Subd. 3. Agency disclosure form. The agency disclosure form shall be in substantially the form set forth below:

## AGENCY RELATIONSHIPS IN REAL ESTATE TRANSACTIONS

Minnesota law requires that early in any relationship, real estate brokers or salespersons discuss with consumers what type of agency representation or relationship they desire.(1) The available options are listed below. This is not a contract. This is an agency disclosure form only. If you desire representation, you must enter into a written contract according to state law (a listing contract or a buyer representation contract). Until such time as you choose to enter into a written contract for representation, you will be treated as a customer and will not receive any representation from the broker or salesperson. The broker or salesperson will be acting as a Facilitator (see paragraph  $\forall$  IV below), unless the broker or salesperson is representing another party as described below.

# LAWS of MINNESOTA 2015

ACKNOWLEDGMENT: I/We acknowledge that I/We have been presented with the below-described options. I/We understand that until I/We have signed a representation contract, I/We are not represented by the broker/salesperson. I/We understand that written consent is required for a dual agency relationship. THIS IS A DISCLOSURE ONLY, NOT A CONTRACT FOR REPRESENTATION.

I.

**Seller's Broker:** A broker who lists a property, or a salesperson who is licensed to the listing broker, represents the Seller and acts on behalf of the Seller. A Seller's broker owes to the Seller the fiduciary duties described below.(2) The broker must also disclose to the Buyer material facts as defined in Minnesota Statutes, section 82.68, subdivision 3, of which the broker is aware that could adversely and significantly affect the Buyer's use or enjoyment of the property. If a broker or salesperson working with a Buyer as a customer is representing the Seller, he or she must act in the Seller's best interest and must tell the Seller any information disclosed to him or her, except confidential information acquired in a facilitator relationship (see paragraph VIV below). In that case, the Buyer will not be represented and will not receive advice and counsel from the broker or salesperson.

II.

**Buyer's Broker:** A Buyer may enter into an agreement for the broker or salesperson to represent and act on behalf of the Buyer. The broker may represent the Buyer only, and not the Seller, even if he or she is being paid in whole or in part by the Seller. A Buyer's broker owes to the Buyer the fiduciary duties described below.(2) The broker must disclose to the Buyer material facts as defined in Minnesota Statutes, section 82.68, subdivision 3, of which the broker is aware that could adversely and significantly affect the Buyer's use or enjoyment of the property. If a broker or salesperson working with a Seller as a customer is representing the Buyer, he or she must act in the Buyer's best interest and must tell the Buyer any information disclosed to him or her, except confidential information acquired in a facilitator relationship (see paragraph  $\forall$  IV below). In that case, the Seller will not be represented and will not receive advice and counsel from the broker or salesperson.

# III.

**Dual Agency-Broker Representing both Seller and Buyer:** Dual agency occurs when one broker or salesperson represents both parties to a transaction, or when two salespersons licensed to the same broker each represent a party to the transaction. Dual agency requires the informed consent of all parties, and means that the broker and salesperson owe the same duties to the Seller and the Buyer. This role limits the level of representation the broker and salespersons can provide, and prohibits them from acting exclusively for either party. In a dual agency, confidential information about price, terms, and motivation for pursuing a transaction will be kept confidential unless one party instructs the broker or salesperson in writing to disclose specific information about him or her. Other information will be shared. Dual agents may not advocate for one party to the detriment of the other.(3)

Within the limitations described above, dual agents owe to both Seller and Buyer the fiduciary duties described below.(2) Dual agents must disclose to Buyers material facts as defined in Minnesota Statutes, section 82.68, subdivision 3, of which the broker is aware that could adversely and significantly affect the Buyer's use or enjoyment of the property.

# IV.

Facilitator: A broker or salesperson who performs services for a Buyer, a Seller, or both but does not represent either in a fiduciary capacity as a Buyer's Broker, Seller's Broker, or Dual Agent. THE FACILITATOR BROKER OR SALESPERSON DOES NOT OWE ANY PARTY ANY OF THE FIDUCIARY DUTIES LISTED BELOW, EXCEPT CONFIDENTIALITY, UNLESS THOSE DUTIES ARE INCLUDED IN A WRITTEN FACILITATOR SERVICES AGREEMENT. The facilitator broker or salesperson owes the duty of confidentiality to the party but owes no other duty to the party except those duties required by law or contained in a written facilitator services agreement, if any. In the event a facilitator broker or salesperson, working with a Buyer, shows a property listed by the facilitator broker or salesperson, then the facilitator broker or salesperson must act as a Seller's Broker (see paragraph I above). In the event a facilitator broker or salesperson, working with a Seller, accepts a showing of the property by a Buyer being represented by the facilitator broker or salesperson must act as a Buyer's Broker (see paragraph II above).

