124D.10 CHARTER SCHOOLS.

Subdivision 1. **Purposes.** (a) The purpose of this section is to:

- (1) improve pupil learning and student achievement;
- (2) increase learning opportunities for pupils;
- (3) encourage the use of different and innovative teaching methods;
- (4) measure learning outcomes and create different and innovative forms of measuring outcomes;
- (5) establish new forms of accountability for schools; and
- (6) create new professional opportunities for teachers, including the opportunity to be responsible for the learning program at the school site.

(b) This section does not provide a means to keep open a school that ~~otherwise would be closed or to reestablish a school that has been closed.~~ Applicants in these circumstances bear the burden of proving that conversion to a charter school or establishment of a new charter school fulfills the purposes specified in this subdivision, independent of the school's closing a school board decides to close. However, a school board may endorse or authorize the establishing of a charter school to replace the school the board decided to close. Applicants seeking a charter under this circumstance must demonstrate to the authorizer that the charter sought is substantially different in purpose and program from the school the board closed and that the proposed charter satisfies the requirements of this

2011 First Special Session

subdivision. If the school board that closed the school authorizes the charter, it must document in its affidavit to the commissioner that the charter is substantially different in program and purpose from the school it closed.

An authorizer shall not approve an application submitted by a charter school developer under subdivision 4, paragraph (a), if the application does not comply with this subdivision. The commissioner shall not approve an affidavit submitted by an authorizer under subdivision 4, paragraph (b), if the affidavit does not comply with this subdivision.

Subd. 2. **Applicability.** This section applies only to charter schools formed and operated under this section.

Subd. 3. **Authorizer.** (a) For purposes of this section, the terms defined in this subdivision have the meanings given them.

"Application" to receive approval as an authorizer means the proposal an eligible authorizer submits to the commissioner under paragraph (c) before that authorizer is able to submit any affidavit to charter to a school.

"Application" under subdivision 4 means the charter school business plan a school developer submits to an authorizer for approval to establish a charter school that documents the school developer's mission statement, school purposes, program design, financial plan, governance and management structure, and background and experience, plus any other information the authorizer requests. The application also shall include a "statement of assurances" of legal compliance prescribed by the commissioner.

An authorizer must file a separate affidavit for each school it intends to charter. The affidavit must state the terms and conditions under which the authorizer would charter a school and how the authorizer intends to oversee the fiscal and student performance of the charter school and to comply with the terms of the written contract between the authorizer and the charter school board of directors under subdivision 6. The commissioner must approve or disapprove the authorizer's affidavit within 60 business days of receipt of the affidavit. If the commissioner disapproves the affidavit, the commissioner shall notify the authorizer of the deficiencies in the affidavit and the authorizer then has 20 business days to address the deficiencies. If the authorizer does not address deficiencies to the commissioner's satisfaction, the commissioner's disapproval is final. Failure to obtain commissioner approval precludes an authorizer from chartering the school that is the subject of this affidavit.

(c) The authorizer may prevent an approved charter school from opening for operation if, among other grounds, the charter school violates this section or does not meet the ready-to-open standards that are part of the authorizer's oversight and evaluation process or are stipulated in the charter school contract.

(d) The department and any charter school it charters must not assess or pay a fee under paragraphs (b) and (c).

(e) For the preoperational planning period, the authorizer may assess a charter school a fee equal to the basic formula allowance.

(f) By September 30 of each year, an authorizer shall submit to the commissioner a statement of expenditures related to chartering activities during the previous school year ending June 30. A copy of the statement shall be given to all schools chartered by the authorizer.

Subd. 16. Transportation. (a) A charter school after its first fiscal year of operation by March 1 of each fiscal year and a charter school by July 1 of its first fiscal year of operation must notify the district in which the school is located and the Department of Education if it will provide its own transportation or use the transportation services of the district in which it is located for the fiscal year.

(b) If a charter school elects to provide transportation for pupils, the transportation must be provided by the charter school within the district in which the charter school is located. The state must pay transportation aid to the charter school according to section 124D.11, subdivision 2.

For pupils who reside outside the district in which the charter school is located, the charter school is not required to provide or pay for transportation between the pupil's residence and the border of the district in which the charter school is located. A parent may be reimbursed by the charter school for costs of transportation from the pupil's residence to the border of the district in which the charter school is located if the pupil is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week.

At the time a pupil enrolls in a charter school, the charter school must provide the parent or guardian with information regarding the transportation.

(c) If a charter school does not elect to provide transportation, transportation for pupils enrolled at the school must be provided by the district in which the school is located, according to sections 123B.88, subdivision 6, and 124D.03, subdivision 8, for a

2011 First Special Session

pupil residing in the same district in which the charter school is located. Transportation may be provided by the district in which the school is located, according to sections 123B.88, subdivision 6, and 124D.03, subdivision 8, for a pupil residing in a different district. If the district provides the transportation, the scheduling of routes, manner and method of transportation, control and discipline of the pupils, and any other matter relating to the transportation of pupils under this paragraph shall be within the sole discretion, control, and management of the district.

Subd. 17. **Leased space.** A charter school may lease space from an independent or special school board eligible to be an authorizer, other public organization, private, nonprofit nonsectarian organization, private property owner, or a sectarian organization if the leased space is constructed as a school facility. The department must review and approve or disapprove leases in a timely manner.

Subd. 17a. **Affiliated nonprofit building corporation.** (a) Before a charter school may organize an affiliated nonprofit building corporation (i) to renovate or purchase an existing facility to serve as a school or (ii) to construct a new school facility, an authorizer must submit an affidavit to the commissioner for approval in the form and manner the commissioner prescribes, and consistent with paragraphs (b) and (c) or (d).

(2) submit to the commissioner each fiscal year a list of current board members and a copy of its annual audit; and

(3) comply with government data practices law under chapter 13.

