

bleeding centers for the storing, without cost to the state, of such containers and sets, in quantities not to exceed a one year supply, at such points throughout the state as the board in cooperation with the department of civil defense deems necessary in order to facilitate the immediate collection and use for transfusion purposes of supplies of citrated whole blood (human) for the treatment of casualties in case of disaster. The hospitals, blood banks, and bleeding centers cooperating with the board pursuant to said agreements shall store such containers and sets but are authorized to use such containers and sets as needed in meeting their normal daily transfusion requirements. In order to keep the supply fresh and readily available at all times for disaster use, such hospitals, blood banks, and bleeding centers shall replenish as used, at their own expense, the supply of such containers and sets stored with them by the board pursuant to said agreements.

Sec. 2. [12.57] **Blood typing serums, blood donor lists.** Within the limitations of available funds, the board will provide blood typing serums to assist hospitals, blood banks, and bleeding centers in developing and enlarging a blood donor list of such size as to provide a ready source of whole blood for the treatment of casualties in the event of disaster. The hospitals, blood banks, and bleeding centers shall keep such donor lists current and shall report at such times as may be required by the board the total number of donors on the blood donor list and the number in the respective blood groups and RH types.
