(b) For systems installed and contracted for after January 1, 2002, the total size of a wind energy conversion system under this subdivision shall be determined according to this paragraph. Unless the systems are interconnected with different distribution systems, the nameplate capacity of one wind energy conversion system shall be combined with the nameplate capacity of any other wind energy conversion system that is:

- (1) located within five miles of the wind energy conversion system;
- (2) constructed within the same calendar year as the wind energy conversion system; and
- (3) under common ownership.

In the case of a dispute, the commissioner of commerce shall determine the total size of the system, and shall draw all reasonable inferences in favor of combining the systems.

(c) In making a determination under paragraph (b), the commissioner of commerce may determine that two wind energy conversion systems are under common ownership when the underlying ownership structure contains similar persons or entities, even if the ownership shares differ between the two systems. Wind energy conversion systems are not under common ownership solely because the same person or entity provided equity financing for the systems.

EFFECTIVE DATE. This section is effective for taxes levied in 2006, payable in 2007, and thereafter.

Sec. 11. Minnesota Statutes 2004, section 273.11, is amended by adding a subdivision to read:

Subd. 23. First tier valuation limit; agricultural homestead property. (a) Beginning with assessment year 2006, the commissioner of revenue shall annually certify the first tier limit for agricultural homestead property as the product of (i) \$600,000, and (ii) the ratio of the statewide average taxable market value of agricultural property per acre of deeded farm land in the preceding assessment year to the statewide average taxable market value of agricultural property per acre of deeded farm land for assessment year 2004. The limit shall be rounded to the nearest \$10,000.

(b) For the purposes of this subdivision, "agricultural property" means all class 2 property under section 273.13, subdivision 23, except for (1) timberland, (2) a landing area or public access area of a privately owned public use airport, and (3) property consisting of the house, garage and immediately surrounding one acre of land of an agricultural homestead.

(c) The commissioner shall certify the limit by January 2 of each assessment year, except that for assessment year 2006 the commissioner shall certify the limit by June 1, 2006.

EFFECTIVE DATE. This section is effective for assessment year 2006 and thereafter.

Sec. 12. Minnesota Statutes 2004, section 273.124, subdivision 12, is amended to read:

Subd. 12. **Homestead of member of United States armed forces; Peace Corps; VISTA.** (a) Real estate actually occupied and used for the purpose of a homestead by a person, or by a member of that person's immediate family shall be classified as a homestead even though the person or family is absent if (1) the person or the person's family is absent solely because the person is on active duty with the armed forces of the United States, or is serving as a volunteer under the VISTA or Peace Corps program; (2) the owner intends to return as soon as discharged or relieved from service; and (3) the owner claims it as a homestead. A person who knowingly makes or submits to an assessor an affidavit or other statement that is false in any material matter to obtain or aid another in obtaining a benefit under this subdivision is guilty of a felony.

(b) In the case of a person who is absent solely because the person is on active duty with the United States armed forces, homestead classification must be granted as provided in this paragraph if the requirements of paragraph (a), clauses (1) to (3), are met, even if the property has not been occupied as a homestead by the person or a member of the person's family. To qualify for this classification, the person who acquires the property must notify the assessor of the acquisition and of the person's absence due to military service. When the person returns from military service and occupies the property as a homestead, the person shall notify the assessor, who will provide for abatement of the difference between the nonhomestead and homestead taxes for the current and two preceding years, not to exceed the time during which the person owned the property.

EFFECTIVE DATE. This section is effective for assessments in 2006, taxes payable in 2007, and thereafter.

Sec. 13. Minnesota Statutes 2004, section 273.13, subdivision 23, is amended to read:

Subd. 23. **Class 2.** (a) Class 2a property is agricultural land including any improvements that is homesteaded. The market value of the house and garage and immediately surrounding one acre of land has the same class rates as class 1a property under subdivision 22. The value of the remaining land including improvements up to ~~and including \$600,000 market value~~ the first tier valuation limit of agricultural homestead property has a net class rate of 0.55 percent of market value. The remaining property over ~~\$600,000 market value~~ the first tier has a class rate of one percent of market value. For purposes of this subdivision, the "first tier valuation limit of agricultural homestead property" and "first tier" means the limit certified under section 273.11, subdivision 23.

(b) Class 2b property is (1) real estate, rural in character and used exclusively for growing trees for timber, lumber, and wood and wood products; (2) real estate that is not improved with a structure and is used exclusively for growing trees for timber, lumber, and wood and wood products, if the owner has participated or is participating in a cost-sharing program for afforestation, reforestation, or timber stand improvement on that particular property, administered or coordinated by the commissioner of natural resources; (3) real estate that is nonhomestead agricultural land; or (4) a landing area or public access area of a privately owned public use airport. Class 2b property has a net class rate of one percent of market value.

(c) Agricultural land as used in this section means contiguous acreage of ten acres or more, used during the preceding year for agricultural purposes. "Agricultural purposes" as used in this section means the raising or cultivation of agricultural products. "Agricultural purposes" also includes enrollment in the Reinvest in Minnesota program under sections 103F.501 to 103F.535 or the federal Conservation Reserve Program as contained in Public Law 99-198 if the property was classified as agricultural (i) under this subdivision for the assessment year 2002 or (ii) in the year prior to its enrollment. Contiguous acreage on the same parcel, or contiguous acreage on an immediately adjacent parcel under the same ownership, may

also qualify as agricultural land, but only if it is pasture, timber, waste, unusable wild land, or land included in state or federal farm programs. Agricultural classification for property shall be determined excluding the house, garage, and immediately surrounding one acre of land, and shall not be based upon the market value of any residential structures on the parcel or contiguous parcels under the same ownership.

(d) Real estate, excluding the house, garage, and immediately surrounding one acre of land, of less than ten acres which is exclusively and intensively used for raising or cultivating agricultural products, shall be considered as agricultural land.

Land shall be classified as agricultural even if all or a portion of the agricultural use of that property is the leasing to, or use by another person for agricultural purposes.

Classification under this subdivision is not determinative for qualifying under section 273.111.

The property classification under this section supersedes, for property tax purposes only, any locally administered agricultural policies or land use restrictions that define minimum or maximum farm acreage.

(e) The term "agricultural products" as used in this subdivision includes production for sale of:

(1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;

(2) fish bred for sale and consumption if the fish breeding occurs on land zoned for agricultural use;

(3) the commercial boarding of horses if the boarding is done in conjunction with raising or cultivating agricultural products as defined in clause (1);

(4) property which is owned and operated by nonprofit organizations used for equestrian activities, excluding racing;

(5) game birds and waterfowl bred and raised for use on a shooting preserve licensed under section 97A.115;

(6) insects primarily bred to be used as food for animals;

(7) trees, grown for sale as a crop, and not sold for timber, lumber, wood, or wood products; and

(8) maple syrup taken from trees grown by a person licensed by the Minnesota Department of Agriculture under chapter 28A as a food processor.

(f) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

(g) To qualify for classification under paragraph (b), clause (4), a privately owned public use airport must be licensed as a public airport under section 360.018. For purposes of paragraph (b), clause (4), "landing area" means that part of a privately owned public use airport properly cleared, regularly maintained, and made available to the public for use by aircraft and includes runways, taxiways, aprons, and sites upon which are situated landing or navigational aids. A landing area also includes land underlying both the primary surface and the approach surfaces that comply with all of the following:

(i) the land is properly cleared and regularly maintained for the primary purposes of the landing, taking off, and taxiing of aircraft; but that portion of the land that contains facilities for servicing, repair, or maintenance of aircraft is not included as a landing area;

(ii) the land is part of the airport property; and

(iii) the land is not used for commercial or residential purposes.

