The deferred annuity ~~shall commence~~ commences upon application after the person on deferred status attains at least the minimum age specified in section 354A.31, subdivision 1.

(b) The monthly annuity amount that had accrued when the member ceased to render teaching service must be augmented from the first day of the month following the month during which the member ceased to render teaching service to the effective date of retirement. There is no augmentation if this period is less than three months. ~~For a member of the St. Paul Teachers Retirement Fund Association, the rate of augmentation is three percent compounded annually until January 1 of the year following the year in which the former member attains age 55, and five percent compounded annually after that date to the effective date of retirement if the employee became an employee before July 1, 2006, and at 2.5 percent compounded annually if the employee becomes an employee after June 30, 2006. For a member of the Duluth Teachers Retirement Fund Association, The rate of augmentation is three percent compounded annually until January 1 of the year following the year in which the former member attains age 55, five percent compounded annually after that date to July 1, 2012, and two percent compounded annually after that date to the effective date of retirement if the employee became an employee before July 1, 2006, and at 2.5 percent compounded annually to July 1, 2012, and two percent compounded annually after that date to the effective date of retirement if the employee becomes became an employee after June 30, 2006. If a person has more than one period of uninterrupted service, a separate average salary determined under section 354A.31 must be used for each period, and the monthly annuity amount related to each period must be augmented as provided in this subdivision. The sum of the augmented monthly annuity amounts determines the total deferred annuity payable. If a person repays a refund, the~~

service restored by the repayment must be considered as continuous with the next period of service for which the person has credit with the fund. If a person does not render teaching services in any one fiscal year or more consecutive fiscal years and then resumes teaching service, the formula percentages used from the date of resumption of teaching service are those applicable to new members. The mortality table and interest assumption used to compute the annuity are the table established by the fund to compute other annuities, and the interest assumption under section 356.215 in effect when the member retires. A period of uninterrupted service for the purpose of this subdivision means a period of covered teaching service during which the member has not been separated from active service for more than one fiscal year.

(c) The augmentation provided by this subdivision applies to the benefit provided in section 354A.35, subdivision 2. The augmentation provided by this subdivision does not apply to any period in which a person is on an approved leave of absence from an employer unit.

Subd. 3. **Computation of refund amount.** A former coordinated member of the ~~St. Paul Teachers Retirement Fund Association~~ who qualifies for a refund under subdivision 1 shall receive a refund equal to the amount of the former coordinated member's accumulated employee contributions with interest at the rate of six percent per annum compounded annually. ~~A former coordinated member of the Duluth Teachers Retirement Fund Association~~ who qualifies for a refund under subdivision 1 shall receive a refund equal to the amount of the former coordinated member's accumulated employee contributions with interest at the rate of six percent per annum compounded annually to July 1, 2010, if the person is a former member of the Duluth Teachers Retirement Fund Association, or to July 1, 2011, if the person is a former member of the St. Paul Teachers Retirement Fund Association, and four percent per annum compounded annually thereafter.

Subd. 4. **Certain refunds at normal retirement age.** Any coordinated member who has attained the normal retirement age with less than ten years of allowable service credit and has terminated active teaching service shall be entitled to a refund in lieu of a proportionate annuity ~~pursuant to~~ under section 356.32. ~~The refund for a member of the St. Paul Teachers Retirement Fund Association shall be equal to the coordinated member's accumulated employee contributions plus interest at the rate of six percent compounded annually. The refund for a member of the Duluth Teachers Retirement Fund Association shall~~ must be equal to the coordinated member's accumulated employee contributions plus interest at the rate of six percent compounded annually to July 1, 2010, if the person is a former member of the Duluth Teachers Retirement Fund Association, or to July 1, 2011, if the person is a former member of the St. Paul Teachers Retirement Fund Association, and four percent per annum compounded annually thereafter.

Subd. 5. **Unclaimed minimal refund amounts; disposition.** If a coordinated member ceases to render teaching services for the school district in which the teachers retirement fund association is located but does not apply for a refund ~~pursuant to~~ under subdivision 1 within five years after the end of the plan year next following the cessation of teaching services and if the amount of the refund that the former coordinated member would have been entitled to ~~pursuant to~~ under subdivision 3 is \$500 or less, then the amount of the refund and any accumulated interest ~~shall~~ must be credited to and become a part of the retirement fund. If the former coordinated member subsequently renders teaching services for the school district in which the teachers retirement fund association is located and the amount of the refund that the former coordinated member would have previously been entitled to ~~pursuant to~~ under subdivision 3 is at least \$5, then the amount

2011 First Special Session

of the refund and any accumulated interest ~~shall be~~ must be restored to the member's individual account. If the amount of the refund that the former coordinated member would have previously been entitled to ~~pursuant to~~ under subdivision 3 is at least \$5 and the former coordinated member applies for a refund ~~pursuant to~~ under subdivision 1 or for an annuity ~~pursuant to~~ under sections 354A.31 and 354A.32 or section 356.30, the amount of the refund and any accumulated interest ~~shall~~ must be restored to the member's individual account.

