SUSPENDED BANKS.

In my last report under this head it was shown that the amount of state funds in banks suspended since Jan. 7, 1895, when I assumed this office, was \$294,558.25. The amount that had been recovered was \$231,346.54, leaving a balance at that time of \$63,211.71. Of this amount there has been collected during this year \$52,546.69, leaving a balance at the close of fiscal year of \$10,665.02, all of which will be recovered into the state treasury.

STATE DEBT.

The total debt of the state on Aug. 1, 1894, was as follows:

INVESTMENTS.

In compliance with a resolution of the committee on public accounts and expenditures, adopted by the house of representatives, I have to report that all coupon bonds held by the permanent funds of the state that could be converted into registered bonds have been so registered, and that changes have been made in such investments complying with said resolution.

During the past six months it has been extremely difficult to invest the permanent school and university funds in bonds that are first-class, in compliance with existing laws, and great injury and loss may befall the state if conditions do not change. Large amounts are accumulating in these funds, notwithstanding the board of investment is very liberal in making loans to counties, townships, villages and school districts. I therefore respectfully recommend that such changes be made in the laws as may be deemed wise by your honorable body.

REFORM SCHOOL LOTS.

The state auditor in his last report to your honorable body (Report 1895 and 1896, pages 49 and 50) called attention to the fact that the receipts from the sales of "Reform School Lots," and the interest from the same, would be inadequate to meet the payments which would become due on loans made by the board of managers. This condition now exists: In July, 1898, there became due interest on \$115,000.00, at the rate of six per cent—\$6,900.00. The fund on hand and available for that purpose was \$2,599.14, leaving a short-

age of \$4,400.86, the total receipts from interest only amounting to \$442.74. It is my firm belief that the lots sold and which are unpaid for will revert to the state. I therefore fully concur with the auditor's recommendation, that the state should provide for the payment of this debt, and I hope that your honorable body will take such action so as to protect the credit of the state.

SUGAR BEET SEED.

Chapter 146 of the General Laws of 1897, directed the state treasurer to expend the sum of \$5,000 in the purchase of sugar beet seed. Under said law I purchased one car load, containing 27,571 pounds, at a total cost of \$2,750.67. During the season of 1897 the sale of the seed amounted to 2,232 pounds. One hundred and sixty orders were filled. I expected larger sales in 1898, but have been disappointed, as only 585 pounds, on 54 orders, were sold, leaving 24,663 pounds of seed on hand. This seed is in good condition, stored in the seed house of Northrup, King & Co., Minneapolis. I would recommend that this seed be disposed of in some manner, and I know of no better way than to distribute the same to the farmers of this state, free of charge.
