BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

## ARTICLE 1

### FEDERAL CONFORMITY

Section 1. Minnesota Statutes 2018, section 270A.03, subdivision 5, is amended to read:

Subd. 5. **Debt; debtor.** (a) "Debt" means a legal obligation of a natural person to pay a fixed and certain amount of money, which equals or exceeds \$25 and which is due and payable to a claimant agency. The term includes criminal fines imposed under section 609.10 or 609.125, fines imposed for petty misdemeanors as defined in section 609.02, subdivision 4a, and restitution. A debt may arise under a contractual or statutory obligation, a court order, or other legal obligation, but need not have been reduced to judgment.

A debt includes any legal obligation of a current recipient of assistance which is based on overpayment of an assistance grant where that payment is based on a client waiver or an administrative or judicial finding of an intentional program violation; or where the debt is owed to a program wherein the debtor is not a client at the time notification is provided to initiate recovery under this chapter and the debtor is not a current recipient of food support, transitional child care, or transitional medical assistance.

(b) A debt does not include any legal obligation to pay a claimant agency for medical care, including hospitalization if the income of the debtor at the time when the medical care was rendered does not exceed the following amount:

- (1) for an unmarried debtor, an income of \$12,560 or less;
- (2) for a debtor with one dependent, an income of \$16,080 or less;
- (3) for a debtor with two dependents, an income of \$19,020 or less;
- (4) for a debtor with three dependents, an income of \$21,580 or less;
- (5) for a debtor with four dependents, an income of \$22,760 or less; and
- (6) for a debtor with five or more dependents, an income of \$23,730 or less.

For purposes of this paragraph, "debtor" means the individual whose income, together with the income of the individual's spouse, other than a separated spouse, brings the individual within the income provisions of this paragraph. For purposes of this paragraph, a spouse, other than a separated spouse, shall be considered a dependent.

(c) ~~The commissioner shall annually adjust the income amounts in paragraph (b) by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code, except that in section 1(f)(3)(B) the word "2014" shall be substituted for the word "1992." For 2016, the commissioner shall then determine the percent change from the 12 months ending on August 31, 2014, to the 12 months ending on August 31, 2015, and in each subsequent year, from the 12 months ending on August 31, 2014, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the Administrative Procedure Act contained in chapter 14. The income amount as adjusted must be rounded to the nearest \$10 amount. If the amount ends in \$5, the amount is rounded up to the nearest \$10 amount as provided in section 270C.22. The statutory year is taxable year 2019.~~

(d) Debt also includes an agreement to pay a MinnesotaCare premium, regardless of the dollar amount of the premium authorized under section 256L.15, subdivision 1a.

**EFFECTIVE DATE.** This section is effective for adjustments beginning with taxable years beginning after December 31, 2019.

## Sec. 2. **[270C.22] COST OF LIVING ADJUSTMENT.**

**Subdivision 1. Adjustment; definition; period; rounding.** (a) The commissioner shall annually make a cost of living adjustment to the dollar amounts noted in sections that reference this section. The commissioner shall adjust the amounts based on the index as provided in this section. For purposes of this section, "index" means the Chained Consumer Price Index for All Urban Consumers published by the Bureau of Labor Statistics. The values of the index used to determine the adjustments under this section are the latest published

values when the Bureau of Labor Statistics publishes the initial value of the index for August of the year preceding the year to which the adjustment applies.

(b) For the purposes of this section, "statutory year" means the year preceding the first year for which dollar amounts are to be adjusted for inflation under sections that reference this section. For adjustments under chapter 290A, the statutory year refers to the year in which a taxpayer's household income used to calculate refunds under chapter 290A was earned and not the year in which refunds are payable. For all other adjustments, the statutory year refers to the taxable year unless otherwise specified.

(c) To determine the dollar amounts for taxable year 2020, the commissioner shall determine the percentage change in the index for the 12-month period ending on August 31, 2019, and increase each of the unrounded dollar amounts in the sections referencing this section by that percentage change. For each subsequent taxable year, the commissioner shall increase the dollar amounts by the percentage change in the index from August 31 of the year preceding the statutory year to August 31 of the year preceding the taxable year.

(d) To determine the dollar amounts for refunds payable in 2020 under chapter 290A, the commissioner shall determine the percentage change in the index for the 12-month period ending on August 31, 2019, and increase each of the unrounded dollar amounts in the sections referencing this section by that percentage change. For each subsequent year, the commissioner shall increase the dollar amounts by the percentage change in the index from August 31 of the year preceding the statutory year to August 31 of the year preceding the year in which refunds are payable.

(e) Unless otherwise provided, the commissioner shall round the amounts as adjusted to the nearest \$10 amount. If an amount ends in \$5, the amount is rounded up to the nearest \$10 amount.

Subd. 2. **Publication.** The commissioner shall announce and publish the adjusted dollar amounts required by subdivision 1 on the Department of Revenue's website on or before December 15 of each year.

Subd. 3. **Special provision.** The determination of the commissioner under this subdivision is not a rule and is not subject to the Administrative Procedure Act under chapter 14, including section 14.386.

**EFFECTIVE DATE.** This section is effective for adjustments beginning with taxable years beginning after December 31, 2019, calendar years beginning after December 31, 2019, and for refunds based on rent paid in 2019 and property taxes payable in 2020.

Sec. 3. Minnesota Statutes 2018, section 289A.02, subdivision 7, is amended to read:

Subd. 7. **Internal Revenue Code.** Unless specifically defined otherwise, "Internal Revenue Code" means the Internal Revenue Code of 1986, as amended through ~~December 16, 2016~~ December 31, 2018.

**EFFECTIVE DATE.** This section is effective the day following final enactment except the changes incorporated by federal changes are effective retroactively at the same time the changes became effective for federal purposes.

Sec. 4. Minnesota Statutes 2018, section 289A.08, subdivision 1, is amended to read:

Subdivision 1. **Generally; individuals.** (a) A taxpayer must file a return for each taxable year the taxpayer is required to file a return under section 6012 of the Internal Revenue Code or meets the requirements under paragraph (d) to file a return, except that:

(1) an individual who is not a Minnesota resident for any part of the year is not required to file a Minnesota income tax return if the individual's gross income derived from Minnesota sources as determined under sections 290.081, paragraph (a), and 290.17, is less than the filing requirements for a single individual who is a full year resident of Minnesota; ~~and~~

(2) an individual who is a Minnesota resident is not required to file a Minnesota income tax return if the individual's gross income derived from Minnesota sources as determined under section 290.17, less the subtractions allowed under section 290.0132, subdivisions 12 and 15, is less than the filing requirements for a single individual who is a full-year resident of Minnesota.

(b) The decedent's final income tax return, and other income tax returns for prior years where the decedent had gross income in excess of the minimum amount at which an individual is required to file and did not file, must be filed by the decedent's personal representative, if any. If there is no personal representative, the return or returns must be filed by the transferees, as defined in section 270C.58, subdivision 3, who receive property of the decedent.

(c) The term "gross income," as it is used in this section, has the same meaning given it in section 290.01, subdivision 20.

(d) The commissioner of revenue must annually determine the gross income levels at which individuals are required to file a return for each taxable year based on the amounts allowed as a deduction under section 290.0123.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2018.

Sec. 5. Minnesota Statutes 2018, section 289A.08, subdivision 7, is amended to read:

**Subd. 7. Composite income tax returns for nonresident partners, shareholders, and beneficiaries.** (a) The commissioner may allow a partnership with nonresident partners to file a composite return and to pay the tax on behalf of nonresident partners who have no other Minnesota source income. This composite return must include the names, addresses, Social Security numbers, income allocation, and tax liability for the nonresident partners electing to be covered by the composite return.

(b) The computation of a partner's tax liability must be determined by multiplying the income allocated to that partner by the highest rate used to determine the tax liability for individuals under section 290.06, subdivision 2c. Nonbusiness deductions, standard deductions, or personal exemptions are not allowed.

(c) The partnership must submit a request to use this composite return filing method for nonresident partners. The requesting partnership must file a composite return in the form prescribed by the commissioner of revenue. The filing of a composite return is considered a request to use the composite return filing method.

(d) The electing partner must not have any Minnesota source income other than the income from the partnership and other electing partnerships. If it is determined that the electing partner has other Minnesota source income, the inclusion of the income and tax liability for that partner under this provision will not constitute a return to satisfy the requirements of subdivision 1. The tax paid for the individual as part of the composite return is allowed as a payment of the tax by the individual on the date on which the composite return payment was made. If the electing nonresident partner has no other Minnesota source income, filing of the composite return is a return for purposes of subdivision 1.

(e) This subdivision does not negate the requirement that an individual pay estimated tax if the individual's liability would exceed the requirements set forth in section 289A.25. The individual's liability to pay estimated

tax is, however, satisfied when the partnership pays composite estimated tax in the manner prescribed in section 289A.25.

(f) If an electing partner's share of the partnership's gross income from Minnesota sources is less than the filing requirements for a nonresident under this subdivision, the tax liability is zero. However, a statement showing the partner's share of gross income must be included as part of the composite return.

(g) The election provided in this subdivision is only available to a partner who has no other Minnesota source income and who is either (1) a full-year nonresident individual or (2) a trust or estate that does not claim a deduction under either section 651 or 661 of the Internal Revenue Code.

(h) A corporation defined in section 290.9725 and its nonresident shareholders may make an election under this paragraph. The provisions covering the partnership apply to the corporation and the provisions applying to the partner apply to the shareholder.

(i) Estates and trusts distributing current income only and the nonresident individual beneficiaries of the estates or trusts may make an election under this paragraph. The provisions covering the partnership apply to the estate or trust. The provisions applying to the partner apply to the beneficiary.

(j) For the purposes of this subdivision, "income" means the partner's share of federal adjusted gross income from the partnership modified by the additions provided in section 290.0131, subdivisions 8 to ~~11~~ 10 and 16, and the subtractions provided in: (1) section 290.0132, subdivision 9, to the extent the amount is assignable or allocable to Minnesota under section 290.17; and (2) section 290.0132, subdivision 14. The subtraction allowed under section 290.0132, subdivision 9, is only allowed on the composite tax computation to the extent the electing partner would have been allowed the subtraction.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2018.

Sec. 6. Minnesota Statutes 2018, section 289A.12, subdivision 14, is amended to read:

Subd. 14. **Reporting exempt interest and exempt-interest dividends.** (a) A regulated investment company paying \$10 or more in exempt-interest dividends to an individual who is a resident of Minnesota, or any person receiving \$10 or more of exempt interest or exempt-interest dividends and paying as nominee to an individual who is a resident of Minnesota, must make a return indicating the amount of the exempt interest or exempt-interest dividends, the name, address, and Social Security number of the recipient, and any other information that the commissioner specifies. The return must be provided to the recipient by February 15 of the year following the year of the payment. The return provided to the recipient must include a clear statement, in the form prescribed by the commissioner, that the exempt interest or exempt-interest dividends must be included in the computation of Minnesota taxable income. By June 1 of each year, the payer must file a copy of the return with the commissioner.

(b) For purposes of this subdivision, the following definitions apply.

(1) "Exempt-interest dividends" mean exempt-interest dividends as defined in section 852(b)(5) of the Internal Revenue Code, but does not include the portion of exempt-interest dividends that are not required to be added to federal ~~taxable~~ adjusted gross income under section 290.0131, subdivision 2, paragraph (b).

(2) "Regulated investment company" means regulated investment company as defined in section 851(a) of the Internal Revenue Code or a fund of the regulated investment company as defined in section 851(g) of the Internal Revenue Code.

(3) "Exempt interest" means income on obligations of any state other than Minnesota, or a political or governmental subdivision, municipality, or governmental agency or instrumentality of any state other than Minnesota, and exempt from federal income taxes under the Internal Revenue Code or any other federal statute.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2018.

Sec. 7. Minnesota Statutes 2018, section 289A.35, is amended to read:

**289A.35 ASSESSMENTS ON RETURNS.**

(a) The commissioner may audit and adjust the taxpayer's computation of federal adjusted gross income, federal taxable income, items of federal tax preferences, or federal credit amounts to make them conform with the provisions of chapter 290 or section 298.01. If a return has been filed, the commissioner shall enter the liability reported on the return and may make any audit or investigation that is considered necessary.

(b) Upon petition by a taxpayer, and when the commissioner determines that it is in the best interest of the state, the commissioner may allow S corporations and partnerships to receive orders of assessment issued under section 270C.33, subdivision 4, on behalf of their owners, and to pay liabilities shown on such orders. In such cases, the owners' liability must be calculated using the method provided in section 289A.08, subdivision 7, paragraph (b).

(c) A taxpayer may petition the commissioner for the use of the method described in paragraph (b) after the taxpayer is notified that an audit has been initiated and before an order of assessment has been issued.

(d) A determination of the commissioner under paragraph (b) to grant or deny the petition of a taxpayer cannot be appealed to the Tax Court or any other court.

(e) The commissioner may audit and adjust the taxpayer's computation of tax under chapter 291. In the case of a return filed pursuant to section 289A.10, the commissioner shall notify the estate no later than nine months after the filing date, as provided by section 289A.38, subdivision 2, whether the return is under examination or the return has been processed as filed.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2018.

Sec. 8. Minnesota Statutes 2018, section 290.01, is amended by adding a subdivision to read:

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2018.

Sec. 10. Minnesota Statutes 2018, section 290.01, subdivision 19, is amended to read:

Subd. 19. **Net income.** (a) For a trust or estate taxable under section 290.03, and a corporation taxable under section 290.02, the term "net income" means the federal taxable income, as defined in section 63 of the Internal Revenue Code of 1986, as amended through the date named in this subdivision, incorporating the federal effective dates of changes to the Internal Revenue Code and any elections made by the taxpayer in accordance with the Internal Revenue Code in determining federal taxable income for federal income tax purposes, and with the modifications provided in sections 290.0131 to 290.0136.

(b) For an individual, the term "net income" means federal adjusted gross income with the modifications provided in sections 290.0131, 290.0132, and 290.0135 to 290.0137.

(c) In the case of a regulated investment company or a fund thereof, as defined in section 851(a) or 851(g) of the Internal Revenue Code, federal taxable income means investment company taxable income as defined in section 852(b)(2) of the Internal Revenue Code, except that:

Subd. 2. **Income not derived from conduct of a trade or business.** The income of a taxpayer subject to the allocation rules that is not derived from the conduct of a trade or business must be assigned in accordance with paragraphs (a) to (f):

(a)(1) Subject to paragraphs (a)(2) and (a)(3), income from wages as defined in section 3401(a) ~~and~~, (f), and (i) of the Internal Revenue Code is assigned to this state if, and to the extent that, the work of the employee is performed within it; all other income from such sources is treated as income from sources without this state.

Severance pay shall be considered income from labor or personal or professional services.

(2) In the case of an individual who is a nonresident of Minnesota and who is an athlete or entertainer, income from compensation for labor or personal services performed within this state shall be determined in the following manner:

(i) the amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota. For purposes of this paragraph, off-season training activities, unless conducted at the team's facilities as part of a team imposed program, are not included in the total number of duty days. Bonuses earned as a result of play during the regular season or for participation in championship, play-off, or all-star games must be allocated under the formula. Signing bonuses are not subject to allocation under the formula if they are not conditional on playing any games for the team, are payable separately from any other compensation, and are nonrefundable; and

(ii) the amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete or entertainer not listed in item (i), for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

(3) For purposes of this section, amounts received by a nonresident as "retirement income" as defined in section (b)(1) of the State Income Taxation of Pension Income Act, Public Law 104-95, are not considered

(b) Income or gains from tangible property located in this state that is not employed in the business of the recipient of the income or gains must be assigned to this state.

(c) Income or gains from intangible personal property not employed in the business of the recipient of the income or gains must be assigned to this state if the recipient of the income or gains is a resident of this state or is a resident trust or estate.

Gain on the sale of a partnership interest is allocable to this state in the ratio of the original cost of partnership tangible property in this state to the original cost of partnership tangible property everywhere, determined at the time of the sale. If more than 50 percent of the value of the partnership's assets consists of intangibles, gain or loss from the sale of the partnership interest is allocated to this state in accordance with the sales factor of the partnership for its first full tax period immediately preceding the tax period of the partnership during which the partnership interest was sold.

Gain on the sale of an interest in a single member limited liability company that is disregarded for federal income tax purposes is allocable to this state as if the single member limited liability company did not exist and the assets of the limited liability company are personally owned by the sole member.

Gain on the sale of goodwill or income from a covenant not to compete that is connected with a business operating all or partially in Minnesota is allocated to this state to the extent that the income from the business in the year preceding the year of sale was allocable to Minnesota under subdivision 3.

When an employer pays an employee for a covenant not to compete, the income allocated to this state is in the ratio of the employee's service in Minnesota in the calendar year preceding leaving the employment of the employer over the total services performed by the employee for the employer in that year.

(d) Income from winnings on a bet made by an individual while in Minnesota is assigned to this state. In this paragraph, "bet" has the meaning given in section 609.75, subdivision 2, as limited by section 609.75, subdivision 3, clauses (1), (2), and (3).

Subd. 5. **Credit allowed.** (a)~~(1)~~ A qualified investor or qualified fund is eligible for a credit equal to 25 percent of the qualified investment in a qualified small business. Investments made by a pass-through entity qualify for a credit only if the entity is a qualified fund. The commissioner must not allocate more than ~~\$15,000,000~~ \$10,000,000 in credits to qualified investors or qualified funds for the taxable years beginning after December 31, 2013, and before January 1, 2017, and must not allocate more than \$10,000,000 in credits to qualified investors or qualified funds for taxable years beginning after December 31, 2016, and before January 1, 2018; and (2) for taxable years beginning after December 31, 2014, and before January 1, 2018, listed in paragraph (i). For each taxable year, 50 percent must be allocated to credits for qualifying investments in qualified greater Minnesota businesses and minority- or women-owned qualified small businesses in Minnesota. Any portion of a taxable year's credits that is reserved for qualifying investments in greater Minnesota businesses and minority- or women-owned qualified small businesses in Minnesota that is not allocated by September 30 of the taxable year is available for allocation to other credit applications beginning on October 1. Any portion of a taxable year's credits that is not allocated by the commissioner does not cancel and may be carried forward to subsequent taxable years until all credits have been allocated.

(b) The commissioner may not allocate more than a total maximum amount in credits for a taxable year to a qualified investor for the investor's cumulative qualified investments as an individual qualified investor and as an investor in a qualified fund; for married couples filing joint returns the maximum is \$250,000,

and for all other filers the maximum is \$125,000. The commissioner may not allocate more than a total of \$1,000,000 in credits over all taxable years for qualified investments in any one qualified small business.

(c) The commissioner may not allocate a credit to a qualified investor either as an individual qualified investor or as an investor in a qualified fund if, at the time the investment is proposed:

(1) the investor is an officer or principal of the qualified small business; or

(2) the investor, either individually or in combination with one or more members of the investor's family, owns, controls, or holds the power to vote 20 percent or more of the outstanding securities of the qualified small business.

A member of the family of an individual disqualified by this paragraph is not eligible for a credit under this section. For a married couple filing a joint return, the limitations in this paragraph apply collectively to the investor and spouse. For purposes of determining the ownership interest of an investor under this paragraph, the rules under section 267(c) and 267(e) of the Internal Revenue Code apply.

(d) Applications for tax credits for 2010 must be made available on the department's website by September 1, 2010, and the department must begin accepting applications by September 1, 2010. Applications for subsequent years must be made available by November 1 of the preceding year.

(e) Qualified investors and qualified funds must apply to the commissioner for tax credits. Tax credits must be allocated to qualified investors or qualified funds in the order that the tax credit request applications are filed with the department. The commissioner must approve or reject tax credit request applications within 15 days of receiving the application. The investment specified in the application must be made within 60 days of the allocation of the credits. If the investment is not made within 60 days, the credit allocation is canceled and available for reallocation. A qualified investor or qualified fund that fails to invest as specified in the application, within 60 days of allocation of the credits, must notify the commissioner of the failure to invest within five business days of the expiration of the 60-day investment period.

(f) All tax credit request applications filed with the department on the same day must be treated as having been filed contemporaneously. If two or more qualified investors or qualified funds file tax credit request applications on the same day, and the aggregate amount of credit allocation claims exceeds the aggregate limit of credits under this section or the lesser amount of credits that remain unallocated on that day, then the credits must be allocated among the qualified investors or qualified funds who filed on that day on a pro rata basis with respect to the amounts claimed. The pro rata allocation for any one qualified investor or qualified fund is the product obtained by multiplying a fraction, the numerator of which is the amount of the credit allocation claim filed on behalf of a qualified investor and the denominator of which is the total of all credit allocation claims filed on behalf of all applicants on that day, by the amount of credits that remain unallocated on that day for the taxable year.

(g) A qualified investor or qualified fund, or a qualified small business acting on their behalf, must notify the commissioner when an investment for which credits were allocated has been made, and the taxable year in which the investment was made. A qualified fund must also provide the commissioner with a statement indicating the amount invested by each investor in the qualified fund based on each investor's share of the assets of the qualified fund at the time of the qualified investment. (1) a taxpayer with no qualifying children who has attained the age of 21, but not attained age 65 before the close of the taxable year and is otherwise eligible for a credit under section 32 of the Internal Revenue Code may also receive a credit; and

(2) a taxpayer who is otherwise eligible for a credit under section 32 of the Internal Revenue Code remains eligible for the credit even if the taxpayer's earned income or adjusted gross income exceeds the income limitation under section 32 of the Internal Revenue Code.