ARTICLE 6**VOLUNTARY CONSOLIDATION OF THE MINNEAPOLIS
FIREFIGHTERS RELIEF ASSOCIATION**

Section 1. Minnesota Statutes 2010, section 353.01, is amended by adding a subdivision to read:

Subd. 10a. **Unit value; Minneapolis firefighters.** "Unit value," for a member of the public employees police and fire retirement plan who was a member of the former Minneapolis Firefighters Relief Association on the day prior to the effective date of consolidation under section 19, is \$82.32 for calendar year 2011, \$96.899 for calendar year 2012, \$100.775 for calendar year 2013, \$104.264 for calendar year 2014, \$124.031 for calendar year 2015, and for calendar years after calendar year 2015, the prior year's unit value plus an increase equal to the adjustment percentage determined under section 356.415, subdivision 1c, effective for the January 1 of the calendar year.

2011 First Special Session

Sec. 2. Minnesota Statutes 2010, section 353.01, subdivision 16, is amended to read:

Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service" means:

(1) service during years of actual membership in the course of which employee deductions were withheld from salary and contributions were made at the applicable rates under section 353.27, 353.65, or 353E.03;

(2) periods of service covered by payments in lieu of salary deductions under sections 353.27, subdivision 12, and 353.35;

(3) service in years during which the public employee was not a member but for which the member later elected, while a member, to obtain credit by making payments to the fund as permitted by any law then in effect;

(4) a period of authorized leave of absence with pay from which deductions for employee contributions are made, deposited, and credited to the fund;

(5) a period of authorized personal, parental, or medical leave of absence without pay, including a leave of absence covered under the federal Family Medical Leave Act, that does not exceed one year, and for which a member obtained service credit for each month in the leave period by payment under section 353.0161 to the fund made in place of salary deductions. An employee must return to public service and render a minimum of three months of allowable service in order to be eligible to make payment under section 353.0161 for a subsequent authorized leave of absence without pay. Upon payment, the employee must be granted allowable service credit for the purchased period;

(6) a periodic, repetitive leave that is offered to all employees of a governmental subdivision. The leave program may not exceed 208 hours per annual normal work cycle as certified to the association by the employer. A participating member obtains service credit by making employee contributions in an amount or amounts based on the member's average salary, excluding overtime pay, that would have been paid if the leave had not been taken. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the rate of 8.5 percent a year, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus 8.5 percent interest, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one year after the end of the annual normal working cycle or within 30 days after termination of public service, whichever is sooner. The executive director shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave. Upon payment, the member must be granted allowable service credit for the purchased period;

(7) an authorized temporary or seasonal layoff under subdivision 12, limited to three months allowable service per authorized temporary or seasonal layoff in one calendar year. An employee who has received the maximum service credit allowed for an authorized temporary or seasonal layoff must return to public service and must obtain a minimum of three months of allowable service subsequent to the layoff in order to receive allowable service for a subsequent authorized temporary or seasonal layoff;

(8) a period during which a member is absent from employment by a governmental subdivision by reason of service in the uniformed services, as defined in United States

