The funds shall be invested only in savings, or time deposits, except that this restriction shall not prevent a credit union from accepting and retaining, as a deposit, property or investments derived from any qualified plan from which the applicant desires to transfer the property.

Funds held in the fiduciary capacity may be commingled for purposes of investment or for other purposes approved by the commissioner of banks, but individual records shall be maintained by the fiduciary for each participant and show in detail all transactions engaged in under authority of this section. In passing upon applications the commissioner shall take into consideration all pertinent facts that relate to a credit union's financial responsibility and may grant or refuse the application accordingly.

Notwithstanding the provisions of sections 52.04, subdivision 1, clause (1), and 52.05, a credit union may receive payment as deposits to establish an individual retirement account for the spouse of a blood or adoptive relative of a regularly qualified member if the blood or adoptive relative is a member of the credit union.
