtue of subrogation. The payment or obligation to pay the award on the part of the employer is a condition precedent to his right to prosecute such action. § 212-54, 204-622.

4292. Penalties for unreasonable delay—In any case where any proceeding has been instituted or carried on or any defense interposed by any employer or insurer liable to pay compensation hereunder, which does not present a real controversy but is merely frivolous or for delay, or where there has been any unreasonable or vexatious delay of payment, or neglect or refusal to pay, or intentional underpayment of any compensation due to any employer or dependent under part 2 of this act, the industrial commission or the Supreme Court on appeal may, after reasonable notice and hearing or opportunity to be heard, as in cases of dispute arising under part 2 of this act, make an order in each such case compelling the employer to become payable, an amount equal to not more than twenty-five per centum of the compensation payable or to become payable as aforesaid. To secure information as to any act or omission specified in this section the Industrial Commission, by itself or employees, may examine from time to time the books and records of any employer or insurance carrier, relative to the payment of compensation hereunder, or require any such employer or insurance carrier to furnish any other information relating to the payment of compensation hereunder. In case of an insurer persisting in any act resulting from such injury or death. (21 c. 82 § 31, amended '23 c. 279 § 1)

In General.

§ 4292
or omission hereinafter specified in this section, or refusing or failing to allow the Industrial Commission to examine its books and records or to furnish such information, the Industrial Commission shall make complaint in writing to the insurance commissioner, setting forth the facts and recommending the revocation of the license of such insurer to do business in this state, whereupon the commissioner of insurance shall hear and determine the matter as provided in chapter 508 of the General Laws of Minnesota for 1919; and if any such charge is found true, the commissioner of insurance shall revoke the license of such insurer and thereafter it shall be unlawful for such insurer to write or effect insurance in this state. (21 c. 82 § 32)

Laws 1919, c. 508, referred to in this section is set forth ante, as section 4285-4.

4293. Employers must report accidents—Reports.

Duty of physicians—Penalties—It is hereby made the duty of every employer subject to the provisions of part 2 of this act to make or cause to be made a report to the Industrial Commission of any accident to any employee which occurs in the course of his employment, and which causes death or serious injury within forty-eight (48) hours of the occurrence of such accident, of all other accidents which occur to any employee in the course of his employment, and of which the employer or his foreman has knowledge within seven days after the occurrence of such accident, provided that such injuries are sufficient wholly or partially to incapacitate the person injured from labor or service for more than the remainder of the day, shift or turn on which the injury was sustained, which reports shall be made upon a form to be prescribed by the Industrial Commission.

The Industrial Commission shall include in the form of report prepared by it a statement that the employer will pay the compensation as required by law, to be signed by the employer, or his representative, where a liability to pay compensation is admitted.

Accidents required by this section to be reported within 48 hours may be reported by telephone, telegraph or personal notice and a written report of such accident shall then be made within seven days, or at such time as the Industrial Commission shall designate, and the Commission may require such supplementary reports of any accident as it may deem necessary for the securing of the information required by law, provided that when an accident has been reported which subsequently terminates fatally, a supplemental report shall be filed with the Industrial Commission within forty-eight (48) hours after receipt of knowledge of such death, stating that the injury has proved fatal and any other facts in connection with such death or as to the dependents of such deceased employee which the Industrial Commission may require.

Every physician or surgeon who shall examine, treat or have special knowledge of any injury to any employee compensable under part 2 of this act and the extent of any disability resulting therefrom and the rights of such employee to compensation, to request in writing and procure from any physician or surgeon examining, treating or having special knowledge of any such injury, a report of the facts within his knowledge relative thereto.

Any employer or physician or surgeon who shall fail to make any report required by this section, in the manner and within the time herein specified, shall be liable to the state of Minnesota for a penalty of fifty ($50.00) dollars for each such failure and such penalty shall be recovered in a civil action brought in the name of the State by the Attorney General in any court having jurisdiction thereof, and it shall be the duty of the Industrial Commission, whenever any such failure to report occurs, to immediately certify the fact thereof to the Attorney General, and upon receipt of any such certification the Attorney General shall forthwith commence and prosecute such action. All penalties recovered by the State hereunder shall be paid into the state treasury.