2011 First Special Session

Code, title 38, section 4303(13), if the member returns to public service with the same governmental subdivision upon discharge from service in the uniformed service within the time frames required under United States Code, title 38, section 4312(e), provided that the member did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions. The service must be credited if the member pays into the fund equivalent employee contributions based upon the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary, excluding overtime pay, during the purchase period that the member would have received if the member had continued to be employed in covered employment rather than to provide uniformed service, or, if the determination of that rate is not reasonably certain, the annual salary rate is the member's average salary rate, excluding overtime pay, during the 12-month period of covered employment rendered immediately preceding the period of the uniformed service. Payment of the member equivalent contributions must be made during a period that begins with the date on which the individual returns to public employment and that is three times the length of the military leave period, or within five years of the date of discharge from the military service, whichever is less. If the determined payment period is less than one year, the contributions required under this clause to receive service credit may be made within one year of the discharge date. Payment may not be accepted following 30 days after termination of public service under subdivision 11a. If the member equivalent contributions provided for in this clause are not paid in full, the member's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this clause. The equivalent employer contribution, and, if applicable, the equivalent additional employer contribution must be paid by the governmental subdivision employing the member if the member makes the equivalent employee contributions. The employer payments must be made from funds available to the employing unit, using the employer and additional employer contribution rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution. The governmental subdivision involved may appropriate money for those payments. The amount of service credit obtainable under this section may not exceed five years unless a longer purchase period is required under United States Code, title 38, section 4312. The employing unit shall pay interest on all equivalent member and employer contribution amounts payable under this clause. Interest must be computed at a rate of 8.5 percent compounded annually from the end of each fiscal year of the leave or the break in service to the end of the month in which the payment is received. Upon payment, the employee must be granted allowable service credit for the purchased period; or

(9) a period specified under subdivision 40.

(b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for state officers and employees displaced by the Community Corrections Act, chapter 401, and transferred into county service under section 401.04, "allowable service" means the combined years of allowable service as defined in paragraph (a), clauses (1) to (6), and section 352.01, subdivision 11.

(c) For a public employee who has prior service covered by a local police or firefighters relief association that has consolidated with the Public Employees Retirement Association under chapter 353A or to which section 353.665 applies, and who has elected

2011 First Special Session

the type of benefit coverage provided by the public employees police and fire fund either under section 353A.08 following the consolidation or under section 353.665, subdivision 4, "~~applicable~~ allowable service" is a period of service credited by the local police or firefighters relief association as of the effective date of the consolidation based on law and on bylaw provisions governing the relief association on the date of the initiation of the consolidation procedure.

(d) No member may receive more than 12 months of allowable service credit in a year either for vesting purposes or for benefit calculation purposes. For an active member who was an active member of the former Minneapolis Firefighters Relief Association on the day prior to the effective date of consolidation under section 19, "allowable service" is the period of service credited by the Minneapolis Firefighters Relief Association as reflected in the transferred records of the association up to the effective date of consolidation under section 19 and the period of service credited under paragraph (a), clause (1), after the effective date of consolidation under section 19.

(e) MS 2002 [Expired]

(b) For members who were active members of the former Minneapolis Firefighters Relief Association on the day prior to the effective date of consolidation under section 19, the employee contribution is an amount equal to eight percent of the monthly unit value under section 353.01, subdivision 10a, multiplied by 80 and expressed as a biweekly amount for each member. The employee contribution made by a member with at least 25 years of service credit as an active member of the former Minneapolis Firefighters

(2) all local police or salaried firefighter consolidation accounts governed by chapter 353A that are certified by the executive director of the public employees retirement association as having for the current fiscal year an additional municipal contribution amount under section 353A.09, subdivision 5, paragraph (b), and that have implemented section 353A.083, subdivision 1, if the effective date of the consolidation preceded May 24, 1993, and that have implemented section 353A.083, subdivision 2, if the effective date of the consolidation preceded June 1, 1995; and

(3) the municipalities that are required to make an additional municipal contribution under section 353.665, subdivision 8, or 353.667, subdivision 6, for the duration of the required additional contribution.

(b) The commissioner shall allocate the state aid on the basis of the proportional share of the relief association or consolidation account of the total unfunded actuarial accrued liability of all recipient relief associations and consolidation accounts as of December 31, 1993, for relief associations, and as of June 30, 1994, for consolidation accounts.

(c) Beginning October 1, 2000, and annually thereafter, the commissioner shall allocate the state aid, including any state aid in excess of the limitation in subdivision 4, on the following basis:

(1) 64.5 percent to the municipalities to which section 353.665, subdivision 8, paragraph (b), or 353A.09, subdivision 5, paragraph (b), apply for distribution in accordance with paragraph (b) and subject to the limitation in subdivision 4;

(2) 34.2 percent to the city of Minneapolis to fund any unfunded actuarial accrued liability in the actuarial valuation prepared under sections 356.215 and 356.216 as of the preceding December 31 for the Minneapolis Police Relief Association or the Minneapolis Fire Department Relief Association; and

(3) 1.3 percent to the city of Virginia to fund any unfunded actuarial accrued liability in the actuarial valuation prepared under sections 356.215 and 356.216 as of the preceding December 31 for the Virginia Fire Department Relief Association.

