"(b) Any employee who becomes entitled to a *retirement allowance*, and who retires without having paid into the retirement fund the full amount required by this act, shall have the option of electing to receive such allowance (a) on the basis of the actuarial equivalent of the net balance of debits and credits to his or her account at that time, or (b) on the basis of the actuarial equivalent of the total credits at date of retirement, initial and successive installments of the allowance to be applied on any indebtedness of such employee to the retirement fund until such indebtedness is paid, any installments so credited to be treated as if actually paid to the annuitant entitled to such allowance. Any payments heretofore made which would have been valid had *this amendment* been in force at the time of making the same are hereby validated in the same manner as if the same had been made subsequent to the passage of this amendment.