.....

(1) This disclosure is required by law in any transaction involving property occupied or intended to be occupied by one to four families as their residence.

(2) The fiduciary duties mentioned above are listed below and have the following meanings:

Loyalty-broker/salesperson will act only in client(s)' best interest.

Obedience-broker/salesperson will carry out all client(s)' lawful instructions.

Disclosure-broker/salesperson will disclose to client(s) all material facts of which broker/salesperson has knowledge which might reasonably affect the client's use and enjoyment of the property.

Confidentiality-broker/salesperson will keep client(s)' confidences unless required by law to disclose specific information (such as disclosure of material facts to Buyers).

Reasonable Care-broker/salesperson will use reasonable care in performing duties as an agent.

Accounting-broker/salesperson will account to client(s) for all client(s)' money and property received as agent.

(3) If Seller(s) elect(s) not to agree to a dual agency relationship, Seller(s) may give up the opportunity to sell the property to Buyers represented by the broker/salesperson. If Buyer(s) elect(s) not to agree to a dual agency relationship, Buyer(s) may give up the opportunity to purchase properties listed by the broker.

Sec. 10. Minnesota Statutes 2014, section 82.72, subdivision 3, is amended to read:

Subd. 3. **Retention.** A licensed real estate broker shall retain for six years copies of all listings, buyer representation and facilitator services contracts, deposit receipts, purchase money contracts, canceled checks,

LAWS of MINNESOTA 2015

trust account records, and such other documents as may reasonably be related to carrying on a real estate brokerage business. The retention period shall run from the date of the closing of the transaction, or from the date of the <del>closing</del> document if the transaction is not consummated. The following documents need not be retained:

(1) agency disclosure forms provided to prospective buyers or sellers, where no contractual relationship is subsequently created and no services are provided by the licensee; and

(2) facilitator services contracts or buyer representation contracts entered into with prospective buyers, where the prospective buyer abandons the contractual relationship before any services have been provided by the licensee.

Sec. 11. Minnesota Statutes 2014, section 116D.04, subdivision 2a, is amended to read:

Subd. 2a. When prepared. Where there is potential for significant environmental effects resulting from any major governmental action, the action shall be preceded by a detailed environmental impact statement prepared by the responsible governmental unit. The environmental impact statement shall be an analytical rather than an encyclopedic document which describes the proposed action in detail, analyzes its significant environmental impacts, discusses appropriate alternatives to the proposed action and their impacts, and explores methods by which adverse environmental impacts of an action could be mitigated. The environmental impact statement shall also analyze those economic, employment, and sociological effects that cannot be avoided should the action be implemented. To ensure its use in the decision-making process, the environmental impact statement shall be prepared as early as practical in the formulation of an action.

(a) The board shall by rule establish categories of actions for which environmental impact statements and for which environmental assessment worksheets shall be prepared as well as categories of actions for which no environmental review is required under this section. A mandatory environmental assessment worksheet shall not be required for the expansion of an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b), or the conversion of an ethanol plant to a biobutanol facility or the expansion of a biobutanol facility as defined in section 41A.105, subdivision 1a, based on the capacity of the expanded or converted facility to produce alcohol fuel, but must be required if the ethanol plant or biobutanol facility meets or exceeds thresholds of other categories of actions for which environmental assessment worksheets must be prepared. The responsible governmental unit for an ethanol plant or biobutanol facility project for which an environmental assessment worksheet is prepared shall be the state agency with the greatest responsibility for supervising or approving the project as a whole.