If there is no unfunded actuarial accrued liability in both the Minneapolis Police Relief Association and the Minneapolis Fire Department Relief Association as disclosed in the most recent actuarial valuations for the relief associations prepared under sections 356.215 and 356.216, the commissioner shall allocate that 34.2 percent of the aid as follows: 49 percent to the Teachers Retirement Association, 21 percent to the St. Paul Teachers Retirement Fund Association, and 30 percent as additional funding to support minimum fire state aid for volunteer firefighters relief associations. ARTICLE 7

VOLUNTARY CONSOLIDATION OF THE MINNEAPOLIS POLICE
RELIEF ASSOCIATION

Section 1. Minnesota Statutes 2010, section 353.01, is amended by adding a subdivision to read:

Subd. 10b. **Unit value; Minneapolis police.** "Unit value," for a member of the public employees police and fire retirement plan who was a member of the former Minneapolis Police Relief Association on the day prior to the effective date of consolidation under section 19, is \$86.71 for calendar year 2011, \$104.651 for calendar year 2012, \$109.011 for calendar year 2013, \$114.825 for calendar year 2014, \$124.031 for calendar year 2015, and for calendar years after calendar year 2015, the prior year's unit value plus an increase equal to the adjustment percentage determined under section 356.415, subdivision 1c, effective for the January 1 of the calendar year.

Sec. 2. Minnesota Statutes 2010, section 353.01, subdivision 16, is amended to read:

Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service" means:

(1) service during years of actual membership in the course of which employee deductions were withheld from salary and contributions were made at the applicable rates under section 353.27, 353.65, or 353E.03;

(2) periods of service covered by payments in lieu of salary deductions under sections 353.27, subdivision 12, and 353.35;

(3) service in years during which the public employee was not a member but for which the member later elected, while a member, to obtain credit by making payments to the fund as permitted by any law then in effect;

(4) a period of authorized leave of absence with pay from which deductions for employee contributions are made, deposited, and credited to the fund;

(5) a period of authorized personal, parental, or medical leave of absence without pay, including a leave of absence covered under the federal Family Medical Leave Act, that does not exceed one year, and for which a member obtained service credit for each month in the leave period by payment under section 353.0161 to the fund made in place of salary deductions. An employee must return to public service and render a minimum of three months of allowable service in order to be eligible to make payment under section 353.0161 for a subsequent authorized leave of absence without pay. Upon payment, the employee must be granted allowable service credit for the purchased period;

(6) a periodic, repetitive leave that is offered to all employees of a governmental subdivision. The leave program may not exceed 208 hours per annual normal work cycle as certified to the association by the employer. A participating member obtains service credit by making employee contributions in an amount or amounts based on the member's

2011 First Special Session

average salary, excluding overtime pay, that would have been paid if the leave had not been taken. The employer shall pay the employer and additional employer contributions on behalf of the participating member. The employee and the employer are responsible to pay interest on their respective shares at the rate of 8.5 percent a year, compounded annually, from the end of the normal cycle until full payment is made. An employer shall also make the employer and additional employer contributions, plus 8.5 percent interest, compounded annually, on behalf of an employee who makes employee contributions but terminates public service. The employee contributions must be made within one year after the end of the annual normal working cycle or within 30 days after termination of public service, whichever is sooner. The executive director shall prescribe the manner and forms to be used by a governmental subdivision in administering a periodic, repetitive leave. Upon payment, the member must be granted allowable service credit for the purchased period;

(7) an authorized temporary or seasonal layoff under subdivision 12, limited to three months allowable service per authorized temporary or seasonal layoff in one calendar year. An employee who has received the maximum service credit allowed for an authorized temporary or seasonal layoff must return to public service and must obtain a minimum of three months of allowable service subsequent to the layoff in order to receive allowable service for a subsequent authorized temporary or seasonal layoff;

