EARLY CHILDHOOD THROUGH GRADE 12 EDUCATION

Section 1. Minnesota Statutes 2006, section 121A.19, is amended to read:

121A.19 DEVELOPMENTAL SCREENING AID.

Each school year, the state must pay a district for each child or student screened by the district according to the requirements of section 121A.17. The amount of state aid for each child or student screened shall be: (1) $50-$75 for a child screened at age three; (2) $40-$50 for a child screened at age four; (3) $30-$40 for a child screened at age five or six prior to kindergarten; and (4) $30 for a student screened within 30 days after first enrolling in a public school kindergarten if the student has not previously been screened according to the requirements of section 121A.17. If this amount of aid is insufficient, the district may permanently transfer from the general fund an amount that, when added to the aid, is sufficient. Developmental screening aid shall not be paid for any student who is screened more than 30 days after the first day of attendance at a public school kindergarten, except if a student transfers to another public school kindergarten within 30 days after first enrolling in a Minnesota public school kindergarten program. In this case, if the student has not been screened, the district to which the student transfers may receive developmental screening aid for screening that student when the screening is performed within 30 days of the transfer date.

Sec. 2. Minnesota Statutes 2006, section 122A.21, is amended to read:

122A.21 TEACHERS' AND ADMINISTRATORS' LICENSES; FEES.

Subdivision 1. Licensure applications. Each application for the issuance, renewal, or extension of a license to teach, including applications for licensure via portfolio under subdivision 2, must be accompanied by a processing fee of $57. Each application for issuing, renewing, or extending the license of a school administrator or supervisor must be accompanied by a processing fee in the amount set by the Board of Teaching. The processing fee for a teacher's license and for the licenses of supervisory personnel must be paid to the executive secretary of the appropriate board. The executive secretary of the board shall deposit the fees with the commissioner of finance. The fees as set by the board are nonrefundable for applicants not qualifying for a license. However, a fee must be refunded by the commissioner of finance in any case in which the applicant already holds a valid unexpired license. The board may waive or reduce fees for applicants who apply at the same time for more than one license.

Subd. 2. Licensure via portfolio. (a) An eligible candidate may use licensure via portfolio to obtain an initial licensure or to add a licensure field, consistent with the applicable Board of Teaching licensure rules.
(b) A candidate for initial licensure must submit to the Educator Licensing Division at the department one portfolio demonstrating pedagogical competence and one portfolio demonstrating content competence.

(c) A candidate seeking to add a licensure field must submit to the Educator Licensing Division at the department one portfolio demonstrating content competence.

(d) A candidate must pay to the executive secretary of the Board of Teaching a $300 fee for the first portfolio submitted for review and a $200 fee for any portfolio submitted subsequently. The fees must be paid to the executive secretary of the Board of Teaching. The revenue generated from the fee must be deposited in an education licensure portfolio account in the special revenue fund. The fees set by the Board of Teaching are nonrefundable for applicants not qualifying for a license. The Board of Teaching may waive or reduce fees for candidates based on financial need.

Sec. 3. Minnesota Statutes 2007 Supplement, section 123B.54, is amended to read:

123B.54 DEBT SERVICE APPROPRIATION.

(a) $14,813,000 $14,814,000 in fiscal year 2008, $14,124,000 $9,109,000 in fiscal year 2009, $8,866,000 $7,286,000 in fiscal year 2010, and $6,631,000 $6,878,000 in fiscal year 2011 and later are appropriated from the general fund to the commissioner of education for payment of debt service equalization aid under section 123B.53.

(b) The appropriations in paragraph (a) must be reduced by the amount of any money specifically appropriated for the same purpose in any year from any state fund.

Sec. 4. Minnesota Statutes 2006, section 123B.59, subdivision 1, is amended to read:

Subdivision 1. To qualify. (a) An independent or special school district qualifies to participate in the alternative facilities bonding and levy program if the district has:

(1) more than 66 students per grade;

(2) over 1,850,000 square feet of space and the average age of building space is 15 years or older or over 1,500,000 square feet and the average age of building space is 35 years or older;

(3) insufficient funds from projected health and safety revenue and capital facilities revenue to meet the requirements for deferred maintenance, to make accessibility improvements, or to make fire, safety, or health repairs; and

(4) a ten-year facility plan approved by the commissioner according to subdivision 2.

(b) An independent or special school district not eligible to participate in the alternative facilities bonding and levy program under paragraph (a) qualifies for limited participation in the program if the district has:

(1) one or more health and safety projects with an estimated cost of $500,000 or more per site that would qualify for health and safety revenue except for the project size limitation in section 123B.57, subdivision 1, paragraph (b); and

(2) insufficient funds from capital facilities revenue to fund those projects.

(c) Notwithstanding the square footage limitation in paragraph (a), clause (2), a school district that qualified for eligibility under paragraph (a) as of July 1, 2007,
remains eligible for funding under this section as long as the district continues to meet the requirements of paragraph (a), clauses (1), (3), and (4).

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2006, section 123B.62, is amended to read:

**123B.62 BONDS FOR CERTAIN CAPITAL FACILITIES.**

(a) In addition to other bonding authority, with approval of the commissioner, a district may issue general obligation bonds for certain capital projects under this section. The bonds must be used only to make capital improvements including:

(1) under section 126C.10, subdivision 14, total operating capital revenue uses specified in clauses (4), (6), (7), (8), (9), and (10);

(2) the cost of energy modifications;

(3) improving disability accessibility to school buildings; and

(4) bringing school buildings into compliance with life and safety codes and fire codes; and

(b) Before a district issues bonds under this subdivision, it must publish notice of the intended projects, the amount of the bond issue, and the total amount of district indebtedness.

(c) A bond issue tentatively authorized by the board under this subdivision becomes finally authorized unless a petition signed by more than 15 percent of the registered voters of the district is filed with the school board within 30 days of the board's adoption of a resolution stating the board's intention to issue bonds. The percentage is to be determined with reference to the number of registered voters in the district on the last day before the petition is filed with the board. The petition must call for a referendum on the question of whether to issue the bonds for the projects under this section. The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this section.

(d) The bonds must be paid off within ten 15 years of issuance. The bonds must be issued in compliance with chapter 475, except as otherwise provided in this section. A tax levy must be made for the payment of principal and interest on the bonds in accordance with section 475.61. The sum of the tax levies under this section and section 123B.61 for each year must not exceed the limit specified in section 123B.61. The levy for each year must be reduced as provided in section 123B.61. A district using an excess amount in the debt redemption fund to retire the bonds shall report the amount used for this purpose to the commissioner by July 15 of the following fiscal year. A district having an outstanding capital loan under section 126C.69 or an outstanding debt service loan under section 126C.68 must not use an excess amount in the debt redemption fund to retire the bonds.

(e) Notwithstanding paragraph (d), bonds issued by a district within the first five years following voter approval of a combination according to section 123A.37, subdivision 2, must be paid off within 20 years of issuance. All the other provisions and limitation of paragraph (d) apply.

Sec. 7. Minnesota Statutes 2006, section 124D.04, subdivision 6, is amended to read:

Subd. 6. **Tuition payments.** (a) In each odd-numbered year, before March 1, the commissioner must agree to rates of tuition for Minnesota elementary and secondary pupils attending in other states for the next two fiscal years when the other state agrees to negotiate tuition rates. The commissioner must negotiate equal, reciprocal rates with the designated authority in each state for pupils who reside in an adjoining state and enroll in a Minnesota district. The rates must be at least equal to the tuition specified in section 124D.05, subdivision 1. If the other state does not agree to negotiate a general tuition rate, a Minnesota school district may negotiate a tuition rate with the school district in the other state that sends a pupil to or receives a pupil from the Minnesota school district. The tuition rate for a pupil with a disability must be equal to the actual cost of instruction and services provided. The resident district of a Minnesota pupil attending in another state under this section must pay the amount of tuition agreed upon in this section to the district of attendance, prorated on the basis of the proportion of the school year attended.

(b) Notwithstanding paragraph (a) and subdivision 9, if an agreement is reached between the state of Minnesota and an adjoining state pursuant to section 124D.041, the provisions of section 124D.041 and the agreement shall apply to all enrollment transfers between Minnesota and the adjoining state, and provisions of paragraph (a) and subdivision 9 shall not apply.

Sec. 9. Minnesota Statutes 2006, section 124D.04, subdivision 9, is amended to read:

Subd. 9. **Appeal to the commissioner.** If a Minnesota school district cannot agree with an adjoining state on a tuition rate for a Minnesota student attending school in that state and that state has met the requirements in subdivision 8, then the student’s parent or guardian may request that the commissioner agree on set a tuition rate for the student. The Minnesota district must pay the amount of tuition the commissioner agrees upon sets.

revenue and alternative teacher compensation revenue, and referendum equalization aid attributable to a pupil, calculated using the resident district's average general education revenue and referendum equalization aid per adjusted pupil unit for the fraction of the school day the pupil receives services under the contract. This includes children who are residents of the state, receive services under this subdivision and subdivision 1, and are placed in a care and treatment facility by court action in a state that does not have a reciprocity agreement with the commissioner under section 125A.155 as provided for in section 125A.79, subdivision 8;

(b) If an agreement is reached between the state of Minnesota and an adjoining state pursuant to section 124D.041 that requires a special education tuition payment from an adjoining state to the state of Minnesota, the special education aid appropriation for that year and the state total special education aid under subdivision 4 shall be increased by the amount of the payment.
(c) If an agreement is reached between the state of Minnesota and an adjoining state pursuant to section 124D.041 that requires special education tuition payments to be made between the two states and not between districts in the two states, the special education aid for a Minnesota school district serving a student with a disability from the adjoining state shall be calculated according to section 127A.47, subdivision 7, except that no reduction shall be made in the special education aid paid to the resident district.

Sec. 20. Minnesota Statutes 2006, section 126C.10, subdivision 31, is amended to read:

Subd. 31. Transition revenue. (a) A district's transition allowance equals the greater of zero or the product of the ratio of the number of adjusted marginal cost pupil units the district would have counted for fiscal year 2004 under Minnesota Statutes 2002 to the district's adjusted marginal cost pupil units for fiscal year 2004, times the difference between: (1) the lesser of the district's general education revenue per adjusted marginal cost pupil unit for fiscal year 2003 or the amount of general education revenue the district would have received per adjusted marginal cost pupil unit for fiscal year 2004 according to Minnesota Statutes 2002, and (2) the district's general education revenue for fiscal year 2004 excluding transition revenue divided by the number of adjusted marginal cost pupil units the district would have counted for fiscal year 2004 under Minnesota Statutes 2002.

(b) A district's transition revenue for fiscal years 2006 and later through 2009 equals the sum of the product of the district's transition allowance times the district's adjusted marginal cost pupil units plus the district's transition for prekindergarten revenue under subdivision 31a.

(c) A district's transition revenue for fiscal year 2010 and later equals the sum of the product of the district's transition allowance times the district's adjusted marginal cost pupil units plus the district's transition for prekindergarten revenue under subdivision 31a plus the district's transition for tuition reciprocity revenue under subdivision 31c.

Sec. 21. Minnesota Statutes 2006, section 126C.10, is amended by adding a subdivision to read:

Subd. 31c. Transition for tuition reciprocity revenue. For the first year that a tuition reciprocity agreement with an adjoining state is in effect under section 124D.041 and later, a school district's transition for tuition reciprocity revenue equals the greater of zero or the difference between the sum of the general education revenue and net tuition revenue the district would have received for pupils enrolled under section 124D.041 for the first year the agreement is in effect if the agreement had not been in effect, and the sum of the district's general education revenue and net tuition revenue for the first year the agreement is in effect.

Sec. 22. Minnesota Statutes 2006, section 126C.17, subdivision 9, is amended to read:

Subd. 9. Referendum revenue. (a) The revenue authorized by section 126C.10, subdivision 1, may be increased in the amount approved by the voters of the district at a referendum called for the purpose. The referendum may be called by the board or shall be called by the board upon written petition of qualified voters of the district. The referendum must be conducted one or two calendar years before the increased levy authority, if approved, first becomes payable. Only one election to approve an increase may be held in a calendar year. Unless the referendum is conducted by mail under paragraph (g), the referendum must be held on the first Tuesday after the first Monday in November. The
ballot must state the maximum amount of the increased revenue per resident marginal cost pupil unit. The ballot may state a schedule, determined by the board, of increased revenue per resident marginal cost pupil unit that differs from year to year over the number of years for which the increased revenue is authorized or may state that the amount shall increase annually by the rate of inflation. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under subdivision 2, paragraph (b). The ballot may state that existing referendum levy authority is expiring. In this case, the ballot may also compare the proposed levy authority to the existing expiring levy authority, and express the proposed increase as the amount, if any, over the expiring referendum levy authority. The ballot must designate the specific number of years, not to exceed ten, for which the referendum authorization applies. The ballot, including a ballot on the question to revoke or reduce the increased revenue amount under paragraph (c), must abbreviate the term "per resident marginal cost pupil unit" as "per pupil." The notice required under section 275.60 may be modified to read, in cases of renewing existing levies at the same amount per pupil as in the previous year:

"BY VOTING "YES" ON THIS BALLOT QUESTION, YOU MAY BE VOTING FOR A PROPERTY TAX INCREASE ARE VOTING TO EXTEND AN EXISTING PROPERTY TAX REFERENDUM THAT IS SCHEDULED TO EXPIRE."

The ballot may contain a textual portion with the information required in this subdivision and a question stating substantially the following:

"Shall the increase in the revenue proposed by (petition to) the board of ........, School District No. ..., be approved?"

If approved, an amount equal to the approved revenue per resident marginal cost pupil unit times the resident marginal cost pupil units for the school year beginning in the year after the levy is certified shall be authorized for certification for the number of years approved, if applicable, or until revoked or reduced by the voters of the district at a subsequent referendum.

(b) The board must prepare and deliver by first class mail at least 15 days but no more than 30 days before the day of the referendum to each taxpayer a notice of the referendum and the proposed revenue increase. The board need not mail more than one notice to any taxpayer. For the purpose of giving mailed notice under this subdivision, owners must be those shown to be owners on the records of the county auditor or, in any county where tax statements are mailed by the county treasurer, on the records of the county treasurer. Every property owner whose name does not appear on the records of the county auditor or the county treasurer is deemed to have waived this mailed notice unless the owner has requested in writing that the county auditor or county treasurer, as the case may be, include the name on the records for this purpose. The notice must project the anticipated amount of tax increase in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the school district.

