RESOLUTION No. 21 (S. F. No. 1273)

*A concurrent resolution memorializing the Congress of the United States to pass legislation providing for cooperation by federal and state agencies as to the necessary surveys and investigations for the proposed Mississippi River Parkway.*

WHEREAS, the Mississippi River for nearly four hundred years from the days of Indian Trails and discovery routes, has been used as a natural travel route of increasing historic, scenic and general importance; and

WHEREAS, interstate north and south travel-trade from the ten states bordering on the Mississippi River, containing approximately 30,000,000 people, constituting one-fourth of the population of the nation, with over 5,000,000 passenger automobiles, is continually increasing due to greater industrial leisure and tourist attractions; and

WHEREAS, the recent creation of splendid lakes by construction of 26 locks and dams on the upper Mississippi River, the modernization of the levees along the river, and the great variety of its climate, agricultural, mineral and industrial developments, provide greater nation-wide travel inducements than ever before along the Mississippi River; and

WHEREAS, the demands and needs for a national park and rural trunk parkway through the Mississippi Valley with connections for future branch tributary valley parkways and public areas for recreational purposes as a part of the nation-wide parkway system, justify the authorization of this particular parkway as timely; and

WHEREAS, it is proposed to construct this parkway from the source of the Mississippi River in Lake Itasca in Itasca State Park, Minnesota, to the mouth of the Mississippi in the Gulf of Mexico, and the State of Minnesota is, therefore, one of the terminals of the proposed parkway;

NOW, THEREFORE BE IT RESOLVED by the House of Representatives of the state of Minnesota, the Senate concurring,