An affiliated nonprofit building corporation must not serve as the leasing agent for property or facilities it does not own. A charter school that leases a facility from an affiliated nonprofit building corporation that does not own the leased facility is ineligible to receive charter school lease aid. The state is immune from liability resulting from a contract between a charter school and an affiliated nonprofit building corporation.

(c) A charter school may organize an affiliated nonprofit building corporation to renovate or purchase an existing facility to serve as a school if the charter school:

(1) has been operating for at least five consecutive school years ~~and the school's charter has been renewed for a five-year term;~~

(d) A charter school may organize an affiliated nonprofit building corporation to construct a new school facility if the charter school:

(1) demonstrates the lack of facilities available to serve as a school;

(2) has been operating for at least eight consecutive school years;

2011 First Special Session

(3) has had a net positive unreserved general fund balance as of June 30 in the preceding eight fiscal years;

(4) completes a feasibility study of facility options;

(5) has a long-range strategic and financial plan that includes ~~sustainable~~ enrollment projections and demonstrates the need for constructing a new school facility; and

(6) has a positive review and comment from the commissioner under section 123B.71.

Subd. 19. **Disseminate information.** (a) The authorizer, the operators, and the department must disseminate information to the public on how to form and operate a charter school. Charter schools must disseminate information about how to use the offerings of a charter school. Targeted groups include low-income families and communities, students of color, and students who are at risk of academic failure.

(b) Authorizers, operators, and the department also may disseminate information about the successful best practices in teaching and learning demonstrated by charter schools.

Subd. 20. **Leave to teach in a charter school.** If a teacher employed by a district makes a written request for an extended leave of absence to teach at a charter school, the district must grant the leave. The district must grant a leave not to exceed a total of five years. Any request to extend the leave shall be granted only at the discretion of the school board. The district may require that the request for a leave or extension of leave be made before February 1 in the school year preceding the school year in which the teacher intends to leave, or February 1 of the calendar year in which the teacher's leave is scheduled to terminate. Except as otherwise provided in this subdivision and except for section 122A.46, subdivision 7, the leave is governed by section 122A.46, including, but not limited to, reinstatement, notice of intention to return, seniority, salary, and insurance.

During a leave, the teacher may continue to aggregate benefits and credits in the Teachers' Retirement Association account under chapters 354 and 354A, consistent with subdivision 22.

Subd. 21. **Collective bargaining.** Employees of the board of directors of a charter school may, if otherwise eligible, organize under chapter 179A and comply with its provisions. The board of directors of a charter school is a public employer, for the purposes of chapter 179A, upon formation of one or more bargaining units at the school. Bargaining units at the school must be separate from any other units within an authorizing district, except that bargaining units may remain part of the appropriate unit within an authorizing district, if the employees of the school, the board of directors of the school, the exclusive representative of the appropriate unit in the authorizing district, and the board of the authorizing district agree to include the employees in the appropriate unit of the authorizing district.

Subd. 22. **Teacher and other employee retirement.** (a) Teachers in a charter school must be public school teachers for the purposes of chapters 354 and 354a.

(b) Except for teachers under paragraph (a), employees in a charter school must be public employees for the purposes of chapter 353.

Subd. 23. **Causes for nonrenewal or termination of charter school contract.** (a) The duration of the contract with an authorizer must be for the term contained in the

An authorizer may unilaterally terminate a contract during the term of the contract for any ground listed in paragraph (b). At least 60 business days before not renewing or terminating a contract, the authorizer shall notify the board of directors of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action in reasonable detail and that the charter school's board of directors may request in writing an informal hearing before the authorizer within 15 business days of receiving notice of nonrenewal or termination of the contract. Failure by the board of directors to make a written request for ~~a~~ an informal hearing within the 15-business-day period shall be treated as acquiescence to the proposed action. Upon receiving a timely written request for a hearing, the authorizer shall give ten business days' notice to the charter school's board of directors of the hearing date. The authorizer shall conduct an informal hearing before taking final action. The authorizer shall take final action to renew or not renew a contract no later than 20 business days before the proposed date for terminating the contract or the end date of the contract.

(b) A contract may be terminated or not renewed upon any of the following grounds:

- (1) failure to meet the requirements for pupil performance contained in the contract;
- (2) failure to meet generally accepted standards of fiscal management;
- (3) violations of law; or
- (4) other good cause shown.

If a contract is terminated or not renewed under this paragraph, the school must be dissolved according to the applicable provisions of chapter ~~308A~~ or 317A.

(c) If the authorizer and the charter school board of directors mutually agree to terminate or not renew the contract, a change in authorizers is allowed if the commissioner approves the transfer change to a different eligible authorizer to authorize the charter school. Both parties must jointly submit their intent in writing to the commissioner to mutually terminate the contract. The authorizer that is a party to the existing contract ~~at least~~ must inform the ~~approved different eligible proposed~~ authorizer about the fiscal and operational status and student performance of the school. Before the commissioner determines whether to approve a transfer of change in authorizer, the ~~commissioner first proposed authorizer~~ must ~~determine whether the charter school and prospective new authorizer can identify and effectively resolve those circumstances causing the previous authorizer and the charter school to mutually agree to terminate the contract~~ identify any outstanding issues in the proposed charter contract that were unresolved in the previous charter contract and have the charter school agree to resolve those issues. If no ~~transfer of change in~~ authorizer is approved, the school must be dissolved according to applicable law and the terms of the contract.

(d) The commissioner, after providing reasonable notice to the board of directors of a charter school and the existing authorizer, and after providing an opportunity for a public hearing, may terminate the existing contract between the authorizer and the charter school board if the charter school has a history of:

- (1) failure to meet pupil performance requirements ~~contained in the contract~~ consistent with state law;
- (2) financial mismanagement or failure to meet generally accepted standards of fiscal management; or

(3) repeated or major violations of the law.

