~~(6) any other information required by the state auditor.~~

(c) For public pension plans fully invested through the State Board of Investment with assets having a market value of \$50,000,000 or more as of the beginning of the calendar year, or that had a market value of \$50,000,000 or more in a prior calendar year, the report required by subdivision 1 must be in the form required by the state auditor and include the information needed by the state auditor to supplement the reporting available from the State Board of Investment.

~~(e) (d) If a public pension plan has assets with a total market value of less than \$50,000,000 as of the beginning of the calendar year and was never required to file under paragraph (b) or (c), the report required by subdivision 1 must include the following:~~

~~(1) unless paragraph (f) applies, the amount and date of each total portfolio injection and withdrawal. In addition, the report must include; and~~

(f) A public pension plan reporting under paragraph (d) that is fully invested through the State Board of Investment for the given calendar year is required to report the market value of the total portfolio as of the beginning of the calendar year and for each quarter, but need not report the amount and date of each total portfolio injection and withdrawal.

It also means a child of the member conceived during the member's lifetime and born after the member's death, unless a parent-child relationship does not exist under section 524.2-120, subdivision 10.

Sec. 2. Minnesota Statutes 2018, section 352.04, subdivision 4, is amended to read:

Subd. 4. **Payroll deductions.** ~~The head of Each department~~ employing entity shall have employee contributions deducted from the salary of each employee covered by the system on every payroll abstract and shall approve one voucher payable to the commissioner of management and budget for the aggregate amount deducted on the payroll abstract. Deductions from salaries of employees paid ~~direct~~ directly by any ~~department, institution, or agency of the state~~ employing entity must be made by the officer or employee authorized by law to pay the salaries. ~~The head of any department or agency~~ Any employing entity having authority to appoint any employee who receives fees as compensation or who receives compensation on federal payrolls shall collect as the required employee contribution the applicable amounts required in subdivision 2. Deductions from salary and amounts collected must be remitted to the director with a statement showing the amount of earnings or fees, and in the case of fees, the number of transactions, ~~and~~ the amount of each of the deductions and collections, ~~and~~ the names of the employees on whose account they have been made.

Sec. 3. Minnesota Statutes 2018, section 352.04, subdivision 8, is amended to read:

Subd. 8. **Department Employing entity required to pay omitted salary deductions.** (a) ~~If a department~~ an employing entity fails to take deductions past due for a period of 60 days or less from an employee's salary as provided in this section, those deductions must be taken on later payroll abstracts.

(b) ~~If a department~~ an employing entity fails to take deductions past due for a period in excess of 60 days from an employee's salary as provided in this section, the ~~department~~ employing entity, and not the employee, must pay on later payroll abstracts the employee and employer contributions and interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the date the employee and employer contributions should have been deducted to the date payment of the total amount due is paid by the ~~department~~ employing entity.

(c) ~~If a department~~ an employing entity fails to take deductions past due for a period of 60 days or less and the employee is no longer in state service so that the required deductions cannot be taken from the salary of the employee, the ~~department~~ employing entity must nevertheless pay the required employer contributions. If any ~~department~~ employing entity fails to take deductions past due for a period in excess of 60 days and the employee is no longer in state service, the omitted contributions must be recovered under paragraph (b).

(d) If an employee from whose salary required deductions were past due for a period of 60 days or less leaves state service before the payment of the omitted deductions and subsequently returns to state service, the unpaid amount is considered the equivalent of a refund. The employee accrues no right by reason of the unpaid amount, except that the employee may pay the amount of omitted deductions as provided in section 352.23.

Sec. 4. Minnesota Statutes 2019 Supplement, section 352.04, subdivision 9, is amended to read:

Subd. 9. **Erroneous deductions, canceled payments.** (a) Deductions taken from the salary of an employee for the retirement fund in excess of required amounts must, upon discovery and verification by the ~~department~~ employing entity making the deduction, be refunded to the employee. (b) If a deduction for the retirement fund is taken from a salary payment, and the payment is canceled or the amount of the payment returned to the funds of the ~~department~~ employing entity making the payment,

the sum deducted, or the part of it required to adjust the deductions, must be refunded or credited to the ~~department or institution employing entity~~ if the ~~department employing entity~~ applies for the refund on a form furnished by the director. ~~The department's payments must likewise be refunded to the department.~~

(c) If erroneous employee deductions and employer contributions are caused by an error in plan coverage involving the plan and any other plans specified in section 356.99, that section applies. If the employee should have been covered by the plan governed by chapter 352D, 353D, 354B, or 354D, the employee deductions and employer contributions taken in error must be directly transferred to the applicable employee's account in the correct retirement plan, with interest at the applicable monthly rate or rates specified in section 356.59, subdivision 2, compounded annually, from the first day of the month following the month in which coverage should have commenced in the correct defined contribution plan until the end of the month in which the transfer occurs.

