

Subdivision 1. ~~No~~ When required by the dollar limitations provided by section 471.345, a contract for work or labor, or for the purchase of furniture, fixtures, or other property, or for the construction or repair of roads, bridges, or buildings, the estimated cost or value of which exceeds \$3,500, shall be made by a county board without first only after advertising for bids or proposals in some a qualified legal newspaper of the county. If, for the purchase of property or for work and labor, two weeks published notice that proposals will be received, stating the time and place, shall be given. If, for the construction or repair of roads, bridges, or buildings, three weeks published notice shall be given. The notice shall state the time and place of awarding the contract and contain a brief description of the work. Every such contract shall be awarded to the lowest responsible bidder and duly executed in writing, and the person to whom the same is awarded shall give a sufficient bond to the board for its faithful performance. If no satisfactory bid is received, the board may readvertise. An advertised standard requirement price contract for supplies or services established by competitive bids may contain an escalation clause and may provide for a negotiated price increase or decrease. The escalation or negotiated change shall be based upon a demonstrable industrywide or regional increase or decrease in the vendor's costs. Every contract made without compliance with the provisions of this section shall be void. In case of an emergency arising from the destruction or impassability of roads or bridges by floods, rain or snow, or other casualty, or from the breaking or damaging of any county property, where the public interests would suffer by delay, such contracts for purchase or repairs may be made without advertising for bids, but in such case the action of the board shall be recorded in its official proceedings.