~~(c) If the commissioner terminates a charter school contract under subdivision 3, paragraph (g), the commissioner shall provide the charter school with information about other eligible authorizers.~~

Subd. 23a. **Related party lease costs.** (a) A charter school is prohibited from entering a lease of real property with a related party unless the lessor is a nonprofit corporation under chapter 317A or a cooperative under chapter 308A, and the lease cost is reasonable under section 124D.11, subdivision 4, clause (1).

(b) For purposes of this section and section 124D.11:

(1) "related party" means an affiliate or immediate relative of the other party in question, an affiliate of an immediate relative, or an immediate relative of an affiliate;

(2) "affiliate" means a person that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with another person;

(3) "immediate family" means an individual whose relationship by blood, marriage, adoption, or partnering is no more remote than first cousin;

(4) "person" means an individual or entity of any kind; and

(5) "control" means the ability to affect the management, operations, or policy actions or decisions of a person, whether through ownership of voting securities, by contract, or otherwise.

(c) A lease of real property to be used for a charter school, not excluded in paragraph (a), must contain the following statement: "This lease is subject to Minnesota Statutes, section 124D.10, subdivision 23a."

(d) If a charter school enters into as lessee a lease with a related party and the charter school subsequently closes, the commissioner has the right to recover from the lessor any lease payments in excess of those that are reasonable under section 124D.11, subdivision 4, clause (1).

Subd. 24. **Pupil enrollment upon nonrenewal or termination of charter school contract.** If a contract is not renewed or is terminated according to subdivision 23, a pupil who attended the school, siblings of the pupil, or another pupil who resides in the same place as the pupil may enroll in the resident district or may submit an application to a nonresident district according to section 124D.03 at any time. Applications and notices required by section 124D.03 must be processed and provided in a prompt manner. The application and notice deadlines in section 124D.03 do not apply under these circumstances. (c) The commissioner, an authorizer, members of the board of an authorizer in their official capacity, and employees of an authorizer are immune from civil or criminal liability with respect to all activities related to a charter school they approve or authorize. The board of directors shall obtain at least the amount of and types of insurance up to the

2011 First Special Session

applicable tort liability limits under chapter 466. The charter school board must submit a copy of the insurance policy to its authorizer and the commissioner before starting operations. The charter school board must submit changes in its insurance carrier or policy to its authorizer and the commissioner within 20 business days of the change.

(d) Notwithstanding section 3.736, the charter school shall assume full liability for its activities and indemnify and hold harmless the authorizer and its officers, agents, and employees from any suit, claim, or liability arising from any operation of the charter school and the commissioner and department officers, agents, and employees. A charter school is not required to indemnify or hold harmless a state employee if the state would not be required to indemnify and hold the employee harmless under section 3.736, subdivision 9.

Sec. 30. Minnesota Statutes 2010, section 124D.11, subdivision 4, is amended to read:

Subd. 4. **Building lease aid.** When a charter school finds it economically advantageous to rent or lease a building or land for any instructional purposes and it determines that the total operating capital revenue under section 126C.10, subdivision 13, is insufficient for this purpose, it may apply to the commissioner for building lease aid for this purpose. The commissioner must review and either approve or deny a lease aid application using the following criteria:

- (1) the reasonableness of the price based on current market values;
- (2) the extent to which the lease conforms to applicable state laws and rules; and
- (3) the appropriateness of the proposed lease in the context of the space needs and financial circumstances of the charter school.

A charter school must not use the building lease aid it receives for custodial, maintenance service, utility, or other operating costs. The amount of building lease aid per pupil unit served for a charter school for any year shall not exceed the lesser of (a) 90 percent of the approved cost or (b) the product of the pupil units served for the current school year times ~~the greater of the charter school's building lease aid per pupil unit served for fiscal year 2003, excluding the adjustment under Laws 2002, chapter 392, article 6, section 4, or \$1,200.~~

(b) Notwithstanding paragraph (a) and section 127A.45, for a charter school ceasing operation on or prior to June 30 of a school year, for the payment periods occurring after the school ceases serving students, the commissioner shall withhold the estimated state aid owed the school. The charter school board of directors and authorizer must submit to the commissioner a closure plan under chapter 308A or 317A, and financial information about the school's liabilities and assets. After receiving the closure plan, financial information, an audit of pupil counts, documentation of lease expenditures, and monitoring of special education expenditures, the commissioner may release cash withheld and may continue regular payments up to the current year payment percentages if further amounts are

2011 First Special Session

owed. If, based on audits and monitoring, the school received state aid in excess of the amount owed, the commissioner shall retain aid withheld sufficient to eliminate the aid overpayment. For a charter school ceasing operations prior to, or at the end of, a school year, notwithstanding section 127A.45, subdivision 3, preliminary final payments may be made after receiving the closure plan, audit of pupil counts, monitoring of special education expenditures, documentation of lease expenditures, and school submission of Uniform Financial Accounting and Reporting Standards (UFARS) financial data for the final year of operation. Final payment may be made upon receipt of audited financial statements under section 123B.77, subdivision 3.

(c) If a charter school fails to comply with the commissioner's directive to return, for cause, federal or state funds administered by the department, the commissioner may withhold an amount of state aid sufficient to satisfy the directive.

(d) If, within the timeline under section 471.425, a charter school fails to pay the state of Minnesota, a school district, intermediate school district, or service cooperative after receiving an undisputed invoice for goods and services, the commissioner may withhold an amount of state aid sufficient to satisfy the claim and shall distribute the withheld aid to the interested state agency, school district, intermediate school district, or service cooperative. An interested state agency, school district, intermediate school district, or education cooperative shall notify the commissioner when a charter school fails to pay an undisputed invoice within 75 business days of when it received the original invoice.

