CHAPTER 36—S. F. No. 332

An act to amend Section 5446, General Statutes 1923, relating to permits to administer hog cholera virus, and prohibiting the use or administration of virulent blood or hog cholera virus unless permit therefor is issued by the State Live Stock Sanitary Board.

Be it enacted by the Legislature of the State of Minnesota :

Section 1. Must have permits to administer virus.—That section 5446, General Statutes 1923, be and the same hereby is amended so to read as follows:

"5446. No person shall use or administer virulent blood or hog cholera virus within this state unless he shall have been granted a permit by the board authorizing him to use or administer the same. Such permits shall be in writing and shall be issued only to such persons as in the opinion of the board are qualified to administer the same and shall only be used or administered in infected territory. The area within a radius of six miles from premises whereon hog cholera exists, or has existed within the preceding twelve months, shall constitute infected territory. Qualified licensed veterinarians may administer virulent blood or hog cholera virus in non-infected territory upon receipt of a special permit to administer the same to hogs on an individual farm. All permits shall require the holders thereof to comply with all quarantine regulations of the board and may be cancelled by the board upon it appearing that the holder thereof is no longer a proper person to administer such virulent blood or hog cholera virus."

Approved February 23, 1929.