(b) For individuals with no qualifying children, the credit equals ~~2.10~~ 3.9 percent of the first ~~\$6,180~~ \$7,150 of earned income. The credit is reduced by 10.5 percent of earned income or adjusted gross income, whichever is greater, in excess of the phaseout threshold, but in no case is the credit less than zero.

(f) For a part-year resident, the credit must be allocated based on the percentage calculated under section 290.06, subdivision 2c, paragraph (e).

~~(f)~~ (g) For a person who was a resident for the entire tax year and has earned income not subject to tax under this chapter, including income excluded under section 290.0132, subdivision 10, the credit must be allocated based on the ratio of federal adjusted gross income reduced by the earned income not subject to tax under this chapter over federal adjusted gross income. For purposes of this paragraph, the following clauses are not considered "earned income not subject to tax under this chapter":

(1) the subtractions for military pay under section 290.0132, subdivisions 11 and 12;

~~shall be substituted for the word "1992." For 2014, the commissioner shall then determine the percent change from the 12 months ending on August 31, 2008, to the 12 months ending on August 31, 2013, and in each subsequent year, from the 12 months ending on August 31, 2008, to the 12 months ending on August 31 of the year preceding the taxable year. The earned income thresholds as adjusted for inflation must be rounded to the nearest \$10. If the amount ends in \$5, the amount is rounded up to the nearest \$10. The determination of the commissioner under this subdivision is not a rule under the Administrative Procedure Act.~~

(h) For the purposes of this section, the phaseout threshold equals:

(1) \$14,570 for married taxpayers filing joint returns with no qualifying children;

(2) \$8,730 for all other taxpayers with no qualifying children;

The commissioner shall adjust the income thresholds by the percentage determined under the provisions of section 1(f) of the Internal Revenue Code, except that in section 1(f)(3)(B) the word "2016" is substituted for the word "1992." For 2018, the commissioner shall then determine the percent change from the 12 months ending on August 31, 2016, to the 12 months ending on August 31, 2017, and in each subsequent year, from the 12 months ending on August 31, 2016, to the 12 months ending on August 31 of the year preceding the taxable year. The income thresholds as adjusted for inflation must be rounded to the nearest \$10 amount. If the amount ends in \$5, the amount is rounded up to the nearest \$10 amount. The determination of the commissioner under this subdivision is not subject to chapter 14, including section 14.386.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2019.

Sec. 20. Minnesota Statutes 2018, section 290.17, subdivision 4, is amended to read:

Subd. 4. **Unitary business principle.** (a) If a trade or business conducted wholly within this state or partly within and partly without this state is part of a unitary business, the entire income of the unitary business is subject to apportionment pursuant to section 290.191. Notwithstanding subdivision 2, paragraph (c), none of the income of a unitary business is considered to be derived from any particular source and none may be allocated to a particular place except as provided by the applicable apportionment formula. The provisions of this subdivision do not apply to business income subject to subdivision 5, income of an insurance company, or income of an investment company determined under section 290.36.

(b) The term "unitary business" means business activities or operations which result in a flow of value between them. The term may be applied within a single legal entity or between multiple entities and without regard to whether each entity is a sole proprietorship, a corporation, a partnership or a trust.

(c) Unity is presumed whenever there is unity of ownership, operation, and use, evidenced by centralized management or executive force, centralized purchasing, advertising, accounting, or other controlled interaction, but the absence of these centralized activities will not necessarily evidence a nonunitary business. Unity is also presumed when business activities or operations are of mutual benefit, dependent upon or contributory to one another, either individually or as a group.

(d) Where a business operation conducted in Minnesota is owned by a business entity that carries on business activity outside the state different in kind from that conducted within this state, and the other business is conducted entirely outside the state, it is presumed that the two business operations are unitary in nature, interrelated, connected, and interdependent unless it can be shown to the contrary.

(e) Unity of ownership does not exist when two or more corporations are involved unless more than 50 percent of the voting stock of each corporation is directly or indirectly owned by a common owner or by common owners, either corporate or noncorporate, or by one or more of the member corporations of the

group. For this purpose, the term "voting stock" shall include membership interests of mutual insurance holding companies formed under section 66A.40.

(f) The net income and apportionment factors under section 290.191 or 290.20 of foreign corporations and other foreign entities, but excluding a disqualified captive insurance company, which are part of a unitary business shall not be included in the net income or the apportionment factors of the unitary business; except that the income and apportionment factors of a foreign entity, other than an entity treated as a C corporation for federal income tax purposes, that are included in the federal taxable income, as defined in section 63 of the Internal Revenue Code as amended through the date named in section 290.01, subdivision 19, of a domestic corporation, domestic entity, or individual must be included in determining net income and the factors to be used in the apportionment of net income pursuant to section 290.191 or 290.20. A foreign corporation or other foreign entity which is not included on a combined report and which is required to file a return under this chapter shall file on a separate return basis.

(g) For purposes of determining the net income of a unitary business and the factors to be used in the apportionment of net income pursuant to section 290.191 or 290.20, there must be included only the income and apportionment factors of domestic corporations or other domestic entities that are determined to be part of the unitary business pursuant to this subdivision, notwithstanding that foreign corporations or other foreign entities might be included in the unitary business; except that the income and apportionment factors of a foreign entity, other than an entity treated as a C corporation for federal income tax purposes, that is included in the federal taxable income, as defined in section 63 of the Internal Revenue Code as amended through the date named in section 290.01, subdivision 19, of a domestic corporation, domestic entity, or individual must be included in determining net income and the factors to be used in the apportionment of net income pursuant to section 290.191 or 290.20.

(h) Each corporation or other entity, except a sole proprietorship, that is part of a unitary business must file combined reports as the commissioner determines. On the reports, all intercompany transactions between entities included pursuant to paragraph (g) must be eliminated and the entire net income of the unitary business determined in accordance with this subdivision is apportioned among the entities by using each entity's Minnesota factors for apportionment purposes in the numerators of the apportionment formula and the total factors for apportionment purposes of all entities included pursuant to paragraph (g) in the denominators of the apportionment formula. Except as otherwise provided by paragraph (f), all sales of the unitary business made within this state pursuant to section 290.191 or 290.20 must be included on the combined report of a corporation or other entity that is a member of the unitary business and is subject to the jurisdiction of this state to impose tax under this chapter.

(i) If a corporation has been divested from a unitary business and is included in a combined report for a fractional part of the common accounting period of the combined report:

(1) its income includable in the combined report is its income incurred for that part of the year determined by proration or separate accounting; and

(2) its sales, property, and payroll included in the apportionment formula must be prorated or accounted for separately.

(j) For purposes of this subdivision, "insurance company" means an insurance company, as defined in section 290.01, subdivision 5b, that is:

~~(1) licensed to engage in the business of insurance in Minnesota pursuant to chapter 60A; or~~

~~(2) domiciled and licensed to engage in the business of insurance in another state or country that imposes retaliatory taxes, fines, deposits, penalties, licenses, or fees and that does not grant, on a reciprocal basis, exemption from such retaliatory taxes to insurance companies or their agents domiciled in Minnesota.~~

~~(k) For purposes of this subdivision, "retaliatory taxes" means taxes imposed on insurance companies organized in another state or country that result from the fact that an insurance company organized in the taxing jurisdiction and doing business in the other jurisdiction is subject to taxes, fines, deposits, penalties, licenses, or fees in an amount exceeding that imposed by the taxing jurisdiction upon an insurance company organized in the other state or country and doing business to the same extent in the taxing jurisdiction not a disqualified captive insurance company.~~

**EFFECTIVE DATE.** This section is effective retroactively for taxable years beginning after December 31, 2016.

Sec. 21. Minnesota Statutes 2018, section 290.191, subdivision 5, is amended to read:

Subd. 5. **Determination of sales factor.** For purposes of this section, the following rules apply in determining the sales factor.

(a) The sales factor includes all sales, gross earnings, or receipts received in the ordinary course of the business, except that the following types of income are not included in the sales factor:

(1) interest;

(2) dividends;

(3) sales of capital assets as defined in section 1221 of the Internal Revenue Code;

(4) sales of property used in the trade or business, except sales of leased property of a type which is regularly sold as well as leased; and

(5) sales of debt instruments as defined in section 1275(a)(1) of the Internal Revenue Code or sales of stock.

(b) Sales of tangible personal property are made within this state if the property is received by a purchaser at a point within this state, regardless of the f.o.b. point, other conditions of the sale, or the ultimate destination of the property.

(c) Tangible personal property delivered to a common or contract carrier or foreign vessel for delivery to a purchaser in another state or nation is a sale in that state or nation, regardless of f.o.b. point or other conditions of the sale.

(d) Notwithstanding paragraphs (b) and (c), when intoxicating liquor, wine, fermented malt beverages, cigarettes, or tobacco products are sold to a purchaser who is licensed by a state or political subdivision to resell this property only within the state of ultimate destination, the sale is made in that state.

(e) Sales made by or through a corporation that is qualified as a domestic international sales corporation under section 992 of the Internal Revenue Code are not considered to have been made within this state.

(f) Sales, rents, royalties, and other income in connection with real property is attributed to the state in which the property is located.

(g) Receipts from the lease or rental of tangible personal property, including finance leases and true leases, must be attributed to this state if the property is located in this state and to other states if the property is not located in this state. Receipts from the lease or rental of moving property including, but not limited to, motor vehicles, rolling stock, aircraft, vessels, or mobile equipment are included in the numerator of the receipts factor to the extent that the property is used in this state. The extent of the use of moving property is determined as follows:

(1) A motor vehicle is used wholly in the state in which it is registered.

(2) The extent that rolling stock is used in this state is determined by multiplying the receipts from the lease or rental of the rolling stock by a fraction, the numerator of which is the miles traveled within this state by the leased or rented rolling stock and the denominator of which is the total miles traveled by the leased or rented rolling stock.

(3) The extent that an aircraft is used in this state is determined by multiplying the receipts from the lease or rental of the aircraft by a fraction, the numerator of which is the number of landings of the aircraft in this state and the denominator of which is the total number of landings of the aircraft.

(4) The extent that a vessel, mobile equipment, or other mobile property is used in the state is determined by multiplying the receipts from the lease or rental of the property by a fraction, the numerator of which is the number of days during the taxable year the property was in this state and the denominator of which is the total days in the taxable year.

(h) Royalties and other income received for the use of or for the privilege of using intangible property, including patents, know-how, formulas, designs, processes, patterns, copyrights, trade names, service names, franchises, licenses, contracts, customer lists, or similar items, must be attributed to the state in which the property is used by the purchaser. If the property is used in more than one state, the royalties or other income must be apportioned to this state pro rata according to the portion of use in this state. If the portion of use in this state cannot be determined, the royalties or other income must be excluded from both the numerator and the denominator. Intangible property is used in this state if the purchaser uses the intangible property or the rights therein in the regular course of its business operations in this state, regardless of the location of the purchaser's customers.

(i) Sales of intangible property are made within the state in which the property is used by the purchaser. If the property is used in more than one state, the sales must be apportioned to this state pro rata according to the portion of use in this state. If the portion of use in this state cannot be determined, the sale must be excluded from both the numerator and the denominator of the sales factor. Intangible property is used in this state if the purchaser used the intangible property in the regular course of its business operations in this state.

(j) Receipts from the performance of services must be attributed to the state where the services are received. For the purposes of this section, receipts from the performance of services provided to a corporation, partnership, or trust may only be attributed to a state where it has a fixed place of doing business. If the state where the services are received is not readily determinable or is a state where the corporation, partnership, or trust receiving the service does not have a fixed place of doing business, the services shall be deemed to be received at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the services shall be deemed to be received at the office of the customer to which the services are billed.

(k) For the purposes of this subdivision and subdivision 6, paragraph (l), receipts from management, distribution, or administrative services performed by a person or corporation ~~or trust~~ for a fund of a person

or corporation or trust regulated under United States Code, title 15, ~~sections 80a-1 through 80a-64~~ chapter 2D, subchapter I, must be attributed to the state where the shareholder of the fund resides. Under this paragraph, receipts for services attributed to shareholders are determined on the basis of the ratio of: (1) the average of the outstanding shares in the fund owned by shareholders residing within Minnesota at the beginning and end of each year; and (2) the average of the total number of outstanding shares in the fund at the beginning and end of each year. Residence of the shareholder, in the case of an individual, is determined by the mailing address furnished by the shareholder to the fund. Residence of the shareholder, when the shares are held by an insurance company as a depositor for the insurance company policyholders, is the mailing address of the policyholders. In the case of an insurance company holding the shares as a depositor for the insurance company policyholders, if the mailing address of the policyholders cannot be determined by the taxpayer, the receipts must be excluded from both the numerator and denominator. Residence of other shareholders is the mailing address of the shareholder.

**EFFECTIVE DATE.** This section is effective for taxable years beginning after December 31, 2018.

Sec. 22. Minnesota Statutes 2018, section 290.21, subdivision 4, is amended to read:

Subd. 4. **Dividends received from another corporation.** (a)(1) Eighty percent of dividends received by a corporation during the taxable year from another corporation, in which the recipient owns 20 percent or more of the stock, by vote and value, not including stock described in section 1504(a)(4) of the Internal Revenue Code when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer or would not be included in the inventory of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of the taxpayer's trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of the income and gains therefrom; and

(2)(i) the remaining 20 percent of dividends if the dividends received are the stock in an affiliated company transferred in an overall plan of reorganization and the dividend is eliminated in consolidation under Treasury Department Regulation 1.1502-14(a), as amended through December 31, 1989;

(ii) the remaining 20 percent of dividends if the dividends are received from a corporation which is subject to tax under section 290.36 and which is a member of an affiliated group of corporations as defined by the Internal Revenue Code and the dividend is eliminated in consolidation under Treasury Department Regulation 1.1502-14(a), as amended through December 31, 1989, or is deducted under an election under section 243(b) of the Internal Revenue Code; or

(iii) the remaining 20 percent of the dividends if the dividends are received from a property and casualty insurer as defined under section 60A.60, subdivision 8, which is a member of an affiliated group of corporations as defined by the Internal Revenue Code and either: (A) the dividend is eliminated in consolidation under Treasury Regulation 1.1502-14(a), as amended through December 31, 1989; or (B) the dividend is deducted under an election under section 243(b) of the Internal Revenue Code.

(b) Seventy percent of dividends received by a corporation during the taxable year from another corporation in which the recipient owns less than 20 percent of the stock, by vote or value, not including stock described in section 1504(a)(4) of the Internal Revenue Code when the corporate stock with respect to which dividends are paid does not constitute the stock in trade of the taxpayer, or does not constitute property held by the taxpayer primarily for sale to customers in the ordinary course of the taxpayer's trade or business, or when the trade or business of the taxpayer does not consist principally of the holding of the stocks and the collection of income and gain therefrom.

(c) The dividend deduction provided in this subdivision shall be allowed only with respect to dividends that are included in a corporation's Minnesota taxable net income for the taxable year.

The dividend deduction provided in this subdivision does not apply to a dividend from a corporation which, for the taxable year of the corporation in which the distribution is made or for the next preceding taxable year of the corporation, is a corporation exempt from tax under section 501 of the Internal Revenue Code.

The dividend deduction provided in this subdivision does not apply to a dividend received from a real estate investment trust as defined in section 856 of the Internal Revenue Code.

The dividend deduction provided in this subdivision applies to the amount of regulated investment company dividends only to the extent determined under section 854(b) of the Internal Revenue Code.

The dividend deduction provided in this subdivision shall not be allowed with respect to any dividend for which a deduction is not allowed under the provisions of section 246(c) or 246A of the Internal Revenue Code.

(d) If dividends received by a corporation that does not have nexus with Minnesota under the provisions of Public Law 86-272 are included as income on the return of an affiliated corporation permitted or required to file a combined report under section 290.17, subdivision 4, or 290.34, subdivision 2, then for purposes of this subdivision the determination as to whether the trade or business of the corporation consists principally of the holding of stocks and the collection of income and gains therefrom shall be made with reference to the trade or business of the affiliated corporation having a nexus with Minnesota.

(e) The deduction provided by this subdivision does not apply if the dividends are paid by a FSC as defined in section 922 of the Internal Revenue Code.

(f) If one or more of the members of the unitary group whose income is included on the combined report received a dividend, the deduction under this subdivision for each member of the unitary business required to file a return under this chapter is the product of: (1) 100 percent of the dividends received by members of the group; (2) the percentage allowed pursuant to paragraph (a) or (b); and (3) the percentage of the taxpayer's business income apportionable to this state for the taxable year under section 290.191 or 290.20.

Subd. 9. **Qualified small business property.** Property satisfying all of the following requirements is qualified small business property:

(1) The value of the property was included in the federal adjusted taxable estate.

(2) The property consists of the assets of a trade or business or shares of stock or other ownership interests in a corporation or other entity engaged in a trade or business. Shares of stock in a corporation or an ownership interest in another type of entity do not qualify under this subdivision if the shares or ownership interests are traded on a public stock exchange at any time during the three-year period ending on the decedent's date of death. For purposes of this subdivision, an ownership interest includes the interest the decedent is deemed to own under sections 2036, 2037, ~~and~~ 2038, 2040, or 2044 of the Internal Revenue Code.

In the case of a sole proprietor, if the property replaced similar property within the three-year period, the replacement property will be treated as having been owned for the three-year period ending on the date of death of the decedent. For the purposes of the three-year holding period under this clause, any ownership by the decedent's spouse, whether the spouse predeceases or survives the decedent, is attributed to the decedent.

(8) For three years following the date of death of the decedent, the trade or business is not a passive activity within the meaning of section 469(c) of the Internal Revenue Code, and a family member materially participates in the operation of the trade or business within the meaning of section 469(h) of the Internal Revenue Code, excluding section 469(h)(3) of the Internal Revenue Code and any other provision provided by United States Treasury Department regulation that substitutes material participation in prior taxable years for material participation in the three years following the date of death of the decedent.

(4) The decedent or the decedent's spouse continuously owned the property, or an undivided or joint interest in the property, including property the decedent or the decedent's spouse is deemed to own under sections 2036, 2037, and 2038, 2040, or 2044 of the Internal Revenue Code, or under subdivision 1d, for the three-year period ending on the date of death of the decedent either by ownership of the agricultural land or pursuant to holding an interest in an entity that is not subject to or is in compliance with section 500.24. This paragraph applies only to taxpayers who submit a request for a waiver of addition to tax due under Minnesota Statutes, sections 289A.25, subdivision 2, and 289A.26, subdivision 4. The request for waiver must attest that the underpayment of estimated tax for the taxable year is due to uncertainties in tax planning resulting from the enactment of Public Laws 115-63, 115-97, 115-123, and 115-141. The request for waiver must be in a form and manner prescribed by the commissioner of revenue.

Subdivision 1. **Requirement.** Except as otherwise provided in subdivision 5, 6, or 7, whenever any real estate is sold for a consideration in excess of ~~\$1,000~~ \$3,000, whether by warranty deed, quitclaim deed, contract for deed or any other method of sale, the grantor, grantee or the legal agent of either shall file a certificate of value with the county auditor in the county in which the property is located when the deed or other document is presented for recording. Contract for deeds are subject to recording under section 507.235, subdivision 1. Value shall, in the case of any deed not a gift, be the amount of the full actual consideration thereof, paid or to be paid, including the amount of any lien or liens assumed. The items and value of personal property transferred with the real property must be listed and deducted from the sale price. The certificate of value shall include the classification to which the property belongs for the purpose of determining the fair market value of the property, and shall include any proposed change in use of the property known to the person filing the certificate that could change the classification of the property. The certificate shall include financing terms and conditions of the sale which are necessary to determine the actual, present value of the sale price for purposes of the sales ratio study. If the property is being acquired as part of a like-kind exchange under section 1031 of the Internal Revenue Code of 1986, as amended through December 31, 2006, that must be indicated on the certificate. The commissioner of revenue shall promulgate administrative rules specifying the financing terms and conditions which must be included on the certificate. However, a married person who is not an owner of record and who is signing a conveyance instrument along with the person's spouse solely to release and convey their marital interest, if any, in the real property being conveyed is not a grantor for the purpose of the preceding sentence. A statement in the deed that is substantially in the following form is sufficient to allow the county auditor to accept a certificate for filing without the Social Security number of the named spouse: "(Name) claims no ownership interest in the real property being conveyed and is executing this instrument solely to release and convey a marital interest, if any, in that real property." The identification numbers of the grantors and grantees are private data on individuals or nonpublic data as defined in section 13.02, subdivisions 9 and 12, but, notwithstanding that section, the private or nonpublic data may be disclosed to the commissioner of revenue for purposes of tax administration. The information required to be shown on the certificate of value is limited to the information required as of the date of the acknowledgment on the deed or other document to be recorded.

This paragraph applies without regard to any legal possession rights of the family farm corporation, joint family farm venture, limited liability company, or partnership under the lease.