Any such report made at any time, nor any copy of the same or part thereof shall be open to the public, nor shall any of the contents thereof be disclosed in any manner by any official or clerk or other employee or person having access thereto, but the same may be used upon the hearings under this act or for state investigations and for statistics only, and any such disclosure is hereby declared to be a misdemeanor and punishable as such.

Any employer or insurer or injured employees shall, upon request of the Industrial Commission, file with said Commission all medical reports in the possession of such employer or insurer having any bearing upon the case or showing the nature and extent of disability; provided that duly verified copies of such reports may be filed with the Industrial Commission in lieu of the originals. (21 c. 82, § 33; amended '25, c. 161, § 8, by addition of paragraph)

4294. Duties of commission when employee is injured.

On receipt of notice or information that an employee governed by part 2 of this act has sustained an injury which may be compensable, the Industrial Commission shall forthwith mail to such employee, if his postoffice address be known or ascertainable, a written or printed notice in the form of a letter, giving a brief statement in simple language of such employee's general rights and duties under this act. In addition to such other matters as in the discretion of the Commission may be incorporated in this notice, it shall summarize the employer's duty to furnish medical and hospital treatment, and to pay compensation, and shall, also, invite such employee to ask the advice of the Commission in case any doubt or dispute arises concerning his rights under this act on account of such injury. The notice shall be accompanied by an envelope addressed to the Industrial Commission, for use by the employee in making any reply. (21 c. 82 § 34)

(21 c. 82 § 54)

4315. Appeal—Expense—Transcript—Any party in interest may, within twenty days after notice of a commissioner's or referee's award or disallowance of compensation, or other order involving the merits of the case, shall have been served on him, take an appeal to the Industrial Commission on the ground: (1) That the award or disallowance of compensation or other order appealed from is not in conformity with the terms of this act, or that the commissioner or referee committed any other error of law; (2) That the findings of fact and award or disallowance of compensation, or other order appealed from was unwarranted by the evidence, or was procured by fraud, coercion or other improper conduct of any party in interest. Definitions—“Daily Wage” as used in this act shall mean the daily wage of the employee in the employment in which he was engaged at the time of the injury, and if at the time of the injury the employee is working on part time for the day, his daily wage shall be arrived at by dividing the amount received or to be received by him for such part time service for the day by the number of hours of such part time service and multiplying the result by the number of hours of the normal working day for the employment involved. Provided, that in the case of persons performing services for municipal corporations in case of emergency, the normal working day shall be considered and computed as eight hours, and in cases where such services are performed gratis or without fixed competition the daily wage of the person injured shall, for the purpose of calculating compensation payable under this act, be taken to be the usual going wage paid for similar services in municipalities where such services are performed by paid employees.

Occasional overtime shall not be considered in computing the weekly wage, but if such over-

time is regular or frequent throughout the year for the employment involved, then it shall be taken into consideration.

Where board or other allowances of any character extra to gratuities are made to an employee in addition to wages as a part of the wage contract, they shall be deemed a part of his earnings and computed at the value thereof to the employee. ('21, c. 82, § 65; amended '25, c. 300, § 13; '25, c. 175; '27, c. 216).

WORKMEN'S COMPENSATION ACT
§ 4326

Employee. 165-29, 205-638.

The evidence in this case compels a finding that the employee received a hernia, being an injury to the physical structure of his body, from an accident arising out of and in the course of his employment. 164-211, 207-133.

It is held: The relation established between the town and the hauler was that of employer and "employee." 211+327.

Firemen are within the operation of the Workmen's Compensation Act. Truckman held independent contractor. 313+459.

**Accidental Injuries.**

A sudden and violent rupture or break in the physical structure of the body of an employee, caused by some strain or exertion in the employment of the master, is an "accidental injury" within the meaning of the Workmen's Compensation Act, even though no external unforeseen event, such as slipping, falling, or being struck, contributes thereto. 157-122, 195+784.

An inguinal hernia, the development of which is caused by some strain, is an "accidental injury" within the Workmen's Compensation Act and is compensable. 265+461, 202+340.

If an unforeseen accident to an employee, while engaged in the performance of his work, directly causes an injury to the physical structure of his body, the injury is compensable under the Workmen's Compensation Act, even though the employee had a natural weakness predisposing him to such an injury. 166+41, 207+183.