(e) Notwithstanding section 127A.45, subdivision 3, and paragraph (a), 80 percent of the start-up cost aid under subdivision 8 shall be paid within 45 days after the first day of student attendance for that school year.

(f) In order to receive state aid payments under this subdivision, a charter school in its first three years of operation must submit a school calendar in the form and manner requested by the department and a quarterly report to the Department of Education. The report must list each student by grade, show the student's start and end dates, if any, with the charter school, and for any student participating in a learning year program, the report must list the hours and times of learning year activities. The report must be submitted not more than two weeks after the end of the calendar quarter to the department. The department must develop a Web-based reporting form for charter schools to use when submitting enrollment reports. A charter school in its fourth and subsequent year of operation must submit a school calendar and enrollment information to the department in the form and manner requested by the department.

(g) Notwithstanding sections 317A.701 to 317A.791, upon closure of a charter school and satisfaction of creditors, cash and investment balances remaining shall be returned to the state.

(2) physical holding or seclusion must end when the threat of harm ends and the staff determines that the child can safely return to the classroom or activity;

(3) staff must directly observe the child while physical holding or seclusion is being used;

(4) each time physical holding or seclusion is used, the staff person who implements or oversees the physical holding or seclusion shall document, as soon as possible after the incident concludes, the following information:

Sec. 3. Minnesota Statutes 2010, section 125A.15, is amended to read:

125A.15 PLACEMENT IN ANOTHER DISTRICT; RESPONSIBILITY.

The responsibility for special instruction and services for a child with a disability temporarily placed in another district for care and treatment shall be determined in the following manner:

(a) The district of residence of a child shall be the district in which the child's parent resides, if living, or the child's guardian, or the district designated by the commissioner if neither parent nor guardian is living within the state. If there is a dispute between school districts regarding residency, the district of residence is the district designated by the commissioner.

(b) If a district other than the resident district places a pupil for care and treatment, the district placing the pupil must notify and give the resident district an opportunity to participate in the placement decision. When an immediate emergency placement of a pupil is necessary and time constraints foreclose a resident district from participating in the emergency placement decision, the district in which the pupil is temporarily placed must notify the resident district of the emergency placement within 15 days. The resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

(c) When a child is temporarily placed for care and treatment in a day program located in another district and the child continues to live within the district of residence during the care and treatment, the district of residence is responsible for providing transportation to and from the care and treatment program and an appropriate educational program for the child. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the educational program at a school within the district of residence, at the child's residence, or in the district in which the day treatment center is located by paying tuition to that district.

(d) When a child is temporarily placed in a residential program for care and treatment, the nonresident district in which the child is placed is responsible for providing

2011 First Special Session

an appropriate educational program for the child and necessary transportation while the child is attending the educational program; and must bill the district of the child's residence for the actual cost of providing the program, as outlined in section 125A.11, except as provided in paragraph (e). However, the board, lodging, and treatment costs incurred in behalf of a child with a disability placed outside of the school district of residence by the commissioner of human services or the commissioner of corrections or their agents, for reasons other than providing for the child's special educational needs must not become the responsibility of either the district providing the instruction or the district of the child's residence. For the purposes of this section, the state correctional facilities operated on a fee-for-service basis are considered to be residential programs for care and treatment.

(e) A privately owned and operated residential facility may enter into a contract to obtain appropriate educational programs for special education children and services with a joint powers entity. The entity with which the private facility contracts for special education services shall be the district responsible for providing students placed in that facility an appropriate educational program in place of the district in which the facility is located. If a privately owned and operated residential facility does not enter into a contract under this paragraph, then paragraph (d) applies.

(f) The district of residence shall pay tuition and other program costs, not including transportation costs, to the district providing the instruction and services. The district of residence may claim general education aid for the child as provided by law. Transportation costs must be paid by the district responsible for providing the transportation and the state must pay transportation aid to that district.

Sec. 4. Minnesota Statutes 2010, section 125A.21, subdivision 2, is amended to read:

Subd. 2. **Third-party reimbursement.** (a) Beginning July 1, 2000, districts shall seek reimbursement from insurers and similar third parties for the cost of services provided by the district whenever the services provided by the district are otherwise covered by the child's health coverage. Districts shall request, but may not require, the child's family to provide information about the child's health coverage when a child with a disability begins to receive services from the district of a type that may be reimbursable, and shall request, but may not require, updated information after that as needed.

(b) For children enrolled in medical assistance under chapter 256B or MinnesotaCare under chapter 256L who have no other health coverage, a district shall provide an initial and annual written notice to the enrolled child's parent or legal representative of its intent to seek reimbursement from medical assistance or MinnesotaCare for the ~~individual~~ individualized education ~~plan~~ program health-related services provided by the district. The initial notice must give the child's parent or legal representative the right to request a copy of the child's education records on the health-related services that the district provided to the child and disclosed to a third-party payer.

(c) The district shall give the parent or legal representative annual written notice of:

(1) the district's intent to seek reimbursement from medical assistance or MinnesotaCare for individual education plan health-related services provided by the district;

(2) the right of the parent or legal representative to request a copy of all records concerning individual education plan health-related services disclosed by the district to any third party; and

2011 First Special Session

(3) the right of the parent or legal representative to withdraw consent for disclosure of a child's records at any time without consequence.

The written notice shall be provided as part of the written notice required by Code of Federal Regulations, title 34, section 300.504. The district must ensure that the parent of a child with a disability is given notice, in understandable language, of federal and state procedural safeguards available to the parent under this paragraph and paragraph (b).

(d) In order to access the private health care coverage of a child who is covered by private health care coverage in whole or in part, a district must:

(1) obtain annual written informed consent from the parent or legal representative, in compliance with subdivision 5; and

(2) inform the parent or legal representative that a refusal to permit the district or state Medicaid agency to access their private health care coverage does not relieve the district of its responsibility to provide all services necessary to provide free and appropriate public education at no cost to the parent or legal representative.

