SF3561 REVISOR CKM S3561-3 3rd Engrossment

SENATE STATE OF MINNESOTA NINETY-THIRD SESSION

S.F. No. 3561

(SENATE AUTHORS: MORRISON, Hawj, McEwen, Hoffman and Kupec) **DATE** 02/12/2024 **D-PG** 11559 OFFICIAL STATUS Introduction and first reading Referred to Environment, Climate, and Legacy Author added Kupec 02/15/2024 11620 11762a 12199 12331a 12500 02/26/2024 Comm report: To pass as amended and re-refer to Commerce and Consumer Protection Withdrawn and re-referred to State and Local Government and Veterans Comm report: To pass as amended and re-refer to Judiciary and Public Safety Comm report: To pass and re-referred to Commerce and Consumer Protection 03/13/2024 03/18/2024 03/21/2024 12672a 13693a 03/25/2024 Comm report: To pass as amended and re-refer to Environment, Climate, and Legacy Comm report: To pass as amended and re-refer to Finance Joint rule 2.03, referred to Rules and Administration 04/15/2024 04/18/2024 Comm report: Adopt previous comm report Jt rule 2.03 suspended

A bill for an act

relating to solid waste; establishing Packaging Waste and Cost Reduction Act;

1.3 1.4	authorizing rulemaking; proposing coding for new law in Minnesota Statutes, chapter 115A.
1.5	BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:
1.6	Section 1. [115A.144] SHORT TITLE.
1.7	Sections 115A.144 to 115A.1462 may be cited as the "Packaging Waste and Cost
1.8	Reduction Act."
1.9	Sec. 2. [115A.1441] DEFINITIONS.
1.10	Subdivision 1. Scope. For the purposes of sections 115A.144 to 115A.1462, the terms
1.11	in this section have the meanings given.
1.12	Subd. 2. Advisory board. "Advisory board" or "board" means the Producer
1.13	Responsibility Advisory Board established under section 115A.1444.
1.14	Subd. 3. Brand. "Brand" means a name, symbol, word, or mark that identifies a product
1.15	and attributes the product and its components, including packaging, to the brand owner.
1.16	Subd. 4. Brand owner. "Brand owner" means a person that owns or licenses a brand or
1.17	that otherwise has rights to market a product under the brand, whether or not the brand's
1.18	trademark is registered.
1.19	Subd. 5. Collection rate. "Collection rate" means the amount of a covered material by
1.20	covered materials type collected by service providers and transported for recycling or
1.21	composting divided by the total amount of the type of a covered material by covered materials

Sec. 2. 1

1.1

Sec. 2. 2

2.31

(2) earned global gross revenues of less than \$2,000,000.

Subd. 12. **Drop-off collection site.** "Drop-off collection site" means a physical location 3.1 where covered materials are accepted from the public and that is open a minimum of 12 3.2 3.3 hours weekly throughout the year. Subd. 13. Environmental impact. "Environmental impact" means the environmental 3.4 3.5 impact of a covered material from extraction and processing of the raw materials composing the material through manufacturing; distribution; use; recovery for reuse, recycling, or 3.6 composting; and final disposal. 3.7 Subd. 14. Exempt materials. "Exempt materials" means materials, or any portion of 3.8 materials, that: 3.9 (1) are packaging for infant formula, as defined in United States Code, title 21, section 3.10 321(z); 3.11 (2) are packaging for medical food, as defined in United States Code, title 21, section 3.12 360ee(b)(3); 3.13 (3) are packaging for a fortified oral nutritional supplement used by persons who require 3.14 supplemental or sole source nutrition to meet nutritional needs due to special dietary needs 3.15 directly related to cancer, chronic kidney disease, diabetes, malnutrition, or failure to thrive, 3.16 as those terms are defined by the International Classification of Diseases, Tenth Revision; 3.17 (4) are a product, including its peripheral accessories, and the packaging or packaging 3.18 components for any investigational or approved product regulated as a drug or medical 3.19 device by the United States Food and Drug Administration; 3.20 (5) are medical equipment or products or their components, including consumable 3.21 medical equipment or products and their components, and the packaging or packaging 3.22 components for any products used in health care settings, including hospitals and clinics 3.23 that are regulated by the United States Food and Drug Administration or used for infection 3.24 3.25 prevention and dispensing of medication; (6) are medical equipment or products and the packaging or packaging components for 3.26 3.27 any product intended for Research Use Only as defined in the Federal Food, Drug, and Cosmetic Act, United States Code, title 21, section 360 et seq.; 3.28 (7) are drugs, biological products, parasiticides, medical devices, or in vitro diagnostics 3.29 used to treat, or administered to, animals and regulated by the United States Food and Drug 3.30 Administration under the Federal Food, Drug, and Cosmetic Act, United States Code, title 3.31 21, section 301 et seq., by the United States Department of Agriculture under the federal 3.32 Virus-Serum-Toxin Act, United States Code, title 21, section 151 et seq., or by the United 3.33

Sec. 2. 4

established in section 115A.06, subdivision 13.