The existence which does not impair the employee's ability to work will not prevent a recovery if an accidental accelerates the disease to a degree of disability. 209+635.

An actual aggravation of an existing infirmity caused by accident in the course of employment is compensable, even though the accident would have caused no injury to a normal person. 263+335.

Whether parcels, primarily caused by asphyxia, is lightened up or accelerated by injuries is a question of fact. 206+418.

**Injuries arising out of employment.**

Claimant was employed to act as Santa Claus about and in a store. In his work children pulled at his clothes, and because of that he sought seclusion in a room in the rear of the store, and there removed the mask half from his face and attempted to light and smoke a cigarette. The beard caught fire, injuring his face and hands. Held, the injuries arose out of and in the course of his employment. 167+290, 196+261.

An employee necessarily using an elevator on premises of employer is at common law an employee, and not a passenger. 168+495, 198+290.

Such employee using such elevator 20 minutes before time to begin work is there within a reasonable time, and is on premises "during the hours of service." 155+495, 198+790.

Some general characteristics indicated: (1) Employee is under the control of his employer and does those things which his contract with his employer expressly or imply permits him to do. (2) It "arises out of" the employment, and reasonably appears for the facts and circumstances that there is a casual connection between the conditions and the employment of the accident to the employee and the resulting injury. (3) It is compensation, by contributing proximate cause and which results from the accident sustained in performing his duties. 211+1003.

The word "reasons" as there used refers to the provocation for the assault, and if the proper work of the employee furnishes the "provocation for the assault," it is to be considered as directed against him because of his employment. 166+185, 199+473.

Where employer and employee are residents of this state, and the employer has his business localized in this state, and the employer performs services pertaining to his business under a contract made in this state, he is within the protection of the Compensation Law, although his services may be performed outside the state. 165+149, 204+458.

Employee on way home not in course of employment. 206+417, 205+445.

The commission sustained a finding of the referee that the "operation did not set into activity delirium tremens," and that death was, the result of the operation and the subsequent complications. Held, that the finding is supported by the evidence. 211+8.

while the employee was in his employment, such last
employer shall not be liable to pay compensation, or,

to enable such last employer to take proceedings
against other employers under sub-section (5) such
last employer shall be liable only for such part of the
total compensation as under the particular circum-
stances the commission may deem just; but a false
statement in the information furnished as aforesaid
shall not impair the employee's rights unless the last
employer is prejudiced thereby.
(8) If the employee, at or immediately before the
date of disablement, was employed in any process men-
tioned in the second column of the schedule of diseases

Under a collective bargaining agreement between au 

tomobile retail salesmen's association and automobile 

dealers whereby dealers agreed to hire additional sales 

men through association and not to employ any other persons, and one of dealers obtained applications for membership in association from only part of its sales 

force, others refusing to join, and refused to turn these applications over to association until all salesmen should join association, there was violation of the agreement by continuing to employ salesmen who were not mem 

bers of association, a violation of the agreement. Such salesmen may contest such withholding of applications and seek a strike or bring suit for damages, but first make a demand for arbitration as provided in agreement. Op. Att'y Gen. (270d-12), May 8, 1939.

§4254-27. Business affected with public interest—Notice to governor.—Appointment of commission—De

dustry, business or institution affected with a public interest, which includes, but is not restricted to, any industry, business or institution engaged in supplying the necessities of life, safety, or health, so that a temporary suspension of its operation would endanger the life, safety, health or well being of a substantial number of employees or the public, the provisions of section 6 shall apply and the labor conciliator shall also notify the Governor who may appoint a commis 

sion of three, to conduct a hearing and make a re

If the commission is appointed by the Governor, the labor conciliator shall immediately notify the parties to the labor dispute and shall also inform them of the date of the notification to the Governor. The members of such commission shall be on account of vocations, employers, employees and the public respectively. Such report shall be filed with the Governor and may be published as he may determine in one or more legal newspapers in the counties where the dispute exists. (Act Apr. 22, 1939, c. 440, §7.)

Such information shall be for the use of the conciliator only and shall not be open to public inspection, but the conciliator may furnish such information upon request to the parties to a labor dispute.