(e) If the commissioner of human services obtains federal approval to exempt covered individual education plan health-related services from the requirement that private health care coverage refuse payment before medical assistance may be billed, paragraphs (b), (c), and (d) shall also apply to students with a combination of private health care coverage and health care coverage through medical assistance or MinnesotaCare.

(f) In the event that Congress or any federal agency or the Minnesota legislature or any state agency establishes lifetime limits, limits for any health care services, cost-sharing provisions, or otherwise provides that individual education plan health-related services impact benefits for persons enrolled in medical assistance or MinnesotaCare, the amendments to this subdivision adopted in 2002 are repealed on the effective date of any federal or state law or regulation that imposes the limits. In that event, districts must obtain informed consent consistent with this subdivision as it existed prior to the 2002 amendments and subdivision 5, before seeking reimbursement for children enrolled in medical assistance under chapter 256B or MinnesotaCare under chapter 256L who have no other health care coverage.

Sec. 5. Minnesota Statutes 2010, section 125A.21, subdivision 3, is amended to read:

Subd. 3. **Use of reimbursements.** Of the reimbursements received, districts may:

(1) retain an amount sufficient to compensate the district for its administrative costs of obtaining reimbursements;

(2) regularly obtain from education- and health-related entities training and other appropriate technical assistance designed to improve the district's ability to ~~determine which services are reimbursable and to seek timely reimbursement in a cost-effective manner~~ access third-party payments for individualized education program health-related services; or

(3) reallocate reimbursements for the benefit of students with ~~special needs~~ individualized education programs or individual family service plans in the district.

Sec. 6. Minnesota Statutes 2010, section 125A.21, subdivision 5, is amended to read:

Subd. 5. **Informed consent.** When obtaining informed consent, consistent with sections 13.05, subdivision 4a, ~~and~~, 256B.77, subdivision 2, paragraph (p), and Code of

2011 First Special Session

Federal Regulations, title 34, parts 99 and 300, to bill health plans for covered services, the school district must notify the legal representative (1) that the cost of the person's private health insurance premium may increase due to providing the covered service in the school setting, (2) that the school district may pay certain enrollee health plan costs, including but not limited to, co-payments, coinsurance, deductibles, premium increases or other enrollee cost-sharing amounts for health and related services required by an individual service plan, or individual family service plan, and (3) that the school's billing for each type of covered service may affect service limits and prior authorization thresholds. The informed consent may be revoked in writing at any time by the person authorizing the billing of the health plan.

Sec. 7. Minnesota Statutes 2010, section 125A.21, subdivision 7, is amended to read:

Subd. 7. **District disclosure of information.** A school district may disclose information contained in a student's ~~individual~~ individualized education ~~plan~~ program, consistent with section 13.32, subdivision 3, paragraph (a), and Code of Federal Regulations, title 34, parts 99 and 300; including records of the student's diagnosis and treatment, to a health plan company only with the signed and dated consent of the student's parent, or other legally authorized individual, including consent that the parent or legal representative gave as part of the application process for MinnesotaCare or medical assistance under section 256B.08, subdivision 1. The school district shall disclose only that information necessary for the health plan company to decide matters of coverage and payment. A health plan company may use the information only for making decisions regarding coverage and payment, and for any other use permitted by law.

Sec. 8. Minnesota Statutes 2010, section 125A.51, is amended to read:

**125A.51 PLACEMENT OF CHILDREN WITHOUT DISABILITIES;
EDUCATION AND TRANSPORTATION.**

The responsibility for providing instruction and transportation for a pupil without a disability who has a short-term or temporary physical or emotional illness or disability, as determined by the standards of the commissioner, and who is temporarily placed for care and treatment for that illness or disability, must be determined as provided in this section.

(a) The school district of residence of the pupil is the district in which the pupil's parent or guardian resides. If there is a dispute between school districts regarding residency, the district of residence is the district designated by the commissioner.

(b) When parental rights have been terminated by court order, the legal residence of a child placed in a residential or foster facility for care and treatment is the district in which the child resides.

(c) Before the placement of a pupil for care and treatment, the district of residence must be notified and provided an opportunity to participate in the placement decision. When an immediate emergency placement is necessary and time does not permit resident district participation in the placement decision, the district in which the pupil is temporarily placed, if different from the district of residence, must notify the district of residence of the emergency placement within 15 days of the placement. When a nonresident district makes an emergency placement without first consulting with the resident district, the resident district has up to five business days after receiving notice of the emergency placement to request an opportunity to participate in the placement decision, which the placing district must then provide.

2011 First Special Session

(d) When a pupil without a disability is temporarily placed for care and treatment in a day program and the pupil continues to live within the district of residence during the care and treatment, the district of residence must provide instruction and necessary transportation to and from the care and treatment program for the pupil. The resident district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the resident district receives a copy of the order, then the resident district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the resident district during regular operating hours of the resident district. The resident district may provide the instruction at a school within the district of residence, at the pupil's residence, or in the case of a placement outside of the resident district, in the district in which the day treatment program is located by paying tuition to that district. The district of placement may contract with a facility to provide instruction by teachers licensed by the state Board of Teaching.

(e) When a pupil without a disability is temporarily placed in a residential program for care and treatment, the district in which the pupil is placed must provide instruction for the pupil and necessary transportation while the pupil is receiving instruction, and in the case of a placement outside of the district of residence, the nonresident district must bill the district of residence for the actual cost of providing the instruction for the regular school year and for summer school, excluding transportation costs.