Sec. 5. Minnesota Statutes 2018, section 352.04, is amended by adding a subdivision to read:

Subd. 13. **"Employing entity" defined.** In this section, "employing entity" means the entity that pays a state employee's salary and remits retirement contributions.

Sec. 6. Minnesota Statutes 2019 Supplement, section 352.113, subdivision 2, is amended to read:

Subd. 2. **Application; accrual of benefits.** (a) An employee making claim for a total and permanent disability benefit, or someone acting on behalf of the employee upon proof of authority satisfactory to the director, shall file a written application for benefits in ~~the an~~ office of the system ~~on or before the deadline specified in subdivision 4, paragraph (g)~~ or with a person authorized by the director.

(b) The application must be in a form and manner prescribed by the ~~executive director and include the medical reports required by subdivision 4, paragraph (b).~~ The completed application form and supporting documents must be received in an office of the system or by an authorized person before the expiration of the period specified in subdivision 4, paragraph (g). In this paragraph, "supporting documents" means:

- (1) two medical reports as required by subdivision 4, paragraph (b); and
- (2) a written certification by the employing entity as required by subdivision 4, paragraph (e).

Supporting documents are not required to be original documents except as determined by the director.

(c) The benefit shall begin to accrue the day following the start of disability or the day following the last day paid, whichever is later, but not earlier than 180 days before the date the application ~~is~~ and supporting documents are filed in an office of the system or with an authorized person.

Sec. 7. Minnesota Statutes 2018, section 352.113, subdivision 4, is amended to read:

Subd. 4. **Medical or psychological examinations; authorization for payment of benefit.** (a) Any physician, psychologist, chiropractor, physician assistant, podiatrist, or nurse practitioner providing any service specified in this section must be licensed.

(b) An applicant shall provide a detailed report signed by a physician, and at least one additional report signed by a physician, psychologist, chiropractor, physician assistant, podiatrist, or nurse practitioner with evidence to support an application for total and permanent disability. The reports must include an expert opinion regarding whether the employee is permanently and totally disabled within the meaning of section

352.01, subdivision 17, and that the disability arose before the employee was placed on any paid or unpaid leave of absence or terminated public service.

(c) If there is medical evidence that supports the expectation that at some point the person applying for the disability benefit will no longer be disabled, the decision granting the disability benefit may provide for a termination date upon which the total and permanent disability can be expected to no longer exist. When a termination date is part of the decision granting benefits, prior to the benefit termination the executive director shall review any evidence provided by the disabled employee to show that the disabling condition for which benefits were initially granted continues. If the benefits cease, the disabled employee may follow the appeal procedures described in section 356.96 or may reapply for disability benefits using the process described in this subdivision.

(d) Any claim to disability must be supported by a report from the employer indicating that there is no available work that the employee can perform with the disabling condition and that all reasonable accommodations have been considered. Upon request of the executive director, an employer shall provide evidence of the steps the employer has taken to attempt to provide reasonable accommodations and continued employment to the claimant.

(e) The director shall also obtain written certification from the employer stating whether the employment has ceased or whether the employee is on sick leave of absence because of a disability that will prevent further service to the employer and that the employee is not entitled to compensation from the employer.

(f) The medical adviser shall consider the reports of the physician, psychologist, chiropractor, physician assistant, podiatrist, or nurse practitioner and any other evidence supplied by the employee or other interested parties. If the medical adviser finds the employee totally and permanently disabled, the adviser shall make appropriate recommendation to the director in writing together with the date from which the employee has been totally disabled. The director shall then determine if the disability occurred while still in the employment of the state and constitutes a total and permanent disability as defined in section 352.01, subdivision 17.

(g) A terminated employee may apply for a disability benefit within 18 months of termination as long as the disability occurred while in the employment of the state. The fact that an employee is placed on leave of absence without compensation because of disability does not bar that employee from receiving a disability benefit.

(h) Upon appeal, the board of directors may extend the disability benefit application deadline in paragraph (g) by an additional 18 months if the terminated employee is determined by the board of directors to have a cognitive impairment that made it unlikely that the terminated employee understood that there was an application deadline or that the terminated employee was able to meet the application deadline.

(i) Unless the payment of a disability benefit has terminated because the employee is no longer totally disabled, or because the employee has reached normal retirement age as provided in this section, the disability benefit must cease with the last payment received by the disabled employee or which had accrued during the lifetime of the employee unless there is a spouse surviving. In that event, the surviving spouse is entitled to the disability benefit for the calendar month in which the disabled employee died.

Sec. 8. Minnesota Statutes 2019 Supplement, section 352.23, is amended to read:

**352.23 TERMINATION OF RIGHTS; REPAYMENT OF REFUND.**

(a) When any employee accepts a refund as provided in section 352.22, all existing allowable service credits and all rights and benefits to which the employee was entitled before accepting the refund terminate.

