Commissioners to appoint a commission—Membership—Duties.—Sec. 2. Upon the decision to establish and maintain a public tuberculosis sanatorium under this act, the county commissioners shall appoint a commission consisting of three members, at least one of whom shall be a licensed physician.

These members shall be chosen with reference to their special fitness for such office, and their appointments before becoming effective shall be approved by the state board of health.

Under the first appointment one member shall be chosen for one year, one for two years, and one for three years; and thereafter one member shall be chosen each year to serve for a period of three years.

This commission shall be known as the "county sanatorium commission."

Its members shall serve without compensation or financial benefit, but shall be entitled to reimbursement for all actual expenses in connection with their official duties.

Said sanatorium commission shall have full charge and control of all moneys received for the credit of the sanatorium fund and for the construction of any sanatorium building, its location, erection and maintenance, and shall make such regulations concerning the same as may seem to it advisable.

It shall appoint and employ a competent superintendent and other necessary help.

The superintendent shall be the secretary of the commission, and one member of the commission shall be designated by it as its president.

The members of said commission shall qualify by subscribing to and taking the usual oath of office, and shall hold office as indicated above or until their successors are appointed and approved and have qualified.

Two or more counties may unite.—Sec. 3. Two or more counties may unite in acquiring, establishing, equipping and maintaining such sanatorium, and in such case such commission shall be composed of three members chosen from the county in which said

Such commission shall determine by resolution each year
prior to July 1st, the amount of money necessary for the equip-
ment and maintenance of the sanatorium the following year, and
a certified copy of such resolution shall be forthwith forwarded
to the county board, and such board shall at its regular meeting
in July, include such amount in its annual levy of county taxes
(unless after due hearing such amount be determined to be un-
reasonable and unnecessary in which event such amount may be
reduced accordingly by said board).

But in no case shall the amount of such levy in any one year
exceed four-tenths (4-10) of one mill on the dollar of assessed
valuation.

Such amount when collected shall be credited to the sanator-
ium fund.

In case two or more counties unite in establishing such san-
atorium then such commission shall in its annual resolution or
budget apportion the same between or among such counties and
designate the amount to be so raised by each county and shall
in like manner forward to the county board of each county a cer-
tified copy of such resolution and such county boards shall then
proceed to levy such proportion in the same manner as previously
designated in this section.

All moneys received for such sanatorium shall be deposited
in the treasury of said county or counties to the credit of the
"Tuberculosis Sanatorium Fund," and shall not be used for any
other purpose, and shall be drawn upon by the proper officials
of said county or counties upon the properly authenticated vouch-

amount to be charged for the care, treatment and maintenance of
each patient. When a patient is unable to pay such charges and
has no kindred legally liable therefor, such patient may be ad-

cording to the patient's ability to pay.

Any individual outside of a county or counties maintaining
a tuberculosis sanatorium may apply for treatment; or any city,
village or county may apply on behalf of its charges, and the
same may be provided for under a stipulated agreement by the
party or municipality to pay a weekly sum designated by the
sanatorium commission.

Who may apply for admission.—Sec. 7. Any inhabitant of
such county or counties maintaining a tuberculosis sanatorium,
who is afflicted with tuberculosis, whether in the incipient or ad-
vanced stage, is eligible for care in the sanatorium and may ap-
ply for admission thereto; or any licensed physician, visiting
nurse, charity worker, humane officer or health officer may apply
on behalf of such individual; and the superintendent, after ex-
amining the facts of the case, may admit such person to the san-
atorium for care, treatment and maintenance.

Commission may accept gifts, donations, etc.—Sec. 8. The
sanatorium commission is empowered to accept as a trust any
gift, donation or funds from any other source, whether subject
to the special provisions of the donors or not, and such gifts, do-