(d) Nonhomestead agricultural property that is owned by a family farm corporation, joint farm venture, limited liability company, or partnership; and located not farther than four townships or cities, or combination thereof, from agricultural land that is owned, and used for the purposes of a homestead by an individual who is a shareholder, member, or partner of the corporation, venture, company, or partnership; is entitled to receive the first tier homestead classification rate on any remaining market value in the first homestead class tier that is in excess of the market value of the shareholder's, member's, or partner's class 2 agricultural homestead property, if the owner, or someone acting on the owner's behalf notifies the county assessor by July 1 that the property may be eligible under this paragraph for the current assessment year, for taxes payable in the following year. Any taxpayer of these noncontiguous lands must notify the county assessor that the noncontiguous land is part of the taxpayer's homestead, and, if the homestead is located in another county, the taxpayer must also notify the assessor of the other county.

(d) Agricultural land used for purposes of a homestead and actively farmed by a person holding a vested remainder interest in it must be classified as a homestead under section 273.13, subdivision 23, paragraph (a). (b) Class 2a agricultural land consists of parcels of property, or portions thereof, that are agricultural land and buildings. Class 2a property has a classification rate of one percent of market value, unless it is part of an agricultural homestead under paragraph (a). Class 2a property must also include any property that would otherwise be classified as 2b, but is interspersed with class 2a property, including but not limited to sloughs, wooded wind shelters, acreage abutting ditches, ravines, rock piles, land subject to a setback requirement, and other similar land that is impractical for the assessor to value separately from the rest of the property or that is unlikely to be able to be sold separately from the rest of the property.

An assessor may classify the part of a parcel described in this subdivision that is used for agricultural purposes as class 2a and the remainder in the class appropriate to its use.

(c) Class 2b rural vacant land consists of parcels of property, or portions thereof, that are unplatted real estate, rural in character and not used for agricultural purposes, including land used for growing trees for

timber, lumber, and wood and wood products, that is not improved with a structure. The presence of a minor, ancillary nonresidential structure as defined by the commissioner of revenue does not disqualify the property from classification under this paragraph. Any parcel of 20 acres or more improved with a structure that is not a minor, ancillary nonresidential structure must be split-classified, and ten acres must be assigned to the split parcel containing the structure. Class 2b property has a classification rate of one percent of market value unless it is part of an agricultural homestead under paragraph (a), or qualifies as class 2c under paragraph (d).

(d) Class 2c managed forest land consists of no less than 20 and no more than 1,920 acres statewide per taxpayer that is being managed under a forest management plan that meets the requirements of chapter 290C, but is not enrolled in the sustainable forest resource management incentive program. It has a classification rate of .65 percent, provided that the owner of the property must apply to the assessor in order for the property to initially qualify for the reduced rate and provide the information required by the assessor to verify that the property qualifies for the reduced rate. If the assessor receives the application and information before May 1 in an assessment year, the property qualifies beginning with that assessment year. If the assessor receives the application and information after April 30 in an assessment year, the property may not qualify until the next assessment year. The commissioner of natural resources must concur that the land is qualified. The commissioner of natural resources shall annually provide county assessors verification information on a timely basis. The presence of a minor, ancillary nonresidential structure as defined by the commissioner of revenue does not disqualify the property from classification under this paragraph.

(e) Agricultural land as used in this section means:

(1) contiguous acreage of ten acres or more, used during the preceding year for agricultural purposes;  
or

(2) contiguous acreage used during the preceding year for an intensive livestock or poultry confinement operation, provided that land used only for pasturing or grazing does not qualify under this clause.

"Agricultural purposes" as used in this section means the raising, cultivation, drying, or storage of agricultural products for sale, or the storage of machinery or equipment used in support of agricultural production by the same farm entity. For a property to be classified as agricultural based only on the drying or storage of agricultural products, the products being dried or stored must have been produced by the same farm entity as the entity operating the drying or storage facility. "Agricultural purposes" also includes (i) enrollment in a local conservation program or the Reinvest in Minnesota program under sections 103F.501 to 103F.535 or the federal Conservation Reserve Program as contained in Public Law 99-198 or a similar state or federal conservation program if the property was classified as agricultural ~~(ii)~~ (A) under this subdivision for taxes payable in 2003 because of its enrollment in a qualifying program and the land remains enrolled or ~~(iii)~~ (B) in the year prior to its enrollment, or (ii) use of land, not to exceed three acres, to provide environmental benefits such as buffer strips, old growth forest restoration or retention, or retention ponds to prevent soil erosion. For purposes of this section, a "local conservation program" means a program administered by a town, statutory or home rule charter city, or county, including a watershed district, water management organization, or soil and water conservation district, in which landowners voluntarily enroll land and receive incentive payments equal to at least \$50 per acre in exchange for use or other restrictions placed on the land. In order for property to qualify under the local conservation program provision, a taxpayer must apply to the assessor by February 1 of the assessment year and must submit the information required by the assessor, including but not limited to a copy of the program requirements, the specific agreement between the land owner and the local agency, if applicable, and a map of the conservation area. Agricultural classification shall not be based upon the market value of any residential structures on the parcel or contiguous parcels under the same ownership.

"Contiguous acreage," for purposes of this paragraph, means all of, or a contiguous portion of, a tax parcel as described in section 272.193, or all of, or a contiguous portion of, a set of contiguous tax parcels under that section that are owned by the same person.

(f) Agricultural land under this section also includes:

(1) contiguous acreage that is less than ten acres in size and exclusively used in the preceding year for raising or cultivating agricultural products; or

(2) contiguous acreage that contains a residence and is less than 11 acres in size, if the contiguous acreage exclusive of the house, garage, and surrounding one acre of land was used in the preceding year for one or more of the following three uses:

(i) for an intensive grain drying or storage operation, or for intensive machinery or equipment storage activities used to support agricultural activities on other parcels of property operated by the same farming entity;

(ii) as a nursery, provided that only those acres used intensively to produce nursery stock are considered agricultural land; or

(iii) for intensive market farming; for purposes of this paragraph, "market farming" means the cultivation of one or more fruits or vegetables or production of animal or other agricultural products for sale to local markets by the farmer or an organization with which the farmer is affiliated.

"Contiguous acreage," for purposes of this paragraph, means all of a tax parcel as described in section 272.193, or all of a set of contiguous tax parcels under that section that are owned by the same person.

(g) Land shall be classified as agricultural even if all or a portion of the agricultural use of that property is the leasing to, or use by another person for agricultural purposes.

Classification under this subdivision is not determinative for qualifying under section 273.111.

(h) The property classification under this section supersedes, for property tax purposes only, any locally administered agricultural policies or land use restrictions that define minimum or maximum farm acreage.

(i) The term "agricultural products" as used in this subdivision includes production for sale of:

(1) livestock, dairy animals, dairy products, poultry and poultry products, fur-bearing animals, horticultural and nursery stock, fruit of all kinds, vegetables, forage, grains, bees, and apiary products by the owner;

(2) aquacultural products for sale and consumption, as defined under section 17.47, if the aquaculture occurs on land zoned for agricultural use;

(3) the commercial boarding of horses, which may include related horse training and riding instruction, if the boarding is done on property that is also used for raising pasture to graze horses or raising or cultivating other agricultural products as defined in clause (1);

(4) property which is owned and operated by nonprofit organizations used for equestrian activities, excluding racing;

(5) game birds and waterfowl bred and raised (i) on a game farm licensed under section 97A.105, provided that the annual licensing report to the Department of Natural Resources, which must be submitted annually by March 30 to the assessor, indicates that at least 500 birds were raised or used for breeding stock

on the property during the preceding year and that the owner provides a copy of the owner's most recent schedule F; or (ii) for use on a shooting preserve licensed under section 97A.115;

(6) insects primarily bred to be used as food for animals;

(7) trees, grown for sale as a crop, including short rotation woody crops, and not sold for timber, lumber, wood, or wood products; and

(8) maple syrup taken from trees grown by a person licensed by the Minnesota Department of Agriculture under chapter 28A as a food processor.

(j) If a parcel used for agricultural purposes is also used for commercial or industrial purposes, including but not limited to:

(1) wholesale and retail sales;

(2) processing of raw agricultural products or other goods;

(3) warehousing or storage of processed goods; and

(4) office facilities for the support of the activities enumerated in clauses (1), (2), and (3),

the assessor shall classify the part of the parcel used for agricultural purposes as class 1b, 2a, or 2b, whichever is appropriate, and the remainder in the class appropriate to its use. The grading, sorting, and packaging of raw agricultural products for first sale is considered an agricultural purpose. A greenhouse or other building where horticultural or nursery products are grown that is also used for the conduct of retail sales must be classified as agricultural if it is primarily used for the growing of horticultural or nursery products from seed, cuttings, or roots and occasionally as a showroom for the retail sale of those products. Use of a greenhouse or building only for the display of already grown horticultural or nursery products does not qualify as an agricultural purpose.

(k) The assessor shall determine and list separately on the records the market value of the homestead dwelling and the one acre of land on which that dwelling is located. If any farm buildings or structures are located on this homesteaded acre of land, their market value shall not be included in this separate determination.

(l) Class 2d airport landing area consists of a landing area or public access area of a privately owned public use airport. It has a classification rate of one percent of market value. To qualify for classification under this paragraph, a privately owned public use airport must be licensed as a public airport under section 360.018. For purposes of this paragraph, "landing area" means that part of a privately owned public use airport properly cleared, regularly maintained, and made available to the public for use by aircraft and includes runways, taxiways, aprons, and sites upon which are situated landing or navigational aids. A landing area also includes land underlying both the primary surface and the approach surfaces that comply with all of the following:

(i) the land is properly cleared and regularly maintained for the primary purposes of the landing, taking off, and taxiing of aircraft; but that portion of the land that contains facilities for servicing, repair, or maintenance of aircraft is not included as a landing area;

(ii) the land is part of the airport property; and

(iii) the land is not used for commercial or residential purposes.

The land contained in a landing area under this paragraph must be described and certified by the commissioner of transportation. The certification is effective until it is modified, or until the airport or landing area no longer meets the requirements of this paragraph. For purposes of this paragraph, "public access area" means property used as an aircraft parking ramp, apron, or storage hangar, or an arrival and departure building in connection with the airport.

(m) Class 2e consists of land with a commercial aggregate deposit that is not actively being mined and is not otherwise classified as class 2a or 2b, provided that the land is not located in a county that has elected to opt-out of the aggregate preservation program as provided in section 273.1115, subdivision 6. It has a classification rate of one percent of market value. To qualify for classification under this paragraph, the property must be at least ten contiguous acres in size and the owner of the property must record with the county recorder of the county in which the property is located an affidavit containing:

(1) a legal description of the property;

(2) a disclosure that the property contains a commercial aggregate deposit that is not actively being mined but is present on the entire parcel enrolled;

(3) documentation that the conditional use under the county or local zoning ordinance of this property is for mining; and

(4) documentation that a permit has been issued by the local unit of government or the mining activity is allowed under local ordinance. The disclosure must include a statement from a registered professional geologist, engineer, or soil scientist delineating the deposit and certifying that it is a commercial aggregate deposit.

For purposes of this section and section 273.1115, "commercial aggregate deposit" means a deposit that will yield crushed stone or sand and gravel that is suitable for use as a construction aggregate; and "actively mined" means the removal of top soil and overburden in preparation for excavation or excavation of a commercial deposit.

(n) When any portion of the property under this subdivision or subdivision 22 begins to be actively mined, the owner must file a supplemental affidavit within 60 days from the day any aggregate is removed stating the number of acres of the property that is actively being mined. The acres actively being mined must be (1) valued and classified under subdivision 24 in the next subsequent assessment year, and (2) removed from the aggregate resource preservation property tax program under section 273.1115, if the land was enrolled in that program. Copies of the original affidavit and all supplemental affidavits must be filed with the county assessor, the local zoning administrator, and the Department of Natural Resources, Division of Land and Minerals. A supplemental affidavit must be filed each time a subsequent portion of the property is actively mined, provided that the minimum acreage change is five acres, even if the actual mining activity constitutes less than five acres.

(o) The definitions prescribed by the commissioner under paragraphs (c) and (d) are not rules and are exempt from the rulemaking provisions of chapter 14, and the provisions in section 14.386 concerning exempt rules do not apply.

**EFFECTIVE DATE.** This section is effective for assessment year 2019 and thereafter.

Sec. 16. Minnesota Statutes 2018, section 273.13, subdivision 34, is amended to read:

Subd. 34. **Homestead of disabled veteran or family caregiver.** (a) All or a portion of the market value of property owned by a veteran and serving as the veteran's homestead under this section is excluded in determining the property's taxable market value if the veteran has a service-connected disability of 70 percent or more as certified by the United States Department of Veterans Affairs. To qualify for exclusion under this subdivision, the veteran must have been honorably discharged from the United States armed forces, as indicated by United States Government Form DD214 or other official military discharge papers.

(b)(1) For a disability rating of 70 percent or more, \$150,000 of market value is excluded, except as provided in clause (2); and

(2) for a total (100 percent) and permanent disability, \$300,000 of market value is excluded.

(c) If a disabled veteran qualifying for a valuation exclusion under paragraph (b), clause (2), predeceases the veteran's spouse, and if upon the death of the veteran the spouse holds the legal or beneficial title to the homestead and permanently resides there, the exclusion shall carry over to the benefit of the veteran's spouse ~~for the current taxes payable year and for eight additional taxes payable years or~~ until such time as the spouse remarries, or sells, transfers, or otherwise disposes of the property, ~~whichever comes first~~. Qualification under this paragraph requires an application under paragraph (h), and a spouse must notify the assessor if there is a change in the spouse's marital status, ownership of the property, or use of the property as a permanent residence.

(d) If the spouse of a member of any branch or unit of the United States armed forces who dies due to a service-connected cause while serving honorably in active service, as indicated on United States Government Form DD1300 or DD2064, holds the legal or beneficial title to a homestead and permanently resides there, the spouse is entitled to the benefit described in paragraph (b), clause (2), ~~for eight taxes payable years, or~~ until such time as the spouse remarries or sells, transfers, or otherwise disposes of the property, ~~whichever comes first~~.

(e) If a veteran meets the disability criteria of paragraph (a) but does not own property classified as homestead in the state of Minnesota, then the homestead of the veteran's primary family caregiver, if any, is eligible for the exclusion that the veteran would otherwise qualify for under paragraph (b).

(f) In the case of an agricultural homestead, only the portion of the property consisting of the house and garage and immediately surrounding one acre of land qualifies for the valuation exclusion under this subdivision.

(g) A property qualifying for a valuation exclusion under this subdivision is not eligible for the market value exclusion under subdivision 35, or classification under subdivision 22, paragraph (b).

(h) To qualify for a valuation exclusion under this subdivision a property owner must apply to the assessor by ~~July 1~~ December 15 of the first assessment year for which the exclusion is sought. For an application received after ~~July 1~~ December 15, the exclusion shall become effective for the following assessment year. Except as provided in paragraph (c), the owner of a property that has been accepted for a valuation exclusion must notify the assessor if there is a change in ownership of the property or in the use of the property as a homestead.

(i) A first-time application by a qualifying spouse for the market value exclusion under paragraph (d) must be made any time within two years of the death of the service member.

(j) For purposes of this subdivision:

(1) "active service" has the meaning given in section 190.05;

(2) "own" means that the person's name is present as an owner on the property deed;

(3) "primary family caregiver" means a person who is approved by the secretary of the United States Department of Veterans Affairs for assistance as the primary provider of personal care services for an eligible veteran under the Program of Comprehensive Assistance for Family Caregivers, codified as United States Code, title 38, section 1720G; and

(4) "veteran" has the meaning given the term in section 197.447.

(k) If a veteran dying after December 31, 2011, did not apply for or receive the exclusion under paragraph (b), clause (2), before dying, the veteran's spouse is entitled to the benefit under paragraph (b), clause (2), ~~for eight taxes payable years or~~ until the spouse remarries or sells, transfers, or otherwise disposes of the property if:

(1) the spouse files a first-time application within two years of the death of the service member or by June 1, 2019, whichever is later;

(2) upon the death of the veteran, the spouse holds the legal or beneficial title to the homestead and permanently resides there;

(3) the veteran met the honorable discharge requirements of paragraph (a); and

(4) the United States Department of Veterans Affairs certifies that:

(i) the veteran met the total (100 percent) and permanent disability requirement under paragraph (b), clause (2); or

(ii) the spouse has been awarded dependency and indemnity compensation.

(l) The purpose of this provision of law providing a level of homestead property tax relief for gravely disabled veterans, their primary family caregivers, and their surviving spouses is to help ease the burdens of war for those among our state's citizens who bear those burdens most heavily.

(m) By July 1, the county veterans service officer must certify the disability rating and permanent address of each veteran receiving the benefit under paragraph (b) to the assessor.

**EFFECTIVE DATE.** This section is effective beginning with assessment year 2019, for taxes payable in 2020 and thereafter.

Sec. 17. Minnesota Statutes 2018, section 273.1384, subdivision 2, is amended to read:

Subd. 2. **Agricultural homestead market value credit.** Property classified as agricultural homestead under section 273.13, subdivision 23, paragraph (a), is eligible for an agricultural credit. The credit is computed using the property's agricultural credit market value, defined for this purpose as the property's market value excluding the market value of the house, garage, and immediately surrounding one acre of land. The credit is equal to 0.3 percent of the first \$115,000 of the property's agricultural credit market value plus 0.1 percent of the property's agricultural credit market value in excess of \$115,000, subject to a maximum credit of \$490 for a full agricultural homestead. In the case of property that is classified as part homestead and part nonhomestead solely because not all the owners occupy or farm the property, not all the owners have qualifying relatives occupying or farming the property, or solely because not all the spouses of owners occupy the property, the credit is computed on the amount of agricultural credit market value corresponding

to the percentage of homestead. ~~The percentage of homestead is equal to 100 divided by the number of owners of the property, or, in the case of a trust, the number of grantors of the trust that owns the property,~~ and the maximum credit equals \$490 multiplied by the percentage of homestead.

**EFFECTIVE DATE.** This section is effective beginning with taxes payable in 2020 and thereafter.

Sec. 18. Minnesota Statutes 2018, section 273.371, subdivision 1, is amended to read:

Subdivision 1. **Report required.** Every electric light, power, gas, water, express, stage, transportation, and pipeline company doing business in Minnesota shall annually file with the commissioner on or before March 31 a report under oath setting forth the information prescribed by the commissioner to enable the commissioner to make valuations, recommended valuations, and equalization required under sections 273.33, 273.35, 273.36, 273.37, and 273.3711. The commissioner shall prescribe the content, format, and manner of the report pursuant to section 270C.30, except that for cooperative associations defined in section 273.40, the information provided in the report must be aggregated to the unique taxing jurisdiction level and exclude information related to property subject to the in-lieu tax under section 273.41, and that a "law administered by the commissioner" includes the property tax laws. If all the required information is not available on March 31, the company shall file the information that is available on or before March 31, and the balance of the information as soon as it becomes available. If a report is made by electronic means, the taxpayer's signature is defined pursuant to section 270C.304, except that a "law administered by the commissioner" includes the property tax laws. For purposes of this subdivision, "unique taxing jurisdiction" means the geographic area subject to the same set of local tax rates.

**EFFECTIVE DATE.** This section is effective beginning with assessment year 2020 and thereafter.

Sec. 19. Minnesota Statutes 2018, section 273.3711, is amended to read:

**273.3711 RECOMMENDED AND ORDERED VALUES.**

For purposes of sections 273.33, 273.35, 273.36, 273.37, 273.371, and 273.372, all preliminary values not required to be listed and assessed by the commissioner of revenue are recommended values. If the commissioner provides preliminary recommended values, the values must be certified to the auditor of each county in which the property is located on or before ~~August 1~~ July 15. If the commissioner determines that the certified recommended value is in error the commissioner may issue a corrected certification on or before October 1. The commissioner may correct errors that are merely clerical in nature until December 31.

**EFFECTIVE DATE.** This section is effective beginning with assessment year 2019 and thereafter.

Sec. 20. Minnesota Statutes 2018, section 275.025, subdivision 1, is amended to read:

Subdivision 1. **Levy amount.** The state general levy is levied against commercial-industrial property and seasonal residential recreational property, as defined in this section. The state general levy for commercial-industrial property is ~~\$784,590,000~~ \$737,090,000 for taxes payable in ~~2018~~ 2020 and thereafter. The state general levy for seasonal-recreational property is ~~\$44,190,000~~ \$41,690,000 for taxes payable in ~~2018~~ 2020 and thereafter. The tax under this section is not treated as a local tax rate under section 469.177 and is not the levy of a governmental unit under chapters 276A and 473F.

The commissioner shall increase or decrease the preliminary or final rate for a year as necessary to account for errors and tax base changes that affected a preliminary or final rate for either of the two preceding years. Adjustments are allowed to the extent that the necessary information is available to the commissioner at the time the rates for a year must be certified, and for the following reasons:

- (1) an erroneous report of taxable value by a local official;
- (2) an erroneous calculation by the commissioner; and

(3) an increase or decrease in taxable value for commercial-industrial or seasonal residential recreational property reported on the abstracts of tax lists submitted under section 275.29 that was not reported on the abstracts of assessment submitted under section 270C.89 for the same year.

The commissioner may, but need not, make adjustments if the total difference in the tax levied for the year would be less than \$100,000.

