

requirements of such section are waived to the extent necessary to enable the commission to comply with federal laws and rules and regulations promulgated thereunder. The commission may classify waters and adopt criteria and standards in such form and based upon such evidence as it may deem necessary and sufficient for the purposes of meeting requirements of such federal laws, notwithstanding any provisions in chapter 115 or any other state law to the contrary. In the event waters are classified, and criteria and standards are adopted to meet the requirements of federal law, the commission shall thereafter proceed to otherwise comply with the provisions of this section which were waived as rapidly as is practicable. This authority shall extend to proceedings pending before the commission at the time this act shall take effect.

Notwithstanding the provisions of subdivision 4, wherever advisable and practicable the commission may establish standards for effluent of disposal systems entering waters regardless of whether such waters are or are not classified.
