Section 1. Minnesota Statutes 1961, Section 124.21, Subdivision 4, is amended to read:

Subd. 4. **School aids; foundation aid program.** The equalization aid review committee, consisting of the commissioner of education, the commissioner of administration, and the commissioner of taxation, is hereby continued and permanently established. The duty of this committee shall be to review the assessed valuation of the districts of the state. When such reviews disclose reasonable evidence that the assessed valuation of any district furnished by any county auditor is not based upon the correct full and true valuation of taxable property in such district, then said committee shall call upon the department of taxation to ascertain the correct full and true value of such property, and adjust such values as required by law to determine the correct assessed valuation. The department of taxation shall take such steps as it may consider necessary in the performance of that duty and may incur such expense as is necessary therefor. *The commissioner of taxation is authorized to reimburse any county or governmental official for services performed at his request, in ascertaining such corrected valuation.* On July 1, annually, the department of taxation shall submit its report to said committee for approval or rejection and, if approved, such report shall be filed with the commissioner of education not later than the following January 1, and shall replace, for the school year following the next January 1, the valuation figure provided by any county auditor for the calculation of foundation aid and gross earnings aid. A copy of this report shall be forthwith mailed by certified mail to the clerk of each district involved and to the county auditor and county assessor or supervisor of assessments of the county or counties in which such district is located.

Should any district within 30 days after receipt of a copy of the report filed with the commissioner of education show the equalization aid review committee that an error has been made in the determination of its correct full and true valuation, and the committee agrees that such error has been made, the committee shall redetermine the correct full and true value of such property and adjust such values as required by law to determine the correct assessed valuation of said district and file such redetermination with the commissioner of education. For such purposes, the committee may call upon the department of taxation to assist it in determining whether error has, in fact, been made.

Sec. 2. *There is hereby appropriated to the department of taxation, income tax account — supplies and expense, the sum of \$10,000 for the biennium beginning July 1, 1965 for the purpose of*