(Act Apr. 22, 1939, c. 440, §10.)

2854-29. Labor disputes may be submitted to arbitration.—Whenever a labor dispute arises which is not settled by conciliation, such dispute may be submitted to arbitration by the parties to the dispute, by the commission or by an arbitrator appointed by the parties to the dispute, by an arbitrator appointed by the commission or by an arbitrator appointed by the Governor on the recommendation of the commission, among other methods, the arbitration procedure under the terms of Sections 5913 to 5919, inclusive, of Mason's Minnesota Statutes of 1927, and acts amendatory thereof and supplementary thereto, and arbitration under the Voluntary Industrial Arbitration Tribunal of the American Arbitration Association. If any such agreement so provides, the labor conciliator may act as a member of any arbitration tribunal created by any such agreement, and, if the agreement so provides, the conciliator may appoint one or more of such arbitrators. The commission shall have power to administer oaths to witnesses and to issue subpoenas for the attendance of witnesses and the production of evidence, which subpoenas shall be enforced in the same manner as subpoenas issued by the commission. The labor arbitration tribunal shall file with the conciliator a copy of its report duly certified by its chairman.

(Act Apr. 22, 1939, c. 440, §9.)

It makes no difference where owner or employee operator of vehicle resides or whether he is regularly or casually engaged in operating a motor vehicle. Op. Atty. Gen. (2706-7), August 11, 1939.

4256. When restraining order or injunction not to restrain labor disputes may be granted. When a restraining order or injunction shall be granted by any court of this state, or by any judge thereof, it is hereby declared to be contrary to the public policy of this state. (Act Apr. 22, 1933, c. 416, §2.)

4257. Whether written or oral, express or implied, constituting a contract or agreement of hiring or employment, or containing or consisting in any contract or agreement of hiring or employment between any individual firm, company, association, or corporation, and any employee or prospective employee of the same, whereby

4260-4. Court may not issue restraining orders in certain cases.—No court of the State of Minnesota shall have jurisdiction to issue any restraining order or temporary or permanent injunction in any case involving or growing out of any labor dispute to prohibit any person participating in or interested in such dispute (as these terms are herein defined) from doing, whether singly or in concert, any of the following acts:

(a) Cessing or refusing to perform any work or to remain in any relation or employment;

(b) Becoming or remaining a member of any organization or of any employer organization, regardless of any such undertaking or promise as is described in section 3 of this Act;

(c) Paying or giving to, or withholding from any person participating or interested in such labor dispute, any strike or unemployment benefits or insurance, or other moneys or things of value;

(d) By all lawful means aiding any person participating or interested in any interstate dispute why is being proceeded against in, or is prosecuting, any action or suit in any court of this state.

(e) Giving publicity to the existence of, or the facts involved in, any labor dispute, whether by advertising, speaking, or any other method not involving fraud or violence;

(f) Assembling peaceably to act or to organize to act in promotion of their interests in a labor dispute;

(g) Advising or notifying any person of an intention to do any of the acts heretofore specified;

(h) Agreeing with other persons to do or not to do any of the acts heretofore specified; and

(i) Advising, urging, or otherwise causing or inducing without fraud or violence the acts heretofore specified, regardless of any such undertaking or promise as is described in section 3 of this Act. (Act Apr. 22, 1933, c. 416, §4.)

A claim for damages for past breach of contract is not a sufficient foundation for an injunction and acting to force a settlement is not forbidden. Jensen v. S., 194M85, 235NW811. See Dun. Dig. 9674.

4260-5. Same.—No court of the State of Minnesota shall have jurisdiction to issue a restraining order or temporary or permanent injunction upon the ground that any of the persons participating or interested in a labor dispute constitute or are engaged in an unlawful combination or conspiracy because of the doing in concert of the acts enumerated in section 4 of this Act. (Act Apr. 22, 1933, c. 416, §5.)

4260-6. Associations not to be responsible for acts of individuals.—No officer or member of any association or organization, and no association or organization, submit to an undertaking or promise in a labor dispute, shall be held responsible or liable in any court of the State of Minnesota for the unlawful acts of individual officers, members, or agents, except upon clear proof of actual participation in, or personal authorization of, such acts. Such inactivity of such acts after actual knowledge thereof. (Act Apr. 22, 1933, c. 416, §6.)