The land contained in a landing area under paragraph (b), clause (4), must be described and certified by the commissioner of transportation. The certification is effective until it is modified, or until the airport or landing area no longer meets the requirements of paragraph (b), clause (4). For purposes of paragraph (b), clause (4), "public access area" means property used as an aircraft parking ramp, apron, or storage hangar, or an arrival and departure building in connection with the airport.

EFFECTIVE DATE. This section is effective for taxes levied in 2006, payable in 2007, and thereafter.

Sec. 14. Minnesota Statutes 2004, section 469.1813, subdivision 1, is amended to read:

~~(a)~~ (1) it expects the benefits to the political subdivision of the proposed abatement agreement to at least equal the costs to the political subdivision of the proposed agreement or intends the abatement to phase in a property tax increase, as provided in clause (b)(7); and

~~(b)~~ (2) it finds that doing so is in the public interest because it will:

~~(1)~~ (i) increase or preserve tax base;

~~(2)~~ (ii) provide employment opportunities in the political subdivision;

~~(3)~~ (iii) provide or help acquire or construct public facilities;

~~(4)~~ (iv) help redevelop or renew blighted areas;

~~(5)~~ (v) help provide access to services for residents of the political subdivision;

~~(6)~~ (vi) finance or provide public infrastructure; ~~or~~

~~(7)~~ (vii) phase in a property tax increase on the parcel resulting from an increase of 50 percent or more in one year on the estimated market value of the parcel, other than increase attributable to improvement of the parcel; or

(viii) stabilize the tax base through equalization of property tax revenues for a specified period of time with respect to a taxpayer whose real and personal property is subject to valuation under Minnesota Rules, chapter 8100.

Sec. 15. Minnesota Statutes 2005 Supplement, section 469.1813, subdivision 6, is amended to read:

Subd. 6. **Duration limit.** (a) A political subdivision may grant an abatement for a period no longer than 15 years, except as provided under paragraph (b). The abatement period commences in the first year in which the abatement granted is either paid or retained in accordance with section 469.1815, subdivision 2. The subdivision may specify in the abatement resolution a shorter duration. If the resolution does not specify a period of time, the abatement is for eight years. If an abatement has been granted to a parcel of property and the period of the abatement has expired, the political subdivision that granted the abatement may not grant another abatement for eight years after the expiration of the first abatement. This prohibition does not apply to improvements added after and not subject to the first abatement. Economic abatement agreements for real and personal property subject to valuation under Minnesota Rules, chapter 8100, are not subject to this prohibition and may be granted successively.

(b) A political subdivision proposing to abate taxes for a parcel may request, in writing, that the other political subdivisions in which the parcel is located grant an abatement for the property. If one of the other political subdivisions declines, in writing, to grant an abatement or if 90 days pass after receipt of the request to grant an abatement without a written response from one of the political subdivisions, the duration limit for an abatement for the parcel by the requesting political subdivision and any other participating political subdivision is increased to 20 years. If the political subdivision which declined to grant an abatement later grants an abatement for the parcel, the 20-year duration limit is reduced by one year for each year that the declining political subdivision grants an abatement for the parcel during the period of the abatement granted by the requesting political subdivision. The duration limit may not be reduced below the limit under paragraph (a).

Sec. 16. Minnesota Statutes 2004, section 469.1813, subdivision 6b, is amended to read:

Subd. 6b. **Extended duration limit.** (a) Notwithstanding the provisions of subdivision 6, a political subdivision may grant an abatement for a period of up to 20 years, if the abatement is for a qualified business.

(b) To be a qualified business for purposes of this subdivision, at least 50 percent of the payroll of the operations of the business that qualify for the abatement must be for employees engaged in one of the following lines of business or any combination of them:

- (1) manufacturing;
- (2) agricultural processing;
- (3) mining;
- (4) research and development;
- (5) warehousing; or
- (6) qualified high technology.

Alternatively, a qualified business also includes a taxpayer whose real and personal property is subject to valuation under Minnesota Rules, chapter 8100.

(c)(1) "Manufacturing" means the material staging and production of tangible personal property by procedures commonly regarded as manufacturing, processing, fabrication, or assembling which changes some existing material into new shapes, new qualities, or new combinations.

(iii) biotechnology, which is any technology that uses living organisms, cells, macromolecules, microorganisms, or substances from living organisms to make or modify a product, improve plants or animals, or develop microorganisms for useful purposes;

(iv) electronic device technology, which is any technology that involves microelectronics, semiconductors, electronic equipment, and instrumentation, radio frequency, microwave, and millimeter electronics, and optical and optic-electrical devices, or data and digital communications and imaging devices;

(v) engineering or laboratory testing related to the development of a product;

(vi) technology that assists in the assessment or prevention of threats or damage to human health or the environment, including, but not limited to, environmental cleanup technology, pollution prevention technology, or development of alternative energy sources;

(vii) medical device technology, which is any technology that involves medical equipment or products other than a pharmaceutical product that has therapeutic or diagnostic value and is regulated; or

(viii) advanced vehicles technology which is any technology that involves electric vehicles, hybrid vehicles, or alternative fuel vehicles, or components used in the construction of electric vehicles, hybrid vehicles, or alternative fuel vehicles. An electric vehicle is a road vehicle that draws propulsion energy only from an on-board source of electrical energy. A hybrid vehicle is a road vehicle that can draw propulsion energy from both a consumable fuel and a rechargeable energy storage system.

(d) The authority to grant new abatements under this subdivision expires on July 1, 2004, except that the authority to grant new abatements for real and personal property subject to valuation under Minnesota Rules, chapter 8100, does not expire.

Sec. 17. Minnesota Statutes 2004, section 469.1813, subdivision 8, is amended to read:

Sec. 19. Minnesota Statutes 2004, section 469.1813, is amended by adding a subdivision to read:

Notwithstanding Minnesota Statutes, section 289A.60, subdivision 12, or any other law to the contrary, the commissioner of revenue shall not disallow any part of a claim for a property tax refund filed in 2005 or an earlier year to the extent that the claim was excessive because it did not include in the claimant's income as determined under Minnesota Statutes, section 290A.03, subdivision 3, the cash value of a tuition discount provided by a postsecondary education institution. If a claimant was required to repay any part of a property tax refund based on inclusion of this discount in the claimant's income on a claim filed in 2005 or an earlier year, the commissioner must refund that amount to the claimant.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 22. **BUFFALO-RED RIVER WATERSHED DISTRICT.**

In addition to any other purposes authorized by law, the levy under this section may be used to develop and implement total maximum daily loads for water quality. Any project initiated by petition cannot be for a period exceeding 15 consecutive years.

(b) The tax levy under paragraph (a), clause (2), is effective beginning with taxes levied in 2006, payable in 2007, through taxes levied in 2008, payable in 2009, except that any project initiated by petition under this section within the two-year time period that extends beyond taxes payable in 2009, the 0.00798 percent of taxable market value levy authorization under Minnesota Statutes, section 103D.905, subdivision 3, shall continue to fund those projects for their duration. A school district may not levy under this section for more than five years. The commissioner must deny this levy authority unless the district passes a resolution stating its intent to lease instructional space under Minnesota Statutes, section 126C.40, subdivision 1, if the commissioner does not grant authority under this section. The resolution must also certify that a lease of administrative space under this section is less expensive than the district's proposed instructional lease. ARTICLE 5**DEPARTMENT OF REVENUE PROPERTY TAXES AND AIDS**

Section 1. Minnesota Statutes 2005 Supplement, section 273.13, subdivision 22, is amended to read:

Subd. 22. **Class 1.** (a) Except as provided in subdivision 23 and in paragraphs (b) and (c), real estate which is residential and used for homestead purposes is class 1a. In the case of a duplex or triplex in which one of the units is used for homestead purposes, the entire property is deemed to be used for homestead purposes. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The first \$500,000 of market value of class 1a property has a net class rate of one percent of its market value; and the market value of class 1a property that exceeds \$500,000 has a class rate of 1.25 percent of its market value.

