The commissioner may accept such a conveyance in behalf of the state if he shall determine that the conditions thereof conform with the foregoing provisions and will fully protect the interests of the state in the materials to be so stored, but no consideration shall be paid for such conveyance unless authorized by law. *The existence of mineral reservations with rights to use or destroy the surface in connection therewith, shall not prevent lands being deemed suitable and available if the commissioner finds that the lands are located off the generally recognized limits of the iron formation, and the commissioner finds that no minerals of any present or foreseeable commercial value are known to exist thereon.* The provisions of Minnesota Statutes 1949, Section 500.20 shall not apply to any conveyance of land to the state pursuant to this subdivision and shall not limit the duration of any covenant, condition, restriction, or limitation created by any such conveyance.