4260-7. Jurisdiction of court in certain cases.—No court of the State of Minnesota shall have jurisdiction to issue a temporary or permanent injunction in any case involving or growing out of a labor dispute, as herein defined, except after heard of evidence of such acts after actual knowledge thereof. (Act Apr. 22, 1933, c. 416, §6.)

(a) That unlawful acts have been threatened and will be committed unless restrained or have been committed and will be continued unless restrained, but no injunction or temporary restraining order shall be issued on account of any threat or unlawful act except against the person or persons, association, or organization making the threat or committing unlawful acts, and the unlawful act for actually authorizing or ratifying the same after actual knowledge thereof;

(b) That substantial and irreparable injury to complainant's property will follow;

(c) That as to the granting of relief granted greater injury will be inflicted upon complainant by the denial of relief than will be inflicted upon defendants by the granting of relief;

(d) That complainant has no adequate remedy at law; and

(e) That the public officers charged with the duty to protect complainant's property have failed to furnish adequate protection.

Such hearing shall be held after due and personal notice thereof has been given in such manner as the court shall direct, to all persons or persons from whom relief is sought, and also to the chief of those public officials of the county and city within which the unlawful acts have been threatened or committed charged with the duty to protect complainant's property. Provided, however, that if a temporary restraining order shall be issued without notice, a substantial and irreparable injury to complainant's property will be unavoidable, such a temporary restraining order may be issued upon testimony under oath, if sustained, to justify the court in issuing a temporary injunction upon a hearing after notice. Such a temporary restraining order shall be effective until hearing and decision on the petition for a temporary injunction unless there is a restraining order stayed by the court, which hearing shall be held within ten days after issuance of a temporary restraining order unless defendants ask for additional time, provided that any temporary restraining order so issued shall become void at the expiration of said period of 10 days, unless renewed. No temporary restraining order or temporary injunction shall be issued except on condition that complainant shall first file an undertaking with adequate security in an amount to be fixed by the court sufficient to recompense those enjoined for any loss, expense, or damage caused by the improvident or erroneous issuance of such order or injunction, including reasonable costs (together with a seasonable attorney's fee) and expense of defense against the order or before the granting of any injunctive relief sought in the same proceeding and subsequently denied by the court.

The undertaking herein mentioned shall be underwritten to signify an agreement entered into by the complainant and the surety upon which a decree may be rendered in the same suit or proceeding against said complainant and surety, upon a hearing to assess damages of which hearing complainant and surety shall have reasonable notice, the said complainant and surety having such a hearing, may appear and set up the defense in the court for that purpose. But nothing herein contained shall deprive any party having a claim or cause of action under or upon such undertaking from electing to pursue his remedy by suit at law or in equity. Same.—No restraining order or temporary or permanent injunction shall be granted in a case involving or growing out of a labor dispute, except on the basis of findings of fact made and filed by the court in the record of the case prior to the issuance of such restraining order or injunction; and every restraining order or injunction granted in which an injunc-

4620-9. Court to certify proceedings to Supreme Court.—Whenever any court of the State of Minnesota shall issue or deny any temporary injunction in a case involving or growing out of a labor dispute, the court shall, upon the petition of the party in interest, and on his filing the usual bond for costs, forthwith certify as in ordinary cases the record of the case to the Supreme Court for its review. Upon the filing of such record in the Supreme Court, the appeal shall be heard in the temporary or permanent order, modified, or set aside with the greatest possible expedition, giving the proceedings precedence over all other matters except older matters of the same character. lateral attack which must fail unless injunction is shown to be a nullity. Reid v. /. 296 M290, 275 NW 300. See Dun. Dig. 4504.

4620-10. Right to speedy trial.—In all cases arising under this Act in which a person shall be charged with contempt in a court of the State of Minnesota (as hereinafter defined), the accused shall enjoy the right to a speedy and public trial by an impartial jury of the county and district wherein the contempt shall have been committed. Provided, that this right shall not apply to contempts committed in the presence of the court and in the administration of justice or to apply to the misbe-
havior, misconduct, or disobedience of any officer of the court in respect to the writs, orders, or process of the court. (Act Apr. 22, 1933, c. 416, §10.)