The notice for a referendum may state that an existing referendum levy is expiring and project the anticipated amount of increase over the existing referendum levy in the first year, if any, in annual dollars for typical residential homesteads, agricultural homesteads, apartments, and commercial-industrial property within the district.

The notice must include the following statement: "Passage of this referendum will result in an increase in your property taxes." However, in cases of renewing existing levies, the notice may include the following statement: "Passage of this referendum may
result in an increase in your property taxes extends an existing operating referendum at the same amount per pupil as in the previous year."

(c) A referendum on the question of revoking or reducing the increased revenue amount authorized pursuant to paragraph (a) may be called by the board and shall be called by the board upon the written petition of qualified voters of the district. A referendum to revoke or reduce the revenue amount must state the amount per resident marginal cost pupil unit by which the authority is to be reduced. Revenue authority approved by the voters of the district pursuant to paragraph (a) must be available to the school district at least once before it is subject to a referendum on its revocation or reduction for subsequent years. Only one revocation or reduction referendum may be held to revoke or reduce referendum revenue for any specific year and for years thereafter.

(d) A petition authorized by paragraph (a) or (c) is effective if signed by a number of qualified voters in excess of 15 percent of the registered voters of the district on the day the petition is filed with the board. A referendum invoked by petition must be held on the date specified in paragraph (a).

(e) The approval of 50 percent plus one of those voting on the question is required to pass a referendum authorized by this subdivision.

(f) At least 15 days before the day of the referendum, the district must submit a copy of the notice required under paragraph (b) to the commissioner and to the county auditor of each county in which the district is located. Within 15 days after the results of the referendum have been certified by the board, or in the case of a recount, the certification of the results of the recount by the canvassing board, the district must notify the commissioner of the results of the referendum.

**EFFECTIVE DATE.** This section is effective for elections conducted on or after July 1, 2008.

Sec. 23. Minnesota Statutes 2006, section 126C.40, subdivision 1, is amended to read:

**Subdivision 1. To lease building or land.** (a) When an independent or a special school district or a group of independent or special school districts finds it economically advantageous to rent or lease a building or land for any instructional purposes or for school storage or furniture repair, and it determines that the operating capital revenue authorized under section 126C.10, subdivision 13, is insufficient for this purpose, it may apply to the commissioner for permission to make an additional capital expenditure levy for this purpose. An application for permission to levy under this subdivision must contain financial justification for the proposed levy, the terms and conditions of the proposed lease, and a description of the space to be leased and its proposed use.

(b) The criteria for approval of applications to levy under this subdivision must include: the reasonableness of the price, the appropriateness of the space to the proposed activity, the feasibility of transporting pupils to the leased building or land, conformity of the lease to the laws and rules of the state of Minnesota, and the appropriateness of the proposed lease to the space needs and the financial condition of the district. The commissioner must not authorize a levy under this subdivision in an amount greater than the cost to the district of renting or leasing a building or land for approved purposes. The proceeds of this levy must not be used for custodial or other maintenance services. A district may not levy under this subdivision for the purpose of leasing or renting a district-owned building or site to itself.
(c) For agreements finalized after July 1, 1997, a district may not levy under this subdivision for the purpose of leasing: (1) a newly constructed building used primarily for regular kindergarten, elementary, or secondary instruction; or (2) a newly constructed building addition or additions used primarily for regular kindergarten, elementary, or secondary instruction that contains more than 20 percent of the square footage of the previously existing building.

(d) Notwithstanding paragraph (b), a district may levy under this subdivision for the purpose of leasing or renting a district-owned building or site to itself only if the amount is needed by the district to make payments required by a lease purchase agreement, installment purchase agreement, or other deferred payments agreement authorized by law, and the levy meets the requirements of paragraph (c). A levy authorized for a district by the commissioner under this paragraph may be in the amount needed by the district to make payments required by a lease purchase agreement, installment purchase agreement, or other deferred payments agreement authorized by law, provided that any agreement include a provision giving the school districts the right to terminate the agreement annually without penalty.

(e) The total levy under this subdivision for a district for any year must not exceed $150 times the resident pupil units for the fiscal year to which the levy is attributable.

(f) For agreements for which a review and comment have been submitted to the Department of Education after April 1, 1998, the term "instructional purpose" as used in this subdivision excludes expenditures on stadiums.

(g) The commissioner of education may authorize a school district to exceed the limit in paragraph (e) if the school district petitions the commissioner for approval. The commissioner shall grant approval to a school district to exceed the limit in paragraph (e) for not more than five years if the district meets the following criteria:

1. the school district has been experiencing pupil enrollment growth in the preceding five years;
2. the purpose of the increased levy is in the long-term public interest;
3. the purpose of the increased levy promotes colocation of government services; and
4. the purpose of the increased levy is in the long-term interest of the district by avoiding over construction of school facilities.

(h) A school district that is a member of an intermediate school district may include in its authority under this section the costs associated with leases of administrative and classroom space for intermediate school district programs. This authority must not exceed $43 times the adjusted marginal cost pupil units of the member districts. This authority is in addition to any other authority authorized under this section.

(i) In addition to the allowable capital levies in paragraph (a), a district that is a member of the "Technology and Information Education Systems" data processing joint board, that finds it economically advantageous to enter into a lease purchase agreement for a building for a group of school districts or special school districts for staff development purposes, may levy for its portion of lease costs attributed to the district within the total levy limit in paragraph (e).
Sec. 24. Minnesota Statutes 2007 Supplement, section 126C.44, is amended to read:

**126C.44 SAFE SCHOOLS LEVY.**

(a) Each district may make a levy on all taxable property located within the district for the purposes specified in this section. The maximum amount which may be levied for all costs under this section shall be equal to $30 multiplied by the district's adjusted marginal cost pupil units for the school year. The proceeds of the levy must be reserved and used for directly funding the following purposes or for reimbursing the cities and counties who contract with the district for the following purposes: (1) to pay the costs incurred for the salaries, benefits, and transportation costs of peace officers and sheriffs for liaison in services in the district's schools; (2) to pay the costs for a drug abuse prevention program as defined in section 609.101, subdivision 3, paragraph (e), in the elementary schools; (3) to pay the costs for a gang resistance education training curriculum in the district's schools; (4) to pay the costs for security in the district's schools and on school property; (5) to pay the costs for other crime prevention, drug abuse, student and staff safety, voluntary opt-in suicide prevention tools, and violence prevention measures taken by the school district; or (6) to pay costs for licensed school counselors, licensed school nurses, licensed school social workers, licensed school psychologists, and licensed alcohol and chemical dependency counselors to help provide early responses to problems. For expenditures under clause (1), the district must initially attempt to contract for services to be provided by peace officers or sheriffs with the police department of each city or the sheriff's department of the county within the district containing the school receiving the services. If a local police department or a county sheriff's department does not wish to provide the necessary services, the district may contract for these services with any other police or sheriff's department located entirely or partially within the school district's boundaries.

(b) A school district that is a member of an intermediate school district may include in its authority under this section the costs associated with safe schools activities authorized under paragraph (a) for intermediate school district programs. This authority must not exceed $10 times the adjusted marginal cost pupil units of the member districts. This authority is in addition to any other authority authorized under this section. Revenue raised under this paragraph must be transferred to the intermediate school district.

(c) If a school district spends must set aside at least $3 per adjusted marginal cost pupil unit of the safe schools levy proceeds for the purposes authorized under paragraph (a), clause (6). The district must annually certify that its total spending on services provided by the employees listed in paragraph (a), clause (6), is not less than the sum of its expenditures for these purposes, excluding amounts spent under this section, in the previous year plus the amount spent under this section.

**EFFECTIVE DATE.** This section is effective for revenue for fiscal year 2010.

Sec. 25. Minnesota Statutes 2006, section 126C.45, is amended to read:

**126C.45 ICE ARENA LEVY.**

(a) Each year, an independent school district operating and maintaining an ice arena, may levy for the net operational costs of the ice arena. The levy may not exceed 90 percent of the net actual costs of operation of the arena for the previous year. Net actual costs are defined as operating costs less any operating revenues.
(b) Any district operating and maintaining an ice arena must demonstrate to the satisfaction of the Office of Monitoring in the department that the district will offer equal sports opportunities for male and female students to use its ice arena, particularly in areas of access to prime practice time, team support, and providing junior varsity and younger level teams for girls' ice sports and ice sports offerings.

Sec. 26. Minnesota Statutes 2006, section 126C.51, is amended to read:

126C.51 APPLICATION OF LIMITING TAX LEGISLATION.

Notwithstanding the provisions of section 471.69 or 471.75, or of any other provision of law which by per capita limitation, local tax rate limitation, or otherwise, limits the power of a district to incur any debt or to issue any warrant or order, a school district or intermediate school district has the powers in sections 126C.50 to 126C.56 specifically conferred upon it and all powers incident and necessary to carrying out the purposes of sections 126C.50 to 126C.56.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 27. Minnesota Statutes 2006, section 126C.52, subdivision 2, is amended to read:

Subd. 2. Limitations. The board of any school district may also borrow money in the manner and subject to the limitations set forth in sections 126C.50 to 126C.56 in anticipation of receipt of state aids for schools as defined in Minnesota Statutes and of federal school aids to be distributed by or through the department. The aggregate of such borrowings under this subdivision shall never exceed 75 percent of such aids which are receivable by said school district in the school fiscal year (from July 1 to June 30) in which the money is borrowed, as estimated and certified by the commissioner.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 28. Minnesota Statutes 2006, section 126C.52, is amended by adding a subdivision to read:

Subd. 3. Intermediate school districts. (a) The board of an intermediate school district may borrow money in the manner and subject to the limitations set forth in sections 126C.50 to 126C.56 in anticipation of the receipt of:

(1) state aids for schools as defined in Minnesota Statutes;

(2) federal school aids to be distributed by or through the department; and

(3) membership fees and tuition payments from its member school districts.

The aggregate of such borrowings under this subdivision shall never exceed 75 percent of such aids, fees, and tuition payments which are receivable by the intermediate school district in the fiscal year in which the money is borrowed, as estimated and certified by the commissioner.

(b) The board of an intermediate school district may, upon receipt of a written resolution by each of its member school districts, pledge the member district's full faith and credit and unlimited taxing powers to repay each member district's pro rata share of any certificates issued or the amount paid by the state under section 126C.55, subdivision 2, plus interest, if the revenues specified in paragraph (a) and any other revenues of the intermediate school district are insufficient to do so.
EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 29. Minnesota Statutes 2006, section 126C.53, is amended to read:

126C.53 ENABLING RESOLUTION; FORM OF CERTIFICATES OF INDEBTEDNESS.

The board of a school district or intermediate school district may authorize and effect such borrowing, and may issue such certificates of indebtedness upon passage of a resolution specifying the amount and purposes for which it deems such borrowing is necessary. The resolution must be adopted by a vote of at least two-thirds of its members. The board must fix the amount, date, maturity, form, denomination, and other details of the certificates of indebtedness, not inconsistent with this chapter. The board must fix the date and place for receipt of bids for the purchase of the certificates when bids are required and direct the clerk to give notice of the date and place for bidding.

EFFECTIVE DATE. This section is effective the day following final enactment.

Sec. 30. Minnesota Statutes 2006, section 126C.55, is amended to read:

126C.55 STATE PAYMENT OF DEBT OBLIGATION UPON POTENTIAL DEFAULT; REPAYMENT; STATE OBLIGATION NOT DEBT.

Subdivision 1. Definitions. For the purposes of this section, the term "debt obligation" means:

(1) a tax or aid anticipation certificate of indebtedness issued under section 126C.52;

(2) a certificate of participation issued under section 126C.40, subdivision 6; or

(3) a general obligation bond.

Subd. 2. Notifications; payment; appropriation. (a) If a school district or intermediate school district believes that it may be unable to make a principal or interest payment on any outstanding debt obligation on the date that payment is due, it must notify the commissioner as soon as possible, but not less than 15 working days before the date that principal or interest payment is due. The notice must include the name of the school district or intermediate school district, an identification of the debt obligation issue in question, the date the payment is due, the amount of principal and interest due on the payment date, the amount of principal or interest that the school district or intermediate school district will be unable to repay on that date, the paying agent for the debt obligation, the wire transfer instructions to transfer funds to that paying agent, and an indication as to whether a payment is being requested by the school district or intermediate school district under this section. If a paying agent becomes aware of a potential default, it shall inform the commissioner of that fact. After receipt of a notice which requests a payment under this section, after consultation with the school district or intermediate school district and the paying agent, and after verification of the accuracy of the information provided, the commissioner shall notify the commissioner of finance of the potential default. The notice must include a final figure as to the amount due that the school district or intermediate school district will be unable to repay on the date due.

(b) Except as provided in subdivision 9, upon receipt of this notice from the commissioner, the commissioner of finance shall issue a warrant and authorize the commissioner of education to pay to the paying agent for the debt obligation the specified...
amount on or before the date due. The amounts needed for the purposes of this subdivision are annually appropriated to the department from the state general fund.

(c) The Departments of Education and Finance must jointly develop detailed procedures for school districts and intermediate school districts to notify the state that they have obligated themselves to be bound by the provisions of this section, procedures for school districts or intermediate school districts and paying agents to notify the state of potential defaults and to request state payment under this section, and procedures for the state to expedite payments to prevent defaults. The procedures are not subject to chapter 14.

Subd. 3. School district bound; interest rate on state paid amount. If, at the request of a school district or intermediate school district, the state has paid part or all of the principal or interest due on a district's debt obligation on a specific date, the school district or intermediate school district is bound by all provisions of this section and the amount paid shall bear taxable interest from the date paid until the date of repayment at the invested cash rate as it is certified by the commissioner of finance. Interest shall only accrue on the amounts paid and outstanding less the reduction in aid under subdivision 4 and other payments received from the district.

Subd. 4. Pledge of district's full faith and credit. If, at the request of a school district or intermediate school district, the state has paid part or all of the principal or interest due on a district's debt obligation on a specific date, the pledge of the full faith and credit and unlimited taxing powers of the school district or the member districts of the intermediate district to repay the principal and interest due on those debt obligations shall also, without an election or the requirement of a further authorization, become a pledge of the full faith and credit and unlimited taxing powers of the school district or the member districts of the intermediate district to repay to the state the amount paid, with interest. Amounts paid by the state must be repaid in the order in which the state payments were made.