(b) Terminated service credits and rights must not again be restored until the former employee acquires at least six months of allowable service credit after taking the last refund and repays all refunds previously taken from the retirement fund with interest as provided in paragraph (d). ~~If an employee repays only part of a refund or repays a refund in partial payments as permitted under paragraph (d), service credit will be restored in accordance with section 356.44.~~ An employee will not be considered as entitled to any other benefit, including benefits for which the employee may be eligible because of the employee's original hire date into public employment, until full repayment of all refunds has been made.

(c) Repayment of refunds entitles the employee only to credit for service covered by (1) salary deductions; (2) payments previously made in lieu of salary deductions as permitted under law in effect when the payment in lieu of deductions was made; (3) payments made to obtain credit for service as permitted by laws in effect when payment was made; and (4) allowable service previously credited while receiving temporary workers' compensation as provided in section 352.01, subdivision 11, paragraph (a), clause (3).

(d) Payments under this section for repayment of refunds are to be paid with interest at the applicable annual rate or rates specified in section 356.59, subdivision 2, compounded annually, from the date the refund was taken until the date the refund is repaid. Repayment may be made ~~in partial payments consistent with section 356.44 during employment or~~ in a lump sum during employment or up to six months after termination from service.

Sec. 9. Minnesota Statutes 2018, section 352.95, subdivision 3, is amended to read:

Subd. 3. **Applying for benefits; accrual.** No application for disability benefits may be made until after the last day physically on the job. The disability benefit begins to accrue the day following the last day for which the employee is paid sick leave or annual leave, but not earlier than 180 days before the date the application is filed. A terminated employee must file a written application ~~within the time frame specified under section 352.113, subdivision 4, paragraph (g)~~ in an office of the system or with a person authorized by the executive director. Applications must comply with section 352.113, subdivision 2, paragraph (b).

Sec. 4. Minnesota Statutes 2018, section 354.44, subdivision 6, is amended to read:

Subd. 6. **Computation of formula program retirement annuity.** (a) The formula retirement annuity must be computed in accordance with the applicable provisions of the formulas stated in paragraph (b) or (d) on the basis of each member's average salary under section 354.05, subdivision 13a, for the period of the member's formula service credit.

(b) This paragraph, in conjunction with paragraph (c), applies to a person who first became a member of the association or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, unless paragraph (d), in conjunction with paragraph (e), produces a higher annuity amount, in which case paragraph (d) applies. The average salary as defined in section 354.05, subdivision 13a, multiplied by the following percentages per year of formula service credit shall determine the amount of the annuity to which the member qualifying therefor is entitled for service rendered before July 1, 2006:

Period	Coordinated Member	Basic Member
Each year of service during first ten	1.2 percent per year	2.2 percent per year
Each year of service thereafter	1.7 percent per year	2.7 percent per year

For service rendered on or after July 1, 2006, by a member other than a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2006, and June 30, 2015, and for service rendered on or after July 1, 2013, by a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2013, and June 30, 2015, the average salary as defined in section 354.05, subdivision 13a, multiplied by the following percentages per year of service credit, determines the amount the annuity to which the member qualifying therefor is entitled:

Period	Coordinated Member	Basic Member
Each year of service during first ten	1.4 percent per year	2.2 percent per year
Each year of service after ten years of service	1.9 percent per year	2.7 percent per year

(c)(1) This paragraph applies only to a person who first became a member of the association or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, and whose annuity is higher when calculated under paragraph (b), in conjunction with this paragraph than when calculated under paragraph (d), in conjunction with paragraph (e).

(2) Where any member retires prior to normal retirement age under a formula annuity, the member shall be paid a retirement annuity in an amount equal to the normal annuity provided in paragraph (b) reduced by one-quarter of one percent for each month that the member is under normal retirement age at the time of retirement except that for any member who has 30 or more years of allowable service credit, the reduction shall be applied only for each month that the member is under age 62.

(3) Any member whose attained age plus credited allowable service totals 90 years is entitled, upon application, to a retirement annuity in an amount equal to the normal annuity provided in paragraph (b), without any reduction by reason of early retirement.

(d) This paragraph applies to a member who has become at least 55 years old and first became a member of the association after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity amount when calculated under this paragraph and in conjunction with paragraph (e), is higher than it is when calculated under paragraph (b), in conjunction with paragraph (c).

(1) For a basic member, the average salary, as defined in section 354.05, subdivision 13a, multiplied by 2.7 percent for each year of service for a basic member determines the amount of the retirement annuity to which the basic member is entitled. The annuity of a basic member who was a member of the former Minneapolis Teachers Retirement Fund Association as of June 30, 2006, must be determined according to the annuity formula under the articles of incorporation of the former Minneapolis Teachers Retirement Fund Association in effect as of that date.