**EFFECTIVE DATE.** This section is effective beginning with taxes payable in 2020.

Sec. 21. Minnesota Statutes 2018, section 275.025, is amended by adding a subdivision to read:

Subd. 6. **Natural gas pipeline.** (a) The county must abate the state general levy on personal property that is part of an intrastate natural gas transportation or distribution pipeline system if:

- (1) construction of the pipeline system commenced after January 1, 2018; and
- (2) the pipeline system provides service to an area:

(i) outside the seven-county metropolitan area, as defined in section 473.121, subdivision 4; and

(ii) in which more than half of the households or businesses lacked access to natural gas distribution systems as of January 1, 2018.

(b) In the first year that a taxpayer seeks an abatement under this subdivision, the taxpayer must file an application with the commissioner of revenue by March 1 of the assessment year on a form prescribed by the commissioner.

(c) The commissioner of revenue must notify any affected county in the first year that a pipeline system becomes eligible for an abatement under this subdivision.

(d) The abatement under this subdivision applies for a period not to exceed 12 taxable years, provided that once a property no longer qualifies, it may not subsequently qualify for an abatement under this subdivision.

**EFFECTIVE DATE.** This section is effective beginning with taxes payable in 2021.

Sec. 22. Minnesota Statutes 2018, section 276.131, is amended to read:

### **276.131 DISTRIBUTION OF PENALTIES, INTEREST, AND COSTS.**

Subdivision 1. **Distribution.** Except as provided in subdivision 2, the penalties, interest, and costs collected on special assessments and real and personal property taxes must be distributed as follows:

(1) all penalties and interest collected on special assessments against real or personal property must be distributed to the taxing jurisdiction that levied the assessment;

(2) 50 percent of all penalties collected on real and personal property taxes must be distributed to the school districts within the county, and the remaining 50 percent must be distributed to the county;

(3) in the case of interest on taxes that have been delinquent for a period of one year or less, (a) 50 percent of the interest must be distributed to the school districts within the county and (b) the remaining 50 percent shall be distributed to the county;

(4) in the case of interest on taxes that have been delinquent for a period of more than one year, (a) 50 percent of the interest must be distributed to the school districts within the county and (b) the remaining 50 percent must be distributed as follows: (i) the city or town where the property is located shall receive a share of the amount of interest equal to the proportion that the city's or town's local tax rate for the year that the interest was collected, is to the sum of the city's or town's local tax rate and the county's local tax rate for the year that the interest was collected and (ii) the balance must be distributed to the county; and

(5) all costs collected by the county on special assessments and on delinquent real and personal property taxes must be distributed to the county in which the property is located.

Subd. 2. **Distribution of certain production taxes.** The penalties, interest, and costs collected on taxes imposed under sections 272.029 and 272.0295 must be distributed to the same local taxing jurisdictions and in the same percentages as provided for the revenues of the original taxes imposed under sections 272.029 and 272.0295.

Subd. 3. **Distribution to school district.** The distribution of all penalties and interest to the school district must be in accordance with the provisions of section 127A.34.

**EFFECTIVE DATE.** This section is effective for penalties, interest, and costs collected on taxes payable in 2020 and thereafter.

Sec. 23. Minnesota Statutes 2018, section 282.01, subdivision 6, is amended to read:

Subd. 6. **Duties of commissioner after sale.** (a) When any sale has been made by the county auditor under sections 282.01 to 282.13, the auditor shall immediately certify to the commissioner of revenue such information relating to such sale, on such forms as the commissioner of revenue may prescribe as will enable the commissioner of revenue to prepare an appropriate deed if the sale is for cash, or keep necessary records if the sale is on terms; and not later than October 31 of each year the county auditor shall submit to the commissioner of revenue a statement of all instances wherein any payment of principal, interest, or current taxes on lands held under certificate, due or to be paid during the preceding calendar years, are still outstanding at the time such certificate is made. When such statement shows that a purchaser or the purchaser's assignee is in default, the commissioner of revenue may instruct the county board of the county in which the land is located to cancel said certificate of sale in the manner provided by subdivision 5, provided that upon recommendation of the county board, and where the circumstances are such that the commissioner of revenue after investigation is satisfied that the purchaser has made every effort reasonable to make payment of both the annual installment and said taxes, and that there has been no willful neglect on the part of the purchaser in meeting these obligations, then the commissioner of revenue may extend the time for the payment for such period as the commissioner may deem warranted, not to exceed one year. On payment in full of the purchase price, appropriate conveyance in fee, in such form as may be prescribed by the attorney general, shall be issued by the commissioner of revenue, which conveyance must be recorded by the county and shall have the force and effect of a patent from the state subject to easements and restrictions of record at the date of the tax judgment sale, including, but without limitation, permits for telephone and electric power lines either by underground cable or conduit or otherwise, sewer and water lines, highways, railroads, and pipe lines for gas, liquids, or solids in suspension.

(b) The commissioner of revenue shall issue an appropriate conveyance in fee when approval from the county auditor is given based upon written confirmation from a licensed closing agent, title insurer, or title insurance agent as specified in section 82.641. For purposes of this paragraph, "written confirmation" means a written commitment or approval that the funding for the conveyance is held in an escrow account available for disbursement upon delivery of a conveyance. The county recorder or registrar of titles must not record or file a conveyance issued under this paragraph unless the conveyance contains a certification signed by the county auditor where the land is located stating that the recorder or registrar of titles can accept the conveyance for recording or filing. The conveyance issued by the commissioner of revenue shall not be effective as a conveyance until it is recorded. The conveyance shall be issued to the county auditor where the land is located. Upon receipt of the conveyance, the county auditor shall hold the conveyance until the conveyance is requested from a licensed closing agent, title insurer, or title insurance agent to settle and close on the conveyance. If a request for the conveyance is not made within 30 days of the date the conveyance is issued by the commissioner of revenue, the county auditor shall return the conveyance to the commissioner. If the conveyance is delivered to the licensed closing agent, title insurer, or title insurance agent and the closing does not occur within ten days of the request, the licensed closing agent, title insurer, or title insurance agent shall immediately return the conveyance to the county auditor and, upon receipt, the county auditor shall return the conveyance to the commissioner of revenue. The commissioner of revenue shall cancel and destroy all conveyances returned by the county auditor pursuant to this subdivision. The licensed closing agent, title insurer, or title insurance agent must promptly record the conveyance after the closing and must deliver an attested or certified copy to the county auditor and to the grantee or grantees named on the conveyance.

**EFFECTIVE DATE.** This section is effective for conveyances issued by the commissioner of revenue after December 31, 2019.

Sec. 24. Minnesota Statutes 2018, section 287.21, subdivision 1, is amended to read:

Subdivision 1. **Determination of tax.** (a) A tax is imposed on each deed or instrument by which any real property in this state is granted, assigned, transferred, or otherwise conveyed. The tax applies against the net consideration. For purposes of the tax, the conversion of a corporation to a limited liability company, a limited liability company to a corporation, a partnership to a limited partnership, a limited partnership to another limited partnership or other entity, or a similar conversion of one entity to another does not grant, assign, transfer, or convey real property.

(b) The tax is determined in the following manner: (1) when transfers are made by instruments pursuant to (i) consolidations or mergers, or (ii) designated transfers, the tax is \$1.65; (2) when there is no consideration or when the consideration, exclusive of the value of any lien or encumbrance remaining thereon at the time of sale, is ~~\$500~~ \$3,000 or less, the tax is \$1.65; or (3) when the consideration, exclusive of the value of any lien or encumbrance remaining at the time of sale, exceeds ~~\$500~~ \$3,000, the tax is .0033 of the net consideration.

(c) If, within six months from the date of a designated transfer, an ownership interest in the grantee entity is transferred by an initial owner to any person or entity with the result that the designated transfer would not have been a designated transfer if made to the grantee entity with its subsequent ownership, then a tax is imposed at .0033 of the net consideration for the designated transfer. If the subsequent transfer of ownership interests was reasonably expected at the time of the designated transfer, the applicable penalty under section 287.31, subdivision 1, must be paid. The deed tax imposed under this paragraph is due within 30 days of the subsequent transfer that caused the tax to be imposed under this paragraph. Involuntary

transfers of ownership shall not be considered transfers of ownership under this paragraph. The commissioner may adopt rules defining the types of transfers to be considered involuntary.

(d) The tax is due at the time a taxable deed or instrument is presented for recording, except as provided in paragraph (c). The commissioner may require the tax to be documented in a manner prescribed by the commissioner, and may require that the documentation be attached to and recorded as part of the deed or instrument. The county recorder or registrar of titles shall accept the attachment for recording as part of the deed or instrument and may not require, as a condition of recording a deed or instrument, evidence that a transfer is a designated transfer in addition to that required by the commissioner. Such an attachment shall not, however, provide actual or constructive notice of the information contained therein for purposes of determining any interest in the real property. The commissioner shall prescribe the manner in which the tax due under paragraph (c) is to be paid and may require grantees of designated transfers to file with the commissioner subsequent statements verifying that the tax provided under paragraph (c) does not apply.

**EFFECTIVE DATE.** This section is effective for deeds recorded after December 31, 2019.

Subd. 3. **Appropriation bonds authorization.** (a) Appropriation bonds may be sold and issued in amounts that, in the opinion of the commissioner, are necessary to provide sufficient funds to the commissioner of employment and economic development under subdivision 8, not to exceed \$97,720,000 net of costs of issuance, for the purposes as provided under this subdivision, and pay debt service including capitalized interest, costs of issuance, costs of credit enhancement, or make payments under other agreements entered into under subdivision 2, paragraph (d).

(b) The bonds authorized by this subdivision are for the purposes of financing public infrastructure projects authorized and approved by the city of Duluth under sections 469.50 to 469.54. No bonds shall be sold under this subdivision until: (1) there has been a request pursuant to subdivision 2, paragraph (a); and (2) for any parking structure the requirements in section 469.54, subdivisions 2 and 3, paragraph (a), have been met. Upon certification of the required qualified expenditures under section 469.54, subdivision 3, paragraph (a), by a medical business entity, bonds may be sold for a parking structure or structures benefiting that medical business entity, notwithstanding the status of certified qualified expenditures for another medical business entity.

Subd. 4. **Form; procedure.** (a) Appropriation bonds may be issued in the form of bonds, notes, or other similar instruments and in the manner provided in section 16A.672. In the event that any provision of section 16A.672 conflicts with this section, this section shall control.

(b) Every appropriation bond shall include a conspicuous statement of the limitation established in subdivision 7.

(c) Appropriation bonds may be sold at either public or private sale upon terms as the commissioner shall determine are not inconsistent with this section and may be sold at any price or percentage of par value. Any bid received may be rejected.

(d) Appropriation bonds must bear interest at a fixed or variable rate.

(e) Notwithstanding any other law, appropriation bonds issued under this section shall be fully negotiable.

Subd. 5. **Refunding bonds.** The commissioner may issue appropriation bonds for the purpose of refunding any appropriation bonds then outstanding, including the payment of any redemption premiums on the bonds, any interest accrued or to accrue to the redemption date, and costs related to the issuance and sale of the refunding bonds. The proceeds of any refunding bonds may, in the discretion of the commissioner, be applied to the purchase or payment at maturity of the appropriation bonds to be refunded, to the redemption of the outstanding appropriation bonds on any redemption date, or to pay interest on the refunding bonds and may, pending application, be placed in escrow to be applied to the purchase, payment, retirement, or redemption. Any escrowed proceeds pending use may be invested and reinvested in obligations that are authorized investments under section 11A.24. The income earned or realized on the investment may also be applied to the payment of the appropriation bonds to be refunded or interest or premiums on the refunded appropriation bonds, or to pay interest on the refunding bonds. After the terms of the escrow have been fully satisfied, any balance of the proceeds and any investment income may be returned to the general fund or, if applicable, the special appropriation Duluth regional exchange district bond proceeds fund for use in any

lawful manner. All refunding bonds issued under this subdivision must be prepared, executed, delivered, and secured by appropriations in the same manner as the appropriation bonds to be refunded.

Subd. 6. **Appropriation bonds as legal investments.** Any of the following entities may legally invest any sinking funds, money, or other funds belonging to them or under their control in any appropriation bonds issued under this section:

(3) personal representatives, guardians, trustees, and other fiduciaries.

Subd. 7. **No full faith and credit; state not required to make appropriations.** The appropriation bonds are not public debt of the state, and the full faith, credit, and taxing powers of the state are not pledged to the payment of the appropriation bonds or to any payment that the state agrees to make under this section. Appropriation bonds shall not be obligations paid directly, in whole or in part, from a tax of statewide application on any class of property, income, transaction, or privilege. Appropriation bonds shall be payable in each fiscal year only from amounts that the legislature may appropriate for debt service for any fiscal year, provided that nothing in this section shall be construed to require the state to appropriate money sufficient to make debt service payments with respect to the appropriation bonds in any fiscal year. Appropriation bonds shall be canceled and shall no longer be outstanding on the earlier of (1) the first day of a fiscal year for which the legislature shall not have appropriated amounts sufficient for debt service, or (2) the date of final payment of the principal of and interest on the appropriation bonds.

Subd. 8. **Appropriation of proceeds.** The proceeds of appropriation bonds issued under subdivision 3 and interest credited to the special appropriation Duluth regional exchange district bond proceeds fund are appropriated as follows:

(2) to the commissioner for accrued and capitalized interest, nonsalary costs of issuance of the bonds, costs of credit enhancement of the bonds, and payments under any agreements entered into under subdivision 2, paragraph (d), each as permitted by state and federal law.

Subd. 9. **Appropriation for debt service and other purposes.** An amount up to \$8,100,000 needed to pay principal and interest on appropriation bonds issued under subdivision 3 is appropriated each fiscal year from the general fund to the commissioner, subject to the city of Duluth's entitlement to receive appropriation support payments under section 469.54, subdivision 3, and further subject to repeal, unallotment under section 16A.152, or cancellation, otherwise as provided in subdivision 7, for deposit into the bond payments account established for this purpose in the special Duluth regional exchange district bond proceeds fund. (e) "Qualified expenditures" means the total expenditures under paragraph (d) since January 1, 2019, and certified under subdivision 2, and excludes any expenditures for which reimbursement is or will be sought under section 469.53.

Subd. 2. **Certification of expenditures.** By May 1 of any year, the city must certify to the commissioner the amount of qualified expenditures, required under subdivision 3, paragraph (a). The certification must be made in the form that the commissioner prescribes and include any documentation of and supporting

information regarding the qualified expenditures that the commissioner requires. By September 1 of the year in which a certification was submitted, the commissioner must confirm or revise the amount of the qualified expenditures.

Subd. 3. **Appropriation support payments.** (a) Public financing for the construction of a parking structure for a medical business entity is not available until the commissioner determines that the medical business entity that would benefit from the parking structure to be financed has made at least \$50,000,000 in qualified expenditures. The requirements of this paragraph apply to each medical entity individually. Upon certification of the required amount by either medical business entity, public financing for the construction of parking structures benefiting that entity is available.

(b) No appropriation support payments shall be paid before July 1, 2021. The maximum appropriation support payment paid in fiscal year 2022 is \$3,660,000. The maximum appropriation support payment in any subsequent fiscal year is limited to no more than \$8,100,000, each subject to paragraph (e). The total amount of appropriation support payments made under this subdivision is limited to an amount sufficient to finance \$97,720,000 of public infrastructure projects.

(c) The city must use the appropriation support payments it receives under this subdivision for public infrastructure projects, including the cost to finance such projects. The city must maintain appropriate records to document the use of the funds under this requirement.

(d) The commissioner must pay to the city the amount of appropriation support payments determined under this section for the year by September 1.

(e) In lieu of directly receiving the appropriation support payments, the city may elect to have the state issue appropriation bonds as provided in section 16A.968 to finance up to \$97,720,000 of public infrastructure projects. In the event the state issues appropriation bonds for these purposes, the amount of appropriation support payments in any year is reduced by an amount equal to the amount needed from the general fund under section 16A.968, subdivision 8.

Subd. 4. **Credit for parking revenue.** (a) By March 1 of the year following the year in which the parking facilities or structures are constructed within the district, the city must certify to the commissioner:

An amount equal to 50 percent of the amount of revenue received by the city by the parking structures and facilities in the previous year that is greater than the amount necessary for operational and maintenance expenses of the facilities or structures in the current year must be paid by the city to the commissioner of employment and economic development by September 1 for deposit into the general fund.

Subd. 5. **Prevailing wage requirement.** During the construction, installation, remodeling, and repairs of any public infrastructure project funded by appropriation support payments, laborers and mechanics at the site must be paid the prevailing wage rate as defined in section 177.42, subdivision 6, and the public infrastructure project is subject to the requirements of sections 177.30 and 177.41 to 177.44.

(a) Minnesota Statutes, Section 477A.01, ~~Subdivision 18~~ 477A.016, shall not be deemed to prohibit the city of Duluth from amending its sales and use tax ordinances so as to impose a sales ~~or~~ and use tax at the rate of one percent upon any or all sales or uses which are taxed by the state of Minnesota pursuant to Minnesota Statutes, Chapter 297A ~~or 297B.~~

(b) Notwithstanding Minnesota Statutes, section 477A.016, or any ordinance, city charter, or other provision of law, pursuant to the approval of the voters at the election on November 7, 2017, the city of Duluth may impose by ordinance an additional sales and use tax of one-half of one percent for the purposes specified in paragraphs (c) and (d). The provisions of Minnesota Statutes, section 297A.99, govern the imposition, administration, collection, and enforcement of the taxes authorized under this paragraph. The tax may not be imposed until the city complies with the provisions of article 6, section 34.

(c) Revenues received from the tax authorized by paragraph (b) must be used to pay all or part of the capital and administrative costs of street, curb, gutter, sidewalk, and bridge improvements, including related lighting and signals in the city of Duluth as outlined in the Duluth Street Improvement program 2017 as designated August 8, 2017.

(d) Revenues from the tax authorized by paragraph (b) must be used to pay all or part of the improvements listed in paragraph (c) that are located within the district established under Minnesota Statutes, section 469.51. The total expenditures required under this paragraph and under Minnesota Statutes, section 469.52, subdivision 6, must equal at least \$10,000,000. The allocation required under this paragraph expires ten years after the date of initial imposition of the tax.

(e) The city of Duluth, pursuant to the approval of the voters at the November 7, 2017, referendum authorizing the imposition of the taxes in this section, may issue bonds under Minnesota Statutes, chapter 475, to pay capital and administrative expenses for the projects described in paragraphs (c) and (d), until the tax terminates as provided in paragraph (f). A separate election to approve the bonds under Minnesota Statutes, section 475.58, is not required.

(f) The tax authorized under paragraph (b) terminates at the earlier of: (1) 25 years after the date of initial imposition of the tax; or (2) when the city council determines that sufficient funds have been raised from the tax to finance the capital and administrative costs of the improvements described in paragraphs (c) and (d), plus the additional amount needed to pay the costs related to issuance of bonds under paragraph (e), including interest bonds. Any funds remaining after completion of the projects specified in paragraphs (c) and (d) and retirement or redemption of bonds in paragraph (e) shall be placed in the general fund of the city. The tax imposed under paragraph (b) may expire at an earlier time if the city so determines by ordinance.

**EFFECTIVE DATE.** This section is effective the day after the governing body of the city of Duluth and its chief clerical officer timely comply with Minnesota Statutes, section 645.021, subdivisions 2 and 3.

Sec. 2. Minnesota Statutes 2018, section 270C.57, is amended to read:

**270C.57 SUCCESSOR LIABILITY OF BUSINESSES.**

Subdivision 1. **Definitions.** (a) The following terms used in this section have the following meanings.

(b) "Successor" means a person who directly or indirectly purchases, acquires, is gifted, or succeeds to the business or stock of goods of any person quitting, selling, or otherwise disposing of a business or stock of goods. Successor does not include a personal representative or beneficiary of an estate, a trustee in bankruptcy, a debtor in possession, a receiver, a secured party, a mortgagee, an assignee of rents, or any other lienholder.

(c) "Person" means an individual, partnership, corporation, sole proprietorship, joint venture, limited liability company, or any other type of business entity or association.

(d) "Withhold" means setting aside money or dealing with the payment of consideration in a manner that denies a transferring business the benefit of the transfer in an amount equal to the ~~sales and withholding~~ tax liability of the transferring business.

(e) "Purchase price" means the consideration paid or to be paid for the transfer by the successor to the transferring business, and includes amounts paid for tangible property or intangibles such as leases, licenses, or goodwill. Purchase price also includes debts assumed or forgiven by the successor, or real or personal property conveyed or to be conveyed by the successor to the transferring business.

(f) "Arm's-length transaction" means a transfer for adequate consideration between independent parties both acting in their own best interests. If the parties are related to each other, a rebuttable presumption arises that the transaction is not at arm's length.

(g) "Transfer" means every mode, direct or indirect, absolute or conditional, voluntary or involuntary, of disposing of or parting with a business or an interest in a business, or a stock of goods, whether by gift or for consideration. Transfer includes a change in the type of business entity or the name of the business, where one business is discontinued and a new one started. Transfer also includes the acquisition by a new corporation of the assets of a prior business in exchange for the stock of the new corporation. Transfer does not include an assignment for the benefit of creditors, foreclosure or enforcement of a mortgage, assignment of rents, security interest or lien, sale or disposition in a bankruptcy proceeding, or sale or disposition by a receiver.

(h) "Transfer in bulk" means a transfer, other than in the ordinary course of the transferor's trade or business, of more than one-half of all the property of a business at all locations combined, as measured by the value of the property at the time of the transfer.

(i) For purposes of this section, "tax" means sales, withholding, and any tax imposed by chapter 296A.