Subd. 4a. Aid reduction for repayment. (a) Except as provided in this subdivision, the state must reduce the state aid payable to the school district or intermediate school district under this chapter and chapters 122A, 123A, 123B, 124D, 125A, 126C, and 273 by the amount paid by the state under this section on behalf of the district, plus the interest due on it, and the amount reduced must revert from the appropriate account to the state general fund. Payments from the school district endowment fund or any federal aid payments shall not be reduced.

(b) For an intermediate school district, the state aid payable to the intermediate school district must first be reduced, before any reduction is made to the state aids payable to the member districts. If the state aid payable to the intermediate school district is not sufficient to repay the state, state aid payable to member districts may be reduced proportionately based on the ratio of each member district's adjusted net tax capacity to the total adjusted net tax capacity of all member districts.

(c) If, after review of the financial situation of the school district or intermediate school district, the commissioner advises the commissioner of finance that a total reduction of aids would cause an undue hardship on or an undue disruption of the educational program of the district, the commissioner, with the approval of the commissioner of finance, may establish a different schedule for reduction of aids to repay the state. The amount of aids to be reduced is decreased by any amounts repaid to the state by the district from other revenue sources.
Subd. 6. **Tax levy for repayment.** (a) With the approval of the commissioner, a district may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the district. The proceeds of this levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the school district. This levy shall be an increase in the levy limits of the district for purposes of section 275.065, subdivision 6. The amount of aids to be reduced to repay the state shall be decreased by the amount levied. This levy by the district is not eligible for debt service equalization under section 123B.53.

(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state makes the payment, the commissioner shall require the district to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the school district. To prevent undue hardship, the commissioner may allow the district to certify the levy over a five-year period. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess shall be used to repay other state payments made under this section or shall be deposited in the debt redemption fund of the district. This levy shall be an increase in the levy limits of the school district for purposes of section 275.065, subdivision 6. If the commissioner orders the district to levy, the amount of aids reduced to repay the state shall be decreased by the amount levied. This levy by the district is not eligible for debt service equalization under section 123B.53 or any successor provision. A levy under this subdivision must be explained as a specific increase at the meeting required under section 275.065, subdivision 6.

(c) For an intermediate district, a levy made by a member district under paragraph (a) or (b) to pay its pro rata share must be spread by the commissioner as a tax rate based on the total adjusted net tax capacity of the member school districts. The proceeds of the levy must be remitted by the member school district to the intermediate school district and must be used by the intermediate district only to repay the state amounts owed. Any amount in excess of the amount owed to the state must be repaid to the member school districts and the commissioner shall adjust each member district's property tax levy in the next year.

Subd. 7. **Election as to mandatory application.** A school district or intermediate school district may covenant and obligate itself, prior to the issuance of an issue of debt obligations, to notify the commissioner of a potential default and to use the provisions of this section to guarantee payment of the principal and interest on those debt obligations when due. If the district obligates itself to be bound by this section, it must covenant in the resolution that authorizes the issuance of the debt obligations to deposit with the paying agent three business days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the commissioner under subdivision 1 that it will be unable to make all or a portion of that payment. A district that has obligated itself must include a provision in its agreement with the paying agent for that issue that requires the paying agent to inform the commissioner if it becomes aware of a potential default in the payment of principal or interest on that issue or if, on the day two business days prior to the date a payment is due on that issue, there are insufficient funds to make the payment on deposit with the paying agent. Funds invested in a refunding escrow account established under section 475.67 that are to become available to the paying agent on a
principal or interest payment date are deemed to be on deposit with the paying agent three business days before the payment date. If a district either covenants to be bound by this section or accepts state payments under this section to prevent a default of a particular issue of debt obligations, the provisions of this section shall be binding as to that issue as long as any debt obligation of that issue remain outstanding. If the provisions of this section are or become binding for more than one issue of debt obligations and a district is unable to make payments on one or more of those issues, the district must continue to make payments on the remaining issues.

Subd. 8. Mandatory plan; technical assistance. If the state makes payments on behalf of a school district or intermediate school district under this section or the district defaults in the payment of principal or interest on an outstanding debt obligation, it must submit a plan to the commissioner for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. The department must provide technical assistance to the district in preparing its plan. If the commissioner determines that a district's plan is not adequate, the commissioner shall notify the district that the plan has been disapproved, the reasons for the disapproval, and that the state shall not make future payments under this section for debt obligations issued after the date specified in that notice until its plan is approved. The commissioner may also notify the district that until its plan is approved, other aids due the district will be withheld after a date specified in the notice.

Subd. 9. State bond rating. The commissioner must obtain input from counties inside and outside the seven-county metropolitan area, recycling and composting facilities, waste haulers, environmental organizations, and other interested parties in preparing the report. The report must also contain estimates of the economic costs of implementing the strategies. This is a onetime appropriation.

Water supply plans or updates submitted after December 31, 2008, must be consistent with the metropolitan area master water supply plan required under section 473.1565, subdivision 1, paragraph (a), clause (2).

(c) Public water suppliers serving more than 1,000 people must employ water use demand reduction measures, including a conservation rate structure, as defined in subdivision 4, paragraph (a), unless exempted under subdivision 4, paragraph (c), before requesting approval from the commissioner of health under section 144.383, paragraph (a), to construct a public water supply well or requesting an increase in the authorized
volume of appropriation. Demand reduction measures must include evaluation of conservation rate structures and a public education program that may include a toilet and showerhead retrofit program.

The rate structure must consider each residential unit as an individual user in multiple-family dwellings.

(b) To encourage conservation, a public water supplier serving more than 1,000 people in the metropolitan area, as defined in section 473.121, subdivision 2, shall use a conservation rate structure by January 1, 2010. All remaining public water suppliers serving more than 1,000 people shall use a conservation rate structure by January 1, 2013.

(c) A public water supplier without the proper measuring equipment to track the amount of water used by its users, as of the effective date of this act, is exempt from this subdivision and the conservation rate structure requirement under subdivision 3, paragraph (c).

Sec. 22. Minnesota Statutes 2006, section 103G.615, subdivision 2, is amended to read:

Subd. 2. **Fees.** (a) The commissioner shall establish a fee schedule for permits to control or harvest aquatic plants other than wild rice. The fees must be set by rule, and section 16A.1283 does not apply, but the rule must not take effect until 45 legislative days after it has been reported to the legislature. The fees may not exceed $750 per permit shall be based upon the cost of receiving, processing, analyzing, and issuing the permit, and additional costs incurred after the application to inspect and monitor the activities authorized by the permit, and enforce aquatic plant management rules and permit requirements.

(b) The fee for a permit for the control of rooted aquatic vegetation for each contiguous parcel of shoreline owned by an owner may be charged. This fee may not be charged for permits issued in connection with purple loosestrife control or lakewide Eurasian water milfoil control programs.

(c) A fee may not be charged to the state or a federal governmental agency applying for a permit.

(d) The money received for the permits under this subdivision shall be deposited in the treasury and credited to the water recreation account.

**EFFECTIVE DATE.** This section is effective July 1, 2009, if the constitutional amendment proposed in Laws 2008, chapter 151, is adopted by the voters.

Sec. 24. Minnesota Statutes 2006, section 116.07, subdivision 4, is amended to read:

Subd. 4. **Rules and standards.** Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the Pollution Control Agency may adopt, amend and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1967, chapter 882, for the prevention, abatement, or control of air pollution. Any such rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, rules or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the Pollution Control Agency may adopt, amend, and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1969, chapter 1046, for the collection, transportation, storage, processing, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. The agency shall adopt such rules and standards for sewage sludge, addressing the intrinsic suitability of land, the volume and rate of application of sewage sludge of various degrees of intrinsic hazard, design of facilities, and operation of facilities and sites. Any such rule or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, rules or standards may relate to collection, transportation, processing, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control of collection, transportation, processing, and disposal of solid waste and sewage sludge, and the deposit in or on land of any other material that may tend to cause pollution. By January 1, 1983, the rules for the management of sewage sludge shall include an analysis of the sewage sludge determined by the commissioner of agriculture to be necessary to meet the soil amendment labeling requirements of section 18C.215. The rules for the disposal of solid waste shall include site-specific criteria to prohibit solid waste disposal based on the area's sensitivity to groundwater contamination, including site-specific testing. The rules shall also include modifications to financial assurance requirements under subdivision 4h that ensure the state is protected from financial responsibility for future groundwater contamination. Until the rules are modified to include site-specific criteria to prohibit areas from solid waste disposal due to groundwater contamination sensitivity, as required under this section, the agency shall not issue a permit for a new solid waste disposal facility, except for:

1) the reissuance of a permit for a land disposal facility operating as of March 1, 2008;
(2) a permit to expand a land disposal facility operating as of March 1, 2008, beyond its permitted boundaries, including expansion on land that is not contiguous to, but is located within 600 yards of, the land disposal facility's permitted boundaries;

(3) a permit to modify the type of waste accepted at a land disposal facility operating as of March 1, 2008;

(4) a permit to locate a disposal facility that accepts only construction debris as defined in section 115A.03, subdivision 7;

(5) a permit to locate a disposal facility that:

(i) accepts boiler ash from an electric energy power plant that has wet scrubbed units or has units that have been converted from wet scrubbed units to dry scrubbed units as those terms are defined in section 216B.68;

(ii) is on land that was owned on May 1, 2008, by the utility operating the electric energy power plant; and

(iii) is located within three miles of the existing ash disposal facility for the power plant; or

(6) a permit to locate a new solid waste disposal facility for ferrous metallic minerals regulated under Minnesota Rules, chapter 6130, or for nonferrous metallic minerals regulated under Minnesota Rules, chapter 6132.

Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the Pollution Control Agency may adopt, amend and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1971, chapter 727, for the prevention, abatement, or control of noise pollution. Any such rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, rules or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

As to any matters subject to this chapter, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the Pollution Control Agency.

Pursuant to chapter 14, the Pollution Control Agency may adopt, amend, and rescind rules and standards having the force of law relating to any purpose within the provisions of this chapter for generators of hazardous waste, the management, identification, labeling, classification, storage, collection, treatment, transportation, processing, and disposal of hazardous waste and the location of hazardous waste facilities. A rule or standard may be of general application throughout the state or may be limited as to time, places, circumstances, or conditions. In implementing its hazardous waste rules, the Pollution Control Agency shall give high priority to providing planning and technical assistance to hazardous waste generators. The agency shall assist generators in investigating the availability and feasibility of both interim and long-term hazardous waste management methods. The methods shall include waste reduction, waste separation, waste processing, resource recovery, and temporary storage.

The Pollution Control Agency shall give highest priority in the consideration of permits to authorize disposal of diseased shade trees by open burning at designated sites to

$7,217,000 the first year and $7,217,000 the second year are for prevention,
presuppression, and suppression costs of emergency firefighting and other costs incurred under Minnesota Statutes, section 88.12. Sec. 11. GREEN ECONOMY REPORT.

(a) Each state agency, other than the Iron Range Resources and Rehabilitation Board or the Office of the Commissioner of Iron Range Resources and Rehabilitation, that administers a loan or grant program must assess those programs to determine their potential to advance or promote the growth of the green economy, as defined in Minnesota Statutes, section 116J.437. An agency must report on its determination to the commissioner of commerce by September 15, 2008.

(b) If a program is determined to have significant potential, the agency must develop a plan to integrate program elements appropriate to that program to advance or promote the growth of the green economy in this state. An agency must report on its plan to the commissioner of commerce by November 15, 2008.

(c) The commissioner of commerce, in consultation with the commissioner of employment and economic development, must develop guidelines to be followed by state agencies in complying with this section.

(d) By January 15, 2009, the commissioner of commerce, in consultation with the commissioner of employment and economic development, must submit a report containing the plans developed under paragraph (b), and any recommended implementing legislation, to the chairs and ranking minority members of the senate and house committees with primary jurisdiction over energy, environmental and economic development policy, and finance.

(e) The commissioner of commerce may contract for services to fulfill the commissioner's duties under this section.

(6) four public members appointed by the senate Subcommittee on Committees of the Committee on Rules and Administration, including one member from a local economic development authority from the metropolitan area, one member from a statewide organization dedicated to furthering the green economy, one member from a firm currently engaged in green manufacturing, and one local workforce development representative from an area that has experienced significant manufacturing job loss.

(b) The commissioner of commerce, in cooperation with the commissioner of employment and economic development, shall provide staff support to the task force. The task force may accept outside resources to help support its efforts.

(c) Each of the legislative appointing authorities must name a cochair of the task force from the legislative members appointed by that authority.

Sec. 3. **AGRICULTURE**

$302,000 is a reduction in 2009. The commissioner shall make a reduction of $100,000 from agricultural marketing. $100,000 shall come from efficiencies gained by the merger of the Agriculture Resources Management and Development Division and the Agriculture Finance Division, and the remainder shall come from a reduction in administrative services in Saint Paul.

$1,000,000 in 2009 is for the livestock investment grant program in new Minnesota Statutes, section 17.118, if enacted. The commissioner may use up to 4-1/2 percent
of this appropriation for costs incurred to administer the program. This is a onetime appropriation and is available until spent.

The $200,000 appropriation in Laws 2007, chapter 45, article 1, section 3, subdivision 4, for a grant to the Elk River Economic Development Authority for a bioenergy project is canceled to the general fund.

$310,000 is a reduction in 2009 of the appropriation for ethanol producer payments in Laws 2007, chapter 45, article 1, section 3, subdivision 4. This reduction is onetime.

By January 15, 2009, the commissioner shall report to the house and senate committees with jurisdiction over agriculture finance a proposal for paying unpaid claimants of an entity no longer producing ethanol on a commercial scale at the location for which it qualified for producer payments.

Sec. 4. BOARD OF ANIMAL HEALTH.

Notwithstanding Minnesota Statutes, section 35.085, the Board of Animal Health shall make a onetime grant of up to $12,000 to a beef cattle producer from the $100,000 appropriation for reimbursements in Laws 2007, chapter 45, article 1, section 4. The eligible beef cattle producer is located outside of a bovine tuberculosis containment area and purchased certified tuberculosis-free cattle yet sustained financial losses beyond the producer's control due to restrictions imposed by the Board of Animal Health that effectively denied the producer the ability to sell the tuberculosis-free cattle during favorable market conditions.