(f) Notwithstanding paragraph (e), if the pupil is homeless and placed in a public or private homeless shelter, then the district that enrolls the pupil under section 127A.47, subdivision 2, shall provide the transportation, unless the district that enrolls the pupil and the district in which the pupil is temporarily placed agree that the district in which the pupil is temporarily placed shall provide transportation. When a pupil without a disability is temporarily placed in a residential program outside the district of residence, the administrator of the court placing the pupil must send timely written notice of the placement to the district of residence. The district of placement may contract with a residential facility to provide instruction by teachers licensed by the state Board of Teaching. For purposes of this section, the state correctional facilities operated on a fee-for-service basis are considered to be residential programs for care and treatment.

(g) The district of residence must include the pupil in its residence count of pupil units and pay tuition as provided in section 123A.488 to the district providing the instruction. Transportation costs must be paid by the district providing the transportation and the state must pay transportation aid to that district. For purposes of computing state transportation aid, pupils governed by this subdivision must be included in the disabled transportation category if the pupils cannot be transported on a regular school bus route without special accommodations.

Sec. 9. Minnesota Statutes 2010, section 125A.515, is amended by adding a subdivision to read:

Subd. 3a. **Students without a disability from other states.** A school district is not required to provide education services under this section to a student who:

(1) is not a resident of Minnesota;

(2) does not have an individualized education program; and

2011 First Special Session

(3) does not have a tuition arrangement or agreement to pay the cost of education from the placing authority.

EFFECTIVE DATE. This section is effective July 1, 2011, for fiscal year 2012 and later.

Sec. 10. Minnesota Statutes 2010, section 125A.69, subdivision 1, is amended to read:

Subdivision 1. ~~Two kinds Admissions.~~ ~~There are two kinds of Admission to the Minnesota State Academies is described in this section.~~

(a) A pupil who is deaf, hard of hearing, or ~~blind-deaf deafblind~~, may be admitted to the Academy for the Deaf. A pupil who is blind or visually impaired, ~~blind-deaf deafblind~~, or multiply disabled may be admitted to the Academy for the Blind. For a pupil to be admitted, two decisions must be made under sections 125A.03 to 125A.24 and 125A.65.

(1) It must be decided by the individual education planning team that education in regular or special education classes in the pupil's district of residence cannot be achieved satisfactorily because of the nature and severity of the deafness or blindness or visual impairment respectively.

(2) It must be decided by the individual education planning team that the academy provides the most appropriate placement within the least restrictive alternative for the pupil.

(b) A deaf or hard-of-hearing child or a visually impaired pupil may be admitted to get socialization skills or on a short-term basis for skills development.

(c) A parent of a child who resides in Minnesota and who meets the disability criteria for being deaf or hard of hearing, blind or visually impaired, or multiply disabled may apply to place the child in the Minnesota State Academies. Academy staff must review the application to determine whether the Minnesota State Academies is an appropriate placement for the child. If academy staff determine that the Minnesota State Academies is an appropriate placement, the staff must invite the individualized education program team at the child's resident school district to participate in a meeting to arrange a trial placement of between 60 and 90 calendar days at the Minnesota State Academies. If the child's parent consents to the trial placement, the Minnesota State Academies is the responsible serving school district and incurs all due process obligations under law, and the child's resident school district is responsible for any transportation included in the child's individualized education program during the trial placement. Before the trial placement ends, academy staff must convene an individualized education program team meeting to determine whether to continue the child's placement at the Minnesota State Academies or that another placement is appropriate. If the academy members of the individualized education program team and the parent are unable to agree on the child's placement, the child's placement reverts to the placement in the child's individualized education program that immediately preceded the trial placement. If the parent and individualized education program team agree to continue the placement beyond the trial period, the transportation and due process responsibilities are the same as those described for the trial placement under this paragraph.

Subdivision 1. **Health and safety program revenue application.** (a) To receive health and safety revenue for any fiscal year a district must submit to the commissioner an a capital expenditure health and safety revenue application for aid and levy by the date determined by the commissioner. The application may be for hazardous substance removal, fire and life safety code repairs, labor and industry regulated facility and equipment violations, and health, safety, and environmental management, including indoor air quality management. The application must include a health and safety program budget adopted and confirmed by the school district board as being consistent with the district's health and safety policy under subdivision 2. The program budget must include the estimated cost, per building, of the program per Uniform Financial Accounting and Reporting Standards (UFARS) finance code, by fiscal year. Upon approval through the adoption of a resolution by each of an intermediate district's member school district boards and the approval of the Department of Education, a school district may include

2011 First Special Session

its proportionate share of the costs of health and safety projects for an intermediate district in its application.

(b) Health and safety projects with an estimated cost of \$500,000 or more per site are not eligible for health and safety revenue. Health and safety projects with an estimated cost of \$500,000 or more per site that meet all other requirements for health and safety funding, are eligible for alternative facilities bonding and levy revenue according to section 123B.59. A school board shall not separate portions of a single project into components to qualify for health and safety revenue, and shall not combine unrelated projects into a single project to qualify for alternative facilities bonding and levy revenue.

(c) The commissioner of education shall not make eligibility for health and safety revenue contingent on a district's compliance status, level of program development, or training. The commissioner shall not mandate additional performance criteria such as training, certifications, or compliance evaluations as a prerequisite for levy approval.

Subd. 2. ~~Contents of program~~ **Health and safety policy.** To qualify for health and safety revenue, a district school board must adopt a health and safety program policy. The program policy must include plans, where applicable, for hazardous substance removal, fire and life safety code repairs, regulated facility and equipment violations, and provisions for implementing a health and safety program that complies with health, safety, and environmental management, regulations and best practices including indoor air quality management.