(b) Class 1b property includes homestead real estate or homestead manufactured homes used for the purposes of a homestead by

(1) any person who is blind as defined in section 256D.35, or the blind person and the blind person's spouse; or

(2) any person, hereinafter referred to as "veteran," who:

(i) served in the active military or naval service of the United States; and

(ii) is entitled to compensation under the laws and regulations of the United States for permanent and total service-connected disability due to the loss, or loss of use, by reason of amputation, ankylosis, progressive muscular dystrophies, or paralysis, of both lower extremities, such as to preclude motion without the aid of braces, crutches, canes, or a wheelchair; and

(iii) has acquired a special housing unit with special fixtures or movable facilities made necessary by the nature of the veteran's disability, or the surviving spouse of the deceased veteran for as long as the surviving spouse retains the special housing unit as a homestead; or

(3) any person who is permanently and totally disabled.

Property is classified and assessed under clause (3) only if the government agency or income-providing source certifies, upon the request of the homestead occupant, that the homestead occupant satisfies the disability requirements of this paragraph.

Property is classified and assessed pursuant to clause (1) only if the commissioner of revenue certifies to the assessor that the homestead occupant satisfies the requirements of this paragraph.

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first \$32,000 market value of class 1b property has a net class rate of .45 percent of its market value. The remaining market value of class 1b property has a class rate using the rates for class 1a or class 2a property, whichever is appropriate, of similar market value.

(c) Class 1c property is commercial use real property that abuts a lakeshore line and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner, which includes a dwelling occupied as a homestead by a shareholder of a corporation that owns the resort, a partner in a partnership that owns the resort, or a member of a limited liability company that owns the resort even if the title to the homestead is held by the corporation, partnership, or limited liability company. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property, excluding the portion used exclusively as a homestead, is used for residential occupancy and a fee is charged for residential occupancy. The portion of the property used as a homestead ~~by the owner has the same class rates as~~ is class 1a property under paragraph (a). The remainder of the property is classified as follows: the first \$500,000 of market value is tier I, the next \$1,700,000 of market value is tier II, and any remaining market value is tier III. The class rates for class 1c are: tier I, 0.55 percent; tier II, 1.0 percent; and tier III, 1.25 percent. If a class 1c resort property has any market value in tier III, the entire property must meet the requirements of subdivision 25, paragraph (d), clause (1), to qualify for class 1c treatment under this paragraph.

(d) Class 1d property includes structures that meet all of the following criteria:

(1) the structure is located on property that is classified as agricultural property under section 273.13, subdivision 23;

(2) the structure is occupied exclusively by seasonal farm workers during the time when they work on that farm, and the occupants are not charged rent for the privilege of occupying the property, provided that use of the structure for storage of farm equipment and produce does not disqualify the property from classification under this paragraph;

(3) the structure meets all applicable health and safety requirements for the appropriate season; and

(4) the structure is not salable as residential property because it does not comply with local ordinances relating to location in relation to streets or roads.

The market value of class 1d property has the same class rates as class 1a property under paragraph (a).

EFFECTIVE DATE. This section is effective for taxes payable in 2006 and thereafter.

Sec. 2. Minnesota Statutes 2005 Supplement, section 273.13, subdivision 25, is amended to read:

Subd. 25. **Class 4.** (a) Class 4a is residential real estate containing four or more units and used or held for use by the owner or by the tenants or lessees of the owner as a residence for rental periods of 30 days or more, excluding property qualifying for class 4d. Class 4a also includes hospitals licensed under sections 144.50 to 144.56, other than hospitals exempt under section 272.02, and contiguous property used for hospital purposes, without regard to whether the property has been platted or subdivided. The market value of class 4a property has a class rate of 1.25 percent.

(b) Class 4b includes:

(1) residential real estate containing less than four units that does not qualify as class 4bb, other than seasonal residential recreational property;

(2) manufactured homes not classified under any other provision;

(3) a dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b) containing two or three units; and

(4) unimproved property that is classified residential as determined under subdivision 33.

The market value of class 4b property has a class rate of 1.25 percent.

(c) Class 4bb includes:

(1) nonhomestead residential real estate containing one unit, other than seasonal residential recreational property; and

(2) a single family dwelling, garage, and surrounding one acre of property on a nonhomestead farm classified under subdivision 23, paragraph (b).

Class 4bb property has the same class rates as class 1a property under subdivision 22.

Property that has been classified as seasonal residential recreational property at any time during which it has been owned by the current owner or spouse of the current owner does not qualify for class 4bb.

(d) Class 4c property includes:

(1) except as provided in subdivision 22, paragraph (c), real property devoted to temporary and seasonal residential occupancy for recreation purposes, including real property devoted to temporary and seasonal residential occupancy for recreation purposes and not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment. For purposes of this clause, property is devoted to a commercial purpose on a specific day if any portion of the property is used for residential occupancy, and a fee is charged for residential occupancy. In order for a property to be classified as class 4c, seasonal residential recreational for commercial purposes, at least 40 percent of the annual gross lodging receipts related to the property must be from business conducted during 90 consecutive days and either (i) at least 60 percent of all paid bookings by lodging guests during the year must be for periods of at least two consecutive nights; or (ii) at least 20 percent of the annual gross receipts must be from charges for rental of fish houses, boats and motors, snowmobiles, downhill or cross-country ski equipment, or charges for marina services, launch services, and guide services, or the sale of bait and fishing tackle. For purposes of this determination, a paid booking of five or more nights shall be counted as two bookings. Class 4c also includes commercial use real property used exclusively for recreational purposes in conjunction with class 4c property devoted to

temporary and seasonal residential occupancy for recreational purposes, up to a total of two acres, provided the property is not devoted to commercial recreational use for more than 250 days in the year preceding the year of assessment and is located within two miles of the class 4c property with which it is used. Owners of real property devoted to temporary and seasonal residential occupancy for recreation purposes and all or a portion of which was devoted to commercial purposes for not more than 250 days in the year preceding the year of assessment desiring classification as class 1c or 4c, must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land on which they are located will be designated class 1c or 4c as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located will be designated as class 3a. The owner of property desiring designation as class 1c or 4c property must provide guest registers or other records demonstrating that the units for which class 1c or 4c designation is sought were not occupied for more than 250 days in the year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, and (4) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes shall not qualify for class 1c or 4c;

(2) qualified property used as a golf course if:

(i) it is open to the public on a daily fee basis. It may charge membership fees or dues, but a membership fee may not be required in order to use the property for golfing, and its green fees for golfing must be comparable to green fees typically charged by municipal courses; and

(ii) it meets the requirements of section 273.112, subdivision 3, paragraph (d).

