

For the loss of one arm and one leg, sixty per centum of the daily wages during four hundred (400) weeks.

Where an employe sustains concurrent injuries resulting in concurrent disabilities, he shall receive compensation only for the injury which produced the longest period of disability; but this section shall not affect liability for the concurrent loss of more than one member, for which members compensations are provided in the specific schedule and in subsection (e) below.

In all cases of permanent partial disability, it shall be considered that the permanent loss of the use of member shall be equivalent to and draw the same compensation as the loss of that member; but the compensation in and by said schedule provided, shall be in lieu of all other compensation in such cases.

In cases of permanent partial disability due to injury to a member, resulting in less than total loss of such member not otherwise compensated in this schedule, compensation shall be paid at the prescribed rate during that part of the time specified in the schedule for the total loss of the respective member, which the extent of injury to the member bears to its total loss.

All compensations provided in clause (c) of this section for loss of members, or loss of use of members are subject to the same limitations as to maximum and minimum as are stated in clause (a).

In all other cases of permanent partial disability not above enumerated the compensation shall be sixty per centum of the difference between the wage of the workman at the time of the injury and the wage he is able to earn in his partially disabled condition, subject to a maximum of twelve dollars (\$12.00) per week. Compensation shall continue during disability not, however, beyond three hundred (300) weeks.

Sec. 2. This act shall take effect and be in force from and after its passage.
