

## CHAPTER 473—H. F. No. 915.

*An Act to amend section 4 of chapter 250 of the Laws of 1907, being an act for the taxation of freight line companies.*

Be it enacted by the Legislature of the State of Minnesota:

**6 per cent tax on freight line companies.**—Section 1. Section 4 of chapter 250, of the Laws of 1907, is hereby amended to read as follows:

Section 4. All such freight line companies shall on or before the fifteenth of March in each year pay to the state treasurer of the state of Minnesota a sum of money equal to six per centum upon the gross earnings of such company for the year ending the last day of December next preceding, the same to be a tax upon its property during said year, and in lieu of all other taxes upon the same.

Said taxes shall be credited to the general revenue fund.

Upon failure to pay the same when due, the state auditor shall draw his warrant upon such companies therefor.

Approved April 23, 1909.

## CHAPTER 474—H. F. No. 969.

*An Act to amend section 2296, chapter 35, Revised Laws of Minnesota for the year 1905, relating to the examination and license of physicians and surgeons.*

Be it enacted by the Legislature of the State of Minnesota:

**Appeal to district court on wrong fact.**—Section 1. That section 2296, chapter 35, Revised Laws of Minnesota for the year 1905, be and the same is hereby amended so as to read as follows:

“2296. Examination and license—A person not already authorized to practice medicine in the state, and desiring so to do, shall apply to the secretary of the board for examination, and pay a fee of ten dollars for the use of the board, which in no case shall be refunded.

At a time appointed, or at the next regular examination, he shall prove that he has completed four entire sessions of twenty-six weeks each at a medical school recognized by the board, no two sessions having been held in one year; or, if such attendance was prior to the year 1899, three sessions shall suffice.

He shall be examined in anatomy, chemistry, histology, obstetrics, pathology, physiology, preventative medicine, the diagnosis and treatment of medical and surgical diseases, and such other branches as the board shall deem advisable.