A structure used as a clubhouse, restaurant, or place of refreshment in conjunction with the golf course is classified as class 3a property;

(3) real property up to a maximum of one acre of land owned by a nonprofit community service oriented organization; provided that the property is not used for a revenue-producing activity for more than six days in the calendar year preceding the year of assessment and the property is not used for residential purposes on either a temporary or permanent basis. For purposes of this clause, a "nonprofit community service oriented organization" means any corporation, society, association, foundation, or institution organized and operated exclusively for charitable, religious, fraternal, civic, or educational purposes, and which is exempt from federal income taxation pursuant to section 501(c)(3), (10), or (19) of the Internal Revenue Code of 1986, as amended through December 31, 1990. For purposes of this clause, "revenue-producing activities" shall include but not be limited to property or that portion of the property that is used as an on-sale intoxicating liquor or 3.2 percent malt liquor establishment licensed under chapter 340A, a restaurant open to the public, bowling alley, a retail store, gambling conducted by organizations licensed under chapter 349, an insurance business, or office or other space leased or rented to a lessee who conducts a for-profit enterprise on the premises. Any portion of the property which is used for revenue-producing activities for more than six days in the calendar year preceding the year of assessment shall be assessed as class 3a. The use of the property for social events open exclusively to members and their guests for periods of less than 24 hours, when an admission is not charged nor any revenues are received by the organization shall not be considered a revenue-producing activity;

(4) postsecondary student housing of not more than one acre of land that is owned by a nonprofit corporation organized under chapter 317A and is used exclusively by a student cooperative, sorority, or fraternity for on-campus housing or housing located within two miles of the border of a college campus;

(5) manufactured home parks as defined in section 327.14, subdivision 3;

(6) real property that is actively and exclusively devoted to indoor fitness, health, social, recreational, and related uses, is owned and operated by a not-for-profit corporation, and is located within the metropolitan area as defined in section 473.121, subdivision 2;

(7) a leased or privately owned noncommercial aircraft storage hangar not exempt under section 272.01, subdivision 2, and the land on which it is located, provided that:

(i) the land is on an airport owned or operated by a city, town, county, Metropolitan Airports Commission, or group thereof; and

(ii) the land lease, or any ordinance or signed agreement restricting the use of the leased premise, prohibits commercial activity performed at the hangar.

If a hangar classified under this clause is sold after June 30, 2000, a bill of sale must be filed by the new owner with the assessor of the county where the property is located within 60 days of the sale;

(8) a privately owned noncommercial aircraft storage hangar not exempt under section 272.01, subdivision 2, and the land on which it is located, provided that:

(i) the land abuts a public airport; and

(ii) the owner of the aircraft storage hangar provides the assessor with a signed agreement restricting the use of the premises, prohibiting commercial use or activity performed at the hangar; and

(9) residential real estate, a portion of which is used by the owner for homestead purposes, and that is also a place of lodging, if all of the following criteria are met:

(i) rooms are provided for rent to transient guests that generally stay for periods of 14 or fewer days;

(ii) meals are provided to persons who rent rooms, the cost of which is incorporated in the basic room rate;

(iii) meals are not provided to the general public except for special events on fewer than seven days in the calendar year preceding the year of the assessment; and

(iv) the owner is the operator of the property.

The market value subject to the 4c classification under this clause is limited to five rental units. Any rental units on the property in excess of five, must be valued and assessed as class 3a. The portion of the property used for purposes of a homestead by the owner must be classified as class 1a property under subdivision 22.

Class 4c property has a class rate of 1.5 percent of market value, except that (i) each parcel of seasonal residential recreational property not used for commercial purposes has the same class rates as class 4bb property, (ii) manufactured home parks assessed under clause (5) have the same class rate as class 4b property, (iii) commercial-use seasonal residential recreational property has a class rate of one percent for the first \$500,000 of market value, ~~which includes any market value receiving the one percent rate under subdivision 22;~~ and 1.25 percent for the remaining market value, (iv) the market value of property described in clause (4) has a class rate of one percent, (v) the market value of property described in clauses (2) and (6) has a class rate of 1.25 percent, and (vi) that portion of the market value of property in clause (9) qualifying for class 4c property has a class rate of 1.25 percent.

(e) Class 4d property is qualifying low-income rental housing certified to the assessor by the Housing Finance Agency under section 273.128, subdivision 3. If only a portion of the units in the building qualify as low-income rental housing units as certified under section 273.128, subdivision 3, only the proportion of qualifying units to the total number of units in the building qualify for class 4d. The remaining portion of the building shall be classified by the assessor based upon its use. Class 4d also includes the same proportion of land as the qualifying low-income rental housing units are to the total units in the building. For all properties

qualifying as class 4d, the market value determined by the assessor must be based on the normal approach to value using normal unrestricted rents.

Class 4d property has a class rate of 0.75 percent.

EFFECTIVE DATE. This section is effective for taxes payable in 2006 and subsequent years.

Sec. 3. Minnesota Statutes 2005 Supplement, section 273.1384, subdivision 1, is amended to read:

Subdivision 1. **Residential homestead market value credit.** Each county auditor shall determine a homestead credit for each class 1a, 1b, ~~1c~~, and 2a homestead property within the county equal to 0.4 percent of the first \$76,000 of market value of the property minus .09 percent of the market value in excess of \$76,000. The credit amount may not be less than zero. In the case of an agricultural or resort homestead, only the market value of the house, garage, and immediately surrounding one acre of land is eligible in determining the property's homestead credit. In the case of a property ~~which~~ that is classified as part homestead and part nonhomestead, (i) the credit shall apply only to the homestead portion of the property, but (ii) if a portion of a property is classified as nonhomestead solely because not all the owners occupy the property, not all the owners have qualifying relatives occupying the property, or solely because ~~both~~ not all the spouses do not of owners occupy the property, the credit amount shall be initially computed as if that nonhomestead portion were also in the homestead class and then prorated to the owner-occupant's percentage of ownership ~~or prorated to one-half if both spouses do not occupy the property.~~ For the purpose of this section, when an owner-occupant's spouse does not occupy the property, the percentage of ownership for the owner-occupant spouse is one-half of the couple's ownership percentage.

EFFECTIVE DATE. This section is effective for taxes payable in 2007 and thereafter.

Sec. 4. Minnesota Statutes 2004, section 273.1384, subdivision 2, is amended to read:

Subd. 2. **Agricultural homestead market value credit.** Property classified as class 2a agricultural homestead is eligible for an agricultural credit. The credit is computed using the property's agricultural credit market value, defined for this purpose as the property's class 2a market value excluding the market value of the house, garage, and immediately surrounding one acre of land. The credit is equal to 0.3 percent of the first \$115,000 of the property's agricultural credit market value. ~~The credit under this subdivision is limited to \$345 for each homestead. The credit is reduced by~~ minus .05 percent of the property's agricultural credit market value in excess of \$115,000, subject to a maximum reduction of \$115. In the case of property that is classified in part as class 2a agricultural homestead and in part as class 2b nonhomestead farm land solely because not all the owners occupy or farm the property, not all the owners have qualifying relatives occupying or farming the property, or solely because not all the spouses of owners occupy the property, the credit must be initially computed as if that nonhomestead agricultural land was also classified as class 2a agricultural homestead and then prorated to the owner-occupant's percentage of ownership.

EFFECTIVE DATE. This section is effective for taxes payable in 2007 and thereafter.

