The responsibility for providing instruction and transportation for a non-handicapped pupil who has a short-term or temporary physical or emotional illness or disability, as determined by the standards of the state board, and who is temporarily placed for care and treatment for that illness or disability, shall be determined in the following manner:

(a) The school district of residence of the pupil shall be the district in which the pupil's parent or guardian resides or the district designated by the commissioner of education if neither parent nor guardian is living within the state.

(b) Prior to the placement of a pupil for care and treatment, the district of residence shall be notified and provided an opportunity to participate in the placement decision. When an immediate emergency placement is necessary and time does not permit resident district participation in the placement decision, the district in which the pupil is temporarily placed, if different from the district of residence, shall notify the district of residence of the emergency placement within 15 days of the placement.

(c) When a non-handicapped pupil is temporarily placed for care and treatment in a day program and the pupil continues to live within the district of residence during the care and treatment, the district of residence shall provide instruction and necessary transportation for the pupil. (d) When a non-handicapped pupil is temporarily placed in a residential program for care and treatment, the district in which the pupil is placed shall provide instruction for the pupil and necessary transportation within that district while the pupil is receiving instruction, and in the case of a placement outside of the district of residence, the nonresident district shall bill the district of residence for the actual cost of providing the instruction, excluding transportation costs.

(e) The district of residence shall receive foundation aid for the pupil and pay tuition and other instructional costs, excluding transportation costs, to the district providing the instruction. Transportation costs shall be paid by the district providing the transportation and the state shall pay transportation aid to that district. For purposes of computing state transportation aid, pupils governed by this subdivision shall be included in the handicapped transportation category.

Sec. 5. Minnesota Statutes 1981 Supplement, Section 124.2124, Subdivision 1, is amended as follows:

Subdivision 1. REPLACEMENT COMPONENTS. (a) A district's "fluctuating enrollment replacement component" shall equal the amount of additional foundation aid or basic maintenance levy revenue the district would have received for the 1980-1981 school year if declining or growing enrollment pupil units had been used in the computation of basic foundation aid for 1980-1981 pursuant to Minnesota Statutes 1980, Section 124.212, Subdivision 7c, Clause (1) or of the 1979 basic maintenance levy limitation pursuant to Minnesota Statutes, 1979 Supplement, Section 275.125, Subdivision 2b or 2c.

Changes or additions are indicated by underline, deletions by strikeout.
(b) (c) A district's "sparsity replacement component" shall equal the amount of additional aid the district would have received for the 1980-1981 school year if Minnesota Statutes, 1979 Supplement, Section 124.224 had been effective for 1980-1981.

(d) (e) A district's "basic replacement entitlement" shall equal the sum of (i) the greater of (1) its fluctuating enrollment replacement component, or (ii) its recomputed fluctuating enrollment replacement component, and (2) its sparsity replacement component, divided by its total pupil units in 1980-1981.

(e) (f) "Replacement inflator" for any school year means the ratio of the foundation aid formula allowance for that school year to $1,265. For the 1981-1982 school year, however, the replacement inflator shall equal 107 percent.

(f) (g) A district's "replacement allowance" for each school year shall equal its basic replacement entitlement times the replacement inflator for that school year.

Subdivision 1. DISCRETIONARY ALLOWANCE; DEFINITION.
"Discretionary allowance" means the amount of revenue per pupil unit used to compute discretionary aid for a particular school year and the discretionary levy for use in that school year. The discretionary allowance shall equal the formula allowance for the school year times the ratio of the discretionary mill rate to the basic maintenance mill rate for levies for use in that school year, rounded to the nearest cent. However, the discretionary allowance for the 1981-1982 school year shall equal $64.48, and the discretionary allowance for the 1982-1983 school year shall equal $138.52 be computed as though the formula allowance were $1,416.

additional amount which shall not exceed the lesser of (a) an amount equal to the
discretionary mill rate times the district’s adjusted assessed valuation for the
preceding year or (b) the product obtained by multiplying the applicable discre-

... Yes proposed by the Board of ............... School
... No District No. ........ be approved?