Sec. 5. Minnesota Statutes 2006, section 41A.09, subdivision 3a, is amended to read:

Subd. 3a. Ethanol producer payments. (a) The commissioner shall make cash payments to producers of ethanol located in the state that have begun production at a specific location by June 30, 2000. For the purpose of this subdivision, an entity that holds a controlling interest in more than one ethanol plant is considered a single producer. The amount of the payment for each producer's annual production, except as provided in paragraph (c), is 20 cents per gallon for each gallon of ethanol produced at a specific location on or before June 30, 2000, or ten years after the start of production, whichever is later. Annually, within 90 days of the end of its fiscal year, an ethanol producer receiving payments under this subdivision must file a disclosure statement on a form provided by
the commissioner. The initial disclosure statement must include a summary description of the organization of the business structure of the claimant, a listing of the percentages of ownership by any person or other entity with an ownership interest of five percent or greater, and a copy of its annual audited financial statements, including the auditor's report and footnotes. The disclosure statement must include information demonstrating what percentage of the entity receiving payments under this section is owned by farmers or other entities eligible to farm or own agricultural land in Minnesota under the provisions of section 500.24. Subsequent annual reports must reflect noncumulative changes in ownership of ten percent or more of the entity. The report need not disclose the identity of the persons or entities eligible to farm or own agricultural land with ownership interests, individuals residing within 30 miles of the plant, or of any other entity with less than ten percent ownership interest, but the claimant must retain information within its files confirming the accuracy of the data provided. This data must be made available to the commissioner upon request. Not later than the 15th day of February in each year the commissioner shall deliver to the chairs of the standing committees of the senate and the house of representatives that deal with agricultural policy and agricultural finance issues an annual report summarizing aggregated data from plants receiving payments under this section during the preceding calendar year. Audited financial statements and notes and disclosure statements submitted to the commissioner are nonpublic data under section 13.02, subdivision 9. Notwithstanding the provisions of chapter 13 relating to nonpublic data, summaries of the submitted audited financial reports and notes and disclosure statements will be contained in the report to the committee chairs and will be public data.

(b) No payments shall be made for ethanol production that occurs after June 30, 2010. A producer of ethanol shall not transfer the producer's eligibility for payments under this section to an ethanol plant at a different location.

c) If the level of production at an ethanol plant increases due to an increase in the production capacity of the plant, the payment under paragraph (a) applies to the additional increment of production until ten years after the increased production began. Once a plant's production capacity reaches 15,000,000 gallons per year, no additional increment will qualify for the payment.

d) Total payments under paragraphs (a) and (c) to a producer in a fiscal year may not exceed $3,000,000.

e) By the last day of October, January, April, and July, each producer shall file a claim for payment for ethanol production during the preceding three calendar months. A producer that files a claim under this subdivision shall include a statement of the producer's total ethanol production in Minnesota during the quarter covered by the claim. For each claim and statement of total ethanol production filed under this subdivision, the volume of ethanol production must be examined by an independent certified public accountant in accordance with standards established by the American Institute of Certified Public Accountants.

(f) Payments shall be made November 15, February 15, May 15, and August 15. A separate payment shall be made for each claim filed. Except as provided in paragraph (g), the total quarterly payment to a producer under this paragraph may not exceed $750,000.

(g) Notwithstanding the quarterly payment limits of paragraph (f), the commissioner shall make an additional payment in the fourth quarter of each fiscal year to ethanol producers for the lesser of: (1) 20 cents per gallon of production in the fourth quarter of the year that is greater than 3,750,000 gallons; or (2) the total amount of payments lost during
the first three quarters of the fiscal year due to plant outages, repair, or major maintenance. Total payments to an ethanol producer in a fiscal year, including any payment under this paragraph, must not exceed the total amount the producer is eligible to receive based on the producer's approved production capacity. The provisions of this paragraph apply only to production losses that occur in quarters beginning after December 31, 1999.

(h) The commissioner shall reimburse ethanol producers for any deficiency in payments during earlier quarters if the deficiency occurred because of unallotment or because appropriated money was insufficient to make timely payments in the full amount provided in paragraph (a). Notwithstanding the quarterly or annual payment limitations in this subdivision, the commissioner shall begin making payments for earlier deficiencies in each fiscal year that appropriations for ethanol payments exceed the amount required to make eligible scheduled payments. Payments for earlier deficiencies must continue until the deficiencies for each producer are paid in full, except the commissioner shall not make a deficiency payment to an entity that no longer produces ethanol on a commercial scale at the location for which the entity qualified for producer payments, or to an assignee of the entity.

(i) The commissioner may make direct payments to producers of rural economic infrastructure with any amount of the annual appropriation for ethanol producer payments and rural economic infrastructure that is in excess of the amount required to make scheduled ethanol producer payments and deficiency payments under paragraphs (a) to (h).

Sec. 6. Laws 2007, chapter 45, article 1, section 3, subdivision 4, is amended to read:

Subd. 4. **Bioenergy and Value-Added Agricultural Products** 19,918,000 15,168,000

$15,168,000 the first year and $15,168,000 the second year are for ethanol producer payments under Minnesota Statutes, section 41A.09. If the total amount for which all producers are eligible in a quarter exceeds the amount available for payments, the commissioner shall make payments on a pro rata basis. If the appropriation exceeds the total amount for which all producers are eligible in a fiscal year for scheduled payments and for deficiencies in payments during previous fiscal years, the balance in the appropriation is available to the commissioner for value-added agricultural programs including the value-added agricultural product processing and marketing grant program under Minnesota Statutes, section 17.101, subdivision 5. The appropriation remains available until spent.

$3,000,000 the first year is for grants to bioenergy projects. The NextGen Energy Board shall make recommendations to the commissioner on grants for owners of
Minnesota facilities producing bioenergy, organizations that provide for on-station, on-farm field scale research and outreach to develop and test the agronomic and economic requirements of diverse stands of prairie plants and other perennials for bioenergy systems, or certain nongovernmental entities. For the purposes of this paragraph, "bioenergy" includes transportation fuels derived from cellulosic material as well as the generation of energy for commercial heat, industrial process heat, or electrical power from cellulosic material via gasification or other processes. The board must give priority to a bioenergy facility that is at least 60 percent owned and controlled by farmers, as defined in Minnesota Statutes, section 500.24, subdivision 2, paragraph (n), or natural persons residing in the county or counties contiguous to where the facility is located. Grants are limited to 50 percent of the cost of research, technical assistance, or equipment related to bioenergy production or $500,000, whichever is less. Grants to nongovernmental entities for the development of business plans and structures related to community ownership of eligible bioenergy facilities together may not exceed $150,000. The board shall make a good faith effort to select projects that have merit and when taken together represent a variety of bioenergy technologies, biomass feedstocks, and geographic regions of the state. Projects must have a qualified engineer certification on the technology and fuel source. Grantees shall provide reports at the request of the commissioner and must actively participate in the Agricultural Utilization Research Institute's Renewable Energy Roundtable. No later than February 1, 2009, the commissioner shall report on the projects funded under this appropriation to the house and senate committees with jurisdiction over agriculture finance. The commissioner's costs in administering the program may be paid from the appropriation. $350,000 the first year is for grants to the Minnesota Institute for Sustainable Agriculture at the University of Minnesota.
to provide funds for on-station and on-farm field scale research and outreach to develop and test the agronomic and economic requirements of diverse stands of prairie plants and other perennials for bioenergy systems including, but not limited to, multiple species selection and establishment, ecological management between planting and harvest, harvest technologies, financial and agronomic risk management, farmer goal setting and adoption of technologies, integration of wildlife habitat into management approaches, evaluation of carbon and other benefits, and robust policies needed to induce farmer conversion on marginal lands.* (The preceding text beginning "$350,000 the first year" was indicated as vetoed by the governor.)

$200,000 the first year is for a grant to the Minnesota Turf Seed Council for basic and applied agronomic research on native plants, including plant breeding, nutrient management, pest management, disease management, yield, and viability. The grant recipient may subcontract with a qualified third party for some or all of the basic or applied research. The grant recipient must actively participate in the Agricultural Utilization Research Institute's Renewable Energy Roundtable and no later than February 1, 2009, must report to the house and senate committees with jurisdiction over agriculture finance. This is a onetime appropriation and is available until spent.

$200,000 the first year is for a grant to a joint venture combined heat and power energy facility located in Scott or LeSueur County for the creation of a centrally located biomass fuel supply depot with the capability of unloading, processing, testing, scaling, and storing renewable biomass fuels. The grant must be matched by at least $3 of nonstate funds for every $1 of state funds. The grant recipient must actively participate in the Agricultural Utilization Research Institute's Renewable Energy Roundtable and no later than February 1, 2009, must report to the house and senate committees with jurisdiction over agriculture finance. This is
a onetime appropriation and is available until spent.

$300,000 the first year is for a grant to the Bois Forte Band of Chippewa for a feasibility study of a renewable energy biofuels demonstration facility on the Bois Forte Reservation in St. Louis and Koochiching Counties. The grant shall be used by the Bois Forte Band to conduct a detailed feasibility study of the economic and technical viability of developing a multistream renewable energy biofuels demonstration facility on Bois Forte Reservation land to utilize existing forest resources, woody biomass, and cellulosic material to produce biofuels or bioenergy. The grant recipient must actively participate in the Agricultural Utilization Research Institute's Renewable Energy Roundtable and no later than February 1, 2009, must report to the house and senate committees with jurisdiction over agriculture finance. This is a onetime appropriation and is available until spent.

$300,000 the first year is for a grant to the White Earth Band of Chippewa for a feasibility study of a renewable energy biofuels production, research, and production facility on the White Earth Reservation in Mahnomen County. The grant must be used by the White Earth Band and the University of Minnesota to conduct a detailed feasibility study of the economic and technical viability of (1) developing a multistream renewable energy biofuels demonstration facility on White Earth Reservation land to utilize existing forest resources, woody biomass, and cellulosic material to produce biofuels or bioenergy, and (2) developing, harvesting, and marketing native prairie plants and seeds for bioenergy production. The grant recipient must actively participate in the Agricultural Utilization Research Institute's Renewable Energy Roundtable and no later than February 1, 2009, must report to the house and senate committees with jurisdiction over agriculture finance. This is a onetime appropriation and is available until spent.
$200,000 the first year is for a grant to the Elk River Economic Development Authority for upfront engineering and a feasibility study of the Elk River renewable fuels facility. The facility must use a plasma gasification process to convert primarily cellulosic material, but may also use plastics and other components from municipal solid waste, as feedstock for the production of methanol for use in biodiesel production facilities. Any unencumbered balance in fiscal year 2008 does not cancel but is available for fiscal year 2009. Notwithstanding Minnesota Statutes, section 16A.285, the agency must not transfer this appropriation. The grant recipient must actively participate in the Agricultural Utilization Research Institute's Renewable Energy Roundtable and no later than February 1, 2009, must report to the house and senate committees with jurisdiction over agriculture finance. This is a onetime appropriation and is available until spent.

$200,000 the first year is for a grant to Chisago County to conduct a detailed feasibility study of the economic and technical viability of developing a multistream renewable energy biofuels demonstration facility in Chisago, Isanti, or Pine County to utilize existing forest resources, woody biomass, and cellulosic material to produce biofuels or bioenergy. Chisago County may expend funds to Isanti and Pine Counties and the University of Minnesota for any costs incurred as part of the study. The feasibility study must consider the capacity of: (1) the seed bank at Wild River State Park to expand the existing prairie grass, woody biomass, and cellulosic material resources in Chisago, Isanti, and Pine Counties; (2) willing and interested landowners in Chisago, Isanti, and Pine Counties to grow cellulosic materials; and (3) the Minnesota Conservation Corps, the sentence to serve program, and other existing workforce programs in east central Minnesota to contribute labor to these efforts. The grant recipient must actively participate in the Agricultural Utilization Research
Institute's Renewable Energy Roundtable and no later than February 1, 2009, must report to the house and senate committees with jurisdiction over agriculture finance. This is a onetime appropriation and is available until spent.

Sec. 3. **VETERANS AFFAIRS**

Subdivision 1. **Total Appropriation** $3,807,000

The appropriation additions or reductions for each purpose are shown in the following paragraphs.
$500,000 in 2009 is added to the base for grants to counties for veterans service offices as provided under Laws 2007, chapter 45, article 2, section 1, paragraph (b). This is a onetime appropriation.

$2,500,000 in 2009 is for state soldiers assistance under Minnesota Statutes, section 197.05. Of this amount, $1,500,000 is added to the base for this activity. This appropriation is available until spent. The appropriation for state soldiers assistance for 2009 in Laws 2007, chapter 45, article 2, section 1, is available in 2008 if the appropriation for 2008 is insufficient.

$500,000 in 2009 is for casework services for veterans. The commissioner, in consultation with the Department of Administration, shall use the request for proposal process in Minnesota Statutes, chapter 16C, to solicit bids for the provision of these services. The casework services provided should be community-based, available statewide, and include in-home counseling.

$220,000 in 2009 is added to the base for operations of the LinkVET telephone line service for veterans.

For purposes of efficiency, the commissioner must combine the services available through the toll-free higher education call center for veterans with those available through LinkVET.

$250,000 in 2009 is for a grant to the Minnesota Assistance Council for Veterans for their work in helping veterans and their families affected by homelessness.

$250,000 in 2009 is for the Veterans Claims Office for outreach and training to improve services and benefits to veterans. This appropriation includes money to add veterans service officer/coordinate positions, including one to assist female veterans.

$25,000 in 2009 is to develop a pilot program for peer-to-peer counseling among combat veterans. This is a onetime appropriation.

$338,000 is a reduction in 2009 from the special revenue fund appropriation from the
account established in Minnesota Statutes, section 190.19.  
$200,000 in 2009 is a onetime appropriation for:  
(1) an intergovernmental and veterans strategic planning study for the Minnesota veterans homes, with special emphasis on exploring alternative models for the Minneapolis veterans home;  
(2) a study of the feasibility of partnering for home-based services for veterans with nongovernmental, nonprofit, or faith-based social service and health care delivery organizations, as a means of enabling veterans to live more independently, as an alternative to the projected sharply increasing needs for domiciliary and skilled nursing beds in state veterans homes. This is a onetime appropriation; and  
(3) designing a treatment program for veterans with traumatic brain injuries within the state veterans homes.  
$300,000 is a reduction in 2009 for the Veterans Homes Board. The base appropriation for fiscal years 2010 and 2011 is reduced by $300,000 in each year. This reduction is made possible by the enhanced efficiency in administration of the homes associated with the transfer of governing authority from the Veterans Homes Board to the commissioner of veterans affairs.  

