The regents of the University of Minnesota are authorized to make applications for the maximum federal share for each project. In the event the amount of federal funds obtained for these projects exceeds the amount anticipated in the above appropriation, the regents of the University shall reduce the state share for individual projects and credit such reduction in state appropriation to the Minnesota state building bond account.

Sec. 9. Subdivision 1. To the state auditor to be expended for the purposes and in accordance with the provisions of this act

Subd. 2. Expenses incidental to the sale, printing, execution, and delivery of the bonds authorized by this act, including, but without limitation, actual and necessary travel and subsistence expenses of state officers and employees for such purposes, not to exceed 80,000

Sec. 10. Lands or sites for public buildings or real estate, the acquisition of which is included in the appropriations made by this act, may be acquired by gift, purchase, or condemnation proceedings by the regents of the University of Minnesota in the case of lands for the University and by the commissioner of administration in case of other lands. Condemnation proceedings shall be pursuant to Minnesota Statutes, Chapter 117.

Sec. 11. Subdivision 1. Upon the awarding of final contracts for the completion of any projects enumerated in section 2, the commissioner of administration may transfer any unexpended funds in said project account to any other project therein enumerated.

Subd. 2. Upon the awarding of final contracts for the completion of any projects enumerated in section 8, the regents of the University of Minnesota may transfer any unexpended funds in said

project account to any other project therein enumerated.

Subd. 3. The moneys which may be transferred pursuant to this section are hereby appropriated for the purposes for which transferred.

Subd. 4. The commissioner of administration, and the University of Minnesota shall report to the legislative building commission on any transfer of funds made pursuant to this section.

Sec. 12. There is appropriated to the commissioner of administration from the Minnesota state building fund the sum of \$150,000 which may be expended by him for the administration of the building program covered by this appropriation, including the employment of personnel. The commissioner may expend these funds for microfilming of plans of all state buildings.

Sec. 13. There is appropriated to the commissioner of administration from the Minnesota state building fund the sum of \$250,000 which may be expended for plans, studies and surveys, and for the alterations, betterments, construction, reconstruction, improvements or rehabilitation of any state-owned building or structure, if it appears to the commissioner that such an expenditure is necessary in the public interest in order to avoid injury or damage to persons or property and funds have not been otherwise appropriated for such purposes. The commissioner, however, shall not authorize any expenditures from such appropriation until he has first consulted with the legislative building commission and such commission has made its recommendations thereon. Such recommendations shall be advisory only. Failure or refusal of the commission to make a recommendation promptly shall be deemed a negative recommendation.

Sec. 14. There is appropriated to the commissioner of administration from the Minnesota state building fund the sum of \$250,000 which may be expended for the purpose of preparing preliminary plans, or other documentation that may be required, for assistance in obtaining non-state participation in future building projects when no specific legislative authorization for such projects exists. The commissioner, however, shall not authorize any expenditures from such appropriation until he has first consulted the legislative building commission and such commission has made its recommendations thereon. Such recommendations shall be advisory only. Failure or refusal of the commission to make a recommendation promptly shall be deemed a negative recommendation.

Sec. 15. There is appropriated to the commissioner of ad-

ministration from the Minnesota state building fund the sum of \$18,000,000 for a higher education facilities contingent account. The commissioner may transfer these funds when the amount of the federal share for a project is less than the amount anticipated or if it appears that the total cost of constructing and equipping an entire project will exceed the total cost authorized notwithstanding limitations on state funds appropriated therefor.

The commissioner may transfer these funds to the building accounts projects authorized in sections 3, 4, and 8 (except, section 8, subdivision 2, (11) for a health science facility at the Minneapolis campus) and to the building accounts of projects authorized by Laws 1967, Extra Session, Chapter 8, Sections 3, 5, and 9 and for the project to remodel McLean Hall at Moorhead state college as approved by Laws 1967, Extra Session, Chapter 13, Section 2, Subdivision 30 (3). Moneys transferred are hereby reappropriated for such purposes. All transfers authorized by this section shall be made only after the commissioner has consulted with the legislative building commission and such commission has made its recommendation thereon. Such recommendation shall be advisory only. Failure or refusal to make a recommendation promptly shall be deemed a negative recommendation. Funds for the transfer of moneys to a project under the authority of the University of Minnesota are hereby reappropriated to the board of regents to carry out the purpose of the transfer.

