CHAPTER 430—S. F. No. 277.

An Act to amend Revised Laws of 1905, Section 2309, relating to licenses to practice osteopathy.

Be it enacted by the Legislature of the State of Minnesota:

Diploma from osteopathic school may be waiver of examination.—Section 1. 2309. Every person desiring to engage in the practice of osteopathy shall apply in writing to the secretary of the board for a license, and appear for examination at its first meeting thereafter. He shall pay an examination fee of twenty dollars, which shall entitle him to a second examination within a year if he fails in the first. He shall produce his diploma, and prove to the board that he has attended a school of osteopathy for at least three entire sessions of eight months each, no two sessions having been held in one year. The school must be one recognized by the board, and include in its curriculum instruction in anatomy, chemistry, dietetics, diagnosis, gynecology, histology, obstetrics, pathology, physiology, minor surgery, symptomatology, toxicology, urinalysis and the theory and practice of osteopathy. Upon the applicant's passing the board's examination in the foregoing subjects it shall grant him a license. The board may waive the examination in case the applicant holds a diploma from an osteopathic school without regard to the period of study on which the diploma was issued and has been licensed by an examining board of another state, whose requirements are equal to those of the state of Minnesota. The license shall not authorize the holder to give or prescribe drugs for internal use or perform major surgery.

Sec. 2. This act shall take effect and be in force from and after its passage.
