

where proper care can be provided and where proper precautions can be taken to detain and safely keep any person committed thereto under the provisions of sections 144.422 or 144.424. When it is deemed necessary or desirable, any such person may be transferred from another institution to the institution providing such facilities with the approval of the commissioner of public welfare. The commissioner of public welfare shall establish the rates to be charged for care and treatment at such facilities. Where the patient is committed or transferred to such facility from the state sanatorium or a county sanatorium, the cost of his transportation to and from the facility and his care and treatment therein shall be paid as provided in section 144.422, subdivision 9, provided such costs may be paid from the county sanatorium fund of the county of his residence.

Where it is deemed necessary or desirable, the commissioner of corrections, with the consent of the commissioner of public welfare, may authorize the transfer of any inmate afflicted with tuberculosis from any of the state penal institutions under his control and management to said tuberculosis detention facility to be held until his disease is arrested or his sentence expires whereupon he shall be returned to the institution from which he came unless his sentence to such institution shall have expired. The state hospital receiving such patients from the state penal institutions shall make no charge for such care.