(8) a period during which a member is absent from employment by a governmental subdivision by reason of service in the uniformed services, as defined in United States Code, title 38, section 4303(13), if the member returns to public service with the same governmental subdivision upon discharge from service in the uniformed service within the time frames required under United States Code, title 38, section 4312(e), provided that the member did not separate from uniformed service with a dishonorable or bad conduct discharge or under other than honorable conditions. The service must be credited if the member pays into the fund equivalent employee contributions based upon the contribution rate or rates in effect at the time that the uniformed service was performed multiplied by the full and fractional years being purchased and applied to the annual salary rate. The annual salary rate is the average annual salary, excluding overtime pay, during the purchase period that the member would have received if the member had continued to be employed in covered employment rather than to provide uniformed service, or, if the determination of that rate is not reasonably certain, the annual salary rate is the member's average salary rate, excluding overtime pay, during the 12-month period of covered employment rendered immediately preceding the period of the uniformed service. Payment of the member equivalent contributions must be made during a period that begins with the date on which the individual returns to public employment and that is three times the length of the military leave period, or within five years of the date of discharge from the military service, whichever is less. If the determined payment period is less than one year, the contributions required under this clause to receive service credit may be made within one year of the discharge date. Payment may not be accepted following 30 days after termination of public service under subdivision 11a. If the member equivalent contributions provided for in this clause are not paid in full, the member's allowable service credit must be prorated by multiplying the full and fractional number of years of uniformed service eligible for purchase by the ratio obtained by dividing the total member contributions received by the total member contributions otherwise required under this clause. The equivalent employer contribution, and, if applicable, the equivalent additional employer contribution must be paid by the governmental subdivision employing the member if the member makes the equivalent employee contributions. The employer payments must be made from funds available to the employing unit, using the employer and additional employer contribution

2011 First Special Session

rate or rates in effect at the time that the uniformed service was performed, applied to the same annual salary rate or rates used to compute the equivalent member contribution. The governmental subdivision involved may appropriate money for those payments. The amount of service credit obtainable under this section may not exceed five years unless a longer purchase period is required under United States Code, title 38, section 4312. The employing unit shall pay interest on all equivalent member and employer contribution amounts payable under this clause. Interest must be computed at a rate of 8.5 percent compounded annually from the end of each fiscal year of the leave or the break in service to the end of the month in which the payment is received. Upon payment, the employee must be granted allowable service credit for the purchased period; or

(9) a period specified under subdivision 40.

(b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for state officers and employees displaced by the Community Corrections Act, chapter 401, and transferred into county service under section 401.04, "allowable service" means the combined years of allowable service as defined in paragraph (a), clauses (1) to (6), and section 352.01, subdivision 11.

(c) For a public employee who has prior service covered by a local police or firefighters relief association that has consolidated with the Public Employees Retirement Association under chapter 353A or to which section 353.665 applies, and who has elected the type of benefit coverage provided by the public employees police and fire fund either under section 353A.08 following the consolidation or under section 353.665, subdivision 4, "~~applicable~~ allowable service" is a period of service credited by the local police or firefighters relief association as of the effective date of the consolidation based on law and on bylaw provisions governing the relief association on the date of the initiation of the consolidation procedure.

(d) No member may receive more than 12 months of allowable service credit in a year either for vesting purposes or for benefit calculation purposes. For an active member who was an active member of the former Minneapolis Police Relief Association on the day prior to the effective date of consolidation under section 19, "allowable service" is the period of service credited by the Minneapolis Police Relief Association as reflected in the transferred records of the association up to the effective date of consolidation under section 19 and the period of service credited under paragraph (a), clause (1), after the effective date of consolidation under section 19.

Unless ineligible or inappropriate, the transfer must be in the form of investment securities and must include any accounts receivable that are determined by the State Board of Investment as being capable of being collected. An amount, in cash, must be transferred by the city of Minneapolis equal to the market value recognized by the relief association of investment securities that are determined by the executive director of the State Board of Investment not to be in compliance with the requirements and limitations set forth in sections 11A.09, 11A.14, 11A.23, and 11A.24 or not to be appropriate for retention in light of the established investment objectives of the State Board of Investment or of accounts receivable determined by the executive director of the State Board of Investment as being incapable of being collected. The public employees police and fire retirement plan and fund is not liable for any claim against the Minneapolis Police Relief Association, its governing board, or its administrative staff acting in a fiduciary capacity, under chapter 356A or common law, which is founded upon a claim of a breach of fiduciary duty if the act or acts constituting the claimed breach were not undertaken in good faith. The public employees police and fire retirement plan may assert any applicable defense to any claim in any judicial or administrative proceeding that the Minneapolis Police Relief Association, its board, or its administrative staff would otherwise have been entitled to assert, and the public employees police and fire retirement plan may assert any applicable defense that it has in its capacity as a statewide agency.

Consistent with section 69.80, the relief association may purchase reasonable fiduciary liability tail insurance for its officers and directors prior to the effective date of consolidation under section 19.

(e) Office equipment and other physical assets of the special fund of the Minneapolis Police Relief Association that are not needed by the Public Employees Retirement Association may be sold by the special fund of the Minneapolis Police Relief Association to the general fund of the Minneapolis Police Relief Association or to any successor fraternal organization of the Minneapolis Police Relief Association at fair market value, with the proceeds of that sale deposited in the public employees police and fire retirement fund and included in the transferred asset value under subdivision 6.