Sec. 5. Minnesota Statutes 2004, section 273.1398, subdivision 3, is amended to read:

Subd. 3. **Disparity reduction aid.** ~~For taxes payable in 2003 and subsequent years,~~ The amount of disparity aid certified for each taxing district within each unique taxing jurisdiction for taxes payable in the prior year shall be multiplied by the ratio of (1) the jurisdiction's tax capacity using the class rates for taxes payable in the year for which aid is being computed, to (2) its tax capacity using the class rates for taxes payable in the year prior to that for which aid is being computed, both based upon market values for taxes payable in the year prior to that for which aid is being computed. ~~For the purposes of this aid determination, disparity reduction aid certified for taxes payable in the prior year for a taxing entity other~~

~~than a town or school district is deemed to be county government disparity reduction aid. The amount of disparity aid certified to each taxing jurisdiction shall be reduced by any reductions required in the current year or permanent reductions required in previous years under section 477A.0132. If the commissioner determines that insufficient information is available to reasonably and timely calculate the numerator in this ratio for the first taxes payable year that a class rate change or new class rate is effective, the commissioner shall omit the effects of that class rate change or new class rate when calculating this ratio for aid payable in that taxes payable year. For aid payable in the year following a year for which such omission was made, the commissioner shall use in the denominator for the class that was changed or created, the tax capacity for taxes payable two years prior to that in which the aid is payable, based on market values for taxes payable in the year prior to that for which aid is being computed.~~

EFFECTIVE DATE. This section is effective for taxes payable in 2006 and thereafter.

Sec. 6. Minnesota Statutes 2004, section 281.23, subdivision 9, is amended to read:

Subd. 9. **Certificate.** After the time for redemption of any lands shall have expired after notice given, as provided in subdivisions 2, 3, 5, and 6, the county auditor shall execute a certificate describing the lands, specifying the tax judgment sale at which the same were bid in for the state, and stating that the time for redemption thereof has expired after notice given as provided by law and that absolute title thereto has vested in the state of Minnesota. Such certificate shall be recorded in the office of the county recorder ~~and thereafter filed in the office of the county auditor~~, except that in case of registered land such certificate shall be ~~filed~~ recorded in the office of the registrar of titles ~~and a duplicate filed in the office of the county auditor~~. Such certificate and the record thereof shall be prima facie evidence of the facts therein stated, but failure to execute or record or file such certificate shall not affect the validity of any proceedings hereunder respecting such lands or the title of the state thereto.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2005 Supplement, section 284.07, is amended to read:

284.07 COUNTY AUDITOR'S CERTIFICATE TO BE PRIMA FACIE EVIDENCE.

The county auditor's certificate of forfeiture ~~filed~~ recorded by the county auditor as provided by section 281.23, subdivision 9, and acts supplemental thereto, or by any other law hereafter enacted providing for the recording of such a certificate or a certified copy of such certificate or of the record thereof, shall, for all purposes, be prima facie evidence that all requirements of the law respecting the taxation and forfeiture of the lands therein described were complied with, and that at the date of the certificate absolute title to such lands had vested in the state by reason of forfeiture for delinquent taxes, as set forth in the certificate.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2004, section 477A.014, subdivision 1, is amended to read:

Subdivision 1. **Calculations and payments.** (a) The commissioner of revenue shall make all necessary calculations and make payments pursuant to sections 477A.013, 477A.0132, and 477A.03 directly to the affected taxing authorities annually. In addition, the commissioner shall notify the authorities of their aid amounts, as well as the computational factors used in making the calculations for their authority, and those statewide total figures that are pertinent, before August 1 of the year preceding the aid distribution year.

(b) For the purposes of this subdivision, aid is determined for a city or town based on its city or town status as of June 30 of the year preceding the aid distribution year. If the effective date for a municipal incorporation, consolidation, annexation, detachment, dissolution, or township organization is on or before

June 30 of the year preceding the aid distribution year, such change in boundaries or form of government shall be recognized for aid determinations for the aid distribution year. If the effective date for a municipal incorporation, consolidation, annexation, detachment, dissolution, or township organization is after June 30 of the year preceding the aid distribution year, such change in boundaries or form of government shall not be recognized for aid determinations until the following year.

(c) Changes in boundaries or form of government will only be recognized for the purposes of this subdivision, to the extent that: (1) changes in market values are included in market values reported by assessors to the commissioner, and changes in population, household size, and the road accidents factor are included in their respective certifications to the commissioner as referenced in section 477A.011, or (2) an annexation information report as provided in paragraph (d) is received by the commissioner on or before July 15 of the aid calculation year. Revisions to estimates or data for use in recognizing changes in boundaries or form of government are not effective for purposes of this subdivision unless received by the commissioner on or before July 15 of the aid calculation year. Clerical errors in the certification or use of estimates and data established as of July 15 in the aid calculation year are subject to correction within the time periods allowed under subdivision 3.

(d) In the case of an annexation, an annexation information report may be completed by the annexing jurisdiction and submitted to the commissioner for purposes of this subdivision if the net tax capacity of annexed area for the assessment year preceding the effective date of the annexation exceeds five percent of the city's net tax capacity for the same year. The form and contents of the annexation information report shall be prescribed by the commissioner. The commissioner shall change the net tax capacity, the population, the population decline, the commercial industrial percentage, and the transformed population for the annexing jurisdiction only if the annexation information report provides data the commissioner determines to be reliable for all of these factors used to compute city revenue need for the annexing jurisdiction. The commissioner shall adjust the pre-1940 housing percentage, the road accidents factor, and household size only if the entire area of an existing city or town is annexed or consolidated and only if reliable data is available for all of these factors used to compute city revenue need for the annexing jurisdiction.

EFFECTIVE DATE. This section is effective for aid payable in 2007 and thereafter.

All interest on the obligations shall be paid out of the municipality's normal maintenance account in the municipal state-aid street fund. Any such obligations may be made general obligations, but if moneys of the municipality other than moneys received from the municipal state-aid street fund, are used for payment of the obligations, the moneys so used shall be restored to the appropriate fund from the moneys next received by the municipality from the construction or maintenance account in the municipal state-aid street fund which are not required to be paid into a sinking fund for obligations.

All interest on the obligations shall be paid out of the county's normal maintenance account in the county state-aid highway fund. The obligations may be made general obligations, but if money of the county other than money received from the county state-aid highway fund, is used for payment of the obligations, the money so used shall be restored to the appropriate fund from the money next received by the county from the construction or maintenance account in the county state-aid highway fund which is not required to be paid into a sinking fund for obligations.

ARTICLE 10

TAX INCREMENT FINANCING

Section 1. Minnesota Statutes 2005 Supplement, section 469.175, subdivision 2, is amended to read:

Subd. 2. **Consultations; comment and filing.** (a) Before formation of a tax increment financing district, the authority shall provide the county auditor and clerk of the school board with the proposed tax increment financing plan for the district and the authority's estimate of the fiscal and economic implications of the proposed tax increment financing district. The authority must provide the proposed tax increment financing plan and the information on the fiscal and economic implications of the plan to the county auditor and the clerk of the school district board at least 30 days before the public hearing required by subdivision 3.

The information on the fiscal and economic implications may be included in or as part of the tax increment financing plan. The county auditor and clerk of the school board shall provide copies to the members of the boards, as directed by their respective boards. The 30-day requirement is waived if the boards of the county and school district submit written comments on the proposal and any modification of the proposal to the authority after receipt of the information.

(b) For purposes of this subdivision, "fiscal and economic implications of the proposed tax increment financing district" includes:

- (1) an estimate of the total amount of tax increment that will be generated over the life of the district;
- (2) a description of the probable impact of the district on city-provided services such as police and fire protection, public infrastructure, and ~~borrowing costs~~ the impact of any general obligation tax increment bonds attributable to the district upon the ability to issue other debt for general fund purposes;
- (3) the estimated amount of tax increments over the life of the district that would be attributable to school district levies, assuming the school district's share of the total local tax rate for all taxing jurisdictions remained the same;
- (4) the estimated amount of tax increments over the life of the district that would be attributable to county levies, assuming the county's share of the total local tax rate for all taxing jurisdictions remained the same; and
- (5) ~~any~~ additional information regarding the size, timing, or type of development in the district requested by the county or the school district that would enable it to determine additional costs that will accrue to it due to the development proposed for the district. If a county or school district has not adopted standard questions in a written policy on information requested for fiscal and economic implications, a county or school district must request additional information no later than 15 days after receipt of the tax increment financing plan and the request does not require an additional 30 days of notice before the public hearing.