Subd. 2. **Bulk transfers; liability of successor; lien.** (a) Whenever a business transfers in bulk to a successor the business assets, and an enforceable lien for unpaid ~~sales and withholding~~ taxes has been filed against the business by the commissioner under section 270C.63, at least 20 days before taking possession

of the assets or paying the purchase price, the successor shall notify the commissioner of the transfer and the terms and conditions related to it. The notice must include the tax identification number of the transferring business. If an agreement to transfer has been entered into, this notice requirement only applies: (1) if a lien described under this paragraph has been filed prior to the date of the agreement; or (2) if the date of the transfer is more than 30 days after the date of the agreement, and a lien described under this paragraph is filed at least 30 days prior to the date of transfer.

(b) If the successor fails to give the notice required in paragraph (a), the successor is liable for any unpaid ~~sales and withholding~~ taxes, interest, and penalties due from the transferring business to the extent of the purchase price. If the successor provides the notice required in paragraph (a) and, within 20 days after receipt of the notice, the commissioner notifies the successor that tax liabilities exist in addition to those included on the lien or there are ~~sales and withholding~~ tax returns due but not filed, the successor is, in addition to being liable for the amounts included on the lien, liable for all other uncontested ~~sales and withholding~~ taxes, interest, and penalties as stated in the commissioner's notice from the transferring business to the extent of the purchase price if the successor pays the purchase price or takes possession of the assets without withholding and remitting the liability to the commissioner. The successor is liable whether the purchase price is paid or the assets are transferred prior to or after notification from the commissioner. The commissioner may also notify the successor that there are ~~no sales or withholding~~ tax liabilities or tax returns due from the transferring business other than the liabilities included on the lien, and of the current balance due to satisfy the lien.

(c) If, based upon the information available, the commissioner determines that a transfer was not at arm's length or was a gift, the successor's liability under this section equals the value of the assets transferred. For purposes of imposing the liability, the value of the property transferred is presumed, subject to rebuttal, to equal the unpaid ~~sales and withholding~~ taxes, interest, and penalties of the transferring business.

(d) In the case of a gift resulting in successor liability under this section, return of the gifted property by the donee to the donor releases the donee's successor liability.

(e) A successor who complies with the requirements of paragraphs (a) and (b) is not liable for any assessments of ~~sales and withholding~~ taxes of the transferring business made after the commissioner provides notice to the successor under paragraph (b), except for taxes assessed on returns filed to comply with the notice. If the commissioner fails to provide the notice and the 20-day period expires, the successor is not liable for any ~~sales and withholding~~ taxes of the transferring business other than those included on the lien.

Subd. 3. **Assessment; abatement; review.** The commissioner may assess liability against a successor business under this section within the time prescribed for collecting the underlying ~~sales and withholding~~ taxes, interest, and penalties. The assessment is presumed to be valid, and the burden is upon the successor to show it is incorrect or invalid. An order assessing successor liability is reviewable administratively under section 270C.35 and is appealable to Tax Court under chapter 271. The commissioner may abate an assessment if the successor's failure to give the notice required under this section is due to reasonable cause. The procedural and appeal provisions under section 270C.34 apply to abatement requests under this subdivision. Collection remedies available against the transferring business are available against the successor from the date of assessment of successor liability.

Subd. 4. **Disclosure.** Notification by the commissioner to the successor under subdivision 2, paragraph (b), that the transferring business owes ~~sales and withholding~~ taxes, interest, and penalties or has returns that are due, or that there are no outstanding liabilities or returns other than the liabilities included on the lien, or of the current balance due to satisfy the lien, is not a disclosure violation under chapter 270B.

**EFFECTIVE DATE.** This section is effective for all transfers in bulk that take place after July 31, 2019.

Sec. 3. Minnesota Statutes 2018, section 296A.03, subdivision 2, is amended to read:

Except as herein provided, all persons licensed as distributors under this clause shall have the same rights and privileges and be subject to the same duties, requirements, and penalties as other licensed distributors.~~

(c) The commissioner shall not issue or renew a license to a person otherwise eligible under this subdivision if the person:

For distribution in 2010 through 2014 and for distribution in 2018 and subsequent years, the three-cent amount must be annually increased in the same proportion as the increase in the implicit price deflator as provided in section 298.24, subdivision 1. The amount available under this paragraph will be distributed to eligible towns on a per capita basis, provided that no town may receive more than \$50,000 in any year under this paragraph. The commissioner shall determine the rate bracket for married filing separate returns after this adjustment is done. The rate bracket for married filing separate must be one-half of the rate bracket for married filing joint. The determination of the commissioner pursuant to this subdivision

shall not be considered a "rule" and shall not be subject to the Administrative Procedure Act contained in chapter 14.

Subd. 3. **Administration.** (a) Subject to funds made available by law, the commissioner shall allocate all funds as provided in subdivision 4 and shall ~~notify~~, by June 1, certify to the commissioner of revenue the amounts to be paid.

(b) Following ~~notification~~ certification from the commissioner of ~~transportation~~, the commissioner of revenue shall distribute the specified funds to cities in the same manner as local government aid under chapter 477A. An appropriation to the commissioner of ~~transportation~~ under this section is available to the commissioner of revenue for the purposes specified in this paragraph.

(c) Notwithstanding other law to the contrary, in order to receive distributions under this section, a city must conform to the standards in section 477A.017, subdivision 2. A city that receives funds under this section must make and preserve records necessary to show that the funds are spent in compliance with subdivision 4.

**EFFECTIVE DATE.** This section is effective for aids payable in 2019 and thereafter.

Sec. 2. Minnesota Statutes 2018, section 273.124, subdivision 13, is amended to read:

Subd. 13. **Homestead application.** (a) A person who meets the homestead requirements under subdivision 1 must file a homestead application with the county assessor to initially obtain homestead classification.

(b) The commissioner shall prescribe the content, format, and manner of the homestead application required to be filed under this chapter pursuant to section 270C.30. The application must clearly inform the taxpayer that this application must be signed by all owners who occupy the property or by the qualifying relative and returned to the county assessor in order for the property to receive homestead treatment.

(c) Every property owner applying for homestead classification must furnish to the county assessor the Social Security number of each occupant who is listed as an owner of the property on the deed of record, the name and address of each owner who does not occupy the property, and the name and Social Security number of ~~each owner's~~ the spouse of each occupying owner. The application must be signed by each owner

who occupies the property and by each owner's spouse who occupies the property, or, in the case of property that qualifies as a homestead under subdivision 1, paragraph (c), by the qualifying relative.

If a property owner occupies a homestead, the property owner's spouse may not claim another property as a homestead unless the property owner and the property owner's spouse file with the assessor an affidavit or other proof required by the assessor stating that the property qualifies as a homestead under subdivision 1, paragraph (e).

Owners or spouses occupying residences owned by their spouses and previously occupied with the other spouse, either of whom fail to include the other spouse's name and Social Security number on the homestead application or provide the affidavits or other proof requested, will be deemed to have elected to receive only partial homestead treatment of their residence. The remainder of the residence will be classified as nonhomestead residential. When an owner or spouse's name and Social Security number appear on homestead applications for two separate residences and only one application is signed, the owner or spouse will be deemed to have elected to homestead the residence for which the application was signed.

(d) If residential real estate is occupied and used for purposes of a homestead by a relative of the owner and qualifies for a homestead under subdivision 1, paragraph (c), in order for the property to receive homestead status, a homestead application must be filed with the assessor. The Social Security number of each relative occupying the property and the name and Social Security number of the spouse of a relative occupying the property shall be required on the homestead application filed under this subdivision. If a different relative of the owner subsequently occupies the property, the owner of the property must notify the assessor within 30 days of the change in occupancy. The Social Security number of a relative occupying the property or the spouse of a relative occupying the property is private data on individuals as defined by section 13.02, subdivision 12, but may be disclosed to the commissioner of revenue, or, for the purposes of proceeding under the Revenue Recapture Act to recover personal property taxes owing, to the county treasurer.

(e) The homestead application shall also notify the property owners that if the property is granted homestead status for any assessment year, that same property shall remain classified as homestead until the property is sold or transferred to another person, or the owners, the spouse of the owner, or the relatives no longer use the property as their homestead. Upon the sale or transfer of the homestead property, a certificate of value must be timely filed with the county auditor as provided under section 272.115. Failure to notify the assessor within 30 days that the property has been sold, transferred, or that the owner, the spouse of the owner, or the relative is no longer occupying the property as a homestead, shall result in the penalty provided under this subdivision and the property will lose its current homestead status.

(f) If a homestead application has not been filed with the county by December 15, the assessor shall classify the property as nonhomestead for the current assessment year for taxes payable in the following year, provided that the owner may be entitled to receive the homestead classification by proper application under section 375.192.

**EFFECTIVE DATE.** This section is effective for applications for homestead filed in 2020 and thereafter.

The state general levy for commercial-industrial property is \$784,590,000 for taxes payable in 2018 and thereafter. The state general levy for seasonal-recreational property is \$44,190,000 for taxes payable in 2018 and thereafter. The tax under this section is not treated as a local tax rate under section 469.177 and is not the levy of a governmental unit under chapters 276A and 473F.

The commissioner shall increase or decrease the preliminary or final rate for a year as necessary to account for errors and tax base changes that affected a preliminary or final rate for either of the two preceding years. Adjustments are allowed to the extent that the necessary information is available to the commissioner at the time the rates for a year must be certified, and for the following reasons:

(1) an erroneous report of taxable value by a local official;

(2) an erroneous calculation by the commissioner; and

(3) an increase or decrease in taxable value for commercial-industrial or seasonal residential recreational property reported ~~on the abstracts of tax lists submitted under section 275.29 that was not reported on the abstracts of assessment submitted under section 270C.89~~ to the commissioner under section 270C.85, subdivision 2, clause (4), for the same year.

The commissioner may, but need not, make adjustments if the total difference in the tax levied for the year would be less than \$100,000.

The commissioner of revenue, after such review, shall pay the deferred amount of property tax to each county treasurer on or before August 31.

The county treasurer shall distribute as part of the October settlement the funds received as if they had been collected as a part of the property tax.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 18. Minnesota Statutes 2018, section 469.177, subdivision 1, is amended to read:

Subdivision 1. **Original net tax capacity.** (a) Upon or after adoption of a tax increment financing plan, the auditor of any county in which the district is situated shall, upon request of the authority, certify the original net tax capacity of the tax increment financing district and that portion of the district overlying any subdistrict as described in the tax increment financing plan and shall certify in each year thereafter the amount by which the original net tax capacity has increased or decreased as a result of a change in tax exempt status of property within the district and any subdistrict, reduction or enlargement of the district or changes

pursuant to subdivision 4. The auditor shall certify the amount within 30 days after receipt of the request and sufficient information to identify the parcels included in the district. The certification relates to the taxes payable year as provided in subdivision 6.

(b) If the classification under section 273.13 of property located in a district changes to a classification that has a different assessment ratio, the original net tax capacity of that property must be redetermined at the time when its use is changed as if the property had originally been classified in the same class in which it is classified after its use is changed.

(c) The amount to be added to the original net tax capacity of the district as a result of previously tax exempt real property within the district becoming taxable equals the net tax capacity of the real property as most recently assessed pursuant to ~~section 273.18~~ information reported to the commissioner under section 270C.85, subdivision 2, clause (4), or, if that assessment was made more than one year prior to the date of title transfer rendering the property taxable, the net tax capacity assessed by the assessor at the time of the transfer. If improvements are made to tax exempt property after the municipality approves the district and before the parcel becomes taxable, the assessor shall, at the request of the authority, separately assess the estimated market value of the improvements. If the property becomes taxable, the county auditor shall add to original net tax capacity, the net tax capacity of the parcel, excluding the separately assessed improvements. If substantial taxable improvements were made to a parcel after certification of the district and if the property later becomes tax exempt, in whole or part, as a result of the authority acquiring the property through foreclosure or exercise of remedies under a lease or other revenue agreement or as a result of tax forfeiture, the amount to be added to the original net tax capacity of the district as a result of the property again becoming taxable is the amount of the parcel's value that was included in original net tax capacity when the parcel was first certified. The amount to be added to the original net tax capacity of the district as a result of enlargements equals the net tax capacity of the added real property as most recently certified by the commissioner of revenue as of the date of modification of the tax increment financing plan pursuant to section 469.175, subdivision 4.

(d) If the net tax capacity of a property increases because the property no longer qualifies under the Minnesota Agricultural Property Tax Law, section 273.111; the Minnesota Open Space Property Tax Law, section 273.112; or the Metropolitan Agricultural Preserves Act, chapter 473H, the Rural Preserve Property Tax Program under section 273.114, or because platted, unimproved property is improved or market value is increased after approval of the plat under section 273.11, subdivision 14a or 14b, the increase in net tax capacity must be added to the original net tax capacity. If the net tax capacity of a property increases because the property no longer qualifies for the homestead market value exclusion under section 273.13, subdivision 35, the increase in net tax capacity must be added to original net tax capacity if the original construction of the affected home was completed before the date the assessor certified the original net tax capacity of the district.

(e) The amount to be subtracted from the original net tax capacity of the district as a result of previously taxable real property within the district becoming tax exempt or qualifying in whole or part for an exclusion from taxable market value, or a reduction in the geographic area of the district, shall be the amount of original net tax capacity initially attributed to the property becoming tax exempt, being excluded from taxable market value, or being removed from the district. If the net tax capacity of property located within the tax increment financing district is reduced by reason of a court-ordered abatement, stipulation agreement, voluntary abatement made by the assessor or auditor or by order of the commissioner of revenue, the reduction shall be applied to the original net tax capacity of the district when the property upon which the abatement is made has not been improved since the date of certification of the district and to the captured net tax capacity of the district in each year thereafter when the abatement relates to improvements made after the date of

certification. The county auditor may specify reasonable form and content of the request for certification of the authority and any modification thereof pursuant to section 469.175, subdivision 4.

(f) If a parcel of property contained a substandard building or improvements described in section 469.174, subdivision 10, paragraph (e), that were demolished or removed and if the authority elects to treat the parcel as occupied by a substandard building under section 469.174, subdivision 10, paragraph (b), or by improvements under section 469.174, subdivision 10, paragraph (e), the auditor shall certify the original net tax capacity of the parcel using the greater of (1) the current net tax capacity of the parcel, or (2) the estimated market value of the parcel for the year in which the building or other improvements were demolished or removed, but applying the classification rates for the current year.

(g) For a redevelopment district qualifying under section 469.174, subdivision 10, paragraph (a), clause (4), as a qualified disaster area, the auditor shall certify the value of the land as the original tax capacity for any parcel in the district that contains a building that suffered substantial damage as a result of the disaster or emergency.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 19. **REPEALER.**

Minnesota Statutes 2018, section 275.29, is repealed.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

**Subd. 2. Establishment of fire department.** (a) An independent nonprofit firefighting corporation must be created under the nonprofit corporation act of this state operating for the exclusive purpose of firefighting, or the governing body of a municipality must officially establish a fire department.

(b) The fire department must have provided firefighting services for at least one calendar year.

**Subd. 3. Personnel and benefits requirements.** (a) A fire department must have a minimum of ten paid or volunteer firefighters, including a fire chief and assistant fire chief.

(b) The fire department must have regular scheduled meetings and frequent drills that include instructions in firefighting tactics and in the use, care, and operation of all fire apparatus and equipment.

(c) The fire department must have a separate subsidiary incorporated firefighters' relief association that provides retirement benefits or must participate in the voluntary statewide volunteer firefighter retirement plan; or if the municipality solely employs full-time firefighters as defined in section 299N.03, subdivision 5, retirement coverage must be provided by the public employees police and fire retirement plan.

(d) Notwithstanding paragraph (c), a municipality without a relief association as described under section 424A.08, paragraph (a), may still qualify to receive fire state aid if all other requirements of this section are met.

Subd. 4. **Equipment requirements.** The fire department must have all of the following equipment, or the equivalent as determined by the state fire marshal, by December 31 of the year preceding the certification required in subdivision 8:

(1) a motorized fire truck equipped with:

Subd. 5. **Fire service contract or agreement; apportionment agreement filing requirement.** (a) Every municipality or independent nonprofit firefighting corporation must file a copy of any duly executed and valid fire service contract or agreement with the commissioner.

(b) If more than one fire department provides service to a municipality, the fire departments furnishing service must enter into an agreement apportioning among themselves the percentage of the population and the percentage of the estimated market value of each shared service fire department service area. The agreement must be in writing and must be filed with the commissioner.

Subd. 6. **Compliance with rules.** The fire department must meet all other requirements that the commissioner establishes by rule.

Subd. 7. **Financial reporting requirements.** The financial reporting requirements of section 424A.014 must be satisfied.

Subd. 9. **Fire department certification to commissioner.** On or before March 15 of each year, the municipal clerk or the secretary, and the fire chief, must jointly certify to the commissioner that the fire department exists and meets the qualification requirements of this section. The certification must be on a form prescribed by the commissioner and must include all other information that the commissioner requires.

Subd. 10. **Penalty for failure to file certification.** (a) If the certification under subdivision 9 is not filed with the commissioner on or before March 15, the commissioner must notify the municipal clerk or the secretary that a penalty equal to a portion or all of the current year aid will apply if the certification is not received within ten days of the postmark date of the notification.

(b) The penalty for failure to file the certification under subdivision 9 is equal to the amount of fire state aid determined for the municipality or the independent nonprofit firefighting corporation for the current year, multiplied by five percent for each week or fraction of a week that the certification is late. Failure to receive the certification form is not a defense for a failure to file.

Subd. 11. **Determination by commissioner.** The commissioner must determine which municipalities and independent nonprofit firefighting corporations are qualified to receive fire state aid directly or are qualified to receive the benefit of fire state aid paid to the voluntary statewide volunteer firefighter retirement plan based on compliance with the requirements of this section and the financial compliance report required under section 6.495, subdivision 3, if applicable. The commissioner may take into account any other relevant information that comes to the attention of the commissioner when making the determination.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

### Sec. 3. **[477B.03] CALCULATION OF FIRE STATE AID; APPEAL.**

Subdivision 1. **Certification and calculation of fire state aid.** (a) On or before October 1, the commissioner must calculate the amount of fire state aid that each municipality or independent nonprofit firefighting corporation is to receive.

(b) The commissioner must calculate an initial fire state aid allocation amount for each municipality or independent nonprofit firefighting corporation under subdivision 4 and, if applicable, a minimum fire state aid allocation amount for each municipality or independent nonprofit firefighting corporation under subdivision 5. The municipality or independent nonprofit firefighting corporation must be apportioned the greater of the amounts calculated under subdivisions 4 and 5.

Subd. 2. **Apportionment of fire state aid.** (a) The amount of fire state aid available for apportionment, before the addition of the minimum fire state aid allocation amount under subdivision 5, is equal to 107 percent of the amount of premium taxes paid to the state upon the fire, lightning, sprinkler leakage, and extended coverage premiums reported to the commissioner by companies or insurance companies on the

Minnesota Fire Premium Report. This amount must be reduced by the amount required to pay the state auditor's costs and expenses of the audits or exams of the firefighters' relief associations.

(b) The total amount available for apportionment must not be less than two percent of the premiums less return premiums reported to the commissioner by companies or insurance companies on the Minnesota Fire Premium Report after subtracting the following amounts:

(1) the amount required to pay the state auditor's costs and expenses of the audits or exams of the firefighters' relief associations; and

(2) one percent of the premiums reported by township mutual insurance companies and mutual property and casualty companies with total assets of \$5,000,000 or less.

(c) The commissioner must apportion the fire state aid to each municipality or independent nonprofit firefighting corporation qualified under section 477B.02 relative to the premiums reported on the Minnesota Fire Premium Reports filed under this chapter.

(d) The commissioner must calculate the percentage of increase or decrease reflected in the apportionment over or under the previous year's available state aid using the same premiums as a basis for comparison.

**Subd. 3. Population and estimated market value.** (a) Official statewide federal census figures must be used in calculations requiring the use of population figures under this chapter. Increases or decreases in population disclosed by reason of any special census must not be taken into consideration.

(b) The latest available estimated market value property figures must be used in calculations requiring the use of estimated market value property figures under this chapter.

**Subd. 4. Initial fire state aid allocation amount.** (a) The initial fire state aid allocation amount is the amount available for apportionment as fire state aid under subdivision 2, without the inclusion of any additional funding amount to support a minimum fire state aid amount under section 423A.02, subdivision 3. The initial fire state aid allocation amount is allocated one-half in proportion to the population for each fire department service area and one-half in proportion to the estimated market value of each fire department service area, including (1) the estimated market value of tax-exempt property, and (2) the estimated market value of natural resources lands receiving in lieu payments under sections 477A.11 to 477A.14 and 477A.17. The estimated market value of minerals is excluded.

(b) In the case of a municipality or independent nonprofit firefighting corporation furnishing fire protection to other municipalities as evidenced by valid fire service contracts filed with the commissioner under section 477B.02, subdivision 5, the distribution must be adjusted proportionately to take into consideration the crossover fire protection service. Necessary adjustments must be made to subsequent apportionments.

(c) In the case of municipalities or independent nonprofit firefighting corporations qualifying for aid, the commissioner must calculate the state aid for the municipality or independent nonprofit firefighting corporation on the basis of the population and the estimated market value of the area furnished fire protection service by the fire department as evidenced by fire service agreements filed with the commissioner under section 477B.02, subdivision 5.