Notwithstanding any provision of chapter 13 to the contrary, the executive director shall provide the city of Minneapolis with the current addresses of former members of the Minneapolis Police Relief Association.

amount under section 353A.09, subdivision 5, paragraph (b), and that have implemented section 353A.083, subdivision 1, if the effective date of the consolidation preceded May 24, 1993, and that have implemented section 353A.083, subdivision 2, if the effective date of the consolidation preceded June 1, 1995; and

(3) the municipalities that are required to make an additional municipal contribution under section 353.665, subdivision 8, or 353.668, subdivision 6, for the duration of the required additional contribution.

(b) The commissioner shall allocate the state aid on the basis of the proportional share of the relief association or consolidation account of the total unfunded actuarial accrued liability of all recipient relief associations and consolidation accounts as of December 31, 1993, for relief associations, and as of June 30, 1994, for consolidation accounts.

(c) Beginning October 1, 2000, and annually thereafter, the commissioner shall allocate the state aid, including any state aid in excess of the limitation in subdivision 4, on the following basis:

(1) 64.5 percent to the municipalities to which section 353.665, subdivision 8, paragraph (b), or 353A.09, subdivision 5, paragraph (b), apply for distribution in accordance with paragraph (b) and subject to the limitation in subdivision 4;

(2) 34.2 percent to the city of Minneapolis to fund any unfunded actuarial accrued liability in the actuarial valuation prepared under sections 356.215 and 356.216 as of the preceding December 31 for the Minneapolis Police Relief Association or the Minneapolis Fire Department Relief Association; and

(3) 1.3 percent to the city of Virginia to fund any unfunded actuarial accrued liability in the actuarial valuation prepared under sections 356.215 and 356.216 as of the preceding December 31 for the Virginia Fire Department Relief Association.

If there is no unfunded actuarial accrued liability in both the Minneapolis Police Relief Association and the Minneapolis Fire Department Relief Association as disclosed in the most recent actuarial valuations for the relief associations prepared under sections 356.215 and 356.216, the commissioner shall allocate that 34.2 percent of the aid as follows: 49 percent to the Teachers Retirement Association, 21 percent to the St. Paul Teachers Retirement Fund Association, and 30 percent as additional funding to support minimum fire state aid for volunteer firefighters relief associations. If there is no unfunded actuarial accrued liability in the Virginia Fire Department Relief Association as disclosed in the most recent actuarial valuation for the relief association prepared under sections 356.215 and 356.216, the commissioner shall allocate that 1.3 percent of the aid as follows: 49 percent to the Teachers Retirement Association, 21 percent to the St. Paul Teachers Retirement Fund Association, and 30 percent as additional funding to support minimum fire state aid for volunteer firefighters relief associations. (d) The amounts required under this subdivision are the amounts annually appropriated to the commissioner of revenue under section 69.021, subdivision 11, paragraph (e).

(c) If the Minneapolis Police Relief Association continues the relief association as a fraternal organization under paragraph (b), the transfer of relief association assets under Minnesota Statutes, section 353.668, subdivision 4, must not include assets of the Minneapolis Police Relief Association general fund, which must be retained by the

(1) in calculating normal cost and other requirements, if required to be expressed as a level percentage of covered payroll, the salaries used in computing covered payroll must be the maximum rate of salary on which retirement and survivorship credits and amounts of benefits are determined and from which any member contributions are calculated and deducted;

(2) in lieu of the amortization date specified in section 356.215, subdivision 11, the appropriate amortization target date specified in section 69.77, subdivision 4, or 69.773, subdivision 4, clause (c), must be used in calculating any required amortization contribution, except that if the actuarial report for the Bloomington Fire Department Relief Association indicates an unfunded actuarial accrued liability, the unfunded obligation is to be amortized on a level dollar basis by December 31 of the year occurring 20 years later, and if subsequent actuarial valuations for the Bloomington Fire Department Relief Association determine a net actuarial experience loss incurred during the year which ended as of the day before the most recent actuarial valuation date, any unfunded liability due to that loss is to be amortized on a level dollar basis by December 31 of the year occurring 20 years later ~~and except that the amortization date for the Minneapolis Police Relief Association is December 31, 2020;~~

(3) in addition to the tabulation of active members and annuitants provided for in section 356.215, subdivision 13, the member contributions for active members for the calendar year and the prospective annual retirement annuities under the benefit plan for active members must be reported;