EFFECTIVE DATE. This section is effective for proposed tax increment financing plans provided after June 30, 2006.

Sec. 2. Minnesota Statutes 2004, section 469.175, subdivision 4, is amended to read:

- Subd. 4. **Modification of plan.** (a) A tax increment financing plan may be modified by an authority.
- (b) The authority may make the following modifications only upon the notice and after the discussion, public hearing, and findings required for approval of the original plan:
- (1) any reduction or enlargement of geographic area of the project or tax increment financing district that does not meet the requirements of paragraph (e);
 - (2) increase in amount of bonded indebtedness to be incurred;
 - (3) a determination to capitalize interest on the debt if that determination was not a part of the original plan; ~~or to increase or decrease the amount of interest on the debt to be capitalized;~~
 - (4) increase in the portion of the captured net tax capacity to be retained by the authority;
 - (5) increase in the estimate of the cost of the project, including administrative expenses, that will be paid or financed with tax increment from the district; or
 - (6) designation of additional property to be acquired by the authority.

(c) If an authority changes the type of district to another type of district, this change is not a modification but requires the authority to follow the procedure set forth in sections 469.174 to 469.179 for adoption of a new plan, including certification of the net tax capacity of the district by the county auditor.

(d) If a redevelopment district or a renewal and renovation district is enlarged, the reasons and supporting facts for the determination that the addition to the district meets the criteria of section 469.174, subdivision 10, paragraph (a), clauses (1) and (2), or subdivision 10a, must be documented.

(e) The requirements of paragraph (b) do not apply if (1) the only modification is elimination of parcels from the project or district and (2)(A) the current net tax capacity of the parcels eliminated from the district equals or exceeds the net tax capacity of those parcels in the district's original net tax capacity or (B) the authority agrees that, notwithstanding section 469.177, subdivision 1, the original net tax capacity will be reduced by no more than the current net tax capacity of the parcels eliminated from the district. The authority must notify the county auditor of any modification that reduces or enlarges the geographic area of a district or a project area.

(f) The geographic area of a tax increment financing district may be reduced, but shall not be enlarged after five years following the date of certification of the original net tax capacity by the county auditor or after August 1, 1984, for tax increment financing districts authorized prior to August 1, 1979.

EFFECTIVE DATE. This section is effective for all districts, regardless of when the request for certification was made, and applies to plan amendments adopted after the day following final enactment.

Sec. 3. Minnesota Statutes 2005 Supplement, section 469.175, subdivision 5, is amended to read:

Subd. 5. **Annual disclosure.** An annual statement showing for each district the information required to be reported under subdivision 6, paragraph (c), clauses (1), (2), (3), (11), (12), (18), and (19); the amounts of tax increment received and expended in the reporting period; and any additional information the authority deems necessary must be published in a newspaper of general circulation in the municipality that approved the tax increment financing plan. The annual statement must inform readers that additional information regarding each district may be obtained from the authority, and must explain how the additional information may be requested. The authority must publish the annual statement for a year no later than August 15 of the next year. The authority must identify the newspaper of general circulation in the municipality to which the annual statement has been or will be submitted for publication and provide a copy of the annual statement to the county board, the county auditor, ~~the school board~~, the state auditor, and, if the authority is other than the municipality, the governing body of the municipality on or before August 1 of the year in which the statement must be published.

The disclosure requirements imposed by this subdivision apply to districts certified before, on, or after August 1, 1979.

EFFECTIVE DATE. This section is effective for disclosures required to be provided after June 30, 2006.

Sec. 4. Minnesota Statutes 2004, section 469.176, subdivision 1, is amended to read:

Subdivision 1. **Duration of tax increment financing districts.** (a) Subject to the limitations contained in subdivisions 1a to 1f, any tax increment financing district as to which bonds are outstanding, payment for which the tax increment and other revenues have been pledged, shall remain in existence at least as long as the bonds continue to be outstanding. The municipality may, at the time of approval of the initial tax increment financing plan, provide for a shorter maximum duration limit than specified in subdivisions 1a to 1f. The specified limit applies in place of the otherwise applicable limit, unless the authority modifies the plan following the procedures under section 469.175, subdivision 4, paragraph (b).

(b) The tax increment pledged to the payment of the bonds and interest thereon may be discharged and the tax increment financing district may be terminated if sufficient funds have been irrevocably deposited in the debt service fund or other escrow account held in trust for all outstanding bonds to provide for the payment of the bonds at maturity or date of redemption and interest thereon to the maturity or redemption date.

(c) For bonds issued pursuant to section 469.178, subdivisions 2 and 3, the full faith and credit and any taxing powers of the municipality or authority are pledged to the payment of the bonds until the principal of and interest on the bonds has been paid in full.

EFFECTIVE DATE. This section is effective for all districts, regardless of when the request for certification was made, and applies to plan amendments adopted after the day following final enactment.

Sec. 5. Minnesota Statutes 2005 Supplement, section 469.1763, subdivision 2, is amended to read:

Subd. 2. **Expenditures outside district.** (a) For each tax increment financing district, an amount equal to at least 75 percent of the total revenue derived from tax increments paid by properties in the district must be expended on activities in the district or to pay bonds, to the extent that the proceeds of the bonds were used to finance activities in the district or to pay, or secure payment of, debt service on credit enhanced bonds. For districts, other than redevelopment districts for which the request for certification was made after June 30, 1995, the in-district percentage for purposes of the preceding sentence is 80 percent. Not more than 25 percent of the total revenue derived from tax increments paid by properties in the district may be expended, through a development fund or otherwise, on activities outside of the district but within the defined geographic area of the project except to pay, or secure payment of, debt service on credit enhanced bonds. For districts, other than redevelopment districts for which the request for certification was made after June 30, 1995, the pooling percentage for purposes of the preceding sentence is 20 percent. The revenue derived from tax increments for the district that are expended on costs under section 469.176, subdivision 4h, paragraph (b), may be deducted first before calculating the percentages that must be expended within and without the district.

(b) In the case of a housing district, a housing project, as defined in section 469.174, subdivision 11, is an activity in the district.

(c) All administrative expenses are for activities outside of the district, except that if the only expenses for activities outside of the district under this subdivision are for the purposes described in paragraph (d), administrative expenses will be considered as expenditures for activities in the district.

(d) The authority may elect, in the tax increment financing plan for the district, to increase by up to ten percentage points the permitted amount of expenditures for activities located outside the geographic area of the district under paragraph (a). As permitted by section 469.176, subdivision 4k, the expenditures, including the permitted expenditures under paragraph (a), need not be made within the geographic area of the project. Expenditures that meet the requirements of this paragraph are legally permitted expenditures of the district, notwithstanding section 469.176, subdivisions 4b, 4c, and 4j. To qualify for the increase under this paragraph, the expenditures must:

(1) be used exclusively to assist housing that meets the requirement for a qualified low-income building, as that term is used in section 42 of the Internal Revenue Code;

(2) not exceed the qualified basis of the housing, as defined under section 42(c) of the Internal Revenue Code, less the amount of any credit allowed under section 42 of the Internal Revenue Code; and

(3) be used to:

(i) acquire and prepare the site of the housing;

- (ii) acquire, construct, or rehabilitate the housing; or
- (iii) make public improvements directly related to the housing.