A mandatory environmental impact statement shall not be required for a facility or plant located outside the seven-county metropolitan area that produces less than 125,000,000 gallons of ethanol, biobutanol, or cellulosic biofuel annually, or produces less than 400,000 tons of chemicals annually, if the facility or plant is: an ethanol plant, as defined in section 41A.09, subdivision 2a, paragraph (b); a biobutanol facility, as defined in section 41A.105, subdivision 1a, clause (1); or a cellulosic biofuel facility<del>, as defined in section 41A.10, subdivision 1, paragraph (d)</del>. A facility or plant that only uses a cellulosic feedstock to produce chemical products for use by another facility as a feedstock shall not be considered a fuel conversion facility as used in rules adopted under this chapter.

(b) The responsible governmental unit shall promptly publish notice of the completion of an environmental assessment worksheet by publishing the notice in at least one newspaper of general circulation in the geographic area where the project is proposed, by posting the notice on a Web site that has been designated as the official publication site for publication of proceedings, public notices, and summaries of a political subdivision in which the project is proposed, or in any other manner determined by the board and shall provide copies of the environmental assessment worksheet to the board and its member agencies. Comments on the need for an environmental impact statement may be submitted to the responsible governmental unit during a 30-day period following publication of the notice that an environmental assessment worksheet has been completed. The responsible governmental unit's decision on the need for an environmental impact statement shall be based on the environmental assessment worksheet and the comments received during the comment period, and shall be made within 15 days after the close of the comment period. The board's chair may extend the 15-day period by not more than 15 additional days upon the request of the responsible governmental unit.

(c) An environmental assessment worksheet shall also be prepared for a proposed action whenever material evidence accompanying a petition by not less than 100 individuals who reside or own property in the state, submitted before the proposed project has received final approval by the appropriate governmental units, demonstrates that, because of the nature or location of a proposed action, there may be potential for significant environmental effects. Petitions requesting the preparation of an environmental assessment worksheet shall be submitted to the board. The chair of the board shall determine the appropriate responsible governmental unit and forward the petition to it. A decision on the need for an environmental assessment worksheet shall be made by the responsible governmental unit within 15 days after the petition is received by the responsible governmental unit. The board's chair may extend the 15-day period by not more than 15 additional days upon request of the responsible governmental unit.

(d) Except in an environmentally sensitive location where Minnesota Rules, part 4410.4300, subpart 29, item B, applies, the proposed action is exempt from environmental review under this chapter and rules of the board, if:

(1) the proposed action is:

(i) an animal feedlot facility with a capacity of less than 1,000 animal units; or

(ii) an expansion of an existing animal feedlot facility with a total cumulative capacity of less than 1,000 animal units;

(2) the application for the animal feedlot facility includes a written commitment by the proposer to design, construct, and operate the facility in full compliance with Pollution Control Agency feedlot rules; and

(3) the county board holds a public meeting for citizen input at least ten business days prior to the Pollution Control Agency or county issuing a feedlot permit for the animal feedlot facility unless another public meeting for citizen input has been held with regard to the feedlot facility to be permitted. The exemption in this paragraph is in addition to other exemptions provided under other law and rules of the board.

(e) The board may, prior to final approval of a proposed project, require preparation of an environmental assessment worksheet by a responsible governmental unit selected by the board for any action where environmental review under this section has not been specifically provided for by rule or otherwise initiated.

(f) An early and open process shall be utilized to limit the scope of the environmental impact statement to a discussion of those impacts, which, because of the nature or location of the project, have the potential for significant environmental effects. The same process shall be utilized to determine the form, content and level of detail of the statement as well as the alternatives which are appropriate for consideration in the statement. In addition, the permits which will be required for the proposed action shall be identified during the scoping process. Further, the process shall identify those permits for which information will be developed concurrently with the environmental impact statement. The board shall provide in its rules for the expeditious completion of the scoping process. The determinations reached in the process shall be incorporated into the order requiring the preparation of an environmental impact statement.

(g) The responsible governmental unit shall, to the extent practicable, avoid duplication and ensure coordination between state and federal environmental review and between environmental review and environmental permitting. Whenever practical, information needed by a governmental unit for making final decisions on permits or other actions required for a proposed project shall be developed in conjunction with the preparation of an environmental impact statement. When an environmental impact statement is prepared for a project requiring multiple permits for which two or more agencies' decision processes include either mandatory or discretionary hearings before a hearing officer prior to the agencies' decision on the permit, the agencies may, notwithstanding any law or rule to the contrary, conduct the hearings in a single consolidated hearing process if requested by the proposer. All agencies having jurisdiction over a permit that is included in the consolidated hearing shall participate. The responsible governmental unit shall establish appropriate procedures for the consolidated hearing process, including procedures to ensure that the consolidated hearing process is consistent with the applicable requirements for each permit regarding the rights and duties of parties to the hearing, and shall utilize the earliest applicable hearing procedure to initiate the hearing.

