

**374.03 County board to issue bonds.** At any time after such city shall have been so authorized to issue bonds to defray its part of the cost of acquiring a site and of erecting the city hall and courthouse building, the board of county commissioners of any such county may issue and sell certificates of indebtedness or bonds of such county to defray the county's portion of the cost of acquiring land for, erecting, equipping, and furnishing such building in an amount equal to the amount of bonds authorized to be issued by such city, without submission to the vote of the electors of such county, and the full faith and credit of the county shall be pledged to the payment of the principal and interest of such certificates of indebtedness or bonds. In no event shall any such county issue its certificates of indebtedness or bonds for such purpose in an amount exceeding \$2,000,000. Such certificates of indebtedness or bonds may be issued in one or more instalments, but the certificates of indebtedness or bonds of each instalment shall be serial bonds or certificates of indebtedness, a portion of which shall be payable each year after issue, but none of these certificates of indebtedness or bonds shall run for a longer term than 30 years from their date, and the board of county commissioners shall fix the denominations thereof and shall fix the dates of maturity of each instalment so that the amounts necessary each year to pay the principal and interest maturing in such year shall be approximately the same in each of the years during which the certificates of indebtedness or bonds of the instalment shall run. Such certificates of indebtedness or bonds shall be sold in accordance with the provisions of section 475.60. The rate of interest shall, in no case, exceed six percent per annum.