(2) For a coordinated member, the average salary, as defined in section 354.05, subdivision 13a, multiplied by 1.7 percent for each year of service rendered before July 1, 2006, and by 1.9 percent for each year of service rendered on or after July 1, 2006, for a member other than a member who was a member of the former Duluth Teachers Retirement Fund Association between January 1, 2006, and June 30, 2015, and by 1.9 percent for each year of service rendered on or after July 1, 2013, for a member of the former Duluth Teachers Retirement Fund Association between January 1, 2013, and June 30, 2015, determines the amount of the retirement annuity to which the coordinated member is entitled.

~~(e) This paragraph applies to a member who has become at least 55 years old and first becomes a member of the association after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity is higher when calculated under paragraph (d) in conjunction with this paragraph than when calculated under paragraph (b), in conjunction with paragraph (c). An employee who retires under the formula annuity before the normal retirement age shall be paid the normal annuity provided in paragraph (d) reduced so that the reduced annuity is the actuarial equivalent of the annuity that would be payable to the employee if the employee deferred receipt of the annuity and the annuity amount were augmented at an annual rate of three percent compounded annually from the day the annuity begins to accrue until the normal retirement~~

~~age if the employee became an employee before July 1, 2006, and at 2.5 percent compounded annually if the employee becomes an employee after June 30, 2006. Except in regards to section 354.46, this paragraph remains in effect until June 30, 2015.~~

~~(f) Until June 30, 2019, this paragraph applies to a member who has become at least 55 years old and first becomes a member of the association after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity is higher when calculated under paragraph (d) in conjunction with this paragraph than when calculated under paragraph (b) in conjunction with paragraph (c). An employee who retires under the formula annuity before the normal retirement age is entitled to receive the normal annuity provided in paragraph (d), reduced as described in clause (1) or (2), as applicable.~~

~~(1) For a member who is at least age 62 and has at least 30 years of service, the annuity shall be reduced by an early reduction factor of six percent for each year that the member's age of retirement precedes normal retirement age. The resulting reduced annuity shall be further adjusted to take into account the increase in the monthly amount that would have occurred had the member retired early and deferred receipt of the annuity until normal retirement age and the annuity was augmented during the deferral period at 2.5 percent, if the member commenced employment after June 30, 2006, or at three percent, if the member commenced employment before July 1, 2006, compounded annually.~~

~~(2) For a member who has not attained age 62 or has fewer than 30 years of service, the annuity shall be reduced for each year that the member's age of retirement precedes the normal retirement age by the following early reduction factors:~~

~~(i) for the period during which the member is age 55 through age 59, the factor is four percent; and~~

~~(ii) for the period during which the member is age 60 but not yet normal retirement age, the factor is seven percent.~~

~~The resulting reduced annuity shall be further adjusted to take into account the increase in the monthly amount that would have occurred had the member retired early and deferred receipt of the annuity until normal retirement age and the annuity was augmented during the deferral period at 2.5 percent, if the member commenced employment after June 30, 2006, or at three percent, if the member commenced employment before July 1, 2006, compounded annually.~~

~~(g) For members who retire on or after July 1, 2019, (e) This paragraph applies to a person who has become at least 55 years old and first becomes a member of the association after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity is higher when calculated under paragraph (d) in conjunction with this paragraph than when calculated under paragraph (b) in conjunction with paragraph (c). An employee who retires under the formula annuity before the normal retirement age is entitled to receive the normal annuity provided in paragraph (d), reduced as described in clause (1) or (2), as applicable.~~

(1) For a member who is at least age 62 and has at least 30 years of service, the annuity shall be reduced by an early reduction factor of six percent for each year that the member's age of retirement precedes the normal retirement age. The resulting reduced annuity shall be further adjusted to take into account the increase in the monthly amount that would have occurred had the member retired early and deferred receipt of the annuity until normal retirement age and the annuity was augmented during the deferral period at 2.5 percent, if the member commenced employment after June 30, 2006, or at three percent, if the member commenced employment before July 1, 2006, compounded annually.

(2) For a member who has not attained age 62 or has fewer than 30 years of service, the annuity shall be reduced for each year that the member's age of retirement precedes normal retirement age by the following early reduction factors:

(i) for the period during which the member is age 55 through age ~~59~~ 58, the factor is four percent; and

(ii) for the period during which the member is at least age 60 ~~60~~ 59 but not yet normal retirement age, the factor is seven percent.

The resulting annuity shall be further adjusted to take into account the increase in the monthly amount that would have occurred had the member retired early and deferred receipt of the annuity until normal retirement age and the annuity was augmented during the deferral period at the applicable annual rate, compounded annually. The applicable annual rate is the rate in effect for the month that includes the member's effective date of retirement and shall be considered as fixed for the member for the period until the member reaches normal retirement age. The applicable annual rate for June 2019 is 2.5 percent, if the member commenced employment after June 30, 2006, or three percent, if the member commenced employment before July 1, 2006, compounded annually, and decreases each month beginning July 2019 in equal monthly increments over the five-year period that begins July 1, 2019, and ends June 30, 2024, to zero percent effective for July 2024 and thereafter.