~~(a) A hazardous substance plan must contain provisions for the removal or encapsulation of asbestos from school buildings or property, asbestos-related repairs, cleanup and disposal of polychlorinated biphenyls found in school buildings or property, and cleanup, removal, disposal, and repairs related to storing heating fuel or transportation fuels such as alcohol, gasoline, fuel, oil, and special fuel, as defined in section 296A.01. If a district has already developed a plan for the removal or encapsulation of asbestos as required by the federal Asbestos Hazard Emergency Response Act of 1986, the district may use a summary of that plan, which includes a description and schedule of response actions, for purposes of this section. The plan must also contain provisions to make modifications to existing facilities and equipment necessary to limit personal exposure to hazardous substances, as regulated by the federal Occupational Safety and Health Administration under Code of Federal Regulations, title 29, part 1910, subpart Z, or is determined by the commissioner to present a significant risk to district staff or student health and safety as a result of foreseeable use, handling, accidental spill, exposure, or contamination.~~

Subd. 3. **Health and safety revenue.** A district's health and safety revenue for a fiscal year equals the district's alternative facilities levy under section 123B.59, subdivision 5, paragraph (b), plus the greater of zero or:

(1) the sum of (a) the total approved cost of the district's hazardous substance plan for fiscal years 1985 through 1989, plus (b) the total approved cost of the district's health and safety program for fiscal year 1990 through the fiscal year to which the levy is attributable, excluding expenditures funded with bonds issued under section 123B.59 or 123B.62, or chapter 475; certificates of indebtedness or capital notes under section 123B.61; levies under section 123B.58, 123B.59, 123B.63, or 126C.40, subdivision 1 or 6; and other federal, state, or local revenues, minus

Subd. 4. **Health and safety levy.** To receive health and safety revenue, a district may levy an amount equal to the district's health and safety revenue as defined in subdivision 3 multiplied by the lesser of one, or the ratio of the quotient derived by dividing the adjusted net tax capacity of the district for the year preceding the year the levy is certified by the adjusted marginal cost pupil units in the district for the school year to which the levy is attributable, to \$2,935.

Subd. 5. **Health and safety aid.** A district's health and safety aid is the difference between its health and safety revenue and its health and safety levy. If a district does not levy the entire amount permitted, health and safety aid must be reduced in proportion to the actual amount levied. Health and safety aid may not be reduced as a result of reducing a district's health and safety levy according to section 123B.79.

Subd. 6. **Uses of health and safety revenue.** ~~(a)~~ Health and safety revenue may be used only for approved expenditures necessary to correct for the correction of fire and life safety hazards; or for the; design, purchase, installation, maintenance, and inspection of fire protection and alarm equipment; purchase or construction of appropriate facilities for the storage of combustible and flammable materials; inventories and facility modifications not related to a remodeling project to comply with lab safety requirements under section 121A.31; inspection, testing, repair, removal or encapsulation, and disposal of asbestos from school buildings or property owned or being acquired by the district, asbestos-related repairs, asbestos-containing building materials; cleanup and disposal of polychlorinated biphenyls found in school buildings or property owned or being acquired by the district, or the; cleanup and disposal of hazardous and infectious wastes; cleanup, removal, disposal, and repairs related to storing heating fuel or transportation fuels such as alcohol, gasoline, fuel oil, and special fuel, as defined in section 296A.01, Minnesota; correction of occupational safety and health administration regulated facility and equipment hazards; indoor air quality inspections, investigations, and testing; mold abatement; upgrades or replacement of mechanical ventilation systems to meet American Society of Heating, Refrigerating and Air Conditioning Engineers standards and State Mechanical Code; design, materials, and installation of local exhaust ventilation systems, including required make-up air for controlling regulated hazardous substances; correction of Department of Health Food Code and violations; correction of swimming pool hazards excluding depth correction; playground safety inspections, repair of unsafe outdoor playground

Testing and calibration activities are permitted for existing mechanical ventilation systems at intervals no less than every five years. Health and safety revenue must not be used to finance a lease purchase agreement, installment purchase agreement, or other deferred payments agreement. Health and safety revenue must not be used for the construction of new facilities or the purchase of portable classrooms, for interest or other financing expenses, or for energy efficiency projects under section 123B.65. Subd. 6b. **Health and safety projects.** (a) Health and safety revenue applications defined in subdivision 1 must be accompanied by a description of each project for which funding is being requested. Project descriptions must provide enough detail for an auditor to determine if the work qualifies for revenue. For projects other than fire and life safety projects, playground projects, and health, safety, and environmental management activities, a project description does not need to include itemized details such as material types, room locations, square feet, names, or license numbers. The commissioner

2011 First Special Session

may request supporting information and shall approve only projects that comply with subdivisions 6 and 8, as defined by the Department of Education.

(b) Districts may request funding for allowable projects based on self-assessments, safety committee recommendations, insurance inspections, management assistance reports, fire marshal orders, or other mandates. Subd. 6c. **Appeals process.** In the event a district is denied funding approval for a project the district believes complies with subdivisions 6 and 8, and is not otherwise excluded, a district may appeal the decision. All such requests must be in writing. The commissioner shall respond in writing. A written request must contain the following: project number; description and amount; reason for denial; unresolved questions for consideration; reasons for reconsideration; and a specific statement of what action the district is requesting.

Subd. 7. **Proration.** In the event that the health and safety aid available for any year is prorated, a district having its aid prorated may levy an additional amount equal to the amount not paid by the state due to proration.

Subd. 8. **Health, safety, and environmental management cost.** (a) "Health, safety, and environmental management" is defined in section 123B.56.

(b) A district's cost for health, safety, and environmental management is limited to the lesser of:

(2) an amount determined by the commissioner, based on enrollment, building age, and size.

~~(b)~~ (c) The department may contract with regional service organizations, private contractors, Minnesota Safety Council, or state agencies to provide management assistance to school districts for health and safety capital projects. The ~~department~~ commissioner shall not mandate management assistance or exclude private contractors from the opportunity to provide any health and safety services to school districts.