4620-11. Proceedings in contempt cases.—The de-
taint of any proceeding for contempt of court may file with the court a demand for the retirement of the judge sitting in the proceeding, if the contempt arises from an attack upon the character or conduct of such judge and if the attack occurred elsewhere than in the presence of the court or near thereto as to interfere directly with the administration of justice. Upon the filing of any such demand the judge shall thereupon proceed no further, but another Judge shall be designated in the same manner as is provided by law. The demand shall be filed prior to the hearing in the contempt proceeding. (Act Apr. 22, 1933, c. 416, §11.)

4620-12. Definitions.—When used in this Act and for the purposes of this Act—
(a) A case shall be held to involve or to grow out of a labor dispute when the case involves persons who are engaged in the same industry, trade, craft or occupation; or have direct or indirect interests therein; or who are employees of the same employer; or who are members of the same or affiliated organizations of employees or employers; whether such dispute is (1) between one or more employers or associations of employers and one or more employees or associations of employees; (2) between one or more employers or associations of employers and one or more em-
ployers or associations of employees; or (3) between one or more employees or associations of employees and one or more employees or associations of employees or when the case involves any conflicting or compet-
ing interests in a "labor dispute" (as hereinafter defined) of "persons participating or interested" therein (as hereinafter defined).
(b) A person or association shall be held to be a person participating or interested in a labor dispute if relief is sought against him or it, and if he or it is engaged in the same industry, trade, craft, or occupation in which the dispute exists, or has a direct or indirect interest therein, or is a member, officer, or agent of any association composed in whole or in part of employers or employees engaged in such industry, trade, craft, or occupation.
(c) The term "labor dispute" includes any contro-

(d) The term "court of the State of Minnesota" means any court of the State of Minnesota whose jurisdiction has been or may be conferred or defined or limited by Act of Legislature. (Act Apr. 22, 1933, c. 416, §12.)

What constitutes a labor dispute is a mixed question of law and fact. Held v. v., 298 M298, 275 NW396. See Dun. Dig. 4574.

A labor dispute is presented in action of employer against labor union which threatens to resort to picketing because of employer’s proposal to reduce prices charged his customers and thereby lessen compensation of numerous employees working on commission. Though issue is not between employer and his own employees. Lucicnicni v. L., 295 M10, 252 NW 635. See Dun. Dig. 4574.

This section had no application to picketing of home of employer who discharged chauffeur and houseman, threatening to strike "labor disputes" and "labor racket." Picket was properly convicted of disorderly conduct under city ordinance. Sta. v. Cooper, 285 NW969. See Dun. Dig. 4574.

(e) A claim for damages for past breach of contract is not a "labor dispute," and an injunction to prohibit picketing to force a settlement is not forbidden. Jensen v. v., 190 M59, 252 NW81. See Dun. Dig. 4574.

4620-13. Provisions separable.—If any provision of this Act or the application thereof to any person or circumstances held unconstitutional or otherwise invalid, the remaining provisions of the Act and the application of such provisions to other persons or circumstances shall not be affected thereby. (Act Apr. 22, 1933, c. 416, §13.)

Thereafter, each member shall be appointed for a term of three years. (Act Apr. 20, 1939, c. 363, §4.)

24260-35. Local and state committees to be appointed.—Local and state joint apprenticeship committees shall be appointed, in any trade by the apprenticeship council, whenever the apprentice training needs of such trade justify such establishment. (Act Apr. 20, 1939, c. 363, §5.)

24260-36. The parties to such agreement shall be given a fair and impartial hearing, after reasonable notice thereof. All such hearings, investigations and determinations shall be made under authority of reasonable rules and procedures prescribed by the apprenticeship council, subject to the approval of the commission.