(e) The approval of a majority of those voting on the question is required to pass the referendum.

(f) If a petition is not received or if the proposed levy or increase is approved at a referendum, the district may levy the amount provided by the

If a proposed first time levy is not approved, except as provided in clause (3), the district may not levy pursuant to this subdivision in the year when the referendum is held and shall be required to comply with the provisions of clause (5) before levying pursuant to this subdivision in a subsequent year. If a proposed increase is not approved, the district may levy an amount not to exceed the amount provided by the largest number of EARC mills the district was previously levied by the district authorized to levy pursuant to this subdivision, applied to the preceding year’s adjusted assessed valuation.

(c) On July 15, 1982 and on July 15 in subsequent years, an amount equal to the increase derived by increasing the amount determined by clause (3)(b) in the same proportion as the increase in the steel mill products index over the base year of 1977 as provided in section 298.24, subdivision 1, clause (a), shall be distributed to any school district described in clause (3)(b) where a levy increase pursuant to section 275.125, subdivision 2d, is authorized by referendum, according to the following formula. Each district shall receive the product of:

(i) $150 times the pupil units identified in section 124.17, subdivision 1, clauses (1) and (2), enrolled in the previous school year, less the product of two mills times the district's taxable valuation in the second previous year; times

(ii) the lesser of:

(A) one, or

If the total amount provided by clause (3)(c) is insufficient to make the payments herein required then the entitlement of $150 per pupil unit shall be reduced uniformly so as not to exceed the funds available. Any amounts received by a qualifying school district in any fiscal year pursuant to clause (3)(c) shall not be applied to reduce foundation aids which the district is entitled to receive pursuant to section 124.212 or the permissible levies of the district. Any amount remaining after the payments provided in this paragraph shall be paid to the commissioner of finance who shall deposit the same in the taconite environmental protection fund and the northeast Minnesota economic protection fund as provided in section 298.28, subdivision 1, clause 10.

any amount which is to be distributed pursuant to part (b). The commissioner shall follow the apportionment formula prescribed in clause (1).

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, one cent per taxable ton of the tax distributed to the counties pursuant to part (a) and imposed on and collected from such taxpayer shall be distributed by the commissioner of revenue to the county in which the power plant is located.

(c) Four cents per taxable ton shall be paid to the county from which the taconite was mined, quarried or concentrated to be deposited in the county road and bridge fund. If the mining, quarrying and concentrating, or separate steps in any of those processes are carried on in more than one county, the commissioner shall follow the apportionment formula prescribed in clause (1).

(5) (a) 25.75 cents per taxable ton, less any amount required to be distributed under part (b), to the taconite property tax relief account in the apportionment fund in the state treasury, to be distributed as provided in sections 273.134 to 273.136.

(b) If an electric power plant owned by and providing the primary source of power for a taxpayer mining and concentrating taconite is located in a county other than the county in which the mining and the concentrating processes are conducted, .75 cent per taxable ton of the tax imposed and collected from such taxpayer shall be distributed by the commissioner of revenue to the county and school district in which the power plant is located as follows: 25 percent to the county and 75 percent to the school district.

(6) One cent per taxable ton to the state for the cost of administering the tax imposed by section 298.24.

(7) Three cents per taxable ton shall be deposited in the state treasury to the credit of the iron range resources and rehabilitation board account in the special revenue fund for the purposes of section 298.22. The amount determined in this clause shall be increased in 1981 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1. The amount distributed pursuant to this clause shall be expended within or for the benefit of a tax relief area defined in section 273.134. No part of the fund provided in this clause may be used to provide loans for the operation of private business unless the loan is approved by the governor and the legislative advisory commission.

(8) .20 cent per taxable ton shall be paid in 1979 and each year thereafter, to the range association of municipalities and schools, for the purpose of providing an area wide approach to problems which demand coordinated and cooperative actions and which are common to those areas of northeast Minnesota

affected by operations involved in mining iron ore and taconite and producing concentrate therefrom, and for the purpose of promoting the general welfare and economic development of the cities, towns and school districts within the iron range area of northeast Minnesota.