~~(c) Notwithstanding paragraph (b), the department may approve revenue, up to the limit defined in paragraph (a) for districts having an approved health, safety, and~~

Sec. 3. Minnesota Statutes 2010, section 123B.63, subdivision 3, is amended to read:

Subd. 3. **Capital project levy referendum.** (a) A district may levy the local tax rate approved by a majority of the electors voting on the question to provide funds for an approved project. The election must take place no more than five years before the estimated date of commencement of the project. The referendum must be held on a date set by the board. A referendum for a project not receiving a positive review and comment by the commissioner under section 123B.71 must be approved by at least 60 percent of the voters at the election.

(b) The referendum may be called by the school board and may be held:

(1) separately, before an election for the issuance of obligations for the project under chapter 475; or

(2) in conjunction with an election for the issuance of obligations for the project under chapter 475; or

(3) notwithstanding section 475.59, as a conjunctive question authorizing both the capital project levy and the issuance of obligations for the project under chapter 475. Any obligations authorized for a project may be issued within five years of the date of the election.

(c) The ballot must provide a general description of the proposed project, state the estimated total cost of the project, state whether the project has received a positive or negative review and comment from the commissioner, state the maximum amount of the capital project levy as a percentage of net tax capacity, state the amount that will be raised by that local tax rate in the first year it is to be levied, and state the maximum number of years that the levy authorization will apply.

The ballot must contain a textual portion with the information required in this section and a question stating substantially the following:

"Shall the capital project levy proposed by the board of School District No. be approved?"

If approved, the amount provided by the approved local tax rate applied to the net tax capacity for the year preceding the year the levy is certified may be certified for the number of years, not to exceed ten, approved.

(d) If the district proposes a new capital project to begin at the time the existing capital project expires and at the same maximum tax rate, the general description on the ballot may state that the capital project levy is being renewed and that the tax rate is not being increased from the previous year's rate. An election to renew authority under this paragraph may be called at any time that is otherwise authorized by this subdivision. The ballot notice required under section 275.60 may be modified to read:

"BY VOTING YES ON THIS BALLOT QUESTION, YOU ARE VOTING TO RENEW AN EXISTING CAPITAL PROJECTS REFERENDUM THAT IS SCHEDULED TO EXPIRE."

2011 First Special Session

(e) In the event a conjunctive question proposes to authorize both the capital project levy and the issuance of obligations for the project, appropriate language authorizing the issuance of obligations must also be included in the question.

(f) The district must notify the commissioner of the results of the referendum.

EFFECTIVE DATE. This section is effective the day following final enactment for referenda conducted on or after the 53rd day following final enactment.

Sec. 4. Minnesota Statutes 2010, section 123B.71, subdivision 5, is amended to read:

Subd. 5. **Final plans.** If a construction contract has not been awarded within two years of approval, the approval shall not be valid. After approval, final plans and the approval shall be ~~filed with~~ made available, if requested, to the commissioner of education. If substantial changes are made to the initial approved plans, documents reflecting the changes shall be submitted to the commissioner for approval. Upon completing a project, the school board shall certify to the commissioner that the project was completed according to the approved plans.

Sec. 5. Minnesota Statutes 2010, section 123B.72, subdivision 3, is amended to read:

Subd. 3. **Certification.** Prior to occupying or reoccupying a school facility affected by this section, a school board or its designee shall submit a document prepared by a system inspector to the building official or to the commissioner, verifying that the facility's heating, ventilation, and air conditioning system has been installed and operates according to design specifications and code, according to section 123B.71, subdivision 9, clause ~~(H)~~ (12). A systems inspector shall also verify that the facility's design will provide the ability for monitoring of outdoor airflow and total airflow of ventilation systems in new school facilities and that any heating, ventilation, or air conditioning system that is installed or modified for a project subject to this section must provide a filtration system with a current ASHRAE standard.

Sec. 6. Minnesota Statutes 2010, section 126C.40, subdivision 1, is amended to read:

Subdivision 1. **To lease building or land.** (a) When an independent or a special school district or a group of independent or special school districts finds it economically advantageous to rent or lease a building or land for any instructional purposes or for school storage or furniture repair, and it determines that the operating capital revenue authorized under section 126C.10, subdivision 13, is insufficient for this purpose, it may apply to the commissioner for permission to make an additional capital expenditure levy for this purpose. An application for permission to levy under this subdivision must contain financial justification for the proposed levy, the terms and conditions of the proposed lease, and a description of the space to be leased and its proposed use.

(b) The criteria for approval of applications to levy under this subdivision must include: the reasonableness of the price, the appropriateness of the space to the proposed activity, the feasibility of transporting pupils to the leased building or land, conformity of the lease to the laws and rules of the state of Minnesota, and the appropriateness of the proposed lease to the space needs and the financial condition of the district. The commissioner must not authorize a levy under this subdivision in an amount greater than the cost to the district of renting or leasing a building or land for approved purposes. The proceeds of this levy must not be used for custodial or other maintenance services.

2011 First Special Session

A district may not levy under this subdivision for the purpose of leasing or renting a district-owned building or site to itself.

(c) For agreements finalized after July 1, 1997, a district may not levy under this subdivision for the purpose of leasing: (1) a newly constructed building used primarily for regular kindergarten, elementary, or secondary instruction; or (2) a newly constructed building addition or additions used primarily for regular kindergarten, elementary, or secondary instruction that contains more than 20 percent of the square footage of the previously existing building.

(d) Notwithstanding paragraph (b), a district may levy under this subdivision for the purpose of leasing or renting a district-owned building or site to itself only if the amount is needed by the district to make payments required by a lease purchase agreement, installment purchase agreement, or other deferred payments agreement authorized by law, and the levy meets the requirements of paragraph (c).