(d) In the case of more than one fire department furnishing contracted fire service to a municipality, the population and estimated market value in the apportionment agreement filed with the commissioner under section 477B.02, subdivision 5, must be used in calculating the state aid.

**Subd. 5. Minimum fire state aid allocation amount.** (a) The minimum fire state aid allocation amount is the amount derived from any additional funding amount to support a minimum fire state aid amount under section 423A.02, subdivision 3. The minimum fire state aid allocation amount is allocated to municipalities or independent nonprofit firefighting corporations with volunteer firefighters' relief associations or covered by the voluntary statewide volunteer firefighter retirement plan. The amount is based on the number of active volunteer firefighters who are (1) members of the relief association as reported to the Office of the State Auditor in a specific annual financial reporting year as specified in paragraphs (b) to (d), or (2) covered by the voluntary statewide volunteer firefighter retirement plan as specified in paragraph (e).

(b) For relief associations established in calendar year 1993 or a prior year, the number of active volunteer firefighters equals the number of active volunteer firefighters who were members of the relief association as reported in the annual financial reporting for calendar year 1993, but not to exceed 30 active volunteer firefighters.

(c) For relief associations established in calendar year 1994 through calendar year 1999, the number of active volunteer firefighters equals the number of active volunteer firefighters who were members of the relief association as reported in the annual financial reporting for calendar year 1998 to the Office of the State Auditor, but not to exceed 30 active volunteer firefighters.

(d) For relief associations established after calendar year 1999, the number of active volunteer firefighters equals the number of active volunteer firefighters who are members of the relief association as reported in the first annual financial reporting submitted to the Office of the State Auditor, but not to exceed 20 active volunteer firefighters.

(e) If a relief association is terminated as a result of providing retirement coverage for volunteer firefighters by the voluntary statewide volunteer firefighter retirement plan under chapter 353G, the number of active volunteer firefighters equals the number of active volunteer firefighters of the municipality or independent nonprofit firefighting corporation covered by the statewide plan as certified by the executive director of the Public Employees Retirement Association to the commissioner and the state auditor, but not to exceed 30 active firefighters.

**Subd. 6. Corrective aid adjustments.** Any adjustments needed to correct prior misallocations must be made to subsequent fire state aid apportionments.

**Subd. 7. Appeal.** A municipality, an independent nonprofit firefighting corporation, a fire relief association, or the voluntary statewide volunteer firefighter retirement plan may object to the amount of fire state aid apportioned to it by filing a written request with the commissioner to review and adjust the apportionment of funds within the state. The decision of the commissioner is subject to appeal, review, and adjustment by the district court in the county in which the applicable municipality or independent nonprofit firefighting corporation is located or by the Ramsey County District Court with respect to the voluntary statewide volunteer firefighter retirement plan.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

#### **Sec. 4. [477B.04] APPROPRIATION, PAYMENT, AND ADMINISTRATION.**

**Subdivision 1. Payments.** (a) The commissioner must make payments to the Public Employees Retirement Association for deposit in the voluntary statewide volunteer firefighter retirement fund on behalf of a municipality or independent nonprofit firefighting corporation that is a member of the voluntary statewide volunteer firefighter retirement plan under chapter 353G, or directly to a municipality or county designated

by an independent nonprofit firefighting corporation. The payment is equal to the amount of fire state aid apportioned to the applicable fire state aid recipient under section 477B.03.

(b) Fire state aid is payable on October 1 annually. The amount of state aid due and not paid by October 1 accrues interest payable to the recipient at the rate of one percent for each month or part of a month that the amount remains unpaid after October 1.

(c) The interest under paragraph (b) does not apply when payment has not been made by October 1 due to noncompliance with sections 424A.014 and 477B.02, subdivision 7.

Subd. 2. **Appropriation.** The amount necessary to make the payments under this section and section 477B.03 is annually appropriated to the commissioner from the general fund.

Subd. 3. **Deposit of state aid.** (a) If the municipality or the independent nonprofit firefighting corporation is covered by the voluntary statewide volunteer firefighter retirement plan under chapter 353G, the executive director of the Public Employees Retirement Association must credit the fire state aid against future municipal contribution requirements under section 353G.08 and must notify the municipality or the independent nonprofit firefighting corporation of the fire state aid so credited at least annually.

(b) If the municipality or the independent nonprofit firefighting corporation is not covered by the voluntary statewide volunteer firefighter retirement plan, the treasurer of the municipality must, within 30 days after receipt, transmit the fire state aid to the treasurer of the duly incorporated firefighters' relief association if there is one organized and the association has filed a financial report with the municipality pursuant to section 424A.014, subdivision 1 or 2, whichever applies. If the relief association has not filed a financial report with the municipality, the treasurer of the municipality must delay transmission of the fire state aid to the relief association until the complete financial report is filed.

(c) The treasurer of the municipality must deposit the fire state aid money in the municipal treasury if (1) the municipality or independent nonprofit firefighting corporation is not covered by the voluntary statewide volunteer firefighter retirement plan, (2) there is no relief association organized, (3) the association has dissolved, or (4) the association has been removed as trustees of state aid. The money may be disbursed from the municipal treasury only for the purposes and in the manner set forth in section 424A.08 or for the payment of the employer contribution requirement with respect to firefighters covered by the public employees police and fire retirement plan under section 353.65, subdivision 3.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

Sec. 5. **[477B.05] SHORTFALL FROM GENERAL FUND.**

(a) If the annual funding requirements of fire relief associations or consolidation accounts under sections 424A.091 to 424A.095 or Laws 2013, chapter 111, article 5, sections 31 to 42, exceed all applicable revenue sources of a given year, including the insurance premium taxes funding fire state aid under this chapter as set under section 297I.05, subdivisions 2, 3, and 4, the shortfall in the annual funding requirements must be paid from the general fund to the extent appropriated by the legislature.

(b) Nothing in this section relieves any municipality from its obligation to a relief association or consolidation account under law.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

**Sec. 6. PURPOSE.**

It is the intent of the legislature to make Minnesota's fire and police state aid laws more understandable by separating and recodifying disparate administration and compliance provisions currently contained in chapter 69 of Minnesota Statutes. Due to the complexity of the recodification, prior provisions are repealed on the effective date of the new provisions.

**EFFECTIVE DATE.** This section is effective July 1, 2019.

**Sec. 7. REPEALER.**

Minnesota Statutes 2018, sections 69.011, subdivisions 1, 2, 2b, 2c, 3, and 4; 69.021, subdivisions 1, 2, 3, 4, 5, 7, 7a, 8, 9, 10, and 11; 69.031, subdivisions 1, 3, and 5; and 69.041, are repealed.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

## Sec. 2. **[477C.02] QUALIFYING FOR POLICE STATE AID.**

Subdivision 1. **Certification to commissioner.** (a) A certification made under this section must be filed with the commissioner on a form prescribed by the commissioner and must include all other facts that the commissioner requires.

(b) Except as provided in subdivision 2, on or before March 15 annually, the municipal clerk, municipal clerk-treasurer, or county auditor of each municipality employing one or more peace officers must certify to the commissioner the number of peace officers employed during the previous calendar year. No peace officer may be included in the certification by more than one municipality for the same month.

(c) Credit for peace officers employed less than a full year must be apportioned. Each full month of employment of a qualifying officer during the calendar year entitles the employing municipality to credit

for 1/12 of the payment for employment of a peace officer for the entire year. For purposes of this chapter, employment of a peace officer begins when the peace officer is entered on the payroll of the employing municipality.

Subd. 2. **Departments of Natural Resources and Public Safety.** On or before March 15 annually, the commissioner of natural resources must certify the number of peace officers employed by the Enforcement Division and the commissioner of public safety must certify the number of peace officers employed by the Bureau of Criminal Apprehension, the Gambling Enforcement Division, and the State Patrol Division. The certification must be on the form described in subdivision 1, paragraph (a). Peace officers certified under this subdivision must be included in the total certifications under subdivision 1.

Subd. 3. **Ineligibility of certain peace officers.** A peace officer employed by the University of Minnesota who is required by the Board of Regents to be a member of the University of Minnesota faculty retirement plan is not eligible to be included in any police state aid certification under this section.

Subd. 4. **Penalty for failure to file certification.** (a) If a certification under subdivision 1 or 2 is not filed with the commissioner on or before March 15, the commissioner must notify the municipal clerk, municipal clerk-treasurer, or county auditor that a penalty equal to a portion or all of its current year aid will apply if the certification is not received within ten days.

(b) The penalty for failure to file the certification under subdivision 1 or 2 is equal to the amount of police state aid determined for the municipality for the current year, multiplied by five percent for each week or fraction of a week that the certification is late. The penalty must be computed beginning ten days after the postmark date of the commissioner's notification as required under this subdivision. All aid amounts forfeited as a result of the penalty revert to the state general fund. Failure to receive the certification form may not be used as a defense for a failure to file.

Subd. 5. **Determination by commissioner.** The commissioner must determine which municipalities are qualified to receive police state aid based on compliance with the requirements of this section. The commissioner may take into account any other relevant information that comes to the attention of the commissioner when making the determination.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

### Sec. 3. **[477C.03] CALCULATION OF POLICE STATE AID; APPEAL.**

Subdivision 1. **Certification and calculation of police state aid.** (a) On or before October 1, the commissioner must calculate the amount of police state aid that each municipality is to receive.

(b) The commissioner must calculate an excess police state aid amount for each municipality under subdivision 3 and must reduce the apportionment amount for each municipality based on the calculation.

Subd. 2. **Apportionment of police state aid.** (a) The total amount available for apportionment as police state aid is equal to 104 percent of the amount of premium taxes paid to the state on the premiums reported to the commissioner by companies or insurance companies on the Minnesota Aid to Police Premium Report. The total amount for apportionment for the police state aid program must not be less than two percent of the amount of premiums reported to the commissioner by companies or insurance companies on the Minnesota Aid to Police Premium Report.

(b) The commissioner must calculate the percentage of increase or decrease reflected in the apportionment over or under the previous year's available state aid using the same premiums as a basis for comparison.

(c) In addition to the amount for apportionment of police state aid under paragraph (a), each year \$100,000 must be apportioned for police state aid. An amount sufficient to pay this increase is annually appropriated from the general fund.

(d) The commissioner must apportion police state aid to all municipalities in proportion to the relationship that the total number of peace officers employed by that municipality for the prior calendar year and the proportional or fractional number who were employed less than a calendar year as credited under section 477C.02, subdivision 1, paragraph (c), bears to the total number of peace officers employed by all municipalities subject to any reduction under subdivision 3.

(e) Any necessary additional adjustments must be made to subsequent police state aid apportionments.

Subd. 3. **Apportionment reduction; excess police state aid.** (a) The commissioner must reduce the apportionment of police state aid under this section for eligible municipalities by the amount of any excess police state aid calculated under this subdivision.

(b) The commissioner must calculate the amount of excess police state aid for each municipality as follows:

(1) for municipalities in which police retirement coverage is provided wholly by the public employees police and fire fund and all peace officers are members of the plan governed by sections 353.63 to 353.657, the excess police state aid amount equals the amount of police state aid apportioned under subdivision 2 that exceeds the employer's total prior calendar year obligation as defined in paragraph (c), as certified by the executive director of the Public Employees Retirement Association;

(2) for the Metropolitan Airports Commission, the excess police state aid amount equals the amount of apportioned police aid calculated under subdivision 2 that exceeds the commission's total prior calendar year obligation as defined in paragraph (c), as certified by the executive director of the Public Employees Retirement Association; and

(3) for the Departments of Natural Resources and Public Safety, the excess police state aid amount equals the amount of apportioned police aid calculated under subdivision 2 that exceeds the employer's total prior calendar year obligation under section 352B.02, subdivision 1c, for plan members who are peace officers, as certified by the executive director of the Minnesota State Retirement System.

(c) The municipality's total prior calendar year obligation with respect to the public employees police and fire plan under paragraph (b), clause (1), is the total prior calendar year obligation under section 353.65, subdivision 3, for police officers as defined in section 353.64, subdivisions 1, 1a, and 2, and the actual total prior calendar year obligation under section 353.65, subdivision 3, for firefighters, as defined in section 353.64, subdivisions 1, 1a, and 2, but not to exceed for those firefighters the applicable following employer calendar year amount:

(d) The total amount of excess police state aid must be deposited in the excess police state aid account in the general fund, and administered and distributed as provided in subdivision 4.

Subd. 4. **Excess police state aid holding account.** (a) The excess police state aid holding account is established in the general fund. The excess police state aid holding account is administered by the commissioner.

(b) Excess police state aid determined under subdivision 3 must be deposited annually in the excess police state aid holding account.

(c) From the balance in the excess police state aid holding account, \$900,000 must be canceled annually to the general fund.

(d) On October 1 annually, one-half of the balance of the excess police state aid holding account remaining after the deduction under paragraph (c) is appropriated for additional amortization aid under section 423A.02, subdivision 1b.

(e) The remaining balance in the excess police state aid holding account, after the deductions under paragraphs (c) and (d), must be canceled annually to the general fund.

Subd. 5. **Appeal.** A municipality may object to the amount of police state aid apportioned to it by filing a written request with the commissioner to review and adjust the apportionment of funds to the municipality. The decision of the commissioner is subject to appeal, review, and adjustment by the district court in the

county in which the applicable municipality is located or by the Ramsey County District Court with respect to the Departments of Natural Resources or Public Safety.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

Sec. 4. **[477C.04] APPROPRIATION, PAYMENT, AND ADMINISTRATION.**

Subdivision 1. **Payments.** (a) The commissioner must make payments to the municipality equal to the amount of police state aid apportioned to the applicable state aid recipient under section 477C.03.

(b) Police state aid is payable on October 1 annually. The amount of state aid due and not paid by October 1 accrues interest payable to the recipient at the rate of one percent for each month or part of a month that the amount remains unpaid after October 1.

Subd. 2. **Appropriation.** (a) The amount necessary to make the payments under this section and section 477C.03 is annually appropriated to the commissioner from the general fund.

(b) The police state aid apportioned to the Departments of Public Safety and Natural Resources under section 477C.03 is allocated to the commissioner of management and budget for transfer to the funds and accounts from which the salaries of peace officers certified under section 477C.02, subdivision 2, are paid. On or before October 1, the commissioner of revenue must certify to the commissioners of public safety, natural resources, and management and budget the amounts to be transferred from the appropriation for police state aid. The commissioners of public safety and natural resources must certify to the commissioner of management and budget the amounts to be credited to each of the funds and accounts from which the peace officers employed by their respective departments are paid.

Subd. 3. **Deposit of state aid.** (a) For a municipality in which police retirement coverage is provided by the public employees police and fire fund and all peace officers are members of the fund, including municipalities covered by section 353.665, the total state aid must be applied toward the municipality's employer contribution to the public employees police and fire fund under sections 353.65, subdivision 3, and 353.665, subdivision 8.

(b) The county treasurer, upon receipt of the police state aid for the county, must apply the total state aid toward the county's employer contribution to the public employees police and fire fund under section 353.65, subdivision 3.

(c) The designated Metropolitan Airports Commission official, upon receipt of the police state aid for the Metropolitan Airports Commission, must apply the total police state aid toward the commission's employer contribution for peace officers to the public employees police and fire plan under section 353.65, subdivision 3.

(d) The commissioners of public safety and natural resources must allocate the police state aid first for employer contributions funded from the general fund and then for employer contributions funded from other funds. For peace officers employed by the Departments of Natural Resources or Public Safety whose salaries are paid from the general fund, the amounts transferred from the appropriation for police state aid must be canceled to the general fund.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

**ARTICLE 21****FIRE AND POLICE STATE AID; MISCELLANEOUS TECHNICAL CHANGES****Section 1. [2971.26] FIRE AND POLICE PREMIUM REPORTS.**

**Subdivision 1. Filing reports.** (a) Each company must file with the commissioner the reports defined in sections 477B.01, subdivision 8, and 477C.01, subdivision 4, signed by the authorized representative of the company, on or before March 1 annually. The fire and extended coverage portion of multiperil package premiums and all other combination premiums must be determined by applying percentages determined by the commissioner or by rating bureaus recognized by the commissioner. The commissioner shall prescribe the content, form, and manner of the reports.

(b) The commissioner must notify each company that fails to timely file the report required under paragraph (a). The notice must demand that the company file the report within 30 days. Where good cause exists, the commissioner may extend the period for filing the report as long as a request for extension is filed by the company before the expiration of the 30-day period.

**Subd. 2. Penalties.** (a) A company that fails to file the report on or before the due date in subdivision 1 is liable for a penalty equal to \$25 for each seven days, or fraction thereof, that the report is delinquent, but not to exceed \$200.

(b) Any person whose duty it is to file the report and who fails or refuses to file within 30 days after the postmark of the notice in subdivision 1 must be fined an amount of no more than \$1,000.

(c) Any company that knowingly makes and files an inaccurate or false report is liable for a fine in an amount not less than \$25 nor more than \$1,000, as determined by the commissioner, and the commissioner of commerce may revoke the company's certificate of authority.

**EFFECTIVE DATE.** This section is effective for reports filed after December 31, 2019.

**Sec. 2. [424A.014] FINANCIAL REPORT; BOND; EXAMINATION.**

**Subdivision 1. Financial report and audit.** (a) The board of the Bloomington Fire Department Relief Association and each volunteer firefighters relief association with assets of at least \$500,000 or liabilities of at least \$500,000 in the prior year or in any previous year, according to the applicable actuarial valuation or according to the financial report if no valuation is required, must prepare a financial report covering the special and general funds of the relief association for the preceding fiscal year, file the financial report, and submit financial statements.

(b) The financial report must contain financial statements and disclosures that present the true financial condition of the relief association and the results of relief association operations in conformity with generally accepted accounting principles and in compliance with the regulatory, financing, and funding provisions of this chapter and any other applicable laws. The financial report must be countersigned by:

(1) the municipal clerk or clerk-treasurer of the municipality in which the relief association is located if the relief association is a firefighters' relief association that is directly associated with a municipal fire department;

(2) the municipal clerk or clerk-treasurer of the largest municipality in population that contracts with the independent nonprofit firefighting corporation if the volunteer firefighter relief association is a subsidiary

of an independent nonprofit firefighting corporation, and by the secretary of the independent nonprofit firefighting corporation; or

(3) the chief financial official of the county in which the volunteer firefighter relief association is located or primarily located if the relief association is associated with a fire department that is not located in or associated with an organized municipality.

(c) The financial report must be retained in the office of the Bloomington Fire Department Relief Association or the volunteer firefighter relief association for public inspection and must be filed with the governing body of the government subdivision in which the associated fire department is located after the close of the fiscal year. One copy of the financial report must be furnished to the state auditor after the close of the fiscal year.

(d) Audited financial statements must be attested to by a certified public accountant or by the state auditor and must be filed with the state auditor on or before June 30 after the close of the fiscal year. The state auditor may accept this report in lieu of the report required in paragraph (c).

**Subd. 2. Financial statement.** (a) The board of each volunteer firefighter relief association that is not required to file a financial report and audit under subdivision 1 must prepare a detailed statement of the financial affairs for the preceding fiscal year of the relief association's special and general funds in the style and form prescribed by the state auditor. The detailed statement must show:

(1) the sources and amounts of all money received;

(2) all disbursements, accounts payable, and accounts receivable;

(3) the amount of money remaining in the treasury;

(4) total assets, including a listing of all investments;

(5) the accrued liabilities; and

(6) all other items necessary to show accurately the revenues and expenditures and financial position of the relief association.

(b) The detailed financial statement of the special and general funds required under paragraph (a) must be certified by a certified public accountant or by the state auditor in accordance with agreed-upon procedures and forms prescribed by the state auditor. The accountant must have at least five years of public accounting, auditing, or similar experience and must not be an active, inactive, or retired member of the relief association or the fire department.

(e) A certified public accountant or auditor who performs the agreed-upon procedures under paragraph (b) is subject to the reporting requirement of section 6.67.

Subd. 3. **Qualification.** The state auditor may, upon a demonstration by a relief association of hardship or an inability to conform, extend the deadline for reports under subdivision 1 or 2, but not beyond November 30 following the due date. If the reports are not received by November 30, the municipality or relief association forfeits its current year state aid, and, until the state auditor receives the required information, the relief association or municipality is ineligible to receive any future state aid. A municipality or relief association does not qualify initially to receive, or be entitled subsequently to retain, fire state aid and police and firefighter retirement supplemental state aid payable under chapter 477B and section 423A.022 if the financial reporting requirement or the applicable requirements of this chapter or any other statute or special law have not been complied with or are not fulfilled.

(b) No treasurer of a relief association governed by sections 424A.091 to 424A.096 may enter upon the duties of the office until the treasurer has given the association a good and sufficient bond in an amount equal to at least ten percent of the assets of the relief association; however, the amount of the bond need not exceed \$500,000.