After June 30, 2024, the reduced annuity commencing before normal retirement age under this clause shall not take into account any augmentation.

~~(h) After June 30, 2015, and before July 1, 2019, for a person who would have a reduced retirement annuity under either paragraph (e) or (f) if they were applicable, the employee is entitled to receive a reduced annuity which must be calculated using a blended reduction factor augmented monthly by 1/60 of the difference between the reduction required under paragraph (e) and the reduction required under paragraph (f).~~

~~(i) (f)~~ No retirement annuity is payable to a former employee with a salary that exceeds 95 percent of the governor's salary unless and until the salary figures used in computing the highest five successive years average salary under paragraph (a) have been audited by the Teachers Retirement Association and determined by the executive director to comply with the requirements and limitations of section 354.05, subdivisions 35 and 35a.

**EFFECTIVE DATE.** This section is effective the day following final enactment, except the amendment to paragraph (g), clause (2), is effective retroactively from June 30, 2018.

(b) If the active or deferred member was under age 55 and had credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive the second portion of a 100 percent joint and survivor annuity based on the age of the active or deferred member on the date of death and the age of the surviving spouse at the time the benefit accrues. If section 354.44, subdivision 6, applies, the annuity is payable using the full early retirement reduction under section 354.44, subdivision 6, paragraph

(c) If the active or deferred member was under age 55 and had credit for at least three years of allowable service on the date of death, but did not yet qualify for retirement, the surviving spouse may elect to receive the second portion of a 100 percent joint and survivor annuity based on the age of the active or deferred member at the time of death and the age of the surviving spouse at the time the benefit accrues. If section 354.44, subdivision 6, applies, the annuity is calculated using the full early retirement reduction under section 354.44, subdivision 6, to age 55 and one-half of the early retirement reduction from age 55 to the age the annuity begins.

(d) The surviving spouse eligible for surviving spouse benefits under this subdivision may apply for the annuity any time after the member's death. Subdivision 1. **Application.** (a) Notwithstanding any laws to the contrary, this section applies to:

(1) the termination of a retirement plan established and administered by a relief association, whether or not the relief association is also dissolved or eliminated; and

(2) the dissolution of a relief association that is not consolidating with another relief association under sections 424B.01 to 424B.10.

This section does not apply to the dissolution of a relief association or the termination of a retirement plan that occurs due to the change in retirement coverage from a retirement plan administered by a relief association to the Public Employees Retirement Association statewide volunteer firefighter plan under section 353G.06.

(b) To terminate a retirement plan, the board of trustees must comply with subdivisions 3, 5 to 11, and, if desired, subdivision 4.

(c) To dissolve a relief association, the board of trustees of the relief association must:

(1) terminate the retirement plan in accordance with this section;

(2) determine all legal obligations of the special and general funds of the relief association, as required by subdivision 5;

(3) take the actions required by subdivision 12; and

(4) comply with the requirements governing dissolution of nonprofit corporations under chapter 317A.

(d) A relief association that terminates its retirement plan must liquidate its special fund as provided in subdivision 8, but need not liquidate its general fund if the relief association is not being dissolved.

Subd. 2. **Involuntary dissolution and termination.** (a) A relief association is dissolved and the retirement plan administered by the relief association is terminated automatically if:

(1) the fire department affiliated with a relief association is dissolved by action of the governing body of the municipality in which the fire department is located or by the governing body of the independent nonprofit firefighting corporation, whichever applies; or

(2) the fire department affiliated with a relief association has terminated the employment or services of all active firefighters covered by the relief association.

(b) An involuntary termination of a relief association under this subdivision is effective on the December 31 that is at least eight months after the date on which the fire department is dissolved or the termination of employment or services of all active firefighters occurs.

(c) The retirement plan administered by a relief association is terminated automatically if the relief association is dissolved, effective on the date of the dissolution of the relief association.

**Subd. 3. Retirement plan termination date, full vesting, and forfeitures.** (a) Unless subdivision 2 applies, the effective date of the termination of a retirement plan is the effective date of the dissolution of the relief association or, if the relief association is not being dissolved, the end of the calendar year in which the employment or services of all active firefighters has been terminated, unless the board of trustees of the relief association approves a different termination date.

(b) As of the earlier of the retirement plan termination date or the date on which the employment or services of all active firefighters have been terminated, each member becomes fully (100 percent) vested in the member's retirement benefit under the retirement plan, notwithstanding any bylaws or laws to the contrary, except as provided in paragraph (c).

(c) If the relief association is a defined contribution relief association, the account of each member who becomes 100 percent vested under paragraph (b) shall include an allocation of any forfeiture that is required, under the bylaws of the relief association, to occur on or as of the end of the calendar year during which the termination of the retirement plan is effective, if the member is entitled to an allocation of forfeitures under the bylaws. Any account so forfeited shall not be included in the retirement benefits that become 100 percent vested under paragraph (b).