Sec. 16. Minnesota state building bond issue and appropriation.

For the purpose of providing the moneys appropriated by this act to the state agencies herein designated, for the acquisition and betterment of the public lands and buildings and other public improvements of a capital nature herein designated, the state auditor is authorized upon request of the governor to sell and issue Minnesota state building bonds in the amount of \$139,990,000 in the manner and upon the terms and conditions prescribed by Minnesota Statutes, Sections 6.30 and 6.31 and by the Constitution, Article IX, Section 6. The proceeds of such bonds, other than accrued interest and premium, are appropriated and shall be credited to the Minnesota state building fund.

Sec. 17. Minnesota state building bond account; appropriation.

In order to reduce the amount of taxes otherwise required by the Constitution, Article IX, Section 6, Subdivision 4, to be levied for the payment of interest and principal on the bonds authorized in

Changes or additions indicated by *italics*, deletions by ~~strikeout~~.

Section 16 of this act, there is hereby appropriated annually to the Minnesota state building bond account in the state bond fund from the general fund in the state treasury a sum of money sufficient in amount, when added to the balance on hand on November 1 in each year in said Minnesota state building bond account, to pay all principal and interest due and to become due on said bonds within the then ensuing year and to and including July 1 in the second ensuing year. The moneys received and on hand pursuant to the appropriation annually made by this section are available in the state bond fund prior to the levy of the tax in any year required by the Constitution, Article IX, Section 6, Subdivision 4, and shall be used to reduce the amount of the tax otherwise required to be levied.

Sec. 18. [16.251] Where an amount is payable to a creditor of the state from a project account which is financed partly with federal funds and such project is one included in appropriations now or hereafter made to the commissioner of administration for public buildings and equipment therefor and such amount cannot be timely paid because of a deficiency of money in such project account caused by a delay in the receipt of federal funds, the commissioner may provide such money as is needed to pay the amount by temporarily transferring such sum from any other appropriation made to him in the same act as contains the project account wherein the deficiency has occurred. Such moneys as are required therefor are hereby appropriated for such purpose. When the delayed federal funds are received the commissioner shall cause the amount of money transferred to be returned to the account from whence it came.

Sec. 19. In the case of appropriations made for construction or other permanent improvement, including acquisition of real estate, equipment, rehabilitation, appurtenances or utility systems, which appropriations do not lapse until the purposes for which the appropriations were made shall have been accomplished or abandoned, the commissioner of administration may dispense with periodic allotment and shall prescribe such regulations as will insure proper application and encumbrance of funds.

Sec. 20. If moneys are appropriated during the same or different sessions of the legislature for the same or related projects, which appropriations do not lapse until the purposes for which the appropriations were made shall have been accomplished or abandoned, the state auditor shall, upon the certification of the commissioner of administration as to the accounts involved, make such transfers of appropriations as will place in one account all of the moneys appropriated for the same or related projects.

Changes or additions indicated by *italics*, deletions by ~~strikeout~~.

Sec. 21. The commissioner of administration is authorized to negotiate the acquisition of facilities owned by Northwestern college for use by Metropolitan state junior college, with the provision that the city of Minneapolis and/or Hennepin county shall acquire the land in the Northwestern college site and deed to the state of Minnesota, and that the city of Minneapolis and the state junior college board shall have made an agreement whereby facilities in Loring park and the parade grounds shall be made available to Metropolitan state junior college for physical education.

Sec. 22. All contracts entered into and expenditures incurred, the amounts of which are paid from (a) appropriations made available by Extra Session Laws 1967, Chapter 8, Section 8, Subdivision 1 (2) and 2 and from moneys provided from other accounts in the state treasury to supplement such appropriations, and (b) the appropriation made available by Extra Session Laws 1967, Chapter 13, Section 2, Subdivision 34 (3) are hereby ratified and confirmed.

Sec. 23. This act is in effect from and after its final enactment.

Approved June 9, 1969.