Subdivision 2. The determination of the director shall be final with the commission. If no appeal therefrom is filed with the commission within ten days after the date thereof, as herein provided, such determination shall become the order of the commission. Any person aggrieved by any determination or action of the director, may appeal therefrom to the commission, which shall hold a hearing thereon after due notice to the interested parties. Any person aggrieved or affected by any determination or order of the commission, may appeal therefrom to the district court having jurisdiction, at any time within thirty days after the date of such order by service of a written notice of appeal on said commission, or its secretary. DECISIONS RELATING TO TRADE UNIONS

IN GENERAL

1. Rank and seniority. A rule, which provides that a fireman who fails in his third examination for promotion to the position of engineer "shall be assigned and rank as the oldest extra fireman on the seniority list at the time he fails," retards such fireman on list as if he had originally come into service as of a date prior to senior on extra board and junior to lowest man on regular ranks. 2. Remedies of members. Provisions of the constitution of a voluntary nonprofit labor organization, requiring: as a condition precedent to a resort to the courts, in any matter in which a member thereof feels aggrieved by the action of the organization or its officers, that such member first exhaust all remedies open to him within the organization, are valid, if the remedies so provided are reasonable. Skrivanek v. B., 198 Minn. 41, 269 N.W. 111. See Dun. Dig. 4874.

3. Public employees. Minneapolis Board of Education has no legal right to delegate its discretionary power to an arbitration committee in a labor dispute, but may appoint a committee to confer with a labor union to make proposals of adjustment. Op. Atty. Gen. (270-9), March 23, 1929.

4272-1. Employer's right to elect abolished.—The right of an employer and employee, as it has heretofore existed under section 4271, Mason's Minnesota Statutes, 1927, to elect not to be bound by the Workmen's Compensation Act is hereby abolished as to all employers and employees after the effective date of this Act except professional baseball players under contract for hire which contract gives compensation equal to or greater than that provided by the Workmen's Compensation Act provided the professional baseball club and the professional baseball player agrees in writing before the effective date of this Act with the Industrial Commission a written consent signed by both parties not to be bound by the Workmen's Compensation Statutes and the same approved by the Industrial Commission. On and after the effective date of this Act all employers and employees, except those excluded by Section 4 hereof, and those professional baseball players who have elected not to be bound by this Act as hereinbefore set forth, shall be subject to the provisions of the Workmen's Compensation Law, and every such employer shall be liable for compensation, medical and other benefits according to the schedules of the Workmen's Compensation Law, and all acts amendatory thereof and supplementary thereto, and shall pay compensation for the benefit of creditors. It is hereby made a provision to this effect. Op. Atty. Gen. (523c), Feb. 2, 1939.

4272-2. All employers shall be insured—exceptions. Every employer except the state and the municipal subdivisions thereof liable under this Act to pay compensation shall insure payment of such compensation in a manner hereinafter set forth, subject to the provisions of the Workmen's Compensation Law with or without the necessity of any agreement or order of the Industrial Commission, payments to be made at the intervals when the wage was payable as nearly as may be. GENERAL PROVISIONS

4381 to 4384-1. [Repealed.] Repealed by Act Apr. 29, 1935, c. 315, §2, effective on and after July 1, 1935.

4387-1. Application of act to state employees—powers and duties of Industrial Commission and attorney general.—The Workmen’s Compensation Act of Minnesota shall apply to all employees of the State of Minnesota employed in any department thereof. It shall be the primary duty of the Industrial Commission to defend the state and its several departments against workmen’s compensation claims whenever, after investigation, it shall deem such defense necessary and desirable. But the Attorney General may at any time and at any stage of a compensation proceeding take over and assume such defense, and upon request of the Industrial Commission or any department of the state, shall take over and assume such defense. For the purpose of such defense, the Industrial Commission shall have authority to provide for medical examinations of injured employees, procure the attendance of hearings of expert and other witnesses and do any other act necessary to a proper defense. All expenses incurred in such defense shall be charged to the department involved and be paid out of the State Compensation Revolving Fund.

The Commission shall have power to employ not to exceed two attorneys and one stenographer and their salaries shall be apportioned among the several departments of the state in the proportion that the amount of compensation paid during the fiscal year by any such department bears to the total amount of compensation paid, by all departments during such year. Any overpayment made to an employe during period of healing may be deducted from the compensation due the employee for the permanent disability sustained or for any medical expenses the employee may have incurred. The unexpended balance of said sum, if any, remaining on July 1, 1935, together with the sums to be paid into said fund pursuant to the provisions and divisions thereof as hereinafter provided, shall constitute said fund. The state treasurer shall be the custodian of said fund, and no monies for awards of compensation benefits shall be paid out of said fund except in the manner now provided for award of payments by the Industrial Commission pursuant to Chapter 439, General Laws 1927, §§4337-1 to 4337-5, provided, however, that monies required to be paid out in accordance with paragraphs one and two of Section two hereof may be paid out upon the written request of the Industrial Commission. (Act Apr. 5, 1933, c. 161, §1.)