**Subd. 4. Benefit increase.** (a) Notwithstanding section 424A.02, subdivision 10, the board of trustees of a relief association may increase the benefit amount under a defined benefit relief association without the consent of the affiliated municipality or independent nonprofit firefighting corporation, as provided in this subdivision.

(b) If the retirement plan being terminated is a defined benefit plan, the board of trustees may approve an amendment to the bylaws of the relief association to increase the lump-sum or monthly pension amount or both the lump and monthly pension amount, if the relief association offers both, up to 125 percent of the largest maximum lump-sum service pension amount or service pension amount payable per month in effect under paragraphs (c) or (d), respectively, of section 424A.02, subdivision 3, without regard to the relief association's minimum average amount of available financing per firefighter. The amount by which the lump-sum or monthly pension amount is increased must not cause the liabilities of the retirement plan to exceed the value of the assets, after taking into account full vesting as required under subdivision 3 and any administrative expenses.

(c) The board of trustees shall specify whether the benefit increase will apply to only members active as of the date of the termination of the retirement plan or whether the benefit increase will apply to all members, including members who are not active as of the plan termination date.

**Subd. 5. Determination of assets and liabilities.** (a) The board of trustees shall determine the following as of the date of termination of the retirement plan:

(1) the fair market value of the assets of the special fund;

(2) the present value of each member's accrued benefit, taking into account full vesting under subdivision 3 and any increased lump-sum or monthly benefit level approved under subdivision 4;

(3) the present value of any benefit remaining to be paid to each retiree in pay status, if any; and

(4) administrative expenses incurred or reasonably anticipated to be incurred through the date on which all retirement benefits have been distributed or transferred or, if later, the effective date of the dissolution of the relief association.

(b) The board of trustees shall compile a schedule that includes the following information:

(1) the name of each member and retiree in pay status to whom a benefit or pension is or will be owed;

(2) the name of each other benefit recipient to whom a benefit or pension is or will be owed; and

(3) for each individual described in clauses (1) and (2), the amount of the benefit or pension to which the individual is entitled under the bylaws of the relief association, taking into account the changes required or permitted by this section, the corresponding number of years of service on which the benefit or pension is based, and the earliest date on which the benefit or pension would have been payable under the bylaws of the relief association.

(c) If the relief association is dissolving, in addition to the determination under paragraph (a) for the retirement plan, the board of trustees shall determine, as of the effective date of the dissolution of the relief association, the legal obligations of the general fund of the relief association.

Subd. 6. **Investment of assets while termination is pending.** To minimize the risk of investment losses between the termination date and the date benefits will begin to be distributed, the board of trustees shall invest the assets in the special fund in low-risk investments, to the extent consistent with its fiduciary duty under chapter 356A.

Subd. 7. **Allocation of surplus.** (a) If the retirement plan is a defined benefit plan and if, after completing the determination of assets, liabilities, and administrative expenses under subdivision 5, there is a surplus, the board of trustees shall transfer to the affiliated municipality the lesser of (1) the amount of the surplus, or (2) the sum of all required contributions, without investment earnings or interest thereon, made by the municipality to the relief association during the year in which the termination of the retirement plan occurs or during the preceding nine years.

(b) If the affiliated municipality did not make any required contributions to the relief association during the current or preceding nine years or if, after the transfer described in paragraph (a), there is surplus remaining, the relief association and the municipality will mutually agree on an allocation between them of the remaining surplus.

(c) If, within 180 days of the date of termination of the retirement plan, the municipality and relief association have not reached an agreement on the allocation of the surplus under paragraph (b), then 50 percent of the surplus shall be retained by the relief association and 50 percent of the surplus shall be transferred to the affiliated municipality.

(d) Any surplus retained by the relief association under paragraph (c) shall be allocated among all members eligible to share in the surplus in the same proportion that the present value of the accrued benefit for each eligible member bears to the total present value of the accrued benefits of all members eligible to share in the surplus, and each eligible member's benefit, as determined under subdivision 5, paragraph (a), clause (2), shall be increased by the member's share of the surplus. The board of trustees shall determine eligibility to share in the surplus, which may include any of the following, in addition to firefighters active as of the date on which members became 100 percent vested:

(1) inactive firefighters;

(2) former firefighters with a deferred benefit under the retirement plan; and

(3) retirees in pay status and any other firefighters who, within the last three years or such other number of years as determined by the board of trustees, separated from active service and (i) received their retirement benefit, or (ii) began to receive distribution of a retirement benefit in installments or as a monthly pension.

If the board of trustees decides to include the individuals described in clause (3) in the allocation of the surplus, the board of trustees shall modify the method for allocating the surplus to take into account such individuals.

(e) Any amount of surplus transferred to the affiliated municipality under this subdivision may only be used for the purposes described in section 424A.08, paragraph (a) or (b).

