obtain a report of the total amount of charges for the cost of hospital care and medical service appearing on its records for the fiscal year most recently ended, other than charges billed or to be billed to individuals or other counties or public agencies; and the amount of such charges recorded for residents of Minneapolis; for residents of Hennepin county outside Minneapolis; and for persons residing outside the county. The residence of each patient shall be ascertained as of the date of his admission or referral, according to the best information available to the board from the applications received and investigations made. At least 45 days before establishing the tax levies under this subdivision, the board shall file with the clerk of each town and municipality within the county a copy of this report and an estimate of the mill rates of taxes necessary to be levied on property within such town or municipality under this subdivision and subdivisions 5 and 6. The board shall then levy upon all taxable property within the boundaries of the city of Minneapolis an ad valorem tax in an aggregate amount proportionate to the amount of such unrecovered charges recorded for Minneapolis residents; on all taxable property within the area of the county outside Minneapolis an ad valorem tax in an aggregate amount proportionate to the amount of such unrecovered charges recorded for residents of that area; and on all taxable property within the county and an ad valorem tax in an aggregate amount proportionate to the amount of such unrecovered charges recorded for persons having no legal settlement within the county. These taxes shall be levied in amounts sufficient to produce the total amount appropriated under subdivision 2 for the following fiscal year and shall be credited when received to the hospital fund, in addition to the balance on hand at the beginning of that year and the revenues received from charges collected thereafter. In any year or years before records for a full fiscal year of operation of the hospital are available, the board shall determine the proportions of the publicly financed and unrecovered cost of hospital care and medical service provided in the preceding year to residents of Minneapolis; of Hennepin county outside Minneapolis; and of persons residing outside the county; according to the records of the county and of towns and municipalities therein, including all amounts paid by the county or any town or municipality for care or service furnished by the university of Minnesota hospitals; and shall provide the sum appropriated to the hospital fund for the following year by the levy of taxes in these proportions upon the taxable properties situated within the respective areas described above.

Sec. 2. Laws 1963, Chapter 738, Section 7, is repealed.

Approved March 24, 1976.