Subd. 2. Report to the Legislature  

By January 15, 2009, the commissioner shall report to the chairs and ranking minority members of the legislative committees and divisions with jurisdiction over veterans affairs policy and finance regarding activities and expenditures in programs receiving an appropriation in this article.  

Sec. 4. Minnesota Statutes 2006, section 168.1255, is amended by adding a subdivision to read:  

Subd. 6. World War II memorial donation match account. Money remaining in the World War II memorial donation match account after the state share of the
construction costs of the World War II memorial has been paid in full is appropriated to the commissioner of veterans affairs for services and programs for veterans and their families.

Sec. 5. Minnesota Statutes 2006, section 190.19, subdivision 1, is amended to read:

Subdivision 1. *Establishment.* The Minnesota "Support Our Troops" account is established in the special revenue fund. The account shall consist of contributions from private sources and appropriations. Money in the account is appropriated in equal shares to the Department of Military Affairs and the Department of Veterans Affairs.

**EFFECTIVE DATE.** Notwithstanding Laws 2007, chapter 45, article 2, section 1, and article 3, section 2, subdivision 3, this section is effective for distribution of the Minnesota "Support Our Troops" account the day following final enactment.

Sec. 6. Minnesota Statutes 2006, section 190.19, is amended by adding a subdivision to read:

Subd. 2a. *Uses: veterans.* Money appropriated to the Department of Veterans Affairs from the Minnesota "Support Our Troops" account may be used for:

1. grants to veterans service organizations; and
2. outreach to underserved veterans.

Sec. 7. Laws 2007, chapter 144, article 1, section 7, is amended to read:

**Sec. 7. DEPARTMENT OF VETERANS AFFAIRS.**

For grants to eligible veterans or the eligible spouses and children of veterans as provided under Minnesota Statutes, section 197.791. If the appropriation in this subdivision for either year is insufficient, the appropriation for the other year is available for it.

Of this appropriation, no more than three percent $100,000 each year may be used for the administrative costs of operating this program.

On June 1, 2009, the commissioner of finance must determine the amount needed to fully fund the grant program under Minnesota Statutes, section 197.791, and must adjust the appropriations in this section to the amount needed to provide grants for all eligible veterans.

Within the limits of appropriations, the commissioner of the Department of
Employment and Economic Development shall make grants and loans for costs related
to the installation of an approved biomass heating project in a publicly owned facility,
including K-12 public schools, higher education buildings, and buildings owned by a
local unit of government. The commissioner must approve biomass heating projects that
produce energy for heating air or water using organic matter available on a renewable
basis, including but not limited to agricultural crops, grasses and trees, or wood production
or other waste. Applications for a grant or loan under this section must be made to the
commissioner on the forms and according to the timeline prescribed by the commissioner.
At a minimum, the commissioner must require sufficient information on the applications
to determine that the physical condition of the publicly owned facility is sufficient to
support the efficient operation of the biomass heating project and that the projected
cumulative energy cost savings are adequate relative to the costs of the investment.
The grant and loan may each provide up to 50 percent of the total installed costs of the
biomass heating projects.

Subd. 3. **Eligibility conditions.** An applicant is eligible to receive extra unemployment benefits under this section for any week through December 27, 2008, if:

1. the applicant established a benefit account under Minnesota Statutes, section 268.07, with a majority of the wage credits from Ainsworth Lumber Company, and exhausted entitlement to those regular unemployment benefits after January 1, 2008;

2. the applicant meets the same eligibility requirements that are required for regular unemployment benefits under Minnesota Statutes, section 268.069;

3. the applicant is not entitled to any other unemployment benefits and is not entitled to receive unemployment benefits under any other state or federal law for that week, including any other extended unemployment benefits; and

Sec. 33. **OFFICE OF SCIENCE AND TECHNOLOGY.**

**Subdivision 1. Establishment.** An Office of Science and Technology is established in the Department of Employment and Economic Development to do the following:

Subd. 2. **Technology partnering with a prime contractor.** The office must develop a program to assist small businesses competing for a small business innovation research award by matching the applicant with a larger company. Prime contractors are matched to small businesses through a prescreening process that may result in a letter of support for the applicant designed to increase the chance of receiving a Small Business Innovation Research (SBIR) award.

Subd. 3. **Collaborate to commercialize.** The office must develop a program to use the federal high-risk research and development investment program to encourage the development of new technologies, products, and business development and to reduce development risks by encouraging alliances between medium-sized companies and innovative small businesses.

(g) "Service level agreement" means an agreement entered into between the commissioner and a financial institution that defines terms and conditions by which the financial institution will provide data matches to the commissioner.

Subd. 2. **Data match system established.** The commissioner shall establish a process for the comparison of account information data held by financial institutions with the Department of Revenue's database of debtors. The commissioner, in consultation with representatives from financial institutions, shall develop an implementation and administration plan for the data match system that attempts to minimize financial burdens on financial institutions for start-up and compliance costs and takes into consideration the financial institutions' existing data match systems. The commissioner shall inform the financial industry of the requirements of this section and the means by which financial institutions can comply no later than October 1, 2008, with the financial institutions receiving the first match requests no earlier than January 1, 2009. The commissioner may enter into service-level agreements with financial institutions.

Subd. 3. **Duty to provide data.** Within 30 days of a request by the commissioner, a financial institution shall provide to the commissioner the name, address, personal identifying information, and account information for each debtor or account holder, in...
accordance with the method chosen in subdivision 4, who maintains an account at the financial institution. The commissioner may request from a financial institution the data concerning any debtor not more than once every three months.

Subd. 4. **Method to provide data.** To comply with the requirements of this section, a financial institution must elect, in a manner authorized by the commissioner, to either:

1. provide to the commissioner a list containing only the names and other necessary personal identifying information, including the debtor's address, Social Security number if an individual, and tax identification number if known, of all account holders for the commissioner to compare against its list of debtors for the purpose of identifying which debtors maintain an account at the financial institution; the names of the debtors who maintain an account at the institution shall then be transmitted to the financial institution which shall provide the commissioner with account information on those debtors; or

2. obtain an electronic list of debtors from the commissioner that includes each debtor's name, address, Social Security number if an individual, and tax identification number if known, and compare that data to the data maintained at the financial institution to identify which of the identified debtors maintains an account at the financial institution.

Subd. 5. **Means to provide data.** A financial institution must provide the required data in encrypted form by secure electronic means or other means authorized by the commissioner.

Subd. 6. **Access to data.** (a) With regard to account information on all account holders provided by a financial institution under subdivision 4, clause (1), the commissioner shall retain the reported information only until the account information is compared against the commissioner's debtor database. If the appropriation is insufficient, or if fund availability in the fourth quarter would allow payments for actual costs in excess of $150, the commissioner shall prorate the available funds among the financial institutions that have submitted a claim for the fee. No financial institution shall charge or collect a fee that exceeds its actual costs of complying with this section. The commissioner, together with an advisory group consisting of representatives of
the financial institutions in the state, shall evaluate whether the fees paid to financial
institutions compensate them for their actual costs, including start-up costs, of complying
with this section, and shall evaluate whether the amount appropriated to the commissioner
for the costs of administering the data match system compensates the commissioner for
the costs incurred by the department. The advisory group shall submit a report to the
legislature by February 1, 2009, with a recommendation for retaining or modifying the fee.

Subd. 8. Failure to respond to request for information. The commissioner shall
send a written notice of noncompliance to a financial institution that fails to respond to
a first written request for information under this section. The notice must be sent by
certified mail and must explain the requirements of this section and advise the financial
institution of the penalty for noncompliance. A financial institution that receives a second
notice of noncompliance is subject to a civil penalty of $1,000 for its failure to comply. A
financial institution that continues to fail to comply with this section is subject to a civil
penalty of $5,000 for the third and each subsequent failure to comply. The penalties
imposed under this subdivision are collected in the same manner as taxes. A financial
institution that has been served with a notice of noncompliance and incurs a second or
subsequent notice of noncompliance has the right to a contested case hearing under
chapter 14. A financial institution has 20 days from the date of the service of the notice of
noncompliance to file a request for a contested case hearing with the commissioner. The

institution is considered to be in compliance with this section if it demonstrates that it is

   (ii) the limits and conditions which apply to federal Medicaid funding for this service:

(2) for home care targeted case management, case managers may bill for direct case management activities, including face-to-face and telephone contacts; and

(3) billings for targeted case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

Sec. 4. Minnesota Statutes 2007 Supplement, section 256B.0625, subdivision 20, is amended to read:

Subd. 20. Mental health case management. (a) To the extent authorized by rule of the state agency, medical assistance covers case management services to persons with serious and persistent mental illness and children with severe emotional disturbance. Services provided under this section must meet the relevant standards in sections 245.461 to 245.4887, the Comprehensive Adult and Children's Mental Health Acts, Minnesota Rules, parts 9520.0900 to 9520.0926, and 9505.0322, excluding subpart 10.
(b) Entities meeting program standards set out in rules governing family community support services as defined in section 245.4871, subdivision 17, are eligible for medical assistance reimbursement for case management services for children with severe emotional disturbance when these services meet the program standards in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10.

(c) Medical assistance and MinnesotaCare payment for mental health case management shall be made on a monthly basis. In order to receive payment for an eligible child, the provider must document at least a face-to-face contact with the child, the child's parents, or the child's legal representative. To receive payment for an eligible adult, the provider must document:

1. at least a face-to-face contact with the adult or the adult's legal representative; or
2. at least a telephone contact with the adult or the adult's legal representative and document a face-to-face contact with the adult or the adult's legal representative within the preceding two months.

(d) Payment for mental health case management provided by county or state staff shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), with separate rates calculated for child welfare and mental health, and within mental health, separate rates for children and adults.

(e) Payment for mental health case management provided by Indian health services or by agencies operated by Indian tribes may be made according to this section or other relevant federally approved rate setting methodology.

(f) Payment for mental health case management provided by vendors who contract with a county or Indian tribe shall be based on a monthly rate negotiated by the host county or tribe. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county or tribe may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county or tribe, except to reimburse the county or tribe for advance funding provided by the county or tribe to the vendor.

(g) If the service is provided by a team which includes contracted vendors, tribal staff, and county or state staff, the costs for county or state staff participation in the team shall be included in the rate for county-provided services. In this case, the contracted vendor, the tribal agency, and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles of the team members.

(h) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for mental health case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds. If the service is provided by a tribal agency, the nonfederal share, if any, shall be provided by the recipient's tribe. When this service is paid by the state without a federal share through fee-for-service, 50 percent of the cost shall be provided by the recipient's county of responsibility.

(i) Notwithstanding any administrative rule to the contrary, prepaid medical assistance, general assistance medical care, and MinnesotaCare include mental health case
management. When the service is provided through prepaid capitation, the nonfederal share is paid by the state and the county pays no share.

(j) The commissioner may suspend, reduce, or terminate the reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal agency, is responsible for any federal disallowances. The county or tribe may share this responsibility with its contracted vendors.

(k) The commissioner shall set aside a portion of the federal funds earned for county expenditures under this section to repay the special revenue maximization account under section 256.01, subdivision 2, clause (15). The repayment is limited to:

1. the costs of developing and implementing this section; and
2. programming the information systems.

(l) Payments to counties and tribal agencies for case management expenditures under this section shall only be made from federal earnings from services provided under this section. When this service is paid by the state without a federal share through fee-for-service, 50 percent of the cost shall be provided by the state. Payments to county-contracted vendors shall include the federal earnings, the state share, and the county share.

(m) Case management services under this subdivision do not include therapy, treatment, legal, or outreach services.

(n) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for case management services under this subdivision is limited to the lesser of:

1. the last 180 days of the recipient's residency in that facility and may not exceed more than six months in a calendar year; or
2. the limits and conditions which apply to federal Medicaid funding for this service.

(o) Payment for case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

Sec. 5. [256B.0658] HOUSING ACCESS GRANTS.

The commissioner of human services shall award through a competitive process contracts for grants to public and private agencies to support and assist individuals eligible for publicly funded home and community-based services, including state plan home care, to access housing. Grants may be awarded to agencies that may include, but are not limited to, the following supports: assessment to assure suitability of housing, accompanying an individual to look at housing, filling out applications and rental agreements, meeting with landlords, helping with Section 8 or other program applications, helping to develop a budget, obtaining furniture and household goods, if necessary, and assisting with any problems that may arise with housing.

Sec. 6. Minnesota Statutes 2006, section 256B.0924, subdivision 4, is amended to read:

Subd. 4. Targeted case management service activities. (a) For persons with developmental disabilities, targeted case management services must meet the provisions of section 256B.092.
(b) For persons not eligible as a person with a developmental disability, targeted case management service activities include:

(1) an assessment of the person's need for targeted case management services;

(2) the development of a written personal service plan;

(3) a regular review and revision of the written personal service plan with the recipient and the recipient's legal representative, and others as identified by the recipient, to ensure access to necessary services and supports identified in the plan;

(4) effective communication with the recipient and the recipient's legal representative and others identified by the recipient;

(5) coordination of referrals for needed services with qualified providers;

(6) coordination and monitoring of the overall service delivery to ensure the quality and effectiveness of services;

(7) assistance to the recipient and the recipient's legal representative to help make an informed choice of services;

(8) advocating on behalf of the recipient when service barriers are encountered or referring the recipient and the recipient's legal representative to an independent advocate;

(9) monitoring and evaluating services identified in the personal service plan to ensure personal outcomes are met and to ensure satisfaction with services and service delivery;

(10) conducting face-to-face monitoring with the recipient at least twice a year;

(11) completing and maintaining necessary documentation that supports and verifies the activities in this section;

(12) coordinating with the medical assistance facility discharge planner in the 180-day period prior to the recipient's discharge into the community; and

(13) a personal service plan developed and reviewed at least annually with the recipient and the recipient's legal representative. The personal service plan must be revised when there is a change in the recipient's status. The personal service plan must identify:

(i) the desired personal short and long-term outcomes;

(ii) the recipient's preferences for services and supports, including development of a person-centered plan if requested; and

(iii) formal and informal services and supports based on areas of assessment, such as: social, health, mental health, residence, family, educational and vocational, safety, legal, self-determination, financial, and chemical health as determined by the recipient and the recipient's legal representative and the recipient's support network.