**Subd. 8. Immediate distribution of retirement benefits and payment of all other obligations.** (a) The board of trustees shall liquidate the assets of the special fund and pay retirement benefits and administrative expenses under the retirement plan within 210 days after the effective date of the termination of the retirement plan.

(b) If the retirement plan is a defined benefit plan that pays lump-sum benefits or a defined contribution plan, without regard to whether the member has attained age 50, each member and other benefit recipient shall be permitted to elect an immediate distribution or a direct rollover of the member's benefit to an eligible retirement plan as permitted under section 356.635, subdivisions 3 to 7, if the benefit is an eligible rollover distribution as defined in section 356.635, subdivisions 4 and 5.

(c) If the retirement plan is a defined benefit plan that pays monthly pension benefits, the board of trustees shall, at the election of the member or other benefit recipient, purchase an annuity contract under section 424A.015, subdivision 3, naming the member or other benefit recipient, as applicable, as the insured or distribute a lump sum amount that is equal to the present value of the monthly pension benefits to which the member or other benefit recipient is entitled. If an annuity is elected by the member or other benefit recipient, the annuity shall provide for commencement at a date elected by the insured, to be paid as an annuity for the life of the insured. Legal title to the annuity contract shall be transferred to the insured. If a lump sum is elected, the option under paragraph (b) to take an immediate distribution or a direct rollover shall apply.

(d) The board of trustees shall complete the distribution of all assets of the special fund by making any remaining distributions or transfers as required under subdivision 9 on behalf of members or other benefit recipients who cannot be located or are unresponsive and paying any remaining administrative expenses related to the termination of the plan.

**Subd. 9. Missing members.** (a) For purposes of this subdivision, the terms defined in this subdivision have the meanings given them.

(b) "Retirement benefit" means:

(1) the member's account balance if the retirement plan is a defined contribution plan;

(2) the member's lump sum benefit if the retirement plan is a defined benefit plan that pays a lump sum;

or

(3) an amount equal to the present value of the member's benefit if the retirement plan is a defined benefit plan that pays a monthly annuity.

(c) "Individual retirement account" means an account that satisfies the requirements of section 408(a) of the Internal Revenue Code which is established by an officer of the relief association in the name of the member or other benefit recipient at a federally insured financial institution.

(d) If the board of trustees cannot locate a member or other benefit recipient or receives no response to an offer to distribute a retirement benefit, the board of trustees shall make a diligent effort to obtain a current address or other contact information as follows:

(1) send a notice to the address on file for the member or other benefit recipient using certified mail;

(2) check with the Minnesota State Fire Department Association, the municipality, and any other employer of the member;

(3) check with the member's designated beneficiary on file with the relief association; and

(4) use one or more of the Internet search tools that are free of charge.

(e) If the board of trustees is unable to locate the member or other benefit recipient after taking actions described in paragraph (d), the board of trustees shall transfer the retirement benefit to an individual retirement account or consider the retirement benefit abandoned and deposit funds in the amount of the retirement benefit with the commissioner of commerce under chapter 345. The board of trustees may deposit a retirement benefit with the commissioner of commerce under chapter 345, notwithstanding any laws to the contrary, including Minnesota Statutes, section 345.381.

Subd. 10. **Supplemental benefits.** Within 60 days after the distribution of benefits under subdivision 8, the municipality or independent nonprofit firefighting corporation with which the fire department is affiliated shall pay supplemental benefits under section 424A.10 to each member and survivor who satisfies the requirements of section 424A.10, subdivision 2, if the member is at least age 50. (b) A conversion consists of:

(1) termination of the defined benefit plan;

(2) establishment of a defined contribution plan; and

(3) transfer and allocation of the assets of the defined benefit plan to accounts under the defined contribution plan.

Subd. 4. **Benefit increase.** (a) If the relief association has a surplus as of the end of the relief association's most recent fiscal year before the conversion effective date, the board of trustees may approve a resolution that increases the lump-sum benefit or monthly pension amount or both the lump sum and monthly pension amount, if the relief association offers both, and amends the relief association bylaws without the consent of the affiliated municipality or firefighting corporation, notwithstanding section 424A.02, subdivision 10. The resulting lump-sum benefit or monthly pension amount is not limited to the maximum lump-sum benefit or monthly pension amounts under section 424A.02, subdivision 3.

The resolution must state that the new lower benefit level will be considered approved by the board of trustees without further action by the board.

**Subd. 5. Determination of value of pension benefits and distribution to former members in pay status.** (a) The board of trustees shall determine the present value of each member's accrued benefit, taking into account the full vesting requirement under subdivision 2 and any increase in the lump-sum benefit or monthly pension amount approved under subdivision 4:

(b) If the retirement plan pays a monthly pension, the board of trustees shall determine the present value of the remaining payments to any former member or beneficiary who is receiving an annuity. Present value shall be determined by an actuary who meets the definition of approved actuary under section 356.215, subdivision 1, paragraph (c), retained by the relief association. The relief association shall offer the former member or beneficiary receiving the annuity:

(2) continued payments in the same monthly amount, under an annuity to be purchased by the board of trustees from a reputable insurance company licensed to do business in the state.