Subd. 5. **Report by certain municipalities; exceptions.** (a) The chief administrative officer of each municipality that has a fire department but does not have a relief association governed by sections 424A.091 to 424A.095 or Laws 2014, chapter 275, article 2, section 23, and that is not exempted under paragraph (b) or (c) must annually prepare a detailed financial report of the receipts and disbursements by the municipality for fire protection service during the preceding calendar year on a form prescribed by the state auditor. The financial report must contain any information that the state auditor deems necessary to disclose the sources of receipts and the purpose of disbursements for fire protection service. The financial report must be signed by the municipal clerk or clerk-treasurer with the state auditor on or before July 1 annually. The municipality does not qualify initially to receive, and is not entitled subsequently to retain, any fire state aid and police and firefighter retirement supplemental state aid payable under chapter 477B and section 423A.022 if the financial reporting requirement or the applicable requirements of any other statute or special law have not been complied with or are not fulfilled.

(b) Each municipality that has a fire department and provides retirement coverage to its firefighters through the voluntary statewide volunteer firefighter retirement plan under chapter 353G qualifies to have fire state aid transmitted to and retained in the statewide volunteer firefighter retirement fund without filing a detailed financial report if the executive director of the Public Employees Retirement Association certifies compliance by the municipality with the requirements of sections 353G.04 and 353G.08, subdivision 1, paragraph (e), and certifies conformity by the applicable fire chief with the requirements of section 353G.07.

(c) Each municipality qualifies to receive fire state aid under chapter 477B without filing a financial report under paragraph (a) if the municipality:

(1) has a fire department;

(2) does not have a volunteer firefighters relief association directly associated with its fire department;

(3) does not participate in the statewide volunteer firefighter retirement plan under chapter 353G;

(4) provides retirement coverage to its firefighters through the public employees police and fire retirement plan under sections 353.63 to 353.68; and

Subd. 2. **Election of coverage; lump sum.** (a) The process for electing coverage of volunteer firefighters by the lump-sum retirement division is initiated by a request to the executive director for a cost analysis of the prospective retirement coverage under the lump-sum retirement division.

(b) If the volunteer firefighters are currently covered by a lump-sum volunteer firefighter relief association or a defined contribution volunteer firefighter relief association governed by chapter 424A, the cost analysis of the prospective retirement coverage must be requested jointly by the secretary of the volunteer firefighter relief association, following approval of the request by the board of the volunteer firefighter relief association, and the chief administrative officer of the entity associated with the relief association, following approval of the request by the governing body of the entity associated with the relief association. If the relief association is associated with more than one entity, the chief administrative officer of each associated entity must execute the request. If the volunteer firefighters are not currently covered by a volunteer firefighter relief association, the cost analysis of the prospective retirement coverage must be requested by the chief administrative officer of the entity operating the fire department. The request must be made in writing and must be made on a form prescribed by the executive director.

(c) The cost analysis of the prospective retirement coverage by the lump-sum retirement division of the statewide retirement plan must be based on the service pension amount under section 353G.11 closest to the service pension amount provided by the volunteer firefighter relief association if the relief association is a lump-sum defined benefit plan, or the amount equal to 95 percent of the most current average account balance per relief association member if the relief association is a defined contribution plan, or to the lowest service pension amount under section 353G.11 if there is no volunteer firefighter relief association, rounded up, and any other service pension amount designated by the requester or requesters. **EFFECTIVE DATE.** This section is effective July 1, 2019.

Sec. 6. Minnesota Statutes 2018, section 353G.08, subdivision 1, is amended to read:

Subdivision 1. **Annual funding requirements; lump-sum retirement division.** (a) Annually, the executive director shall determine the funding requirements of each account in the lump-sum retirement division of the voluntary statewide volunteer firefighter retirement plan on or before August 1. The funding requirements computed under this subdivision must be determined using a mathematical procedure developed and certified as accurate by the approved actuary retained by the Public Employees Retirement Association and must be based on present value factors using a six percent interest rate, without any decrement

assumptions. The funding requirements must be certified to the entity or entities associated with the fire department whose active firefighters are covered by the retirement plan.

(b) The overall funding balance of each lump-sum account for the current calendar year must be determined in the following manner:

(1) The total accrued liability for all active and deferred members of the account as of December 31 of the current year must be calculated based on the good time service credit of active and deferred members as of that date.

(2) The total present assets of the account projected to December 31 of the current year, including receipts by and disbursements from the account anticipated to occur on or before December 31, must be calculated. To the extent possible, the market value of assets must be utilized in making this calculation.

(3) The amount of the total present assets calculated under clause (2) must be subtracted from the amount of the total accrued liability calculated under clause (1). If the amount of total present assets exceeds the amount of the total accrued liability, then the account is considered to have a surplus over full funding. If the amount of the total present assets is less than the amount of the total accrued liability, then the account is considered to have a deficit from full funding. If the amount of total present assets is equal to the amount of the total accrued liability, then the special fund is considered to be fully funded.

(c) The financial requirements of each lump-sum account for the following calendar year must be determined in the following manner:

(1) The total accrued liability for all active and deferred members of the account as of December 31 of the calendar year next following the current calendar year must be calculated based on the good time service used in the calculation under paragraph (b), clause (1), increased by one year.

(2) The increase in the total accrued liability of the account for the following calendar year over the total accrued liability of the account for the current year must be calculated.

(3) The amount of administrative expenses of the account must be calculated by multiplying the per-person dollar amount of the administrative expenses for the most recent prior calendar year by the number of active and deferred firefighters reported to PERA on the most recent good time service credit certification form for each account.

(4) If the account is fully funded, the financial requirement of the account for the following calendar year is the total of the amounts calculated under clauses (2) and (3).

(5) If the account has a deficit from full funding, the financial requirement of the account for the following calendar year is the total of the amounts calculated under clauses (2) and (3) plus an amount equal to one-tenth of the amount of the deficit from full funding of the account.

(6) If the account has a surplus over full funding, the financial requirement of the account for the following calendar year is the financial requirement of the account calculated as though the account was fully funded under clause (4) and, if the account has also had a surplus over full funding during the prior two years, additionally reduced by an amount equal to one-tenth of the amount of the surplus over full funding of the account.

(d) The required contribution of the entity or entities associated with the fire department whose active firefighters are covered by the lump-sum retirement division is the annual financial requirements of the lump-sum account of the retirement plan under paragraph (c) reduced by the amount of any fire state aid

payable under ~~sections 69.011 to 69.051~~ chapter 477B or police and firefighter retirement supplemental state aid payable under section 423A.022 that is reasonably anticipated to be received by the retirement plan attributable to the entity or entities during the following calendar year, and an amount of interest on the assets projected to be received during the following calendar year calculated at the rate of six percent per annum. The required contribution must be allocated between the entities if more than one entity is involved. A reasonable amount of anticipated fire state aid is an amount that does not exceed the fire state aid actually received in the prior year multiplied by the factor 1.035.

(e) The required contribution calculated in paragraph (d) must be paid to the retirement plan on or before December 31 of the year for which it was calculated. If the contribution is not received by the retirement plan by December 31, it is payable with interest at an annual compound rate of six percent from the date due until the date payment is received by the retirement plan. If the entity does not pay the full amount of the required contribution, the executive director shall collect the unpaid amount under section 353.28, subdivision 6.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

Sec. 7. Minnesota Statutes 2018, section 353G.08, subdivision 1a, is amended to read:

Subd. 1a. **Annual funding requirements; monthly benefit retirement division.** (a) Annually, the executive director shall determine the funding requirements of each monthly benefit account in the voluntary statewide volunteer firefighter retirement plan on or before August 1.

(b) The executive director must determine the funding requirements of a monthly benefit account under this subdivision from:

(1) the most recent actuarial valuation normal cost, administrative expense, including the cost of a regular actuarial valuation, and amortization results for the account determined by the approved actuary retained by the retirement association under sections 356.215 and 356.216; and

(2) the standards for actuarial work, utilizing a six percent interest rate actuarial assumption and other actuarial assumptions approved under section 356.215, subdivision 18:

(i) with that portion of any unfunded actuarial accrued liability attributable to a benefit increase to be amortized over a period of 20 years from the date of the benefit change;

(ii) with that portion of any unfunded actuarial accrued liability attributable to an assumption change or an actuarial method change to be amortized over a period of 20 years from the date of the assumption or method change;

(iii) with that portion of any unfunded actuarial accrued liability attributable to an investment loss to be amortized over a period of ten years from the date of investment loss; and

(iv) with the balance of any net unfunded actuarial accrued liability to be amortized over a period of five years from the date of the actuarial valuation.

(c) The required contributions of the entity or entities associated with the fire department whose active firefighters are covered by the monthly benefit retirement division are the annual financial requirements of the monthly benefit account of the retirement plan under paragraph (b) reduced by the amount of any fire state aid payable under ~~sections 69.011 to 69.051~~ chapter 477B, or any police and firefighter retirement supplemental state aid payable under section 423A.022, that is reasonably anticipated to be received by the retirement plan attributable to the entity or entities during the following calendar year. The required

contribution must be allocated between the entities if more than one entity is involved. A reasonable amount of anticipated fire state aid is an amount that does not exceed the fire state aid actually received in the prior year multiplied by the factor 1.035.

(d) The required contribution calculated in paragraph (c) must be paid to the retirement plan on or before December 31 of the year for which it was calculated. If the contribution is not received by the retirement plan by December 31, it is payable with interest at an annual compound rate of six percent from the date due until the date payment is received by the retirement plan. If the entity does not pay the full amount of the required contribution, the executive director shall collect the unpaid amount under section 353.28, subdivision 6.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

(b) In the case of a member who has completed at least five years of active service as an active member of the fire department to which the relief association is associated on the date that the relief association is established and incorporated, the requirement that the member complete at least five years of active membership with the relief association before separation from active service may be waived by the board of trustees of the relief association if the member completes at least five years of inactive membership with the relief association before the date of the payment of the service pension. During the period of inactive membership, the member is not entitled to receive any disability benefit coverage, is not entitled to receive additional individual account allocation of fire state aid or municipal contribution towards a service pension, and is considered to have the status of a person entitled to a deferred service pension.

(c) The service pension earned by a volunteer under this chapter and the articles of incorporation and bylaws of the relief association may be paid whether or not the municipality or independent nonprofit firefighting corporation to which the relief association is associated qualifies for the receipt of fire state aid under chapter ~~69~~ 477B.

Sec. 16. Minnesota Statutes 2018, section 424A.016, subdivision 4, is amended to read:

Subd. 4. **Individual accounts.** (a) An individual account must be established for each firefighter who is a member of the relief association.

(b) To each individual active member account must be credited an equal share of:

(1) any amounts of fire state aid and police and firefighter retirement supplemental state aid received by the relief association;

(2) any amounts of municipal contributions to the relief association raised from levies on real estate or from other available municipal revenue sources exclusive of fire state aid; and

(3) any amounts equal to the share of the assets of the special fund to the credit of:

(i) any former member who terminated active service with the fire department to which the relief association is associated before meeting the minimum service requirement provided for in subdivision 2, paragraph (b), and has not returned to active service with the fire department for a period no shorter than five years; or

(ii) any retired member who retired before obtaining a full nonforfeitable interest in the amounts credited to the individual member account under subdivision 2, paragraph (b), and any applicable provision of the bylaws of the relief association. In addition, any investment return on the assets of the special fund must be credited in proportion to the share of the assets of the special fund to the credit of each individual active

member account. Administrative expenses of the relief association payable from the special fund may be deducted from individual accounts in a manner specified in the bylaws of the relief association.

(c) If the bylaws so permit and as the bylaws define, the relief association may credit any investment return on the assets of the special fund to the accounts of inactive members.

(d) Amounts to be credited to individual accounts must be allocated uniformly for all years of active service and allocations must be made for all years of service, except for caps on service credit if so provided in the bylaws of the relief association. Amounts forfeited under paragraph (b), clause (3), before a resumption of active service and membership under section 424A.01, subdivision 6, remain forfeited and may not be reinstated upon the resumption of active service and membership. The allocation method may utilize monthly proration for fractional years of service, as the bylaws or articles of incorporation of the relief association so provide. The bylaws or articles of incorporation may define a "month," but the definition must require a calendar month to have at least 16 days of active service. If the bylaws or articles of incorporation do not define a "month," a "month" is a completed calendar month of active service measured from the member's date of entry to the same date in the subsequent month.

(e) At the time of retirement under subdivision 2 and any applicable provision of the bylaws of the relief association, a retiring member is entitled to that portion of the assets of the special fund to the credit of the member in the individual member account which is nonforfeitable under subdivision 3 and any applicable provision of the bylaws of the relief association based on the number of years of service to the credit of the retiring member.

(f) Annually, the secretary of the relief association shall certify the individual account allocations to the state auditor at the same time that the annual financial statement or financial report and audit of the relief association, whichever applies, is due under section ~~69.051~~ 424A.014.

**EFFECTIVE DATE.** This section is effective July 1, 2019.

Sec. 17. Minnesota Statutes 2018, section 424A.02, subdivision 1, is amended to read:

A service pension computed under this section may be prorated monthly for fractional years of service as the bylaws or articles of incorporation of the relief association so provide. The bylaws or articles of incorporation may define a "month," but the definition must require a calendar month to have at least 16 days of active service. If the bylaws or articles of incorporation do not define a "month," a "month" is a completed calendar month of active service measured from the member's date of entry to the same date in the subsequent month. The service pension earned by a volunteer firefighter under this chapter and the articles of incorporation and bylaws of the volunteer firefighters relief association may be paid whether or not the municipality or independent nonprofit firefighting corporation to which the relief association is associated qualifies for the receipt of fire state aid under chapter ~~69~~ 477B.

(b) In the case of a member who has completed at least five years of active service as an active member of the fire department to which the relief association is associated on the date that the relief association is

established and incorporated, the requirement that the member complete at least five years of active membership with the relief association before separation from active service may be waived by the board of trustees of the relief association if the member completes at least five years of inactive membership with the relief association before the date of the payment of the service pension. During the period of inactive membership, the member is not entitled to receive disability benefit coverage, is not entitled to receive additional service credit towards computation of a service pension, and is considered to have the status of a person entitled to a deferred service pension under subdivision 7.

(c) No municipality, independent nonprofit firefighting corporation, or joint powers entity may delegate the power to take final action in setting a service pension or ancillary benefit amount or level to the board of trustees of the relief association or to approve in advance a service pension or ancillary benefit amount or level equal to the maximum amount or level that this chapter would allow rather than a specific dollar amount or level.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

Sec. 18. Minnesota Statutes 2018, section 424A.02, subdivision 3a, is amended to read:

Subd. 3a. **Penalty for paying pension greater than applicable maximum.** (a) If a defined benefit relief association pays a service pension greater than the maximum service pension associated with the applicable average amount of available financing per active covered firefighter under the table in subdivision 3, paragraph (c) or (d), whichever applies, the maximum service pension under subdivision 3, paragraph (f), or the applicable maximum service pension amount specified in subdivision 3, paragraph (g), whichever is less, the state auditor shall:

(1) disqualify the municipality or the independent nonprofit firefighting corporation associated with the relief association from receiving fire state aid by making the appropriate notification to the municipality and the commissioner of revenue, with the disqualification applicable for the next apportionment and payment of fire state aid; and

(2) order the treasurer of the applicable relief association to recover the amount of the overpaid service pension or pensions from any retired firefighter who received an overpayment.

(b) Fire state aid amounts from disqualified municipalities for the period of disqualifications under paragraph (a), clause (1), must be credited to the amount of fire insurance premium tax proceeds available for the next subsequent fire state aid apportionment.

(c) The amount of any overpaid service pension recovered under paragraph (a), clause (2), must be credited to the amount of fire insurance premium tax proceeds available for the next subsequent fire state aid apportionment.

(d) The determination of the state auditor that a relief association has paid a service pension greater than the applicable maximum must be made on the basis of the information filed by the relief association and the municipality with the state auditor under ~~sections 69.011, subdivision 2, and 69.051, subdivision 1 or 1a, whichever applies,~~ this chapter and any other relevant information that comes to the attention of the state auditor. The determination of the state auditor is final. An aggrieved municipality, relief association, or person may appeal the determination under section 480A.06.

(e) The state auditor may certify, upon learning that a relief association overpaid a service pension based on an error in the maximum service pension calculation, the municipality or independent nonprofit firefighting corporation associated with the relief association for fire state aid if (1) there is evidence that the error

occurred in good faith, and (2) the relief association has initiated recovery of any overpayment amount. Notwithstanding paragraph (c), all overpayments recovered under this paragraph must be credited to the relief association's special fund.

**EFFECTIVE DATE.** This section is effective July 1, 2019.

Sec. 19. Minnesota Statutes 2018, section 424A.02, subdivision 10, is amended to read:

Subd. 10. **Local approval of bylaw amendments; filing requirements.** (a) Each defined benefit relief association to which this section applies must file a revised copy of its governing bylaws with the state auditor upon the adoption of any amendment to its governing bylaws by the relief association or upon the approval of any amendment to its governing bylaws granted by the governing body of each municipality served by the fire department to which the relief association is directly associated. Failure of the relief association to file a copy of the bylaws or any bylaw amendments with the state auditor disqualifies the municipality from the distribution of any future fire state aid until this filing requirement has been completed.

(b) If the special fund of the relief association does not have a surplus over full funding under section 424A.092, subdivision 3, paragraph (c), clause (5), or 424A.093, subdivision 4, and if the municipality is required to provide financial support to the special fund of the relief association under section 424A.092 or 424A.093, no bylaw amendment which would affect the amount of, the manner of payment of, or the conditions for qualification for service pensions or ancillary benefits or disbursements other than administrative expenses authorized under section ~~69.80~~ 424A.05, subdivision 3b, payable from the special fund of the relief association is effective until it has been ratified as required under section 424A.092, subdivision 6, or 424A.093, subdivision 6. If the special fund of the relief association has a surplus over full funding under section 424A.092, subdivision 3, or 424A.093, subdivision 4, and if the municipality is not required to provide financial support to the special fund under this section, the relief association may adopt or amend without municipal ratification its articles of incorporation or bylaws which increase or otherwise affect the service pensions or ancillary benefits payable from the special fund if authorized under section 424A.092, subdivision 6, or 424A.093, subdivision 6.

(c) If the relief association pays only a lump-sum pension, the financial requirements are to be determined by the board of trustees following the preparation of an estimate of the expected increase in the accrued liability and annual accruing liability of the relief association attributable to the change. If the relief association pays a monthly benefit service pension, the financial requirements are to be determined by the board of trustees following either an updated actuarial valuation including the proposed change or an estimate of the expected actuarial impact of the proposed change prepared by the actuary of the relief association. If a relief association adopts or amends its articles of incorporation or bylaws without municipal ratification under this subdivision, and, subsequent to the amendment or adoption, the financial requirements of the special fund under this section are such so as to require financial support from the municipality, the provision which was implemented without municipal ratification is no longer effective without municipal ratification, and any service pensions or ancillary benefits payable after that date must be paid only in accordance with the articles of incorporation or bylaws as amended or adopted with municipal ratification.

**EFFECTIVE DATE.** This section is effective July 1, 2019.

Sec. 20. Minnesota Statutes 2018, section 424A.03, subdivision 2, is amended to read:

Sec. 25. Minnesota Statutes 2018, section 424A.092, subdivision 3, is amended to read:

Subd. 3. **Financial requirements of relief association; minimum obligation of municipality.** (a) During the month of July, the officers of the relief association shall determine the overall funding balance of the special fund for the current calendar year, the financial requirements of the special fund for the following calendar year and the minimum obligation of the municipality with respect to the special fund for the following calendar year in accordance with the requirements of this subdivision.

(b) The overall funding balance of the special fund for the current calendar year must be determined in the following manner:

(1) The total accrued liability of the special fund for all active and deferred members of the relief association as of December 31 of the current year must be calculated under subdivisions 2 and 2a, if applicable.

(2) The total present assets of the special fund projected to December 31 of the current year, including receipts by and disbursements from the special fund anticipated to occur on or before December 31, must be calculated. To the extent possible, for those assets for which a market value is readily ascertainable, the current market value as of the date of the calculation for those assets must be utilized in making this calculation. For any asset for which no market value is readily ascertainable, the cost value or the book value, whichever is applicable, must be utilized in making this calculation.

(3) The amount of the total present assets of the special fund calculated under clause (2) must be subtracted from the amount of the total accrued liability of the special fund calculated under clause (1). If the amount of total present assets exceeds the amount of the total accrued liability, then the special fund is considered to have a surplus over full funding. If the amount of the total present assets is less than the amount of the total accrued liability, then the special fund is considered to have a deficit from full funding. If the amount of total present assets is equal to the amount of the total accrued liability, then the special fund is considered to be fully funded.

(c) The financial requirements of the special fund for the following calendar year must be determined in the following manner:

(1) The total accrued liability of the special fund for all active and deferred members of the relief association as of December 31 of the calendar year next following the current calendar year must be calculated under subdivisions 2 and 2a, if applicable.

(2) The increase in the total accrued liability of the special fund for the following calendar year over the total accrued liability of the special fund for the current year must be calculated.

(3) The amount of anticipated future administrative expenses of the special fund must be calculated by multiplying the dollar amount of the administrative expenses of the special fund for the most recent prior calendar year by the factor of 1.035.

(4) If the special fund is fully funded, the financial requirements of the special fund for the following calendar year are the total of the amounts calculated under clauses (2) and (3).

(5) If the special fund has a deficit from full funding, the financial requirements of the special fund for the following calendar year are the financial requirements of the special fund calculated as though the special fund were fully funded under clause (4) plus an amount equal to one-tenth of the original amount of the deficit from full funding of the special fund as determined under clause (2) resulting either from an increase in the amount of the service pension occurring in the last ten years or from a net annual investment loss occurring during the last ten years until each increase in the deficit from full funding is fully retired. The annual amortization contribution under this clause may not exceed the amount of the deficit from full funding.