5.1	Subd. 22. Packaging. "Packaging" has the meaning given in section 115A.03 and
5.2	includes food packaging and only includes those materials that are supplied to a residential
5.3	consumer. Packaging does not include exempt materials.
5.4	Subd. 23. Paper product. "Paper product" means a product made primarily from wood
5.5	pulp or other cellulosic fibers, except that paper product does not include bound books or
5.6	products that recycling or composting facilities will not accept because of the unsafe or
5.7	unsanitary nature of the paper product.
5.8	Subd. 24. Postconsumer recycled content. "Postconsumer recycled content" means
5.9	the portion of a product composed of postconsumer material, expressed as a percentage of
5.10	the total weight of the product.
5.11	Subd. 25. Producer. (a) "Producer" means the following person responsible for
5.12	compliance with requirements under this act for a covered material sold, offered for sale,
5.13	or distributed in or into this state:
5.14	(1) for items sold in or with packaging at a physical retail location in this state:
5.15	(i) if the item is sold in or with packaging under the brand of the item manufacturer or
5.16	is sold in packaging that lacks identification of a brand, the producer is the person that
5.17	manufactures the item;
5.18	(ii) if there is no person to which item (i) applies, the producer is the person that is
5.19	licensed to manufacture and sell or offer for sale to consumers in this state an item with
5.20	packaging under the brand or trademark of another manufacturer or person;
5.21	(iii) if there is no person to which item (i) or (ii) applies, the producer is the brand owner
5.22	of the item;
5.23	(iv) if there is no person described in item (i), (ii), or (iii) within the United States, the
5.24	producer is the person who is the importer of record for the item into the United States for
5.25	use in a commercial enterprise that sells, offers for sale, or distributes the item in this state;
5.26	<u>or</u>
5.27	(v) if there is no person described in items (i) to (iv), the producer is the person that first
5.28	distributes the item in or into this state;
5.29	(2) for items sold or distributed in packaging in or into this state via e-commerce, remote
5.30	sale, or distribution:
5.31	(i) for packaging used to directly protect or contain the item, the producer of the packaging
5.32	is the same as the producer identified under clause (1); and

(ii) for packaging used to ship the item to a consumer, the producer of the packaging is 6.1 the person that packages the item to be shipped to the consumer; 6.2 (3) for packaging that is a covered material and is not included in clauses (1) and (2), 6.3 the producer of the packaging is the person that first distributes the item in or into this state; 6.4 6.5 (4) for paper products that are magazines, catalogs, telephone directories, or similar publications, the producer is the publisher; 6.6 (5) for paper products not described in clause (4): 6.7 (i) if the paper product is sold under the manufacturer's own brand, the producer is the 6.8 person that manufactures the paper product; 6.9 6.10 (ii) if there is no person to which item (i) applies, the producer is the person that is the owner or licensee of a brand or trademark under which the paper product is used in a 6.11 commercial enterprise, sold, offered for sale, or distributed in or into this state, whether or 6.12 not the trademark is registered in this state; 6.13 6.14 (iii) if there is no person to which item (i) or (ii) applies, the producer is the brand owner of the paper product; 6.15 (iv) if there is no person described in item (i), (ii), or (iii) within the United States, the 6.16 producer is the person that imports the paper product into the United States for use in a 6.17 commercial enterprise that sells, offers for sale, or distributes the paper product in this state; 6.18 6.19 or (v) if there is no person described in items (i) to (iv), the producer is the person that first 6.20 distributes the paper product in or into this state; and 6.21 (6) a person is the producer of a covered material sold, offered for sale, or distributed 6.22 in or into this state, as defined in clauses (1) to (5), except: 6.23 6.24 (i) where another person has mutually signed an agreement with a producer as defined in clauses (1) to (5) that contractually assigns responsibility to the person as the producer, 6.25 and the person has joined a registered producer responsibility organization as the responsible 6.26 producer for that covered material under this act. In the event that another person is assigned 6.27 responsibility as the producer under this subdivision, the producer under clauses (1) to (5) 6.28 must provide written certification of that contractual agreement to the producer responsibility 6.29 organization; and 6.30