(9) the amounts determined under clauses (4)(a), (4)(c), and (5) shall be increased in 1979 and subsequent years in the same proportion as the increase in the steel mill products index as provided in section 298.24, subdivision 1.

(10) the proceeds of the tax imposed by section 298.24 which remain after the distributions in clauses (1) to (9) and parts (a) and (b) of this clause have been made shall be divided between the taconite environmental protection fund created in section 298.223 and the northeast Minnesota economic protection fund created in section 298.292 as follows: In 1981 and each year thereafter, two-thirds to the taconite environmental protection fund and one-third to the northeast Minnesota economic protection fund. The proceeds shall be placed in the respective special accounts in the general fund.

(a) In 1978 and each year thereafter, there shall be distributed to each city, town, school district, and county the amount that they received under section 294.26 in calendar year 1977.

(b) In 1978 and each year thereafter, there shall be distributed to the iron range resources and rehabilitation board the amounts it received in 1977 under section 298.22.

On or before October 10 of each calendar year each producer of taconite or iron sulphides subject to taxation under section 298.24 (hereinafter called "taxpayer") shall file with the commissioner of revenue and with the county auditor of each county in which such taxpayer operates, and with the chief clerical officer of each school district, city or town which is entitled to participate in the distribution of the tax, an estimate of the amount of tax which would be payable by such taxpayer under said law for such calendar year; provided such estimate shall be in an amount not less than the amount due on the mining and production of concentrates up to September 30 of said year plus the amount becoming due because of probable production between September 30 and December 31 of said year, less any credit allowable as hereinafter provided. Such estimate shall list the taxing districts entitled to participate in the distribution of such tax, and the amount of the estimated tax which would be distributable to each such district in the next ensuing calendar year on the basis of the last percentage distribution certified by the commissioner of revenue. If there be no such prior certification, the taxpayer shall set forth its estimate of the proper distribution of such tax under the law, which estimate may be corrected by the commissioner if he deems it improper, notice of such correction being given by him to the taxpayer and the public officers receiving such estimate. The officers with whom such report is so filed shall use the amount so indicated as being distributable to each taxing district in computing the permissible tax levy of such
county, city or school district in the year in which such estimate is made, and payable in the next ensuing calendar year, except that in 1978 and 1979 two cents per taxable ton, and in 1980 and thereafter, one cent per taxable ton of the amount distributed under clause (4)(c) shall not be deducted in calculating the permissible levy. Such taxpayer shall then pay, at the times payments are required to be made pursuant to section 298.27, as the amount of tax payable under section 298.24, the greater of (a) the amount shown by such estimate, or (b) the amount due under said section as finally determined by the commissioner of revenue pursuant to law. If, as a result of the payment of the amount of such estimate, the taxpayer has paid in any calendar year an amount of tax in excess of the amount due in such year under section 298.24, after application of credits for any excess payments made in previous years, all as determined by the commissioner of revenue, the taxpayer shall be given credit for such excess amount against any taxes which, under said section, may become due from the taxpayer in subsequent years. In any calendar year in which a general property tax levy subject to sections 275.125 or 275.50 to 275.59 has been made, if the taxes distributable to any such county, city or school district are greater than the amount estimated to be paid to any such county, city or school district in such year, the excess of such distribution shall be held in a special fund by the county, city or school district and shall not be expended until the succeeding calendar year, and shall be included in computing the permissible levies under sections 275.125 or 275.50 to 275.59, of such county, city or school district payable in such year. If the amounts distributable to any such county, city or school district, after final determination by the commissioner of revenue under this section are less than the amounts indicated by such estimates, such county, city or school district may issue certificates of indebtedness in the amount of the shortage, and may include in its next tax levy, in excess of the limitations of sections 275.125 or 275.50 to 275.59 an amount sufficient to pay such certificates of indebtedness and interest thereon, or, if no certificates were issued, an amount equal to such shortage.