(6) If the special fund has a surplus over full funding, the financial requirements of the special fund for the following calendar year are the financial requirements of the special fund calculated as though the special fund were fully funded under clause (4) reduced by an amount equal to one-tenth of the amount of the surplus over full funding of the special fund.

(d) The minimum obligation of the municipality with respect to the special fund is the financial requirements of the special fund reduced by the amount of any fire state aid and police and firefighter retirement supplemental state aid payable under ~~sections 69.011 to 69.051~~ chapter 477B and section 423A.022 reasonably anticipated to be received by the municipality for transmittal to the special fund during the following calendar year, an amount of interest on the assets of the special fund projected to the beginning of the following calendar year calculated at the rate of five percent per annum, and the amount of any contributions to the special fund required by the relief association bylaws from the active members of the relief association reasonably anticipated to be received during the following calendar year. A reasonable amount of anticipated fire state aid is an amount that does not exceed the fire state aid actually received in the prior year multiplied by the factor 1.035.

**EFFECTIVE DATE.** This section is effective for aids payable in 2020 and thereafter.

Sec. 26. Minnesota Statutes 2018, section 424A.092, subdivision 4, is amended to read:

Subd. 4. **Certification of financial requirements and minimum municipal obligation; levy.** (a) The officers of the relief association shall certify the financial requirements of the special fund of the relief association and the minimum obligation of the municipality with respect to the special fund of the relief association as determined under subdivision 3 on or before August 1 of each year. The certification must be made to the entity that is responsible for satisfying the minimum obligation with respect to the special fund of the relief association. If the responsible entity is a joint powers entity, the certification must be made in the manner specified in the joint powers agreement, or if the joint powers agreement is silent on this point, the certification must be made to the chair of the joint powers board.

(b) The financial requirements of the relief association and the minimum municipal obligation must be included in the financial report or financial statement under section ~~69.051~~ 424A.014. The schedule forms related to the determination of the financial requirements must be filed with the state auditor by March 31, annually, if the relief association is required to file a financial statement under section ~~69.051, subdivision 1~~ 424A.014, subdivision 2, or by June 30, annually, if the relief association is required to file a financial report and audit under section ~~69.051, subdivision 1~~ 424A.014, subdivision 1.

(c) The municipality shall provide for at least the minimum obligation of the municipality with respect to the special fund of the relief association by tax levy or from any other source of public revenue.

(d) The municipality may levy taxes for the payment of the minimum municipal obligation without any limitation as to rate or amount and irrespective of any limitations imposed by other provisions of law upon the rate or amount of taxation until the balance of the special fund or any fund of the relief association has

attained a specified level. In addition, any taxes levied under this section must not cause the amount or rate of any other taxes levied in that year or to be levied in a subsequent year by the municipality which are subject to a limitation as to rate or amount to be reduced.

(e) If the municipality does not include the full amount of the minimum municipal obligations in its levy for any year, the officers of the relief association shall certify that amount to the county auditor, who shall spread a levy in the amount of the certified minimum municipal obligation on the taxable property of the municipality.

(f) If the state auditor determines that a municipal contribution actually made in a plan year was insufficient under section 424A.091, subdivision 3, paragraph (c), clause (5), the state auditor may request a copy of the certifications under this subdivision from the relief association or from the city. The relief association or the city, whichever applies, must provide the certifications within 14 days of the date of the request from the state auditor.

**EFFECTIVE DATE.** This section is effective July 1, 2019.

(b) The minimum obligation of the municipality with respect to the special fund is an amount equal to the financial requirements of the special fund of the relief association determined under subdivision 4, reduced by the estimated amount of any fire state aid and police and firefighter retirement supplemental state aid payable under ~~sections 69.011 to 69.051~~ chapter 477B and section 423A.022 reasonably anticipated to be received by the municipality for transmittal to the special fund of the relief association during the following year and the amount of any anticipated contributions to the special fund required by the relief association bylaws from the active members of the relief association reasonably anticipated to be received during the following calendar year. A reasonable amount of anticipated fire state aid is an amount that does not exceed the fire state aid actually received in the prior year multiplied by the factor 1.035.

(c) The officers of the relief association shall certify the financial requirements of the special fund of the relief association and the minimum obligation of the municipality with respect to the special fund of the relief association as determined under subdivision 4 and this subdivision by August 1 of each year. The certification must be made to the entity that is responsible for satisfying the minimum obligation with respect to the special fund of the relief association. If the responsible entity is a joint powers entity, the certification must be made in the manner specified in the joint powers agreement, or if the joint powers agreement is silent on this point, the certification must be made to the chair of the joint powers board.

(d) The financial requirements of the relief association and the minimum municipal obligation must be included in the financial report or financial statement under section ~~69.051~~ 424A.014.

(e) The municipality shall provide for at least the minimum obligation of the municipality with respect to the special fund of the relief association by tax levy or from any other source of public revenue. The municipality may levy taxes for the payment of the minimum municipal obligation without any limitation as to rate or amount and irrespective of any limitations imposed by other provisions of law or charter upon the rate or amount of taxation until the balance of the special fund or any fund of the relief association has attained a specified level. In addition, any taxes levied under this section must not cause the amount or rate

of any other taxes levied in that year or to be levied in a subsequent year by the municipality which are subject to a limitation as to rate or amount to be reduced.

(f) If the municipality does not include the full amount of the minimum municipal obligation in its levy for any year, the officers of the relief association shall certify that amount to the county auditor, who shall spread a levy in the amount of the minimum municipal obligation on the taxable property of the municipality.

(g) If the state auditor determines that a municipal contribution actually made in a plan year was insufficient under section 424A.091, subdivision 3, paragraph (c), clause (5), the state auditor may request from the relief association or from the city a copy of the certifications under this subdivision. Sec. 3. Minnesota Statutes 2018, section 273.032, is amended to read:

#### **273.032 MARKET VALUE DEFINITION.**

(a) Unless otherwise provided, for the purpose of determining any property tax levy limitation based on market value or any limit on net debt, the issuance of bonds, certificates of indebtedness, or capital notes based on market value, any qualification to receive state aid based on market value, or any state aid amount based on market value, the terms "market value," "estimated market value," and "market valuation," whether equalized or unequalized, mean the estimated market value of taxable property within the local unit of government before any of the following or similar adjustments for:

(1) the market value exclusions under:

(i) section 273.11, subdivisions 14a and 14c (vacant platted land);

or

(vi) section 273.13, subdivision 35 (homestead market value exclusion); or

(2) the deferment of value under:

(i) the Minnesota Agricultural Property Tax Law, section 273.111;

(ii) the Aggregate Resource Preservation Law, section 273.1115;

(iii) the Minnesota Open Space Property Tax Law, section 273.112;

(v) the Metropolitan Agricultural Preserves Act, section 473H.10; or

(3) the adjustments to tax capacity for:

(i) tax increment financing under sections 469.174 to 469.1794;

(ii) fiscal disparities under chapter 276A or 473F; or

(iii) powerline credit under section 273.425.

(b) Estimated market value under paragraph (a) also includes the market value of tax-exempt property if the applicable law specifically provides that the limitation, qualification, or aid calculation includes tax-exempt property.

(c) Unless otherwise provided, "market value," "estimated market value," and "market valuation" for purposes of property tax levy limitations and calculation of state aid, refer to the estimated market value for the previous assessment year and for purposes of limits on net debt, the issuance of bonds, certificates of indebtedness, or capital notes refer to the estimated market value as last finally equalized.

(d) For purposes of a provision of a home rule charter or of any special law that is not codified in the statutes and that imposes a levy limitation based on market value or any limit on debt, the issuance of bonds, certificates of indebtedness, or capital notes based on market value, the terms "market value," "taxable market value," and "market valuation," whether equalized or unequalized, mean "estimated market value" as defined in paragraph (a).

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 4. Minnesota Statutes 2018, section 273.13, subdivision 22, is amended to read:

Subd. 22. **Class 1.** (a) Except as provided in subdivision 23 and in paragraphs (b) and (c), real estate which is residential and used for homestead purposes is class 1a. In the case of a duplex or triplex in which one of the units is used for homestead purposes, the entire property is deemed to be used for homestead purposes. The market value of class 1a property must be determined based upon the value of the house, garage, and land.

The first \$500,000 of market value of class 1a property has a net classification rate of one percent of its market value; and the market value of class 1a property that exceeds \$500,000 has a classification rate of 1.25 percent of its market value.

(b) Class 1b property includes homestead real estate or homestead manufactured homes used for the purposes of a homestead by:

(1) any person who is blind as defined in section 256D.35, or the ~~blind~~ person who is blind and the ~~blind person's~~ spouse of the person who is blind;

(2) any person who is permanently and totally disabled or by the ~~disabled~~ person with a disability and the ~~disabled person's~~ spouse of the person with a disability; or

(3) the surviving spouse of a veteran who was permanently and totally disabled ~~veteran~~ homesteading a property classified under this paragraph for taxes payable in 2008.

Property is classified and assessed under clause (2) only if the government agency or income-providing source certifies, upon the request of the homestead occupant, that the homestead occupant satisfies the disability requirements of this paragraph, and that the property is not eligible for the valuation exclusion under subdivision 34.

Property is classified and assessed under paragraph (b) only if the commissioner of revenue or the county assessor certifies that the homestead occupant satisfies the requirements of this paragraph.

Permanently and totally disabled for the purpose of this subdivision means a condition which is permanent in nature and totally incapacitates the person from working at an occupation which brings the person an income. The first \$50,000 market value of class 1b property has a net classification rate of .45 percent of its market value. The remaining market value of class 1b property is classified as class 1a or class 2a property, whichever is appropriate.

(c) Class 1c property is commercial use real and personal property that abuts public water as defined in section 103G.005, subdivision 15, or abuts a state trail administered by the Department of Natural Resources, and is devoted to temporary and seasonal residential occupancy for recreational purposes but not devoted to commercial purposes for more than 250 days in the year preceding the year of assessment, and that includes a portion used as a homestead by the owner, which includes a dwelling occupied as a homestead by a shareholder of a corporation that owns the resort, a partner in a partnership that owns the resort, or a member of a limited liability company that owns the resort even if the title to the homestead is held by the corporation, partnership, or limited liability company. For purposes of this paragraph, property is devoted to a commercial purpose on a specific day if any portion of the property, excluding the portion used exclusively as a homestead, is used for residential occupancy and a fee is charged for residential occupancy. Class 1c property must contain three or more rental units. A "rental unit" is defined as a cabin, condominium, townhouse, sleeping room, or individual camping site equipped with water and electrical hookups for recreational vehicles. Class 1c property must provide recreational activities such as the rental of ice fishing houses, boats and motors, snowmobiles, downhill or cross-country ski equipment; provide marina services, launch services, or guide services; or sell bait and fishing tackle. Any unit in which the right to use the property is transferred to an individual or entity by deeded interest, or the sale of shares or stock, no longer qualifies for class 1c even though it may remain available for rent. A camping pad offered for rent by a property that otherwise qualifies for class 1c is also class 1c, regardless of the term of the rental agreement, as long as the use of the camping pad does not exceed 250 days. If the same owner owns two separate parcels that are located in the same township, and one of those properties is classified as a class 1c property and the other would be eligible to be classified as a class 1c property if it was used as the homestead of the owner, both properties will be assessed as a single class 1c property; for purposes of this sentence, properties are deemed to be owned by the same owner if each of them is owned by a limited liability company, and both limited liability companies have the same membership. The portion of the property used as a homestead is class 1a property under

paragraph (a). The remainder of the property is classified as follows: the first \$600,000 of market value is tier I, the next \$1,700,000 of market value is tier II, and any remaining market value is tier III. The classification rates for class 1c are: tier I, 0.50 percent; tier II, 1.0 percent; and tier III, 1.25 percent. Owners of real and personal property devoted to temporary and seasonal residential occupancy for recreation purposes in which all or a portion of the property was devoted to commercial purposes for not more than 250 days in the year preceding the year of assessment desiring classification as class 1c, must submit a declaration to the assessor designating the cabins or units occupied for 250 days or less in the year preceding the year of assessment by January 15 of the assessment year. Those cabins or units and a proportionate share of the land on which they are located must be designated as class 1c as otherwise provided. The remainder of the cabins or units and a proportionate share of the land on which they are located must be designated as class 3a commercial. The owner of property desiring designation as class 1c property must provide guest registers or other records demonstrating that the units for which class 1c designation is sought were not occupied for more than 250 days in the year preceding the assessment if so requested. The portion of a property operated as a (1) restaurant, (2) bar, (3) gift shop, (4) conference center or meeting room, and (5) other nonresidential facility operated on a commercial basis not directly related to temporary and seasonal residential occupancy for recreation purposes does not qualify for class 1c.

(d) Class 1d property includes structures that meet all of the following criteria:

(1) the structure is located on property that is classified as agricultural property under section 273.13, subdivision 23;

(2) the structure is occupied exclusively by seasonal farm workers during the time when they work on that farm, and the occupants are not charged rent for the privilege of occupying the property, provided that use of the structure for storage of farm equipment and produce does not disqualify the property from classification under this paragraph;

(3) the structure meets all applicable health and safety requirements for the appropriate season; and

(4) the structure is not salable as residential property because it does not comply with local ordinances relating to location in relation to streets or roads.

The market value of class 1d property has the same classification rates as class 1a property under paragraph (a).

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 5. Minnesota Statutes 2018, section 273.13, subdivision 34, is amended to read:

Subd. 34. **Homestead of disabled veteran with a disability or family caregiver.** (a) All or a portion of the market value of property owned by a veteran and serving as the veteran's homestead under this section is excluded in determining the property's taxable market value if the veteran has a service-connected disability of 70 percent or more as certified by the United States Department of Veterans Affairs. To qualify for exclusion under this subdivision, the veteran must have been honorably discharged from the United States armed forces, as indicated by United States Government Form DD214 or other official military discharge papers.

(b)(1) For a disability rating of 70 percent or more, \$150,000 of market value is excluded, except as provided in clause (2); and

(2) for a total (100 percent) and permanent disability, \$300,000 of market value is excluded.

(c) If a ~~disabled~~ veteran with a disability qualifying for a valuation exclusion under paragraph (b), clause (2), predeceases the veteran's spouse, and if upon the death of the veteran the spouse holds the legal or beneficial title to the homestead and permanently resides there, the exclusion shall carry over to the benefit of the veteran's spouse for the current taxes payable year and for eight additional taxes payable years or until such time as the spouse remarries, or sells, transfers, or otherwise disposes of the property, whichever comes first. Qualification under this paragraph requires an application under paragraph (h), and a spouse must notify the assessor if there is a change in the spouse's marital status, ownership of the property, or use of the property as a permanent residence.

(d) If the spouse of a member of any branch or unit of the United States armed forces who dies due to a service-connected cause while serving honorably in active service, as indicated on United States Government Form DD1300 or DD2064, holds the legal or beneficial title to a homestead and permanently resides there, the spouse is entitled to the benefit described in paragraph (b), clause (2), for eight taxes payable years, or until such time as the spouse remarries or sells, transfers, or otherwise disposes of the property, whichever comes first.

(e) If a veteran meets the disability criteria of paragraph (a) but does not own property classified as homestead in the state of Minnesota, then the homestead of the veteran's primary family caregiver, if any, is eligible for the exclusion that the veteran would otherwise qualify for under paragraph (b).

(f) In the case of an agricultural homestead, only the portion of the property consisting of the house and garage and immediately surrounding one acre of land qualifies for the valuation exclusion under this subdivision.

(g) A property qualifying for a valuation exclusion under this subdivision is not eligible for the market value exclusion under subdivision 35, or classification under subdivision 22, paragraph (b).

(h) To qualify for a valuation exclusion under this subdivision a property owner must apply to the assessor by July 1 of the first assessment year for which the exclusion is sought. For an application received after July 1, the exclusion shall become effective for the following assessment year. Except as provided in paragraph (c), the owner of a property that has been accepted for a valuation exclusion must notify the assessor if there is a change in ownership of the property or in the use of the property as a homestead.

(i) A first-time application by a qualifying spouse for the market value exclusion under paragraph (d) must be made any time within two years of the death of the service member.

(j) For purposes of this subdivision:

(1) "active service" has the meaning given in section 190.05;

(2) "own" means that the person's name is present as an owner on the property deed;

(3) "primary family caregiver" means a person who is approved by the secretary of the United States Department of Veterans Affairs for assistance as the primary provider of personal care services for an eligible veteran under the Program of Comprehensive Assistance for Family Caregivers, codified as United States Code, title 38, section 1720G; and

(4) "veteran" has the meaning given the term in section 197.447.

(k) If a veteran dying after December 31, 2011, did not apply for or receive the exclusion under paragraph (b), clause (2), before dying, the veteran's spouse is entitled to the benefit under paragraph (b), clause (2),

for eight taxes payable years or until the spouse remarries or sells, transfers, or otherwise disposes of the property if:

(1) the spouse files a first-time application within two years of the death of the service member or by June 1, 2019, whichever is later;

(2) upon the death of the veteran, the spouse holds the legal or beneficial title to the homestead and permanently resides there;

(3) the veteran met the honorable discharge requirements of paragraph (a); and

(4) the United States Department of Veterans Affairs certifies that:

(i) the veteran met the total (100 percent) and permanent disability requirement under paragraph (b), clause (2); or

(ii) the spouse has been awarded dependency and indemnity compensation.

(l) The purpose of this provision of law providing a level of homestead property tax relief for ~~gravely disabled~~ veterans with a disability, their primary family caregivers, and their surviving spouses is to help ease the burdens of war for those among our state's citizens who bear those burdens most heavily.

(m) By July 1, the county veterans service officer must certify the disability rating and permanent address of each veteran receiving the benefit under paragraph (b) to the assessor.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

If the ~~husband and wife~~ spouses have elected to file separate federal income tax returns, they must file separate Minnesota income tax returns. This election to file a joint or separate return must be changed if they change their election for federal purposes. In the event taxpayers desire to change their election, the change must be done in the manner and on the form prescribed by the commissioner.

The determination of whether an individual is married shall be made under the provisions of section 7703 of the Internal Revenue Code.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 7. Minnesota Statutes 2018, section 289A.25, subdivision 1, is amended to read:

For individuals, the term "estimated tax" means the amount the taxpayer estimates is the sum of the taxes imposed by chapter 290 for the taxable year. For trusts, S corporations, and partnerships, the term estimated tax means the amount the taxpayer estimates is the sum of the taxes for the taxable year imposed by chapter 290 and the composite income tax imposed by section 289A.08, subdivision 7. If the individual is an infant or incompetent person, the payments must be made by the individual's guardian. If joint payments on estimated tax are made but a joint return is not made for the taxable year, the estimated tax for that year may be treated as the estimated tax of either ~~the husband or the wife~~ spouse or may be divided between them.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

Sec. 8. Minnesota Statutes 2018, section 289A.31, subdivision 2, is amended to read:

Subd. 2. **Joint income tax returns.** (a) If a joint income tax return is made by a ~~husband and wife spouses~~, the liability for the tax is joint and several. (b) In the case of individuals who were ~~a husband and wife~~ married as determined in section 7703 of the Internal Revenue Code prior to the dissolution of their marriage or their legal separation, or prior to the death of one of the individuals, for tax liabilities reported on a joint or combined return, the liability of each person is limited to the proportion of the tax due on the return that equals that person's proportion of the total tax due if ~~the husband and wife~~ each spouse filed separate returns for the taxable year. This provision is effective only when the commissioner receives written notice of the marriage dissolution, legal separation, or death of a spouse from the ~~husband or wife~~ surviving spouse. No refund may be claimed by an ex-spouse, legally separated or widowed spouse for any taxes paid more than 60 days before receipt by the commissioner of the written notice.

(c) A request for calculation of separate liability pursuant to paragraph (b) for taxes reported on a return must be made within six years after the due date of the return. For calculation of separate liability for taxes assessed by the commissioner under section 289A.35 or 289A.37, the request must be made within six years after the date of assessment. The commissioner is not required to calculate separate liability if the remaining unpaid liability for which recalculation is requested is \$100 or less.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

The other joint notice must be mailed to the other spouse at that spouse's last known address. An assessment is not invalid for failure to send it to a spouse if the spouse actually receives the notice in the same period as if it had been mailed to that spouse at the correct address or if the spouse has failed to provide an address to the commissioner other than the last known address.

**EFFECTIVE DATE.** This section is effective the day following final enactment.

The excess of the subtraction base amount over the taxable net income computed without regard to the subtraction for the elderly or ~~disabled~~ a person with a disability under section 290.0132, subdivision 5, may be used to reduce the amount of a lump sum distribution subject to tax under section 290.032.

(b)(1) The initial subtraction base amount equals

- (i) \$12,000 for a married taxpayer filing a joint return if a spouse is a qualified individual,
- (ii) \$9,600 for a single taxpayer, and
- (iii) \$6,000 for a married taxpayer filing a separate federal return.

(2) The qualified individual's initial subtraction base amount, then, must be reduced by the sum of nontaxable retirement and disability benefits and one-half of the amount of adjusted gross income in excess of the following thresholds:

- (i) \$18,000 for a married taxpayer filing a joint return if both spouses are qualified individuals,
