Groups I to V, inclusive, referred to above, mean the groups of professional-academic positions as established by the State Teachers College Board on November 29, 1949.

2. (a) On September 1, 1957, the present salary of each professional-academic employee subject hereto shall be placed on the step in the range and group to which his position is assigned. If his present salary does not coincide with a step in the salary range for his position group, such employee's

salary shall be adjusted to the next higher step in the range and group to which his position is assigned.

(b) The salary of every employee subject hereto who is employed after September 1, 1957, shall be fixed at the time of his employment in like manner at a step in the appropriate range and group for his position.

3. On September 1, 1957, simultaneously with placing each salary on its step as provided in paragraph 1 hereof, each employee's salary shall be adjusted by three additional steps in the range and group to which his position is assigned.

4. Salary merit increases of one or more steps in the range for an employee's position group may be made by said board. Salary merit increases so made shall not be automatic, but shall be dependent upon specific written recommendation by the president of the teachers college in which the employee is employed, which recommendation shall be based upon standards of performances as indicated by his service rating or other pertinent data.

5. The salary of each professional-academic employee, except one who is a member of the administrative personnel in the unclassified service of the state civil service, who is employed during a summer session of a state teachers college, shall be fixed on the basis of a step in the appropriate range and group for his position, provided that no professional-academic employee shall receive more than \$1,000 for a summer session.

Sec. 33. MERIT INCREASES INCLUDED IN APPROPRIATIONS. The several appropriations herein include an amount calculated as the annual liability for one merit increase for each position below the maximum of its range, which shall be used solely for that purpose on the basis of liability for a full year and shall be the only moneys available for merit increases. When a position at the maximum is vacated, an additional amount equal to one merit increase for one year shall be available therefor.

Sec. 34. APPROVED COMPLEMENT. Whenever an appropriation to any department or agency for salaries discloses an approved complement, that department or agency is limited in the employment of the number of full time equivalent persons indicated by such approved complement.

Additional employees over the number of the approved complement may be employed on the basis of public necessity or emergency with the written approval of the governor, but the governor shall not approve such additional personnel until

he has consulted with the legislative advisory committee created by Laws 1941, Chapter 497, and such committee has made its recommendation upon the matter. Such recommendation shall be advisory only. Failure or refusal of the committee to make a recommendation promptly shall be deemed a negative recommendation. The provisions hereof shall extend to any other agency to which the present authority of the legislative advisory committee may be transferred, but shall be deemed to be repealed in case such authority shall be abolished.

Sec. 35. GENERAL REVENUE FUND DEFICIENCIES.

(a) Whenever it becomes necessary in order to meet the current demands upon the revenue fund for the payment of warrants issued or to be issued against said fund pursuant to appropriations, (the governor, (after securing the recommendation of the legislative advisory committee, which shall be advisory only, or, if there be no such committee,) the governor, the state auditor, and the state treasurer, as a special committee, at any time prior to June 30, 1959, may authorize the issuance and sale of certificates of indebtedness of the state, payable out of said revenue fund, in such amount as may be necessary to pay such warrants; such certificates to be signed by the state treasurer, attested and recorded by the state auditor and to be numbered serially and to be of such denomination and bear such dates of issue and of maturity and such rate of interest as the governor or such special committee shall determine; provided, that no such certificates shall mature after the current fiscal year, and provided further, that the aggregate amount of such certificates at any time outstanding shall never exceed \$7,000,000. The failure or refusal of the advisory committee, if there be one, to make a recommendation promptly shall be deemed a negative recommendation. If funds are not available to retire any such certificate at maturity, the same may be refunded by the issuance of new certificates or may be extended by agreement with the holders thereof. Certificates issued and sold pursuant to the authorization of this act shall be retired out of the receipts of the revenue fund appropriated to the payment of the warrants issued against said fund but taken up with the proceeds of such certificates. The sum of \$120,000, or so much thereof as may be necessary, is hereby appropriated from the general revenue fund and made available for the biennium ending June 30, 1959, to pay the interest upon such certificates.

(b) The state board of investment, or its successor in authority, is hereby authorized to purchase the certificates of indebtedness herein authorized for any fund which it is authorized to invest, provided, it shall not purchase any such

certificates bearing interest at a rate of less than one and one-half percent per annum.

(c) The power conferred herein is in addition to other similar authority conferred by law.

Sec. 36. INCOME TAX SCHOOL FUND DEFICIENCIES. (a) For the purpose of supplying deficiencies in the income tax school fund, the treasurer may temporarily borrow from other public funds not exceeding in the aggregate \$25,000,000 in any year; provided that no fund shall be so impaired thereby that all proper demands thereon cannot be met. The power hereby conferred upon the treasurer is in addition to other similar authority conferred by law.

(b) Whenever it becomes necessary in order to meet the current demands upon the income tax school fund for the payment of warrants issued or to be issued against said fund pursuant to appropriations, and it appears that the deficiencies in such fund cannot be temporarily supplied under (a) hereof, the governor, after securing the recommendation of the legislative advisory committee, which shall be advisory only, or if there be no such committee, the governor, the state auditor, and the state treasurer, as a special committee, at any time prior to June 30, 1959, may authorize the issuance and sale of certificates of indebtedness of the state, payable out of said income tax school fund, in such amount as may be necessary to pay such warrants; such certificates to be signed by the state treasurer, attested and recorded by the state auditor and to be numbered serially and to be of such denomination and bear such dates of issue and maturity and such rate of interest as the governor or such special committee shall determine provided that no such certificates shall mature after the current fiscal year, and provided further, that the aggregate amount of such certificates at any time outstanding shall never exceed \$25,000,000. The failure or refusal of the advisory committee, if there be one, to make a recommendation promptly shall be deemed a negative recommendation. If funds are not available to retire any such certificate at maturity, the same may be refunded by the issuance of new certificates or may be extended by the agreement of the holders thereof. Certificates issued and sold pursuant to the authorization of this act shall be retired out of the receipts of the income tax school fund appropriated to the payment of the warrants issued against said fund but taken up with the proceeds of such certificates. Such sums as may be necessary are hereby appropriated from the income tax school fund and made available for the biennium ending June 30, 1959, to pay the interest upon such certificates.
