FRONTIER RELIEF LOAN

By joint resolution of the last Legislature, the State Treasurer was authorized to borrow temporarily for the use of the revenue fund, a sum of money not to exceed seventy-five thousand dollars (\$75,000.) A loan of fifty thousand dollars, for the purchase of seed wheat was negotiated with the First, Second, and Merchants' National Banks of St. Paul, the State paying interest at the rate of seven per cent. per annum. July first the revenue fund was enabled to repay this loan. The interest on the loan was nine hundred and forty-seven dollars and ninety-four cents (947.94), which sum was paid from the interest received on daily balances of State funds deposited in National Banks.

MINNESOTA STATE RAILROAD BONDS.

I would respectfully call the attention of the Legislature to these bonds. Believing that States, equally with individuals should honestly and justly redeem their solemn pledges when made; as a citizen of Minnesota and member of the State administration, I would respectfully recommend that this Legislature take some action looking to their eventual payment in a just and equitable manner. The people by their votes and the Legislature by their acts deliberately entered into a contract by which the State of Minnesota guaranteed the payment of these bonds. There was no fraud or illegal act in their issue and delivery by Governor Sibley. Now, as representative men and law makers of the State, is it not your duty to show by your acts that you believe in honesty, and desire that justice be done, and thus remove the foul stain of repudiation which now blights the fair fame of the State of Minnesota.

INTEREST ON DEPOSITS.

The Treasurer has received during the past year, as interest on deposit of State funds, six thousand six hundred and eighty-four dollars and seventy-four cents, (\$6,684.74,) making the whole sum received on State deposits from April 1st, 1873, to December 1st, 1875, twenty-two thousand nine hundred and seventy-nine dollars and forty-one cents, (\$22,979.41.)

The current expenses of the treasury department during the same period has been thirteen thousand eight hundred and thirty-six dollars and fifty-seven cents, (\$13,836.57,) leaving a balance in favor of the treasury department of nine thousand one hundred and forty-two dollars and eighty-four cents, (\$9,142.84.) This gratifying exhibit shows that this office under the new system has become a source of revenue instead of a burden to the tax-payers of the State.

In closing my official duties as State Treasurer, and my connection with the State administration, I desire to thank my brother officers and assistants of the former and present administrations, for the many favors and courtesies received at their hands.

I would sincerely thank Governor Austin for the honor conferred, and the confidence implied in appointing me treasurer, to reform and restore confidence in the administration of the treasury department. It is a matter of congratulation to state that the reforms then inaugurated are now fully established. They have been approved by the people, and confirmed by legislative enactments. His Excellency, Governor Davis, in his annual message of 1875, has added his official testimony, in saying: "The treasury has been conducted with that skill and integrity by which the administration of the present treasurer has restored confidence in that department of the State government."

Having completed the task required of me, and restored public confidence in this department, I now deliver up its cares and responsibilities, having the conviction that I have endeavored to do my duty in caring for and managing the funds entrusted to me, in the interest of the State, and for the sole benefit of the people to whom they belonged.

All of which, with the tables hereto annexed, are respectfully submitted for your consideration.

E. W. DIKE,
Treasurer of State.