(e) For a district created within a biotechnology and health sciences industry zone as defined in section 469.330, subdivision 6, or for an existing district located within such a zone, tax increment derived from such a district may be expended outside of the district but within the zone only for expenditures required for the construction of public infrastructure necessary to support the activities of the zone. Public infrastructure expenditures are considered as expenditures for activities within the district.

EFFECTIVE DATE. This section applies to all districts, regardless of when the request for certification was made.

Sec. 6. Minnesota Statutes 2004, section 469.1763, subdivision 3, is amended to read:

Subd. 3. **Five-year rule.** (a) Revenues derived from tax increments are considered to have been expended on an activity within the district under subdivision 2 only if one of the following occurs:

(1) before or within five years after certification of the district, the revenues are actually paid to a third party with respect to the activity;

(2) bonds, the proceeds of which must be used to finance the activity, are issued and sold to a third party before or within five years after certification, the revenues are spent to repay the bonds, and the proceeds of the bonds either are, on the date of issuance, reasonably expected to be spent before the end of the later of (i) the five-year period, or (ii) a reasonable temporary period within the meaning of the use of that term under section 148(c)(1) of the Internal Revenue Code, or are deposited in a reasonably required reserve or replacement fund;

(3) binding contracts with a third party are entered into for performance of the activity before or within five years after certification of the district and the revenues are spent under the contractual obligation;

(4) costs with respect to the activity are paid before or within five years after certification of the district and the revenues are spent to reimburse a party for payment of the costs, including interest on unreimbursed costs; or

(5) expenditures are made for housing purposes as permitted by subdivision 2, ~~paragraph~~ paragraphs (b) and (d), or for public infrastructure purposes within a zone as permitted by subdivision 2, paragraph (e).

(b) For purposes of this subdivision, bonds include subsequent refunding bonds if the original refunded bonds meet the requirements of paragraph (a), clause (2).

Sec. 7. Minnesota Statutes 2004, section 469.1763, subdivision 4, is amended to read:

Subd. 4. **Use of revenues for decertification.** (a) In each year beginning with the sixth year following certification of the district, if the applicable in-district percent of the revenues derived from tax increments paid by properties in the district exceeds the amount of expenditures that have been made for costs permitted under subdivision 3, an amount equal to the difference between the in-district percent of the revenues derived from tax increments paid by properties in the district and the amount of expenditures that have been made for costs permitted under subdivision 3 must be used and only used to pay or defease the following or be set aside to pay the following:

(1) outstanding bonds, as defined in subdivision 3, paragraphs (a), clause (2), and (b);

(2) contracts, as defined in subdivision 3, paragraph (a), clauses (3) and (4); ~~or~~

(3) credit enhanced bonds to which the revenues derived from tax increments are pledged, but only to the extent that revenues of the district for which the credit enhanced bonds were issued are insufficient to

pay the bonds and to the extent that the increments from the applicable pooling percent share for the district are insufficient; or

(4) the amount provided by the tax increment financing plan to be paid under subdivision 2, paragraphs (b), (d), and (e).

(b) The district must be decertified and the pledge of tax increment discharged when the outstanding bonds have been defeased and when sufficient money has been set aside to pay, based on the increment to be collected through the end of the calendar year, the following amounts:

(1) contractual obligations as defined in subdivision 3, paragraph (a), clauses (3) and (4), the district must be decertified and the pledge of tax increment discharged;

(2) the amount specified in the tax increment financing plan for activities qualifying under subdivision 2, paragraph (b), that have not been funded with the proceeds of bonds qualifying under paragraph (a), clause (1); and

(3) the additional expenditures permitted by the tax increment financing plan for housing activities under an election under subdivision 2, paragraph (d), that have not been funded with the proceeds of bonds qualifying under paragraph (a), clause (1).

EFFECTIVE DATE. This section is effective for districts for which the request for certification was made after April 30, 1990.

Sec. 8. Minnesota Statutes 2005 Supplement, section 469.1763, subdivision 6, is amended to read:

Subd. 6. **Pooling permitted for deficits.** (a) This subdivision applies only to districts for which the request for certification was made before August 1, 2001, and without regard to whether the request for certification was made prior to August 1, 1979.

(b) The municipality for the district may transfer available increments from another tax increment financing district located in the municipality, if the transfer is necessary to eliminate a deficit in the district to which the increments are transferred. The municipality may transfer increments as provided by this subdivision without regard to whether the transfer or expenditure is authorized by the tax increment financing plan for the district from which the transfer is made. A deficit in the district for purposes of this subdivision means the lesser of the following two amounts:

(1)(i) the amount due during the calendar year to pay preexisting obligations of the district; minus

(ii) the total increments collected or to be collected from properties located within the district that are available for the calendar year including amounts collected in prior years that are currently available; plus

(iii) total increments from properties located in other districts in the municipality including amounts collected in prior years that are available to be used to meet the district's obligations under this section, excluding this subdivision, or other provisions of law (but excluding a special tax under section 469.1791 and the grant program under Laws 1997, chapter 231, article 1, section 19, or Laws 2001, First Special Session chapter 5); or

(2) the reduction in increments collected from properties located in the district for the calendar year as a result of the changes in class rates in Laws 1997, chapter 231, article 1; Laws 1998, chapter 389, article 2; and Laws 1999, chapter 243, and Laws 2001, First Special Session chapter 5, or the elimination of the general education tax levy under Laws 2001, First Special Session chapter 5.

The authority may compute the deficit amount under clause (1) only (without regard to the limit under clause (2)) if the authority makes an irrevocable commitment, by resolution, to use increments from the district to which increments are to be transferred and any transferred increments are only used to pay

preexisting obligations and administrative expenses for the district that are required to be paid under section 469.176, subdivision 4h, paragraph (a).

(c) A preexisting obligation means:

(1) bonds issued and sold before August 1, 2001, or bonds issued pursuant to a binding contract requiring the issuance of bonds entered into before July 1, 2001, and bonds issued to refund such bonds or to reimburse expenditures made in conjunction with a signed contractual agreement entered into before August 1, 2001, to the extent that the bonds are secured by a pledge of increments from the tax increment financing district; and

(2) binding contracts entered into before August 1, 2001, to the extent that the contracts require payments secured by a pledge of increments from the tax increment financing district.

(d) The municipality may require a development authority, other than a seaway port authority, to transfer available increments including amounts collected in prior years that are currently available for any of its tax increment financing districts in the municipality to make up an insufficiency in another district in the municipality, regardless of whether the district was established by the development authority or another development authority. This authority applies notwithstanding any law to the contrary, but applies only to a development authority that:

(1) was established by the municipality; or

(2) the governing body of which is appointed, in whole or part, by the municipality or an officer of the municipality or which consists, in whole or part, of members of the governing body of the municipality. The municipality may use this authority only after it has first used all available increments of the receiving development authority to eliminate the insufficiency and exercised any permitted action under section 469.1792, subdivision 3, for preexisting districts of the receiving development authority to eliminate the insufficiency.

(e) The authority under this subdivision to spend tax increments outside of the area of the district from which the tax increments were collected:

(1) is an exception to the restrictions under section 469.176, subdivisions 4b, 4c, 4d, 4e, 4i, and 4j; the expenditure limits under section 469.176, subdivision 1c; and the other provisions of this section; and the percentage restrictions under subdivision 2 must be calculated after deducting increments spent under this subdivision from the total increments for the district; and

(2) applies notwithstanding the provisions of the Tax Increment Financing Act in effect for districts for which the request for certification was made before June 30, 1982, or any other law to the contrary.

