The town board may select an alternative route other than that petitioned for if the alternative is deemed by the town board to be less disruptive and damaging to the affected landowners and in the public's best interest. In an unorganized territory, the board of county commissioners of the county in which the tract is located shall act as the town board. The proceedings of the town board shall be in accordance with section 164.07. The amount of damages shall be paid by the petitioner to the town before such cartway is opened. The town board may by resolution require the petitioner to post a bond or other security acceptable to the board for the total estimated damages before the board takes action on the petition.

Town road and bridge funds shall not be expended on the cartway unless the town board, or the county board acting as the town board in the case of a cartway established in an unorganized territory, by resolution determines that an expenditure is in the public interest. If no resolution is adopted to that effect, the grading or other construction work and the maintenance of the cartway is the responsibility of the petitioner, subject to the provisions of section 164.10. After the cartway has been constructed the town board, or the county board in the case of unorganized territory, may by resolution designate the cartway as a private driveway with the written consent of the affected landowner in which case from the effective date of the resolution no town road and bridge funds shall be expended for maintenance of the driveway; provided that the cartway shall not be vacated without following the vacation proceedings established under section 164.07.