Sec. 7. Minnesota Statutes 2006, section 256B.0924, subdivision 6, is amended to read:

Subd. 6. Payment for targeted case management. (a) Medical assistance and MinnesotaCare payment for targeted case management shall be made on a monthly basis. In order to receive payment for an eligible adult, the provider must document at least one contact per month and not more than two consecutive months without a face-to-face contact with the adult or the adult's legal representative, family, primary caregiver, or
other relevant persons identified as necessary to the development or implementation of the goals of the personal service plan.

(b) Payment for targeted case management provided by county staff under this subdivision shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), calculated as one combined average rate together with adult mental health case management under section 256B.0625, subdivision 20, except for calendar year 2002. In calendar year 2002, the rate for case management under this section shall be the same as the rate for adult mental health case management in effect as of December 31, 2001. Billing and payment must identify the recipient's primary population group to allow tracking of revenues.

(c) Payment for targeted case management provided by county-contracted vendors shall be based on a monthly rate negotiated by the host county. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county, except to reimburse the county for advance funding provided by the county to the vendor.

(d) If the service is provided by a team that includes contracted vendors and county staff, the costs for county staff participation on the team shall be included in the rate for county-provided services. In this case, the contracted vendor and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, the county must document, in the recipient's file, the need for team targeted case management and a description of the different roles of the team members.

(e) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for targeted case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds.

(f) The commissioner may suspend, reduce, or terminate reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, is responsible for any federal disallowances. The county may share this responsibility with its contracted vendors.

(g) The commissioner shall set aside five percent of the federal funds received under this section for use in reimbursing the state for costs of developing and implementing this section.

(h) Payments to counties for targeted case management expenditures under this section shall only be made from federal earnings from services provided under this section. Payments to contracted vendors shall include both the federal earnings and the county share.

(i) Notwithstanding section 256B.041, county payments for the cost of case management services provided by county staff shall not be made to the commissioner of finance. For the purposes of targeted case management services provided by county staff under this section, the centralized disbursement of payments to counties under section 256B.041 consists only of federal earnings from services provided under this section.
(j) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for targeted case management services under this subdivision is limited to the lesser of:

(1) the last 180 days of the recipient's residency in that facility and may not exceed more than six months in a calendar year, or

(2) the limits and conditions which apply to federal Medicaid funding for this service.

(k) Payment for targeted case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

(l) Any growth in targeted case management services and cost increases under this section shall be the responsibility of the counties.

Sec. 8. Minnesota Statutes 2006, section 256B.19, subdivision 1d, is amended to read:

Subd. 1d. **Portion of nonfederal share to be paid by certain counties.** (a) In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance cost. For purposes of this subdivision, "designated governmental unit" means the counties of Becker, Beltrami, Clearwater, Cook, Dodge, Hubbard, Itasca, Lake, Pennington, Pipestone, Ramsey, St. Louis, Steele, Todd, Traverse, and Wadena.

(b) Beginning in 1994, each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county on that date, with the county named as licensee, multiplied by $5,723. If two or more counties own and operate a nursing home, the payment shall be prorated. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs.

(c) Beginning in 2002, in addition to any transfer under paragraph (b), each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county on that date, with the county named as licensee, multiplied by $10,784. The provisions of paragraph (b) apply to transfers under this paragraph.

(d) Beginning in 2003, in addition to any transfer under paragraphs (b) and (c), each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county on that date, with the county named as licensee, multiplied by $2,230. The provisions of paragraph (b) apply to transfers under this paragraph.

(e) (d) The commissioner may reduce the intergovernmental transfers under paragraphs paragraph (c) and (d) based on the commissioner's determination of the payment rate in section 256B.431, subdivision 23, paragraphs (c), and (d), and (e). Any adjustments must be made on a per-bed basis and must result in an amount equivalent to the total amount resulting from the rate adjustment in section 256B.431, subdivision 23, paragraphs (c), and (d), and (e).

**EFFECTIVE DATE.** This section is effective the day following final enactment.
Sec. 9. Minnesota Statutes 2006, section 256B.431, subdivision 23, is amended to read:

Subd. 23. **County nursing home payment adjustments.** (a) Beginning in 1994, the commissioner shall pay a nursing home payment adjustment on May 31 after noon to a county in which is located a nursing home that, on that date, was county-owned and operated, with the county named as licensee by the commissioner of health, and had over 40 beds and medical assistance occupancy in excess of 50 percent during the reporting year ending September 30, 1991. The adjustment shall be an amount equal to $16 per calendar day multiplied by the number of beds licensed in the facility on that date.

(b) Payments under paragraph (a) are excluded from medical assistance per diem rate calculations. These payments are required notwithstanding any rule prohibiting medical assistance payments from exceeding payments from private pay residents. A facility receiving a payment under paragraph (a) may not increase charges to private pay residents by an amount equivalent to the per diem amount payments under paragraph (a) would equal if converted to a per diem.

(c) Beginning in 2002, in addition to any payment under paragraph (a), the commissioner shall pay to a nursing facility described in paragraph (a) an adjustment in an amount equal to $29.55 per calendar day multiplied by the number of beds licensed in the facility on that date. The provisions of paragraphs (a) and (b) apply to payments under this paragraph.

(d) Beginning in 2003, in addition to any payment under paragraphs (a) and (c), the commissioner shall pay to a nursing facility described in paragraph (a) an adjustment in an amount equal to $6.11 per calendar day multiplied by the number of beds licensed in the facility on that date. The provisions of paragraphs (a) and (b) apply to payments under this paragraph.

(3) (d) The commissioner may reduce payments under paragraphs paragraph (c) and (e) based on the commissioner's determination of Medicare upper payment limits. Any adjustments must be proportional to adjustments made under section 256B.19, subdivision 1d, paragraph (e) paragraph (d).

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 10. Minnesota Statutes 2007 Supplement, section 256B.441, subdivision 1, is amended to read:

Subdivision 1. **Rebasing of nursing facility operating cost payment rates.** (a) The commissioner shall rebase nursing facility operating cost payment rates to align payments to facilities with the cost of providing care. The rebased operating cost payment rates shall be calculated using the statistical and cost report filed by each nursing facility for the report period ending one year prior to the rate year.

(b) The new operating cost payment rates based on this section shall take effect beginning with the rate year beginning October 1, 2008, and shall be phased in over eight rate years through October 1, 2015. For each year of the phase-in, the operating payment rates shall be calculated using the statistical and cost report filed by each nursing facility for the report period ending one year prior to the rate year.

(c) Operating cost payment rates shall be rebased on October 1, 2016, and every two years after that date.
(d) Each cost reporting year shall begin on October 1 and end on the following September 30. Beginning in 2006, a statistical and cost report shall be filed by each nursing facility by January 15. Notice of rates shall be distributed by August 15 and the rates shall go into effect on October 1 for one year.

(e) Effective October 1, 2014, property rates shall be rebased in accordance with section 256B.431 and Minnesota Rules, chapter 9549. The commissioner shall determine what the property payment rate for a nursing facility would be had the facility not had its property rate determined under section 256B.434. The commissioner shall allow nursing facilities to provide information affecting this rate determination that would have been filed annually under Minnesota Rules, chapter 9549, and nursing facilities shall report information necessary to determine allowable debt. The commissioner shall use this information to determine the property payment rate.

Sec. 11. Minnesota Statutes 2007 Supplement, section 256B.441, subdivision 55, is amended to read:

Subd. 55. Phase-in of rebased operating cost payment rates. (a) For the rate years beginning October 1, 2008, to October 1, 2012, the operating cost payment rate calculated under this section shall be phased in by blending the operating cost rate with the operating cost payment rate determined under section 256B.434. For purposes of this subdivision, the rate to be used that is determined under section 256B.434 shall not include the portion of the operating payment rate related to performance-based incentive payments under section 256B.434, subdivision 4, paragraph (d). For the rate year beginning October 1, 2008, the operating cost payment rate for each facility shall be 13 percent of the operating cost payment rate from this section, and 87 percent of the operating cost payment rate from section 256B.434. For the rate year beginning October 1, 2009, the operating cost payment rate for each facility shall be 14 percent of the operating cost payment rate from this section, and 86 percent of the operating cost payment rate from section 256B.434. For the rate year beginning October 1, 2010, the operating cost payment rate for each facility shall be 14 percent of the operating cost payment rate from this section, and 86 percent of the operating cost payment rate from section 256B.434. For the rate year beginning October 1, 2011, the operating cost payment rate for each facility shall be 31 percent of the operating cost payment rate from this section, and 69 percent of the operating cost payment rate from section 256B.434. For the rate year beginning October 1, 2012, the operating cost payment rate for each facility shall be 48 percent of the operating cost payment rate from this section, and 52 percent of the operating cost payment rate from section 256B.434. For the rate year beginning October 1, 2013, the operating cost payment rate for each facility shall be 65 percent of the operating cost payment rate from this section, and 35 percent of the operating cost payment rate from section 256B.434. For the rate year beginning October 1, 2014, the operating cost payment rate for each facility shall be 82 percent of the operating cost payment rate from this section, and 18 percent of the operating cost payment rate from section 256B.434. For the rate year beginning October 1, 2015, the operating cost payment rate for each facility shall be the operating cost payment rate determined under this section. The blending of operating cost payment rates under this section shall be performed separately for each RUG's class.

(b) For the rate year beginning October 1, 2008, the commissioner shall apply limits to the operating payment rate increases under paragraph (a) by creating a minimum percentage increase and a maximum percentage increase.
(1) Each nursing facility that receives a blended October 1, 2008, operating payment rate increase under paragraph (a) of less than one percent, when compared to its operating payment rate on September 30, 2008, computed using rates with RUG's weight of 1.00, shall receive a rate adjustment of one percent.

(2) The commissioner shall determine a maximum percentage increase that will result in savings equal to the cost of allowing the minimum increase in clause (1). Nursing facilities with a blended October 1, 2008, operating payment rate increase under paragraph (a) greater than the maximum percentage increase determined by the commissioner, when compared to its operating payment rate on September 30, 2008, computed using rates with a RUG's weight of 1.00, shall receive the maximum percentage increase.

(3) Nursing facilities with a blended October 1, 2008, operating payment rate increase under paragraph (a) greater than one percent and less than the maximum percentage increase determined by the commissioner, when compared to its operating payment rate on September 30, 2008, computed using rates with a RUG's weight of 1.00, shall receive the blended October 1, 2008, operating payment rate increase determined under paragraph (a).

(4) The October 1, 2009, through October 1, 2015, operating payment rate for facilities receiving the maximum percentage increase determined in clause (2) shall be the amount determined under paragraph (a) less the difference between the amount determined under paragraph (a) for October 1, 2008, and the amount allowed under clause (2). This rate restriction does not apply to rate increases provided in any other section.

(c) A portion of the funds received under this subdivision that are in excess of operating cost payment rates that a facility would have received under section 256B.434, as determined in accordance with clauses (1) to (3), shall be subject to the requirements in section 256B.434, subdivision 19, paragraphs (b) to (h).

(1) Determine the amount of additional funding available to a facility, which shall be equal to total medical assistance resident days from the most recent reporting year times the difference between the blended rate determined in paragraph (a) for the rate year being computed and the blended rate for the prior year.

(2) Determine the portion of all operating costs, for the most recent reporting year, that are compensation related. If this value exceeds 75 percent, use 75 percent.

(3) Subtract the amount determined in clause (2) from 75 percent.

(4) The portion of the fund received under this subdivision that shall be subject to the requirements in section 256B.434, subdivision 19, paragraphs (b) to (h), shall equal the amount determined in clause (1) times the amount determined in clause (3).

Sec. 12. Minnesota Statutes 2007 Supplement, section 256B.441, subdivision 56, is amended to read:

Subd. 56. Hold harmless. For the rate years beginning October 1, 2008, to October 1, 2016, no nursing facility shall receive an operating cost payment rate less than its operating cost payment rate under section 256B.434. For rate years beginning between October 1, 2009, and October 1, 2015, no nursing facility shall receive an operating payment rate less than its operating payment rate in effect on September 30, 2009. The comparison of operating cost payment rates under this section shall be made for a RUG's rate with a weight of 1.00.
Sec. 13. Minnesota Statutes 2007 Supplement, section 256B.5012, subdivision 7, is amended to read:

Subd. 7. **ICF/MR rate increases effective October 1, 2007, and October 1, 2008.**

(a) For the rate year beginning October 1, 2007, the commissioner shall make available to each facility reimbursed under this section operating payment rate adjustments equal to 2.0 percent of the operating payment rates in effect on September 30, 2007. For the rate year beginning July October 1, 2008, the commissioner shall make available to each facility reimbursed under this section operating payment rate adjustments equal to 2.0 percent of the operating payment rates in effect on June September 30, 2008. For each facility, the commissioner shall make available an adjustment, based on occupied beds, using the percentage specified in this paragraph multiplied by the total payment rate, including the variable rate but excluding the property-related payment rate, in effect on the preceding day. The total payment rate shall include the adjustment provided in section 256B.501, subdivision 12. A facility whose payment rates are governed by closure agreements, receivership agreements, or Minnesota Rules, part 9553.0075, is not eligible for an adjustment otherwise granted under this subdivision.

(b) Seventy-five percent of the money resulting from the rate adjustments under paragraph (a) must be used for increases in compensation-related costs for employees directly employed by the facility on or after the effective date of the rate adjustments, except:

1. the administrator;
2. persons employed in the central office of a corporation that has an ownership interest in the facility or exercises control over the facility; and
3. persons paid by the facility under a management contract.

(c) Two-thirds of the money available under paragraph (b) must be used for wage increases for all employees directly employed by the facility on or after the effective date of the rate adjustments, except those listed in paragraph (b), clauses (1) to (3). The wage adjustment that employees receive under this paragraph must be paid as an equal hourly percentage wage increase for all eligible employees. All wage increases under this paragraph must be effective on the same date. Only costs associated with the portion of the equal hourly percentage wage increase that goes to all employees shall qualify under this paragraph. Costs associated with wage increases in excess of the amount of the equal hourly percentage wage increase provided to all employees shall be allowed only for meeting the requirements in paragraph (b). This paragraph shall not apply to employees covered by a collective bargaining agreement.

