Sec. 29. Minnesota Statutes 2016, section 216C.436, subdivision 7, is amended to read:
 Subd. 7. Repayment. An implementing entity that finances an energy improvement
 under this section must:

10.4 (1) secure payment with a lien against the qualifying commercial real property; and

(2) collect repayments as a special assessment as provided for in section 429.101 or by
charter, provided that special assessments may be made payable in up to 20 equal annual
installments.

If the implementing entity is an authority, the local government that authorized the
authority to act as implementing entity shall impose and collect special assessments necessary
to pay debt service on bonds issued by the implementing entity under subdivision 8, and
shall transfer all collections of the assessments upon receipt to the authority.

10.12 Sec. 30. Minnesota Statutes 2016, section 216C.436, subdivision 8, is amended to read:

Subd. 8. Bond issuance; repayment. (a) An implementing entity may issue revenue
bonds as provided in chapter 475 for the purposes of this section and section 216C.437,
provided the revenue bond must not be payable more than 20 years from the date of issuance.

(b) The bonds must be payable as to both principal and interest solely from the revenues
from the assessments established in subdivision 7 and section 216C.437, subdivision 28.

(c) No holder of bonds issued under this subdivision may compel any exercise of the
taxing power of the implementing entity that issued the bonds to pay principal or interest
on the bonds, and if the implementing entity is an authority, no holder of the bonds may
compel any exercise of the taxing power of the local government. Bonds issued under this
subdivision are not a debt or obligation of the issuer or any local government that issued
them, nor is the payment of the bonds enforceable out of any money other than the revenue
pledged to the payment of the bonds.

Sec. 31. Minnesota Statutes 2016, section 216C.436, subdivision 9, is amended to read:
Subd. 9. Supplemental funding sources. (a) An implementing entity is authorized to
establish, acquire, and use additional or alternative funding sources for the purposes of this
section and section 216C.437.

(b) For the purposes of this subdivision and section 216C.437, additional or alternative
funding sources do not include issuance of general obligation bonds.