There is hereby annually appropriated to such taxing districts as are stated herein, to the taconite property tax relief account and to the taconite municipal aid account in the apportionment fund in the state treasury, to the department of revenue, to the iron range resources and rehabilitation board, to the range association of municipalities and schools, to the taconite environmental protection fund, and to the northeast Minnesota economic protection fund, from any fund or account in the state treasury to which the money was credited, an amount sufficient to make the payment or transfer. The payment of the amount appropriated to such taxing districts shall be made by the commissioner of revenue on or before May 15 annually.

124.2128, Subdivision 1, shall be computed as though the basic maintenance mill rate for tax levies attributable to each of those school years were .023.

Sec. 17. STATUTORY OPERATING DEBT EXCEPTION, 1983.

Notwithstanding Minnesota Statutes 1980, Sections 121.914, Subdivision 2, and 121.917, for the purpose of determining school district expenditure limitations for fiscal year 1983, statutory operating debt shall be defined as operating debt that exceeds five percent of the district's expenditure amount for fiscal year 1983 for the funds considered under Minnesota Statutes 1980, Section 121.914, Subdivision 1. A district in which the net negative unappropriated fund balance in the operating funds, exclusive of the statutory operating debt account, as of June 30, 1983 is less than five percent of the district's unappropriated operating fund expenditures for fiscal year 1983 shall not be considered to have exceeded its expenditure limits and shall not be required to submit the special operating plan required by Minnesota Statutes 1980, Section 121.917, Subdivision 4. This section shall not be construed as altering statutory operating debt for fiscal years other than fiscal year 1983, or as altering the computation of the levies authorized in Minnesota Statutes 1980, Section 275.125, Subdivision 9a, or Laws 1976, Chapter 20, Subdivision 4.

Subd. 1a. WEIGHTING FACTORS. For each school year, in computing transportation aid, the department of education shall establish as needed the pupil weighting factors for each transportation category for each region district using transportation cost data for the second prior school year. The department shall use the statewide pupil weighting factor for any transportation category for which a region district had no experience during the second prior school year.

Subd. 3. FORMULA. For each school year, the state shall pay to each school district for all pupil transportation and related services for which the district is authorized by law to receive state aid an amount determined according to this section. A multiple regression formula shall be determined through stepwise The department of education shall conduct multiple regression analysis for each region by the department of education, using the terms specified in subdivision 4a, to maximize the amount of variance accounted for between the total actual authorized cost per weighted FTE for the second preceding school year and the total authorized predicted cost per weighted FTE for the second preceding school year. This formula shall be used to predict the base cost for each district. The formula determined for each region shall be derived based upon the regression analysis, but excluding the factors described in subdivision 4a, except that in the 1982-1983 school year, these clauses shall not be excluded. Changes or additions are indicated by underline, deletions by strikeout.
(6) The number of authorized FTE's transported by the district in the between schools transportation category as a percentage of the total number of authorized FTE's transported by the district;

(7) The number of authorized FTE's transported by the district in the shared time regular transportation category as a percentage of the total number of authorized FTE's transported by the district;

(8) The number of authorized FTE's transported by the district in the secondary vocational center transportation category as a percentage of the total number of authorized FTE's transported by the district;

(13) The percentage of the district's square mile area which is classified by the commissioner of energy, planning and development as water covered or marshland, or extractive;

(14) The number of 40 acre parcels of land in the district which are contiguous to or intersected by unpaved roads, as a percentage of the number of 40 acre parcels of land in the district which are contiguous to or intersected by any roads, paved or unpaved. Subd. 6. INFLATION FACTORS. The total authorized predicted cost per weighted FTE determined for a district under subdivision 3 for 1979-1980 shall be increased by 26 percent. The total authorized predicted cost per weighted FTE determined for a district under subdivision 3 for 1980-1981 shall be increased by 22 percent.

(a) If the predicted base cost exceeds the base cost, the predicted base cost shall be decreased by 50 percent of the first $40 of difference between the base cost and the predicted base cost; 70 percent of the next $40 of difference; and 90 percent of any difference which exceeds $80, to determine the adjusted authorized predicted cost per FTE.