(d) The commissioner shall allow as compensation-related costs all costs for:

1. wages and salaries;
2. FICA taxes, Medicare taxes, state and federal unemployment taxes, and workers' compensation;
3. the employer's share of health and dental insurance, life insurance, disability insurance, long-term care insurance, uniform allowance, and pensions; and

A payor of funds is liable for reasonable attorney fees of the obligee or public authority incurred in enforcing the liability under this paragraph. A payor of funds that has failed to comply with the requirements of this section is subject to contempt sanctions under
section 518A.73. If the payor of funds is an employer or independent contractor and violates this subdivision, a court may award the obligor twice the wages lost as a result of this violation. If a court finds a payor of funds violated this subdivision, the court shall impose a civil fine of not less than $500. The liabilities in this paragraph apply to intentional noncompliance with this section.

(d) If a single employee is subject to multiple withholding orders or multiple notices of withholding for the support of more than one child, the payor of funds shall comply with all of the orders or notices to the extent that the total amount withheld from the obligor's income does not exceed the limits imposed under the Consumer Credit Protection Act, United States Code, title 15, section 1673(b), giving priority to amounts designated in each order or notice as current support as follows:

(1) if the total of the amounts designated in the orders for or notices of withholding as current support exceeds the amount available for income withholding, the payor of funds shall allocate to each order or notice an amount for current support equal to the amount designated in that order or notice as current support, divided by the total of the amounts designated in the orders or notices as current support, multiplied by the amount of the income available for income withholding; and

(2) if the total of the amounts designated in the orders for or notices of withholding as current support does not exceed the amount available for income withholding, the payor of funds shall pay the amounts designated as current support, and shall allocate to each order or notice an amount for past due support, equal to the amount designated in that order or notice as past due support, divided by the total of the amounts designated in the orders or notices as past due support, multiplied by the amount of income remaining available for income withholding after the payment of current support.

(e) When an order for or notice of withholding is in effect and the obligor's employment is terminated, the obligor and the payor of funds shall notify the public authority of the termination within ten days of the termination date. The termination notice shall include the obligor's home address and the name and address of the obligor's new payor of funds, if known.

(f) A payor of funds may deduct one dollar from the obligor's remaining salary for each payment made pursuant to an order for or notice of withholding under this section to cover the expenses of withholding.

**EFFECTIVE DATE.** This section is effective October 1, 2009.

Sec. 8. **REPEALER.**

Minnesota Statutes 2006, section 256.741, subdivision 15, is repealed.

**ARTICLE 17**

**HEALTH CARE**

Section 1. [62U.10] **HEALTH CARE TRANSFER, SAVINGS, AND REPAYMENT.**

Subdivision 1. **Health care access fund transfer.** On June 30, 2009, the commissioner of finance shall transfer $50,000,000 from the health care access fund to the general fund.
Subd. 2. **Projected spending baseline.** (a) By June 1, 2009, the commissioner of health shall calculate the annual projected total private and public health care spending for residents of this state and establish a health care spending baseline, beginning for calendar year 2008 and for the next ten years based on the annual projected growth in spending.

(b) In establishing the health care spending baseline, the commissioner shall use the Centers for Medicare and Medicaid Services forecast for total growth in national health care expenditures and adjust this forecast to reflect the demographics, health status, and other factors deemed necessary by the commissioner. The commissioner shall contract with an actuarial consultant to make recommendations for the adjustments needed to specifically reflect projected spending for residents of this state.

(c) The commissioner may adjust the projected baseline as necessary to reflect any updated federal projections or account for unanticipated changes in federal policy.

(d) Medicare and long-term care spending must not be included in the calculations required under this section.

Subd. 3. **Actual spending and savings determination.** By June 1, 2010, and each June 1 thereafter until June 1, 2020, the commissioner of health shall determine the actual total private and public health care spending for residents of this state for the calendar year two years before the current calendar year, based on data collected under chapter 62J, and shall determine the difference between the projected spending, as determined under subdivision 2, and the actual spending for that year. The actual spending must be certified by an independent actuarial consultant. If the actual spending is less than the projected spending, the commissioner shall determine, based on the proportion of spending for state-administered health care programs to total private and public health care spending for the calendar year two years before the current calendar year, the percentage of the calculated aggregate savings amount accruing to state-administered health care programs.

Subd. 4. **Repayment of transfer.** When accumulated savings accruing to state-administered health care programs, as calculated under subdivision 3, meet or exceed $50,000,000, the commissioner of health shall certify that event to the commissioner of finance. In the next fiscal year following the certification, the commissioner of finance shall transfer $50,000,000 from the general fund to the health care access fund. The amount necessary to make the transfer is appropriated from the general fund to the commissioner of finance.

Subd. 5. **Definitions.** (a) For purposes of this section, the following definitions apply.

(b) "Public health care spending" means spending for a state-administered health care program.

(c) "State-administered health care program" means medical assistance, MinnesotaCare, general assistance medical care, and the state employee group insurance program.

Sec. 2. [144.058] **INTERPRETER SERVICES QUALITY INITIATIVE.**

(a) The commissioner of health shall establish a voluntary statewide roster, and develop a plan for a registry and certification process for interpreters who provide high quality, spoken language health care interpreter services. The roster, registry, and certification process shall be based on the findings and recommendations set forth by
the Interpreter Services Work Group required under Laws 2007, chapter 147, article 12, section 13.

(b) By January 1, 2009, the commissioner shall establish a roster of all available interpreters to address access concerns, particularly in rural areas.

(c) By January 15, 2010, the commissioner shall:

1. develop a plan for a registry of spoken language health care interpreters, including:

   (i) development of standards for registration that set forth educational requirements, training requirements, demonstration of language proficiency and interpreting skills, agreement to abide by a code of ethics, and a criminal background check;

   (ii) recommendations for appropriate alternate requirements in languages for which testing and training programs do not exist;

   (iii) recommendations for appropriate fees; and

   (iv) recommendations for establishing and maintaining the standards for inclusion in the registry; and

2. develop a plan for implementing a certification process based on national testing and certification processes for spoken language interpreters 12 months after the establishment of a national certification process.

(d) The commissioner shall consult with the Interpreter Stakeholder Group of the Upper Midwest Translators and Interpreters Association for advice on the standards required to plan for the development of a registry and certification process.

(e) The commissioner shall charge an annual fee of $50 to include an interpreter in the roster. Fee revenue shall be deposited in the state government special revenue fund.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 3. Minnesota Statutes 2007 Supplement, section 144E.45, subdivision 2, is amended to read:

Subd. 2. Potential allocations. (a) On November 1, annually, the board or the board's designee under section 144E.40, subdivision 2, shall determine the amount of the allocation of the prior year's accumulation to each qualified ambulance service person. The prior year's net investment gain or loss under paragraph (b) must be allocated and that year's general fund appropriation, plus any transfer from the Cooper/Sams volunteer ambulance account under section 144E.42, subdivision 2, and after deduction of administrative expenses, also must be allocated.

(b) The difference in the market value of the assets of the Cooper/Sams volunteer ambulance trust account as of the immediately previous June 30 and the June 30 occurring 12 months earlier must be reported on or before August 15 by the State Board of Investment. The market value gain or loss must be expressed as a percentage of the total potential award accumulations as of the immediately previous June 30, and that positive or negative percentage must be applied to increase or decrease the recorded potential award accumulation of each qualified ambulance service person.

(c) The appropriation for this purpose, after deduction of administrative expenses, must be divided by the total number of additional ambulance service personnel years
of service recognized since the last allocation or 1,000 years of service, whichever is greater. If the allocation is based on the 1,000 years of service, any allocation not made for a qualified ambulance service person must be credited to the Cooper/Sams volunteer ambulance account under section 144E.42, subdivision 2. A qualified ambulance service person must be credited with a year of service if the person is certified by the chief administrative officer of the ambulance service as having rendered active ambulance service during the 12 months ending as of the immediately previous June 30. If the person has rendered prior active ambulance service, the person must be additionally credited with one-fifth of a year of service for each year of active ambulance service rendered before June 30, 1993, but not to exceed in any year one additional year of service or to exceed in total five years of prior service. Prior active ambulance service means employment by or the provision of service to a licensed ambulance service before June 30, 1993, as determined by the person's current ambulance service based on records provided by the person that were contemporaneous to the service. The prior ambulance service must be reported on or before August 1 to the board in an affidavit from the chief administrative officer of the ambulance service.

(d) Effective July 1, 2008, notwithstanding paragraphs (a) to (c), the value of each service credit shall be $447.19.

Sec. 4. Minnesota Statutes 2006, section 145.9255, subdivision 1, is amended to read:

Subdivision 1. Establishment. To the extent funds are available for the purposes of this subdivision, the commissioner of health, in consultation with a representative from Minnesota planning, the commissioner of human services, and the commissioner of education, shall develop and implement the Minnesota education now and babies later (MN ENABL) program, targeted to adolescents ages 12 to 14, with the goal of reducing the incidence of adolescent pregnancy in the state and promoting abstinence until marriage. The program must provide a multifaceted, primary prevention, community health promotion approach to educating and supporting adolescents in the decision to postpone sexual involvement modeled after the ENABL program in California. The commissioner of health shall consult with the chief of the health education section of the California Department of Health Services for general guidance in developing and implementing the program.

Sec. 5. Minnesota Statutes 2006, section 256.969, subdivision 2b, is amended to read:

Subd. 2b. Operating payment rates. In determining operating payment rates for admissions occurring on or after the rate year beginning January 1, 1991, and every two years after, or more frequently as determined by the commissioner, the commissioner shall obtain operating data from an updated base year and establish operating payment rates per admission for each hospital based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year. Rates under the general assistance medical care, medical assistance, and MinnesotaCare programs shall not be rebased to more current data on January 1, 1997, and January 1, 2005, and for the first 24 months of the rebased period beginning January 1, 2009. The base year operating payment rate per admission is standardized by the case mix index and adjusted by the hospital cost index, relative values, and disproportionate population adjustment. The cost and charge data used to establish operating rates shall only reflect inpatient services covered by medical assistance and shall not include property cost information and costs recognized in outlier payments.
Sec. 6. Minnesota Statutes 2006, section 256.969, subdivision 3a, is amended to read:

Subd. 3a. Payments. (a) Acute care hospital billings under the medical assistance program must not be submitted until the recipient is discharged. However, the commissioner shall establish monthly interim payments for inpatient hospitals that have individual patient lengths of stay over 30 days regardless of diagnostic category. Except as provided in section 256.9693, medical assistance reimbursement for treatment of mental illness shall be reimbursed based on diagnostic classifications. Individual hospital payments established under this section and sections 256.9685, 256.9686, and 256.9695, in addition to third party and recipient liability, for discharges occurring during the rate year shall not exceed, in aggregate, the charges for the medical assistance covered inpatient services paid for the same period of time to the hospital. This payment limitation shall be calculated separately for medical assistance and general assistance medical care services. The limitation on general assistance medical care shall be effective for admissions occurring on or after July 1, 1991. Services that have rates established under subdivision 11 or 12, must be limited separately from other services. After consulting with the affected hospitals, the commissioner may consider related hospitals one entity and may merge the payment rates while maintaining separate provider numbers. The operating and property base rates per admission or per day shall be derived from the best Medicare and claims data available when rates are established. The commissioner shall determine the best Medicare and claims data, taking into consideration variables of recency of the data, audit disposition, settlement status, and the ability to set rates in a timely manner. The commissioner shall notify hospitals of payment rates by December 1 of the year preceding the rate year. The rate setting data must reflect the admissions data used to establish relative values. Base year changes from 1981 to the base year established for the rate year beginning January 1, 1991, and for subsequent rate years, shall not be limited to the limits ending June 30, 1987, on the maximum rate of increase under subdivision 1. The commissioner may adjust base year cost, relative value, and case mix index data to exclude the costs of services that have been discontinued by the October 1 of the year preceding the rate year or that are paid separately from inpatient services. Inpatient stays that encompass portions of two or more rate years shall have payments established based on payment rates in effect at the time of admission unless the date of admission preceded the rate year in effect by six months or more. In this case, operating payment rates for services rendered during the rate year in effect and established based on the date of admission shall be adjusted to the rate year in effect by the hospital cost index.

(b) For fee-for-service admissions occurring on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for inpatient services is reduced by .5 percent from the current statutory rates.

(c) In addition to the reduction in paragraph (b), the total payment for fee-for-service admissions occurring on or after July 1, 2003, made to hospitals for inpatient services before third-party liability and spenddown, is reduced five percent from the current statutory rates. Mental health services within diagnosis related groups 424 to 432, and facilities defined under subdivision 16 are excluded from this paragraph.

(d) In addition to the reduction in paragraphs (b) and (c), the total payment for fee-for-service admissions occurring on or after July 1, 2005, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 6.0 percent from the current statutory rates. Mental health services within diagnosis related groups 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph. Notwithstanding section 256.9686, subdivision 7, for purposes of this paragraph, medical
assistance does not include general assistance medical care. Payments made to managed care plans shall be reduced for services provided on or after January 1, 2006, to reflect this reduction.

(e) In addition to the reductions in paragraphs (b), (e), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2008, through June 30, 2009, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 3.46 percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after January 1, 2009, through June 30, 2009, to reflect this reduction.

(f) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2009, through June 30, 2010, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 1.9 percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after July 1, 2009, through June 30, 2010, to reflect this reduction.

(g) In addition to the reductions in paragraphs (b), (c), and (d), the total payment for fee-for-service admissions occurring on or after July 1, 2010, made to hospitals for inpatient services before third-party liability and spenddown, is reduced 1.79 percent from the current statutory rates. Mental health services with diagnosis related groups 424 to 432 and facilities defined under subdivision 16 are excluded from this paragraph. Payments made to managed care plans shall be reduced for services provided on or after July 1, 2010, to reflect this reduction.

Sec. 7. Minnesota Statutes 2006, section 256B.0571, subdivision 8, is amended to read:

Subd. 8. Program established. (a) The commissioner, in cooperation with the commissioner of commerce, shall establish the Minnesota partnership for long-term care program to provide for the financing of long-term care through a combination of private insurance and medical assistance.

