Be it enacted by the Legislature of the State of Minnesota:

[93.192] Section 1. **State lease to adjacent permittee.** In any case where the State owns unmined iron ore not under lease, whether on land or in the bed of a lake or stream, which State ore is adjacent to iron ore owned or leased for mining purposes by another owner or lessee, and where the commissioner of conservation shall find that it is impracticable to mine such State ore except in conjunction with the mining of the adjacent ore, the commissioner, with the approval of the executive council, upon application of the owner or lessee for mining purposes of such adjacent ore, may enter into a mining lease with such owner or lessee under the following terms and conditions:

(a) All applications shall be in such form and contain such information as the commissioner may prescribe.

(b) Where any of the ore to be mined under such lease lies within the bed of a public lake or stream, such lease shall be conditioned upon the lessee applying for and procuring an appropriate license and permit from the commissioner, pursuant to Laws 1937, Chapter 468 as amended.