(h) An environmental impact statement shall be prepared and its adequacy determined within 280 days after notice of its preparation unless the time is extended by consent of the parties or by the governor for good cause. The responsible governmental unit shall determine the adequacy of an environmental impact statement, unless within 60 days after notice is published that an environmental impact statement will be prepared, the board chooses to determine the adequacy of an environmental impact statement. If an environmental impact statement is found to be inadequate, the responsible governmental unit shall have 60 days to prepare an adequate environmental impact statement.

(i) The proposer of a specific action may include in the information submitted to the responsible governmental unit a preliminary draft environmental impact statement under this section on that action for review, modification, and determination of completeness and adequacy by the responsible governmental unit. A preliminary draft environmental impact statement prepared by the project proposer and submitted to the responsible governmental unit shall identify or include as an appendix all studies and other sources of information used to substantiate the analysis contained in the preliminary draft environmental impact statement. The responsible governmental unit shall require additional studies, if needed, and obtain from the project proposer all additional studies and information necessary for the responsible governmental unit to perform its responsibility to review, modify, and determine the completeness and adequacy of the environmental impact statement.

Sec. 12. Minnesota Statutes 2014, section 116L.146, is amended to read:

# 116L.146 EXPEDITED GRANT PROCESS.

(a) The board may authorize grants not to exceed \$50,000 each through an expedited grant approval process to:

(1) eligible employers to provide training programs for up to 50 workers; or

(2) a public or private institution of higher education to:

Sec. 18. Minnesota Statutes 2014, section 124D.10, subdivision 4, is amended to read:

Subd. 4. Formation of school. (a) An authorizer, after receiving an application from a school developer, may charter a licensed teacher under section 122A.18, subdivision 1, or a group of individuals that includes one or more licensed teachers under section 122A.18, subdivision 1, to operate a school subject to the

commissioner's approval of the authorizer's affidavit under paragraph (b). The school must be organized and operated as a nonprofit corporation under chapter 317A and the provisions under the applicable chapter shall apply to the school except as provided in this section.

Notwithstanding sections 465.717 and 465.719, a school district, subject to this section and section 124D.11, may create a corporation for the purpose of establishing a charter school.

(b) Before the operators may establish and operate a school, the authorizer must file an affidavit with the commissioner stating its intent to charter a school. An authorizer must file a separate affidavit for each school it intends to charter. An authorizer must file an affidavit by May 1 to be able to charter a new school in the next school year after the commissioner approves the authorizer's affidavit. The affidavit must state the terms and conditions under which the authorizer would charter a school and how the authorizer intends to oversee the fiscal and student performance of the charter school board of directors under subdivision 6. The commissioner must approve or disapprove the authorizer's affidavit within 60 business days of receipt of the affidavit. If the commissioner disapproves the affidavit, the commissioner shall notify the authorizer of the deficiencies in the affidavit and the authorizer then has 20 business days to address the deficiencies. The commissioner must notify the authorizer of final approval or disapproval within 15 business days after receiving the authorizer's response to the deficiencies in the affidavit. If the commissioner's satisfaction, the commissioner's disapproval is final. Failure to obtain commissioner approval precludes an authorizer from chartering the school that is the subject of this affidavit.

(c) The authorizer may prevent an approved charter school from opening for operation if, among other grounds, the charter school violates this section or does not meet the ready-to-open standards that are part of the authorizer's oversight and evaluation process or are stipulated in the charter school contract.

(d) The operators authorized to organize and operate a school, before entering into a contract or other agreement for professional or other services, goods, or facilities, must incorporate as a nonprofit corporation under chapter 317A and must establish a board of directors composed of at least five members who are not related parties until a timely election for members of the ongoing charter school board of directors is held according to the school's articles and bylaws under paragraph (f)(g). A charter school board of directors must be composed of at least five members who are not related parties. Staff members employed at the school, including teachers providing instruction under a contract with a cooperative, members of the board of directors, and all parents or legal guardians of children enrolled in the school are the voters eligible to elect the members of the school's board of directors. A charter school must notify eligible voters of the school board election dates at least 30 days before the election. Board of director meetings must comply with chapter 13D.

(e) A charter school shall publish and maintain on the school's official Web site: (1) the minutes of meetings of the board of directors, and of members and committees having any board-delegated authority, for at least one calendar year from the date of publication; (2) directory information for members of the board of directors and committees having board-delegated authority; and (3) identifying and contact information for the school's authorizer. Identifying and contact information for the school's authorizer must be included in other school materials made available to the public. Upon request of an individual, the charter school must also make available in a timely fashion financial statements showing all operations and transactions affecting income, surplus, and deficit during the school's last annual accounting period; and a balance sheet summarizing assets and liabilities on the closing date of the accounting period. A charter school also must include that same information about its authorizer in other school materials that it makes available to the public.

15

LAWS of MINNESOTA 2015

(f) Every charter school board member shall attend annual training throughout the member's term on the board. All new board members shall attend initial training on the board's role and responsibilities, employment policies and practices, and financial management. A new board member who does not begin the required initial training within six months after being seated and complete that training within 12 months of being seated on the board is automatically ineligible to continue to serve as a board member. The school shall include in its annual report the training attended by each board member during the previous year.

(g) The ongoing board must be elected before the school completes its third year of operation. Board elections must be held during the school year but may not be conducted on days when the school is closed for holidays, breaks, or vacations. The charter school board of directors shall be composed of at least five nonrelated members and include: (i) at least one licensed teacher employed as a teacher at the school or providing instruction under contract between the charter school and a cooperative; (ii) at least one parent or legal guardian of a student enrolled in the charter school who is not an employee of the charter school; and (iii) at least one interested community member who resides in Minnesota and is not employed by the charter school and does not have a child enrolled in the school. The board may include a majority of teachers described in this paragraph or parents or community members, or it may have no clear majority. The chief financial officer and the chief administrator may only serve as ex-officio nonvoting board members. No charter school employees shall serve on the board other than teachers under item (i). Contractors providing facilities, goods, or services to a charter school shall not serve on the board of directors of the charter school. Board bylaws shall outline the process and procedures for changing the board's governance structure, consistent with chapter 317A. A board may change its governance structure only:

(1) by a majority vote of the board of directors and a majority vote of the licensed teachers employed by the school as teachers, including licensed teachers providing instruction under a contract between the school and a cooperative; and

(2) with the authorizer's approval.

Any change in board governance structure must conform with the composition of the board established under this paragraph.

(h) The granting or renewal of a charter by an authorizer must not be conditioned upon the bargaining unit status of the employees of the school.

(i) The granting or renewal of a charter school by an authorizer must not be contingent on the charter school being required to contract, lease, or purchase services from the authorizer. Any potential contract, lease, or purchase of service from an authorizer must be disclosed to the commissioner, accepted through an open bidding process, and be a separate contract from the charter contract. The school must document the open bidding process. An authorizer must not enter into a contract to provide management and financial services for a school that it authorizes, unless the school documents that it received at least two competitive bids.

(j) A charter school may apply to the authorizer to amend the school charter to expand the operation of the school to additional grades or sites that would be students' primary enrollment site beyond those defined in the original affidavit approved by the commissioner. After approving the school's application, the authorizer shall submit a supplementary affidavit in the form and manner prescribed by the commissioner. The authorizer must file a supplement affidavit by October 1 to be eligible to expand in the next school year. The supplementary affidavit must document that the school has demonstrated to the satisfaction of the authorizer the following: (1) the need for the expansion with supporting long-range enrollment projections;

(2) a longitudinal record of demonstrated student academic performance and growth on statewide assessments under chapter 120B or on other academic assessments that measure longitudinal student performance and growth approved by the charter school's board of directors and agreed upon with the authorizer;

(3) a history of sound school finances and a finance plan to implement the expansion in a manner to promote the school's financial sustainability; and

(4) board capacity and an administrative and management plan to implement its expansion.

(k) The commissioner shall have 30 business days to review and comment on the supplemental affidavit. The commissioner shall notify the authorizer in writing of any deficiencies in the supplemental affidavit and the authorizer then has 20 business days to address, to the commissioner's satisfaction, any deficiencies in the supplemental affidavit. The commissioner must notify the authorizer of final approval or disapproval within 15 business days after receiving the authorizer's response to the deficiencies in the affidavit. The school may not expand grades or add sites until the commissioner has approved the supplemental affidavit. The commissioner's approval or disapproval of a supplemental affidavit is final.

If a proposed patient was acquitted of a crime against the person under section 611.026 immediately preceding the filing of the petition, the court may presume that serious physical harm to the patient is not immediately confined.

(e) Upon a showing that a person subject to a petition for commitment may need treatment with neuroleptic medications and that the person may lack capacity to make decisions regarding that treatment, the court may appoint a substitute decision-maker as provided in section 253B.092, subdivision 6. The substitute decision-maker shall meet with the proposed patient and provider and make a report to the court at the hearing under section 253B.08 regarding whether the administration of neuroleptic medications is appropriate under the criteria of section 253B.092, subdivision 7. The commissioner has authority to solicit and determine which tribes may participate in a project. Grants may be issued to Minnesota Indian tribes to support the projects. The commissioner may waive existing state rules as needed to accomplish the projects. Nothing in this section shall alter responsibilities of the county for law enforcement or court services.

(a) The definitions in this paragraph only apply to this subdivision section.

(1) "Household of a parent, legal guardian, or other adult relative" means the place of residence of:

(i) a natural or adoptive parent;

(ii) a legal guardian according to appointment or acceptance under sections 260C.325 or 524.5-201 to 524.5-317, and related laws;

(iii) a caregiver as defined in section 256J.08, subdivision 11; or

(iv) an appropriate adult relative designated by a county agency.

(2) "Adult supervised supportive living arrangement" means a private family setting which assumes responsibility for the care and control of the minor parent and minor child, or other living arrangement, not including a public institution, licensed by the commissioner of human services which ensures that the minor parent receives adult supervision and supportive services, such as counseling, guidance, independent living skills training, or supervision.

(b) A minor parent and the minor child who is in the care of the minor parent must reside in the household of a parent, legal guardian, other adult relative, or in an adult supervised supportive living arrangement in order to receive MFIP unless: (1) the minor parent has no living parent, other adult relative, or legal guardian whose whereabouts is known;

(2) no living parent, other adult relative, or legal guardian of the minor parent allows the minor parent to live in the parent's, other adult relative's, or legal guardian's home;

(3) the minor parent lived apart from the minor parent's own parent or legal guardian for a period of at least one year before either the birth of the minor child or the minor parent's application for MFIP;

If an adult supervised supportive living arrangement becomes available within the county, the minor parent and child must reside in that arrangement.

(c) The county agency shall inform minor applicants both orally and in writing about the eligibility requirements, their rights and obligations under the MFIP program, and any other applicable orientation information. The county must advise the minor of the possible exemptions under section 256J.54, subdivision 5, and specifically ask whether one or more of these exemptions is applicable. If the minor alleges one or more of these exemptions, then the county must assist the minor in obtaining the necessary verifications to determine whether or not these exemptions apply.

(d) If the county worker has reason to suspect that the physical or emotional health or safety of the minor parent or minor child would be jeopardized if they resided with the minor parent's parent, other adult relative, or legal guardian, then the county worker must make a referral to child protective services to determine if paragraph (b), clause (4), applies. A new determination by the county worker is not necessary if one has been made within the last six months, unless there has been a significant change in circumstances which justifies a new referral and determination.

(e) If a minor parent is not living with a parent, legal guardian, or other adult relative due to paragraph (b), clause (1), (2), or (4), the minor parent must reside, when possible, in a living arrangement that meets the standards of paragraph (a), clause (2).

(f) Regardless of living arrangement, MFIP must be paid, when possible, in the form of a protective payment on behalf of the minor parent and minor child according to section 256J.39, subdivisions 2 to 4.

The tax account is then assigned to the person as provided for in paragraph (a).

(d) A person that contracts with a taxpaying employer under paragraph (a) must, within 30 calendar days of the execution or termination of a contract, notify the commissioner by electronic transmission, in a format prescribed by the commissioner, of that execution or termination. The taxpaying employer's name, the account number assigned, and any other information required by the commissioner must be provided by that person.

(e) Any contract subject to paragraph (a) must specifically inform the taxpaying employer of the assignment of the tax account under this section and the taxpaying employer's obligation under paragraph (b).
