The consideration for the conveyance must be equal to the fair market value of the land plus the cost of appraisal. The conveyance shall not include stockpiled iron-bearing material held under control of the commissioner of natural resources. The commissioner may sell the stockpiled iron-bearing material located on these lands according to Minnesota Statutes, section 93.41.

(c) The lands to be conveyed are located in St. Louis county and are described as:

Of this amount, \$50,000 each year is for a grant to the North Shore Management Board, \$35,000 each year is for a grant to the St. Louis River Board, \$100,000 each year is for a grant to the Minnesota River Basin Joint Powers Board, and \$27,000 each year is for a grant to the Southeast Minnesota Resources Board.

The board shall reduce the amount of the natural resource block grant to a county by an amount equal to any reduction in the county's general services allocation to a soil and water conservation district from the county's 1998 allocation.

Grants must be matched with a combination of local cash or in-kind contributions. The base grant portion related to water planning must be matched by an amount that would be raised by a levy under Minnesota Statutes, section 103B.3369.

\$3,867,000 the first year and \$3,867,000 the second year are for grants to soil and water conservation districts for general purposes, nonpoint engineering, and for implementation of the RIM conservation reserve program. \$100,000 the first year and \$100,000 the second year are for a grant to the Red river basin board to develop a Red river basin water management plan and to coordinate water management activities in the states and provinces bordering the Red river. This appropriation is only available to the extent it is matched by a proportionate amount in United States currency from the states of North Dakota and South Dakota and the province of Manitoba. The unencumbered balance in the first year does not cancel but is available for the second year. This is a one-time appropriation.

\$189,000 the first year and \$189,000 the second year are for grants to watershed districts and other local units of government in the southern Minnesota river basin study area 2 for floodplain management. (c) At least \$1 from each deer license and each bear license shall be used for deer and bear management programs, including a computerized licensing system. When the unencumbered balance in the appropriation for emergency deer feeding at the end of a fiscal year exceeds \$750,000 \$1,500,000 for the first time, \$750,000 is canceled to the unappropriated balance of the game and fish fund and the amount appropriated for emergency deer feeding is reduced to 25 cents from each deer license.

Thereafter, when the unencumbered balance in the appropriation for emergency deer feeding exceeds \$1,500,000 at the end of a fiscal year, the unencumbered balance in excess of \$1,500,000 is canceled and available for deer and bear management programs and computerized licensing.

Summary by Fund

General	10,060,000	10,144,000
Trunk Highway	745,000	766,000

To develop maximum private sector involvement in tourism, \$3,500,000 the first year and \$3,500,000 the second year of the amounts appropriated for marketing activities are contingent on receipt of an equal contribution from nonstate sources that have been certified by the commissioner. In order to maximize marketing grant benefits, the commissioner must give priority for joint venture marketing grants to organizations with year-round sustained tourism activities. For programs and projects submitted, the commissioner must give priority to those that encompass two or more areas or that attract nonresident travelers to the state.

If an appropriation for either year for grants is not sufficient, the appropriation for the other year is available for it.

The commissioner may use grant dollars or the value of in-kind services to provide the state contribution for the partnership program.

Sec. 21. **CORRECTION 12A.** 1999 H. F. No. 2420, article 6, section 2, if enacted, is amended to read:

Sec. 2. **[275.078] AUTHORIZATION; TAX RATE INCREASE.**

On or before October 1, 1999, and each subsequent year, the county auditor shall certify to the governing body of each home rule charter or statutory city with a population greater than 500 in the county and to the county board, the following information for the taxing jurisdiction:

(1) the taxing jurisdiction's certified levy under section 275.08 for the previous year, taxes payable in the current year, excluding any amount levied to pay general obligation bonds, less (i) the areawide portion of the levy under section 276A.06, subdivision 3, or 473F.08, subdivision 3, if any, for taxes payable in the following year; and (ii) the sum of the net tax capacity adjustment amount and the fiscal disparities adjustment amount under section 273.1398, subdivision 2, if any, for aids payable in the following year;

(2) the taxing jurisdiction's taxable net tax capacity for the current assessment year, for taxes payable in the following year; and

(3) the tax rate obtained by dividing the amount in clause (1) by the amount in clause (2), rounded to the nearest hundredth percent.

In order to impose a tax rate for purposes other than to pay general obligation bonds for taxes payable in the following year that is higher than the tax rate certified by the county auditor under clause (3), the governing body of the city with a population greater than 500 or the county board must adopt a resolution, after holding a public hearing, authorizing a higher tax rate and file a copy of the resolution with the county auditor on or before October 20, 1999, and each year thereafter. A county auditor is prohibited from fixing a tax rate for purposes other than to pay general obligation bonds for taxes payable in the following year that is higher than the rate certified under clause (3) if a resolution has not been filed, unless the higher rate is due solely to a reduction in the taxing jurisdiction's net tax capacity certified under clause (2) resulting from classification changes, exemptions, tax court judgments, or clerical or administrative errors made by the county. For purposes of this section, "public hearing" includes, but is not limited to, regularly scheduled city council hearings and county board meetings.