(b) An individual who meets the requirements in this paragraph is eligible to participate in the partnership program. The individual must:

(1) be a Minnesota resident at the time coverage first became effective under the partnership policy; and

(2) be a beneficiary of a partnership policy that (i) is issued on or after the effective date of the state plan amendment implementing the partnership program in Minnesota, or (ii) qualifies as a partnership policy under the provisions of subdivision 8a.

(3) have exhausted all of the benefits under the partnership policy as described in this section. Benefits received under a long-term care insurance policy before July 1, 2006, do not count toward the exhaustion of benefits required in this subdivision.

Sec. 8. Minnesota Statutes 2006, section 256B.0571, subdivision 9, is amended to read:

Subd. 9. Medical assistance eligibility. (a) Upon application for medical assistance program payment of long-term care services by an individual who meets the requirements described in subdivision 8, the commissioner shall determine the individual's eligibility for medical assistance according to paragraphs (b) to (i).
(b) After determining assets subject to the asset limit under section 256B.056, subdivision 3 or 3c, or 256B.057, subdivision 9 or 10, the commissioner shall allow the individual to designate assets to be protected from recovery under subdivisions 13 and 15 up to the dollar amount of the benefits utilized under the partnership policy as of the effective date of eligibility for medical assistance program payment of long-term care services. Benefits utilized under a long-term care insurance policy before July 1, 2006, do not count for the purpose of determining the amount of assets that can be designated. Designated assets shall be disregarded for purposes of determining eligibility for payment of long-term care services. The dollar amount of benefits utilized must be equal to the amount of claims paid by the issuer under the policy as verified by the issuer.

(c) The individual shall identify the designated assets and the full fair market value of those assets and designate them as assets to be protected at the time of initial application for medical assistance payment of long-term care services. The full fair market value of real property or interests in real property shall be based on the most recent full assessed value for property tax purposes for the real property, unless the individual provides a complete professional appraisal by a licensed appraiser to establish the full fair market value. The extent of a life estate in real property shall be determined using the life estate table in the health care program manual. Ownership of any asset in joint tenancy shall be treated as ownership as tenants in common for purposes of its designation as a disregarded asset. The unprotected value of any protected asset is subject to estate recovery according to subdivisions 13 and 15.

(d) The right to designate assets to be protected is personal to the individual and ends when the individual dies, except as otherwise provided in subdivisions 13 and 15. It does not include the increase in the value of the protected asset and the income, dividends, or profits from the asset. It may be exercised by the individual or by anyone with the legal authority to do so on the individual's behalf. It shall not be sold, assigned, transferred, or given away.

(e) If the dollar amount of the benefits utilized under a partnership policy is greater than the full fair market value of all assets protected at the time of the application for medical assistance long-term care services, as the individual continues to utilize benefits under a partnership policy after eligibility for medical assistance payment of long-term care services begins, the individual may designate, for additional protection, an increase in the value of protected assets and additional assets that become available during the individual's lifetime for protection under this section up to the amount of additional benefits utilized. The individual must make the designation in writing to the county agency no later than the last date on which the individual must report a change in circumstances to the county agency, as provided for under the medical assistance program. Any excess used for this purpose shall not be available to the individual's estate to protect assets in the estate from recovery under section 256B.15 or 524.3-1202, or otherwise. The amount used for this purpose must reduce the unused amount of asset protection available to protect assets in the individual's estate from recovery under section 256B.15 or 524.3-1202, or otherwise.

(f) This section applies only to estate recovery under United States Code, title 42, section 1396p, subsections (a) and (b), and does not apply to recovery authorized by other provisions of federal law, including, but not limited to, recovery from trusts under United States Code, title 42, section 1396p, subsection (d)(4)(A) and (C), or to recovery from annuities, or similar legal instruments, subject to section 6012, subsections (a) and (b), of the Deficit Reduction Act of 2005, Public Law 109-171.
(g) An individual's protected assets owned by the individual's spouse who applies for payment of medical assistance long-term care services shall not be protected assets or disregarded for purposes of eligibility of the individual's spouse solely because they were protected assets of the individual.

(h) Assets designated under this subdivision shall not be subject to penalty under section 256B.0595.

(i) The commissioner shall otherwise determine the individual's eligibility for payment of long-term care services according to medical assistance eligibility requirements.

Sec. 9. Minnesota Statutes 2006, section 256B.0625, subdivision 13e, is amended to read:

Subd. 13e. Payment rates. (a) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee; the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee; or the usual and customary price charged to the public. The amount of payment basis must be reduced to reflect all discount amounts applied to the charge by any provider/insurer agreement or contract for submitted charges to medical assistance programs. The net submitted charge may not be greater than the patient liability for the service. The pharmacy dispensing fee shall be $3.65, except that the dispensing fee for intravenous solutions which must be compounded by the pharmacist shall be $8 per bag, $14 per bag for cancer chemotherapy products, and $30 per bag for total parenteral nutritional products dispensed in one liter quantities, or $44 per bag for total parenteral nutritional products dispensed in quantities greater than one liter. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. Effective July 1, 2008, the actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus 14 percent. The actual acquisition cost of antihemophilic factor drugs shall be estimated at the average wholesale price minus 30 percent. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the Administrative Procedure Act.

(b) An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply.
(c) Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, or on the maximum allowable cost established by the commissioner.

(d) The basis for determining the amount of payment for drugs administered in an outpatient setting shall be the lower of the usual and customary cost submitted by the provider or the amount established for Medicare by the United States Department of Health and Human Services pursuant to title XVIII, section 1847a of the federal Social Security Act.

(e) The commissioner may negotiate lower reimbursement rates for specialty pharmacy products than the rates specified in paragraph (a). The commissioner may require individuals enrolled in the health care programs administered by the department to obtain specialty pharmacy products from providers with whom the commissioner has negotiated lower reimbursement rates. Specialty pharmacy products are defined as those used by a small number of recipients or recipients with complex and chronic diseases that require expensive and challenging drug regimens. Examples of these conditions include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis C, growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms of cancer. Specialty pharmaceutical products include injectable and infusion therapies, biotechnology drugs, high-cost therapies, and therapies that require complex care. The commissioner shall consult with the formulary committee to develop a list of specialty pharmacy products subject to this paragraph. In consulting with the formulary committee in developing this list, the commissioner shall take into consideration the population served by specialty pharmacy products, the current delivery system and standard of care in the state, and access to care issues. The commissioner shall have the discretion to adjust the reimbursement rate to prevent access to care issues.

**EFFECTIVE DATE.** This section is effective July 1, 2008.

Sec. 10. Minnesota Statutes 2007 Supplement, section 256B.0631, subdivision 1, is amended to read:

Subdivision 1. Co-payments. (a) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after October 1, 2003, and before January 1, 2009:

(1) $3 per nonpreventive visit. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, nurse midwife, advanced practice nurse, audiologist, optician, or optometrist;

(2) $3 for eyeglasses;

(3) $6 for nonemergency visits to a hospital-based emergency room; and

(4) $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $12 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness.

(b) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after January 1, 2009:
(1) $6 for nonemergency visits to a hospital-based emergency room; and

(2) $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $7 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness; and

(3) for individuals identified by the commissioner with income at or below 100 percent of the federal poverty guidelines, total monthly co-payments must not exceed five percent of family income. For purposes of this paragraph, family income is the total earned and unearned income of the individual and the individual's spouse, if the spouse is enrolled in medical assistance and also subject to the five percent limit on co-payments.

c) Recipients of medical assistance are responsible for all co-payments in this subdivision.

Sec. 11. Minnesota Statutes 2007 Supplement, section 256B.0631, subdivision 3, is amended to read:

Subd. 3. Collection. (a) The medical assistance reimbursement to the provider shall be reduced by the amount of the co-payment, except that reimbursement for prescription drug reimbursements shall not be reduced:

1) once a recipient has reached the $12 per month maximum or the $7 per month maximum effective January 1, 2009, for prescription drug co-payments; or

2) for a recipient identified by the commissioner under 100 percent of the federal poverty guidelines who has met their monthly five percent co-payment limit.

(b) The provider collects the co-payment from the recipient. Providers may not deny services to recipients who are unable to pay the co-payment.

c) Medical assistance reimbursement to fee-for-service providers and payments to managed care plans shall not be increased as a result of the removal of the co-payments effective January 1, 2009.

Sec. 12. [256B.194] FEDERAL PAYMENTS.

The commissioner may require medical assistance and MinnesotaCare providers to provide any information necessary to determine Medicaid-related costs, and require the cooperation of providers in any audit or review necessary to ensure payments are limited to cost. This section does not apply to providers who are exempt from the provisions of the CMS final rule, published May 29, 2007, at Federal Register, Vol. 72, No. 100, governing payments to providers that are units of government. This section becomes effective when the CMS final rule goes into effect at the end of the moratorium imposed by Congress.

Sec. 13. Minnesota Statutes 2006, section 256B.32, subdivision 1, is amended to read:

Subdivision 1. Facility fee for hospital emergency room and clinic visit. (a) The commissioner shall establish a facility fee payment mechanism that will pay a facility fee to all enrolled outpatient hospitals for each emergency room or outpatient clinic visit provided on or after July 1, 1989. This payment mechanism may not result in an overall increase in outpatient payment rates. This section does not apply to federally mandated maximum payment limits, department-approved program packages, or services billed using a nonoutpatient hospital provider number.
(b) For fee-for-service services provided on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for outpatient hospital facility services is reduced by .5 percent from the current statutory rates.

(c) In addition to the reduction in paragraph (b), the total payment for fee-for-service services provided on or after July 1, 2003, made to hospitals for outpatient hospital facility services before third-party liability and spenddown, is reduced five percent from the current statutory rates. Facilities defined under section 256.969, subdivision 16, are excluded from this paragraph.

(d) In addition to the reductions in paragraphs (b) and (c), the total payment for fee-for-service services provided on or after July 1, 2008, made to hospitals for outpatient hospital facility services before third-party liability and spenddown, is reduced three percent from the current statutory rates. Mental health services and facilities defined under section 256.969, subdivision 16, are excluded from this paragraph.

Sec. 14. Minnesota Statutes 2006, section 256B.69, subdivision 5a, is amended to read:

Subd. 5a. Managed care contracts. (a) Managed care contracts under this section and sections 256L.12 and 256D.03, shall be entered into or renewed on a calendar year basis beginning January 1, 1996. Managed care contracts which were in effect on June 30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995 through December 31, 1995 at the same terms that were in effect on June 30, 1995. The commissioner may issue separate contracts with requirements specific to services to medical assistance recipients age 65 and older.

(b) A prepaid health plan providing covered health services for eligible persons pursuant to chapters 256B, 256D, and 256L, is responsible for complying with the terms of its contract with the commissioner. Requirements applicable to managed care programs under chapters 256B, 256D, and 256L, established after the effective date of a contract with the commissioner take effect when the contract is next issued or renewed.

(c) Effective for services rendered on or after January 1, 2003, the commissioner shall withhold five percent of managed care plan payments under this section for the prepaid medical assistance and general assistance medical care programs pending completion of performance targets. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The withheld funds must be returned no sooner than July of the following year if performance targets in the contract are achieved. The commissioner may exclude special demonstration projects under subdivision 23. A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

(d)(1) Effective for services rendered on or after January 1, 2009, the commissioner shall withhold three percent of managed care plan payments under this section for the prepaid medical assistance and general assistance medical care programs. The withheld funds must be returned no sooner than July 1 and no later than July 31 of the following year. The commissioner may exclude special demonstration projects under subdivision 23.

(2) A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under
this paragraph. The return of the withhold under this paragraph is not subject to the requirements of paragraph (c).

Sec. 15. Minnesota Statutes 2006, section 256B.75, is amended to read:

**256B.75 HOSPITAL OUTPATIENT REIMBURSEMENT.**

(a) For outpatient hospital facility fee payments for services rendered on or after October 1, 1992, the commissioner of human services shall pay the lower of (1) submitted charge, or (2) 32 percent above the rate in effect on June 30, 1992, except for those services for which there is a federal maximum allowable payment. Effective for services rendered on or after January 1, 2000, payment rates for nonsurgical outpatient hospital facility fees and emergency room facility fees shall be increased by eight percent over the rates in effect on December 31, 1999, except for those services for which there is a federal maximum allowable payment. Total aggregate payment for outpatient hospital facility fee services shall not exceed the Medicare upper limit. If it is determined that a provision of this section conflicts with existing or future requirements of the United States government with respect to federal financial participation in medical assistance, the federal requirements prevail. The commissioner may, in the aggregate, prospectively reduce payment rates to avoid reduced federal financial participation resulting from rates that are in excess of the Medicare upper limitations.

(b) Notwithstanding paragraph (a), payment for outpatient, emergency, and ambulatory surgery hospital facility fee services for critical access hospitals designated under section 144.1483, clause (10), shall be paid on a cost-based payment system that is based on the cost-finding methods and allowable costs of the Medicare program.

(c) Effective for services provided on or after July 1, 2003, rates that are based on the Medicare outpatient prospective payment system shall be replaced by a budget neutral prospective payment system that is derived using medical assistance data. The commissioner shall provide a proposal to the 2003 legislature to define and implement this provision.

(d) For fee-for-service services provided on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for outpatient hospital facility services is reduced by .5 percent from the current statutory rate.

(e) In addition to the reduction in paragraph (d), the total payment for fee-for-service services provided on or after July 1, 2003, made to hospitals for outpatient hospital facility services before third-party liability and spenddown, is reduced five percent from the current statutory rates. Facilities defined under section 256.969, subdivision 16, are excluded from this paragraph.

(f) In addition to the reductions in paragraphs (d) and (e), the total payment for fee-for-service services provided on or after July 1, 2008, made to hospitals for outpatient hospital facility services before third-party liability and spenddown, is reduced three percent from the current statutory rates. Mental health services and facilities defined under section 256.969, subdivision 16, are excluded from this paragraph.

Upon receipt of the letter of acceptance, the commissioner shall deem all requirements of this rider as having been met in regard to the members of the bargaining unit.

(h) The commissioner shall review applications received under paragraph (f) and shall provide the portion of the rate adjustment under paragraphs (b) and (c) if the requirements of this rider have been met. The rate adjustment shall be effective October 1, 2008. Notwithstanding paragraph (a), if the approved application distributes less money than is available, the amount of the rate adjustment shall be reduced so that the amount of money made available is equal to the amount to be distributed.