**Subd. 6. Allocation of surplus.** (a) If, as of the conversion effective date, the defined benefit plan has a surplus, the board of trustees shall allocate the surplus as follows:

(1) per capita method: each member's account will receive the same dollar amount;

(3) member and municipality sharing method under paragraph (b).

(b) The board of trustees may allocate the surplus using the member and municipality sharing method in accordance with this paragraph.

(1) For this purpose, "municipality" means "municipality" or "firefighting corporation," as applicable.

(2) If the fire department is operated by more than one municipality under a joint powers agreement:

(i) any consent by the municipality under this paragraph requires consent by each municipality that is party to the joint powers agreement;

(i) first, the municipality will receive a share of the surplus based on the ratio of the municipal contributions made to the defined benefit relief association over a specified period of years to the total of fire state aid paid and municipal contributions made to the defined benefit relief association over the same period; and

(ii) second, any remaining surplus will be allocated to accounts of members using the per capita or service-based method.

(4) The board of trustees may impose conditions on the use of the surplus by the municipality, as follows:

(i) all or a specified portion of the surplus must be contributed back to the defined contribution relief association over a specified number of future years for allocation to the accounts of members eligible for an allocation;

(ii) all or a specified portion of the surplus must be used by the municipality for the purposes described in section 424A.08, paragraph (a) or (b); or

(iii) all or a specified portion of the surplus must be used by the municipality to provide health insurance or other welfare benefits for the members.

(c) The board of trustees shall specify whether the surplus will be allocated only to members who are active firefighters as of the conversion effective date or whether the surplus will be allocated to all members, including members who are not active firefighters as of the conversion effective date.

Subd. 7. **Conversion without surplus.** If the relief association does not have a surplus as of the end of the relief association's most recent fiscal year before the conversion effective date, the board of trustees shall:

(1) obtain the consent of the municipality, of each municipality, if more than one municipality operates the fire department pursuant to a joint powers agreement, or of the firefighting corporation to the conversion and bylaws amendments under subdivision 2; and

(2) either:

(i) include with the resolutions of the board of trustees under subdivision 2 a resolution amending the relief association bylaws to decrease the lump-sum or monthly pension benefit level as necessary to reduce benefit liabilities until plan assets are sufficient to fund all benefit liabilities, taking into account full vesting under subdivision 2 and the payment of administrative expenses arising from the conversion; or

(ii) enter into an agreement with the municipality, each municipality, if more than one municipality operates the fire department pursuant to a joint powers agreement, or the firefighting corporation, as applicable, that requires the municipality, municipalities, or firefighting corporation, as applicable, to make a contribution in an amount sufficient to cover all benefit liabilities at the current benefit level, taking into account full vesting under subdivision 2 and the payment of administrative expenses arising from the conversion.

Subd. 8. **Notice to members.** The board of trustees shall provide notice to all members at least 90 days before the conversion effective date. The notice shall include:

(1) an explanation that the plan is converting from a defined benefit plan to a defined contribution plan and provide definitions for those terms, the reasons for the conversion, the conversion effective date, and the procedure to be followed, including fully vesting all members;

(2) a summary of the terms of the newly adopted defined contribution plan;

(3) information about any increase in the benefit level and whether the increase applies to all members or only active firefighters;

(4) a section tailored to each member that provides an estimate of the present value of the member's fully vested accrued benefit and the calculation that resulted in that value;

(5) an estimate of any anticipated surplus and an explanation of the disposition of the surplus, including, as applicable, a description of the method allocating the surplus among members' accounts and whether the municipality, each municipality, if more than one municipality operates the fire department pursuant to a joint powers agreement, or firefighting corporation will receive any of the surplus and any conditions on its use; and

(6) contact information for one or more members of the board of trustees who will answer questions and provide a copy of the new defined contribution plan document or a summary, if requested, or directions to a website for viewing and printing the plan document or summary.

Subd. 9. **Notice to municipality and state auditor.** The relief association shall provide notice to the municipality, each municipality, if more than one municipality operates the fire department pursuant to a joint powers agreement, or firefighting corporation affiliated with the relief association and the state auditor at the same time as the notice required under subdivision 8. The notice must include the information required under subdivision 8, except that the individualized information will be provided as a spreadsheet listing the name of each firefighter and the corresponding accrued benefit amount.

Subd. 10. **Implementation.** (a) A record-keeping account shall be established for each member under the defined contribution plan to which is recorded the value of the firefighter's fully vested accrued benefit as determined as of the conversion effective date and the amount of any surplus allocated to the firefighter's account.

(b) In no event may the value of a member's account in the defined contribution plan be less as of the day following the conversion effective date than the present value of the member's accrued benefit as of the day before the conversion effective date.