(b) If the predicted base cost is less than the base cost, the predicted base cost shall be increased by 50 percent of the first $40 of difference between the base cost and the predicted base cost; 70 percent of the next $40 of difference; and 90 percent of any difference which exceeds $80, to determine the adjusted authorized predicted cost per FTE.

Subd. 7b. INFLATION FACTORS. The adjusted authorized predicted cost per FTE determined for a district under subdivision 7a for the base year shall be increased by 22 percent to determine the district's aid entitlement per FTE for the 1982-1983 school year.

Subd. 8a. AID. A district's transportation aid shall be equal to the sum of its basic transportation aid pursuant to subdivision 8b, its excess handicapped transportation aid pursuant to subdivision 8c, its handicapped board and lodging aid pursuant to subdivision 8d, its to and from board and lodging aid pursuant to subdivision 8e, its nonpublic support services transportation aid pursuant to subdivision 8f, its during-day transportation aid pursuant to subdivision 8g, and its closed-school transportation aid pursuant to subdivision 8h, minus the amount raised by two mills times the adjusted assessed valuation which is used to compute the transportation levy limitation for the levy attributable to that school year. A district may levy less than two mills. Transportation aid shall be computed as if the district had levied two mills. If the total appropriation for transportation aid in any fiscal year after 1982 is insufficient to pay all districts the full amount of aid earned, the department of education shall reduce each district's aid in proportion to the number of resident pupils in average daily membership in the district to the state total average daily membership, and shall reduce the aid entitlement of off-formula districts in the same proportion. Aid for the 1982-1983 and 1983-1984 school years shall be reduced by the following amount: the product of

(a) the number of nonhandicapped secondary pupils transported in the base year who live between one and two miles from the public school which they could attend or the nonpublic school actually attended, times

(b) 1.5, divided by the average distance to school for all FTE's transported in the district in the regular transportation category in the base year, times

Subd. 5a. SUMMER PROGRAMS. A district may provide summer programs for handicapped children living within the district and nonresident children temporarily placed in the district pursuant to subdivisions 6 or 7. Prior to March 31 or 30 days after the handicapped child is placed in the district, whichever is later, the providing district shall give notice to the district of residence of any nonresident children temporarily placed in the district pursuant to subdivisions 6 or 7, of its intention to provide these programs. Notwithstanding any contrary provisions in subdivisions 6 and 7, the school district providing the special instruction and services shall apply for special education aid for the summer program. For the purposes of computing the summer school revenue allowance as provided in section 124.20 7 of this article, pupils enrolled in these programs shall be counted by the district of residence and not by the district providing the programs. The unreimbursed actual cost of providing the program for nonresident handicapped children, including the cost of board and lodging, may be billed to the district of the child's residence and shall be paid by the resident district. Transportation costs shall be paid by the district responsible for providing transportation pursuant to subdivision 6 or 7 and transportation aid shall be paid to that district.

(b) When a child is temporarily placed for care and treatment in a day program located in another district and the child continues to live within the district of residence during the care and treatment, the district of residence is responsible for providing transportation and an appropriate educational program for the child. The district may provide the educational program at a school within the district of residence, at the child's residence, or in the district in which the day treatment center is located by paying tuition to that district.

(c) When a child is temporarily placed in a residential program for care and treatment, the nonresident district in which the child is placed is responsible for providing transportation and an appropriate educational program for the child and necessary transportation within the district while the child is attending the educational program; and shall bill the district of the child's residence for the actual cost of providing the program, as outlined in subdivision 4, except that the board, lodging, and treatment costs incurred in behalf of a handicapped child placed outside of the school district of his residence by the commissioner of public welfare or the commissioner of corrections or their agents, for reasons other than for making provision for his special educational needs shall not become the responsibility of either the district providing the instruction or the district of the child's residence.

(d) The district of residence shall pay tuition and other program costs, not including transportation costs, to the district providing the instruction and services. The district of residence may claim foundation aid for the child as provided by law. Transportation costs shall be paid by the district responsible for providing the transportation and the state shall pay transportation aid to that district.
