The real estate in which iron ore is located, other than the ore, shall be classified and assessed in accordance with the provisions of classes 3, 3b, and 4, as the case may be. In assessing any tract or lot of real estate in which iron ore is known to exist the assessable value of the ore exclusive of the land in which it is located, and the assessable value of the land exclusive of the ore shall be determined and set down separately and the aggregate of the two shall be assessed against the tract or lot.

[Class 1a.] All direct products of the blast and open hearth furnaces that are utilized in the form produced and are not further processed, shall constitute class 1a and shall be valued and assessed at 15 percent of the full and true value thereof.
