as may be necessary to pay the interest upon the certificates of indebtedness issued in pursuance to the provisions of this act; provided that if any portion of the money hereinafter appropriated is paid from the general revenue fund as hereinafter provided such levies shall be proportionately reduced and the issuance of certificates of indebtedness hereinafter authorized shall be correspondingly reduced. In case of a deficiency in the proceeds of such tax levy for any year, the auditor shall levy sufficient additional amounts in succeeding years to compensate therefor until the full amount herein authorized has been raised. The proceeds of such taxes shall be credited to said Minnesota Public Relief Fund of 1943-1945. The state auditor is hereby authorized and directed to apply any moneys remaining unexpended in such fund when the provisions of this section shall have been completely accomplished to the payment of any certificates of indebtedness issued as herein-after provided, and the interest thereon, and to transfer the balance thereof, if any, to the general revenue fund in the state treasury.

(2) Pending the levy and collection of such taxes, the state auditor is hereby authorized and directed to issue and sell certificates of indebtedness of the state as funds are needed for the purposes of this section, not exceeding the amount required from time to time to meet the appropriation made in this subdivision and not exceeding \$1,500,000 in the aggregate. Such certificates shall be known as the Minnesota Public Relief Certificates of 1943-1945 and except as herein otherwise provided, shall be numbered and issued in the same manner and subject to the same conditions as provided in Laws 1941, Chapter 525, for the issuance and sale of the certificates of indebtedness therein authorized. The relief provided for in this section shall be paid, and the amounts appropriated by Subdivision 1 hereof shall have been expended or encumbered, from said fund, unless otherwise paid from the general revenue fund in the same manner as provided in Laws 1941, Chapter 525, for the payment of the relief therein authorized, and the money in said fund is hereby appropriated to the Governor for the same purposes, subject to the same conditions, and in the manner provided by Subdivision 1 hereof for the expenditure of the reappropriated moneys made available under Laws 1941, Chapter 525.

(3) In addition to the amounts appropriated for relief purposes in Subdivision 1 hereof, there is hereby appropriated out of the Minnesota Public Relief Fund of 1943-1945 to the Governor for the relief purposes for which the appropriation made in Subdivision 1 hereof is made, the sum of \$1,500,000 for the biennium period ending June 30, 1945, all of which shall be available for the fiscal year ending June 30, 1945. The expenditures of the moneys herein

appropriated shall be subject to all of the conditions imposed by Laws 1941, Chapter 525, upon the expenditure of the funds therein appropriated.

**Sec. 60. Governor, state auditor and state treasurer may authorize sale of certificates of indebtedness.**—a. Whenever it becomes necessary in order to meet the current demands upon the revenue fund for the payment of warrants issued or to be issued against said fund pursuant to appropriations, the governor, after securing the recommendation of the advisory committee, which shall be advisory only, or, if there be no such committee, the governor, the state auditor and the state treasurer as a special committee, at any time prior to June 30, 1945, may authorize the issuance and sale of certificates of indebtedness of the state, payable out of said revenue fund, in such amount as may be necessary to pay such warrants; such certificates to be signed by the state treasurer, attested and recorded by the state auditor, and to be numbered serially and to be of such denomination and bear such dates of issue and of maturity and such rate of interest as the governor or such special committee shall determine; provided, that no such certificate shall mature after the current fiscal year, and provided further, that the aggregate amount of such certificates at any time outstanding shall never exceed \$5,000,000. The failure or refusal of the advisory committee, if there be one, to make a recommendation promptly shall be deemed a negative recommendation. If funds are not available to retire any such certificates at maturity, the same may be refunded by the issuance of new certificates or may be extended by agreement with the holders thereof. Certificates issued and sold pursuant to the authorization of this act shall be retired out of the receipts of the revenue fund appropriated to the payment of the warrants issued against said fund but taken up with the proceeds of such certificates. The sum of \$50,000, or so much thereof as may be necessary, is hereby appropriated and made available for the biennium ending June 30, 1945 to pay the interest upon such certificates.

b. The state board of investment, or its successor in authority, is hereby authorized to purchase the certificates of indebtedness herein authorized for any fund which it is authorized to invest, provided, it shall not purchase any such certificates bearing interest at a rate of less than one and one-half per cent per annum.

**Sec. 61.