Minnesota Unemployment Compensation Law

4337-21. Declaration of Public Policy.—As a guide to the interpretation and application of this Act, the public policy of this state is declared to be as follows:

Economic insecurity due to unemployment is a serious menace to the health, morals, and welfare of the people of this state. Involuntary unemployment is therefore a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burdens. This can be provided by encouraging employers to provide more stable employment and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing power and limiting the serious consequences of unemployment's retraction and resistance. The legislature, therefore, declares that in
its considered judgment the public good and the general welfare of the citizens of this State will be promoted by providing, under the police powers of the State for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own. (Act Dec. 28, 1934, Ex. Sess. c. 2, §1.)

(3) The total "beneficiary wages" of any employer for a given calendar year shall be the total of the beneficiary wages (as defined in subsection (C) (2) of this section) paid or payable by him for employment to all of his employees and former employees who commenced a benefit year and to whom benefits are paid or payable in such calendar year.

When an employer's payroll falls within two payroll categories, his entire payroll shall be allocated to the category into which more than 50 per cent of his payroll falls; in case 50 per cent of an employer's payroll falls within each of two payroll categories, his total payroll shall be allocated to the category having the lower rate.

(7) Each employer's contribution rate for the year 1941 and for each year thereafter shall be the rate applicable to the payroll category to which his payroll has been allocated except if such rate applicable to the payroll category to which his payroll has been allocated exceeds 3.2 per cent, in which case his contribution rate shall be 3.2 per cent; provided, however, that no employer's contribution rate shall be less than 2.7 per cent unless such employer has paid all contributions due and payable by him.

D. Separate account for each employer.—The commission may maintain a separate account for each employer, and shall credit his account with all the contributions which he has paid on his own behalf. But nothing in this Act shall be construed to grant any preferential treatment to any individual or right to the amounts paid by him into the fund either on his own behalf or on behalf of such individuals. (Dec. 24, 1936, Ex. Sess., c. 2, §4; Apr. 15, 1937, c. 306, §2; Apr. 22, 1939, c. 443, §3.)

The commission shall, after investigation and hearing, determine and may thereafter from time to time redetermine such customary period or periods of seasonal operations. Until the effective date of such determination by the commission, no employment shall be deemed seasonal.

(2) Any employer who contends that employment in his industry or any establishment or occupation in such industry is seasonal shall file with the commission a written application for a hearing and determination as to such employment of such matter. Upon receipt of such application, the commission shall fix a time and place for such hearing and shall give the employer written notice thereof of not less than 15 days prior to the time of such hearing. Within three days after this notice of such hearing, the employer shall post in a conspicuous place in each department of each establishment, with respect to which such application was made, a written notice setting forth the time and place of such hearing and shall cause such notice to be published in the first next issue of the legal newspaper published nearest such place of business and shall furnish to the commission proof of such posting and publication.

(3) In order to insure the prompt disposition of all applications for seasonality determinations, the commission shall designate one or more representatives, herein referred to as referees, to conduct hearings thereon at which hearings the employer and his employees shall be entitled to appear, introduce evidence, and be heard in person, by counsel, or by any other representative of their own selection. (4) The commission may, on its own motion, cause an investigation of any industry or class of occupation in any industry which it believes to be seasonal in nature, and, after a hearing on such matter, the referee may make findings of fact and render his decision thereon based upon the facts disclosed by such investigation and hearing.

(5) Any employer, employee, or other party to the hearing may appeal from the decision of the referee in the same manner as appeals are provided for in this act relative to decisions made by an appeals tribunal in regard to claims for benefits under this act. (Dec. 24, 1936, Ex. Ses. c. 2, §5; Apr. 19, 1937, c. 306, §3; Apr. 22, 1938, c. 49, §4.)

(2) Notwithstanding any other provisions of this act, no work shall be deemed suitable, and benefits shall not be denied under this act to any otherwise eligible individual for refusing to accept new work under any of the following conditions:
