(b) It is the responsibility of the inmate placed on electronic surveillance to ensure that the inmate's residence is properly equipped and the inmate's telecommunications system is properly configured to support electronic surveillance prior to being released from custody or the direct supervision of an intensive supervised release agent. Sec. 9. Minnesota Statutes 2014, section 401.10, subdivision 1, is amended to read:

Subdivision 1. **Aid calculations.** To determine the community corrections aid amount to be paid to each participating county, the commissioner of corrections must apply the following formula:

(1) For each of the 87 counties in the state, a percent score must be calculated for each of the following five factors:

(i) percent of the total state population aged ten to 24 residing within the county according to the most recent federal census, and, in the intervening years between the taking of the federal census, according to the most recent estimate of the state demographer;

(ii) percent of the statewide total number of felony case filings occurring within the county, as determined by the state court administrator;

(iii) percent of the statewide total number of juvenile case filings occurring within the county, as determined by the state court administrator;

(iv) percent of the statewide total number of gross misdemeanor case filings occurring within the county, as determined by the state court administrator; and

(v) percent of the total statewide number of convicted felony offenders who did not receive an executed prison sentence, as monitored and reported by the Sentencing Guidelines Commission.

The percents in items (ii) to (v) must be calculated by combining the most recent three-year period of available data. The percents in items (i) to (v) each must sum to 100 percent across the 87 counties.

(2) For each of the 87 counties, the county's percents in clause (1), items (i) to (v), must be weighted, summed, and divided by the sum of the weights to yield an average percent for each county, referred to as the county's "composite need percent." When performing this calculation, the weight for each of the percents in clause (1), items (i) to (v), is 1.0. The composite need percent must sum to 100 percent across the 87 counties.

(3) For each of the 87 counties, the county's "adjusted net tax capacity percent" is the county's adjusted net tax capacity amount, defined in the same manner as it is defined for cities in section 477A.011, subdivision 20, divided by the statewide total adjusted net tax capacity amount. The adjusted net tax capacity percent must sum to 100 percent across the 87 counties.

(4) For each of the 87 counties, the county's composite need percent must be divided by the county's adjusted net tax capacity percent to produce a ratio that, when multiplied by the county's composite need percent, results in the county's "tax base adjusted need percent."

(5) For each of the 87 counties, the county's tax base adjusted need percent must be added to twice the composite need percent, and the sum must be divided by 3, to yield the county's "weighted need percent."

(6) Each participating county's weighted need percent must be added to the weighted need percent of each other participating county to yield the "total weighted need percent for participating counties."

(7) Each participating county's weighted need percent must be divided by the total weighted need percent for participating counties to yield the county's "share percent." The share percents for participating counties must sum to 100 percent.

(8) Each participating county's "base funding amount" is the aid amount that the county received under this section for fiscal year 1995 plus the amount received in caseload or workload reduction, felony caseload reduction, and sex offender supervision grants in fiscal year 2015, as reported by the commissioner of corrections. In fiscal year 1997 and thereafter, no county's aid amount under this section may be less than its base funding amount, provided that the total amount appropriated for this purpose is at least as much as the aggregate base funding amount defined in clause (9).

(9) The "aggregate base funding amount" is equal to the sum of the base funding amounts for all participating counties. If a county that participated under this section ~~during fiscal year 1995~~ chooses not to participate in any given year, then the aggregate base funding amount must be reduced by that county's base funding amount. If a county that did not participate under this section in fiscal year 1995 chooses to participate ~~in any given year on or after July 1, 2015~~, then the aggregate base funding amount must be increased by the amount of aid that the county would have received had it participated in fiscal year 1995 plus the estimated amount it would have received in caseload or workload reduction, felony caseload reduction, and sex offender supervision grants in fiscal year 2015, as reported by the commissioner of corrections, and the amount of increase shall be that county's base funding amount.

(10) In any given year, the total amount appropriated for this purpose first must be allocated to participating counties in accordance with each county's base funding amount. Then, any remaining amount in excess of the aggregate base funding amount must be allocated to participating counties in proportion to each county's share percent, and is referred to as the county's "formula amount."

Each participating county's "community corrections aid amount" equals the sum of (i) the county's base funding amount, and (ii) the county's formula amount.

(11) However, if in any year the total amount appropriated for the purpose of this section is less than the aggregate base funding amount, then each participating county's community corrections aid amount is the product of (i) the county's base funding amount multiplied by (ii) the ratio of the total amount appropriated to the aggregate base funding amount.

For each participating county, the county's community corrections aid amount calculated in this subdivision is the total amount of subsidy to which the county is entitled under sections 401.01 to 401.16.

Sec. 10. Minnesota Statutes 2014, section 631.461, is amended to read:

631.461 IMPRISONMENT; COUNTY JAIL; ALTERNATIVES.

(a) When a sentence for an offense includes imprisonment in a county jail, the court may sentence the offender to imprisonment in a workhouse or correctional or work farm if there is one in the county where the offender is tried or where the offense was committed. If not, the court may sentence the offender to imprisonment in a workhouse or correctional or work farm in any county in this state. However, the county board of the county where the offender is tried shall have some agreement for the receipt, maintenance, and confinement of inmates with the county where the offender has been sentenced to imprisonment. The place of imprisonment must be specified in the sentence. Inmates may be removed from one place of confinement to another as provided by statute.

(b) If a court orders or a sheriff permits an offender to serve any portion of the offender's sentence on electronic surveillance, the court or sheriff may require that the offender be kept in custody, or that the offender's probation agent directly supervise the offender until electronic surveillance is activated.

(c) It is the responsibility of the offender placed on electronic surveillance to ensure that the offender's residence is properly equipped and the offender's telecommunications system is properly configured to support electronic surveillance prior to being released from custody or the direct supervision of a probation agent. An offender who fails to comply with this paragraph may be found in violation of the offender's conditions of release after a revocation hearing.

Sec. 11. **ELECTRONIC SURVEILLANCE; PURPOSE STATEMENT.**

The purpose of electronic surveillance of adult and juvenile offenders is to provide a cost-effective alternative to incarceration or detention for deserving low-risk offenders. It is a privilege for an adult or juvenile offender to be placed on electronic surveillance in lieu of remaining in custody to complete a period of incarceration or detention. The parties who authorize and implement electronic surveillance shall take all reasonable precautions to protect public safety.

Sec. 12. **COLTON'S LAW.**

Sections 6, 7, 8, 10, and 11 shall be known as "Colton's Law."

(c) when access to the data would reveal the identity of a paid or unpaid informant being used by the agency if the agency reasonably determines that revealing the identity of the informant would threaten the personal safety of the informant;

(d) when access to the data would reveal the identity of a victim of or witness to a crime if the victim or witness specifically requests not to be identified publicly, unless the agency reasonably determines that

revealing the identity of the victim or witness would not threaten the personal safety or property of the individual;

(e) when access to the data would reveal the identity of a deceased person whose body was unlawfully removed from a cemetery in which it was interred;

(f) when access to the data would reveal the identity of a person who placed a call to a 911 system or the identity or telephone number of a service subscriber whose phone is used to place a call to the 911 system and: (1) the agency determines that revealing the identity may threaten the personal safety or property of any person; or (2) the object of the call is to receive help in a mental health emergency. For the purposes of this paragraph, a voice recording of a call placed to the 911 system is deemed to reveal the identity of the caller;

The risk must be of such a nature and degree that disregard of it constitutes a significant deviation from the standard of conduct that a reasonable person would observe in the situation.

(b) A person shall not race any vehicle upon any street or highway of this state. Any person who willfully compares or contests relative speeds by operating one or more vehicles is guilty of racing, which constitutes reckless driving, whether or not the speed contested or compared is in excess of the maximum speed prescribed by law.

12B.40 APPLICATION PROCESS.

(a) The director must develop application materials and may update the materials as needed. Application materials must include instructions and requirements for assistance under this chapter.

(b) ~~An applicant~~ A county government has 30 days from the end of the incident period or the president's official denial of the governor's request for a declaration of a major disaster to ~~provide the director with written notice of intent to apply request that the governor declare a state disaster.~~ The director may deny an application due to a late notice of intent to apply a late request. The county government's request for a state disaster declaration must include:

- (1) the cause, location of damage, and incident period;
- (2) documentation of a local, tribal, county, or state disaster or emergency declaration in response to the disaster;
- (3) a description of damages, an initial damage assessment, and the amount of eligible costs incurred by the applicant;
- (4) a statement or evidence that the applicant has the ability to pay for at least 25 percent of total eligible costs incurred from the disaster; and
- (5) a statement or evidence that the local government has incurred damages equal to or exceeding 50 percent of the federal countywide threshold in effect during the incident period.

(c) ~~Within~~ An applicant has 60 days after the end of the incident period or the president's official denial of ~~from~~ the governor's request for a declaration of a major state disaster, ~~the applicant must to~~ submit a complete application for state public disaster assistance to the director. ~~A complete application includes the following:~~

- ~~(1) the cause, location of damage, and incident period;~~
- ~~(2) documentation of a local, tribal, county, or state disaster or emergency declaration in response to the disaster;~~
- ~~(3) a description of damages, an initial damage assessment, and the amount of eligible costs incurred by the applicant;~~
- ~~(4) a statement or evidence that the applicant has the ability to pay for at least 25 percent of total eligible costs incurred from the disaster; and~~
- ~~(5) a statement or evidence that the local government has incurred damages equal to or exceeding 50 percent of the federal countywide threshold in effect during the incident period.~~

(d) The director must review the application and supporting documentation for completeness and may return the application with a request for more detailed information. The director may consult with local public officials to ensure the application reflects the extent and magnitude of the damage and to reconcile any differences. The application is not complete until the director receives all requested information.

(e) If the director returns an application with a request for more detailed information or for correction of deficiencies, the applicant must submit all required information within 30 days of the applicant's receipt of the director's request. The applicant's failure to provide the requested information in a timely manner without a reasonable explanation may be cause for denial of the application.

(f) The director has no more than 60 days from the receipt of a complete application to approve or deny the application, or the application is deemed approved. If the director denies an application, the director must send a denial letter. If the director approves an application or the application is automatically deemed approved after 60 days, the director must notify the applicant of the steps necessary to obtain reimbursement of eligible costs, including submission of invoices or other documentation substantiating the costs submitted for reimbursement.

(2) "over-the-counter sale" means a retail sale of a drug or product but does not include the sale of a drug or product pursuant to the terms of a valid prescription.

(b) The following items are listed in Schedule V:

(1) any compound, mixture, or preparation containing any of the following limited quantities of narcotic drugs, which shall include one or more nonnarcotic active medicinal ingredients in sufficient proportion to

confer upon the compound, mixture or preparation valuable medicinal qualities other than those possessed by the narcotic drug alone:

- (i) not more than 100 milligrams of dihydrocodeine per 100 milliliters or per 100 grams;
- (ii) not more than 100 milligrams of ethylmorphine per 100 milliliters or per 100 grams;

(l) The Board of Pharmacy, in consultation with the Department of Public Safety, shall certify methamphetamine precursor drugs that meet the requirements of paragraph (k), clause (2), and publish an annual listing of these drugs.

(m) Wholesale drug distributors licensed and regulated by the Board of Pharmacy pursuant to sections 151.42 to 151.51 and registered with and regulated by the United States Drug Enforcement Administration are exempt from the methamphetamine precursor drug storage requirements of this section.
