

## CHAPTER 433—H. F. No. 546.

*An Act to regulate the shipment of cream on all railroads within the state.*

Be it enacted by the Legislature of the State of Minnesota:

**Section 1. Shipment of cream except in refrigerator car, for a distance of over 65 miles, prohibited.**—The shipment of cream for a distance of more than sixty-five (65) miles, over any railroad line in this state, except when such shipment is made in a refrigerator car, which car shall be kept at all times effectively iced and in a thoroughly sanitary condition, unless said cream shall have previously undergone an effective process of pasteurization, is hereby prohibited.

**Sec. 2. Agent or railroad company liable to fine for misstatement, or for violating provisions of above section.**—Any agent or any railroad company who shall ship or receive for shipment any cream except as provided in Section 1 of this act, or any person who shall make any false statement or make or offer any certificate containing any false statement or make or offer any certificate containing any false statement in regard to the pasteurization of cream with the intent to secure shipment of said cream, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not less than fifteen (15) dollars nor more than seventy-five (75) dollars, and the shipment of each lot of cream prohibited by Section 1 of this act shall constitute a separate offense.

**Sec. 3.** This act shall take effect and be in force from and after June 1st, 1913.

Approved April 22, 1913.

CHAPTER 434—S. F. No. 201.

*An Act to provide for the control of tuberculosis.*

Be it enacted by the Legislature of the State of Minnesota:

**Section 1. Reports on tuberculosis cases to be made to state board of health.**—Every physician in the state of Minnesota shall report to the state board of health on blanks furnished by said board for that purpose, full particulars as to every person under his treatment for tuberculosis, within one week after the diagnosis of the disease, except that physicians in cities and villages where they are required by ordinance or sanitary regulation to report tuberculosis to the local board of health, will not be required to report such cases directly to the state board of health, but the local health officer shall make returns of all such cases reported to him to the state board of health once a month on blanks furnished for that purpose by said board.