(f) If a preexisting obligation requires the development authority to pay an amount that is limited to the increment from the district or a specific development within the district and if the obligation requires paying a higher amount to the extent that increments are available, the municipality may determine that the amount due under the preexisting obligation equals the higher amount and may authorize the transfer of increments under this subdivision to pay up to the higher amount. The existence of a guarantee of obligations by the individual or entity that would receive the payment under this paragraph is disregarded in the determination of eligibility to pool under this subdivision. The authority to transfer increments under this paragraph may only be used to the extent that the payment of all other preexisting obligations in the municipality due during the calendar year have been satisfied.

(g) For transfers of increments made in calendar year 2005 and later, the reduction in increments as a result of the elimination of the general education tax levy for purposes of paragraph (b), clause (2), for a taxes payable year equals the general education tax rate for the school district under Minnesota Statutes

2000, section 273.1382, subdivision 1, for taxes payable in 2001, multiplied by the captured tax capacity of the district for the current taxes payable year.

EFFECTIVE DATE. This section is effective for all districts, regardless of when the request for certification was made, and applies retroactively to any transfer made under subdivision 6.

Sec. 9. Minnesota Statutes 2005 Supplement, section 469.177, subdivision 1, is amended to read:

Subdivision 1. **Original net tax capacity.** (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district and that portion of the district overlying any subdistrict as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the district and any subdistrict, reduction or enlargement of the district or changes pursuant to subdivision 4.

(b) If the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(c) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable equals the net tax capacity of the real property as most recently assessed pursuant to section 273.18 or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If improvements are made to tax exempt property after ~~certification of the~~ municipality approves the district and before the parcel becomes taxable, the assessor shall, at the request of the authority, separately assess the estimated market value of the improvements. If the property becomes taxable, the county auditor shall add to original net tax capacity, the net tax capacity of the parcel, excluding the separately assessed improvements. If substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement or as a result of tax forfeiture, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified. The amount to be added to the original net tax capacity of the district as a result of enlargements equals the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(d) If the net tax capacity of a property increases because the property no longer qualifies under the Minnesota Agricultural Property Tax Law, section 273.111; the Minnesota Open Space Property Tax Law, section 273.112; or the Metropolitan Agricultural Preserves Act, chapter 473H, or because platted, unimproved property is improved or market value is increased after approval of the plat under section 273.11, subdivision 14, 14a, or 14b, the increase in net tax capacity must be added to the original net tax capacity.

(e) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property

upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

(f) If a parcel of property contained a substandard building that was demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building was demolished or removed, but applying the class rates for the current year.

(g) For a redevelopment district qualifying under section 469.174, subdivision 10, paragraph (a), clause (4), as a qualified disaster area, the auditor shall certify the value of the land as the original tax capacity for any parcel in the district that contains a building that suffered substantial damage as a result of the disaster or emergency.

EFFECTIVE DATE. This section is effective for improvements made to tax exempt property made after June 30, 2006.

Sec. 10. Minnesota Statutes 2004, section 469.1771, subdivision 2a, is amended to read:

(2) 100 percent of the amount of tax increment that otherwise would be distributed, if the distribution is made after December 31 of the year in which the disclosure or report was required to be made or submitted.

(c) Upon receiving the copy of the disclosure and all of the reports described in paragraph (a) with respect to a district regarding which the state auditor has mailed to the county auditor a written notice to hold distribution of tax increment, the state auditor shall mail to the county auditor a written notice lifting the hold and authorizing the county auditor to distribute to the authority or municipality any tax increment that the county auditor had held pursuant to paragraph (b). The state auditor shall mail the written notice required by this paragraph within five working days after receiving the last outstanding item. The county auditor shall distribute the tax increment to the authority or municipality within 15 working days after receiving the written notice required by this paragraph.

(d) Notwithstanding any law to the contrary, any interest that accrues on tax increment while it is being held by the county auditor pursuant to paragraph (b) is not tax increment and may be retained by the county.

(e) For purposes of sections 469.176, subdivisions 1a to 1g, and 469.177, subdivision 11, tax increment being held by the county auditor pursuant to paragraph (b) is considered distributed to or received by the authority or municipality as of the time that it would have been distributed or received but for paragraph (b).

EFFECTIVE DATE. This section is effective for disclosures and reports required to be filed after December 30, 2006.

If more than one mineral, metal, or energy resource referred to in section 298.016 is mined and processed at the same mine and plant, a gross income for each mineral, metal, or energy resource must be determined separately. The gross incomes may be combined on one occupation tax return to arrive at the gross income of all production.

(b) In applying section 290.191, subdivision 5, transfers of ores are deemed to be sales ~~outside in this state if the ores are transported out of this state after the ores have been converted to a marketable quality.~~

EFFECTIVE DATE. This section is effective for tax years beginning after December 31, 2005.

Sec. 4. Minnesota Statutes 2004, section 298.01, subdivision 3b, is amended to read:

The allowable deductions from a mine or plant that mines and produces more than one mineral, metal, or energy resource must be determined separately for the purposes of computing the deduction in section 290.01, subdivision 19c, clause (9). These deductions may be combined on one occupation tax return to arrive at the deduction from gross income for all production.

(b) The provisions of section 290.01, subdivisions 19c, clauses (6) and (9), and 19d, clauses (7) and (11), are not used to determine taxable income.

A person subject to occupation tax under this section shall apportion its net income on the basis of the percentage obtained by taking the sum of:

(1) 75 percent of the percentage which the sales made within this state in connection with the trade or business during the tax period are of the total sales wherever made in connection with the trade or business during the tax period;

(2) 12.5 percent of the percentage which the total tangible property used by the taxpayer in this state in connection with the trade or business during the tax period is of the total tangible property, wherever located, used by the taxpayer in connection with the trade or business during the tax period; and

(b) Mine value is the value, or selling price, of iron ore or taconite concentrates, f.o.b. mine. The mine value is calculated by multiplying the iron unit price for the period, as determined by the commissioner, by the tons produced and the weighted average analysis.

(c) In applying section 290.191, subdivision 5, transfers of iron ore and taconite concentrates are deemed to be sales outside in this state ~~if the iron ore or taconite concentrates are transported out of this state after the raw iron ore and taconite concentrates have been converted to a marketable quality.~~

(d) If iron ore or taconite and a mineral, metal, or energy resource referred to in section 298.016 is mined and processed at the same mine and plant, a gross income for each mineral, metal, or energy resource must be determined separately from the mine value for the iron ore or taconite. The ratio of mine value from iron ore, taconite concentrates, and direct reduced ore to gross proceeds from mining other ores must be applied to deductions common to both processes to determine taxable income for tax paid pursuant to subdivisions 3 and 4.

EFFECTIVE DATE. This section is effective for tax years beginning after December 31, 2005.

If a producer uses money from the fund to procure haulage trucks, mobile equipment, or mining shovels, and the producer removes the piece of equipment from the taconite tax relief area defined in section 273.134 within ten years from the date of receipt of the money from the fund, a portion of the money granted from the fund must be repaid to the taconite economic development fund. If a taconite production facility is sold after operations at the facility had ceased, any money remaining in the fund for the former producer may be released to the purchaser of the facility on the terms otherwise applicable to the former producer under this section. If a producer fails to provide matching funds for a proposed expenditure within six months after the commissioner approves release of the funds, the funds are available for release to another producer in proportion to the distribution provided and under the conditions of this section. Any portion of the fund which is not released by the commissioner within two years of its deposit in the fund shall be divided between the taconite environmental protection fund created in section 298.223 and the Douglas J. Johnson economic protection trust fund created in section 298.292 for placement in their respective special accounts.