(3) compliant with all applicable state and local statute, rule, ordinance, or other law

Subd. 30. **Responsible market.** "Responsible market" means a materials market that:

(1) reuses, recycles, composts, or otherwise recovers materials and disposes of

contaminants in a manner that protects the environment and minimizes risks to public health

governing health and safety.

and worker health and safety;

<u>(2</u>) complies with all applicable federal, state, and local statutes, rules, ordinances, or
other	laws governing environmental, health, safety, and financial responsibility;
<u>(3</u>) possesses all requisite licenses and permits required by government agencies;
<u>(4</u>) if the market operates in the state, manages waste according to the waste management
goal a	and priority order of waste management practices stated in section 115A.02; and
<u>(5</u>) minimizes adverse impacts to environmental justice areas.
Sı	ubd. 31. Return rate. "Return rate" means the amount of reusable covered material in
aggre	egate or by individual covered materials type, collected for reuse by the producer or
servi	ce provider in a calendar year, divided by the total amount of reusable covered materials
sold o	or distributed into the state by the relevant unit of measurement established in section
115A	.1451.
Sı	ubd. 32. Reusable. "Reusable" means capable of reuse.
Sı	ubd. 33. Reuse. "Reuse" means the return of a covered material to the marketplace and
the co	ontinued use of the covered material by a producer or service provider when the covered
matei	rial is:
<u>(1</u>) intentionally designed and marketed to be used multiple times for its original intended
purpo	ose without a change in form;
<u>(2</u>) designed for durability and maintenance to extend its useful life and reduce demand
or ne	ew production of the covered material;
<u>(3</u>) supported by adequate logistics and infrastructure at a retail location, by a service
provi	der, or on behalf of or by a producer, that provides convenient access for consumers;
<u>ınd</u>	
<u>(4</u>	e) compliant with all applicable state and local statutes, rules, ordinances, or other laws
govei	rning health and safety.
<u>S</u> ı	ubd. 34. Reuse rate. "Reuse rate" means the share of units of a covered material sold
or dis	stributed into the state in a calendar year that are deemed reusable by the commissioner
accor	ding to section 115A.1451.
Sı	abd. 35. Service provider. "Service provider" means an entity that collects, transfers,
sorts,	processes, or otherwise prepares covered materials for reuse, recycling, or composting.
A pol	litical subdivision that provides or that contracts or otherwise arranges with another
party	to provide reuse, collection, recycling, or composting services for covered materials
withi	n its jurisdiction may be a service provider regardless of whether it provided, contracted

administered by the producer responsibility organization and, for each producer, a list of

(3) copies of written agreements with each producer stating that each producer agrees to operate under an approved stewardship plan administered by the producer responsibility organization;

- (4) a list of current board members and the executive director if different than the person responsible for implementing approved stewardship plans; and
 - (5) payment of the annual fee required under subdivision 2.
- (b) Following the approval of the initial producer responsibility organization and the initial stewardship plan, if more than a single producer responsibility organization is established, the producers and producer responsibility organizations must establish a coordinating body and process to prevent redundancy of service contracts among service providers and to ensure the efficient delivery of waste management services. The stewardship plans of all producer responsibility organizations must be integrated into a single stewardship plan that covers all requirements of this act and encompasses all producers when submitted to the commissioner for approval. The annual reports of all producer responsibility organizations must be integrated into a single annual report that covers all requirements of this act and encompasses all producers when submitted to the commissioner.
- Subd. 2. Registration fee. (a) As part of its annual registration with the commissioner, a producer responsibility organization must submit to the commissioner an annual fee for the following year, as determined by the commissioner. Beginning October 1, 2028, and annually thereafter, the commissioner must notify registered producer responsibility organizations in writing of the amount of the fee for the following year. If there is more than one registered producer responsibility organization, the coordinating body described in subdivision 1, paragraph (b), must equitably apportion payment of the annual fee between all registered producer responsibility organizations. The annual fee must be set at an amount anticipated to in the aggregate meet but not exceed the commissioner's estimate of the costs required to perform the commissioner's duties as described in section 115A.1445 and to otherwise administer, implement, and enforce this act.
- (b) The commissioner must reconcile the fees paid by a producer responsibility organization under this subdivision with the actual costs incurred by the agency on an annual basis, by means of credits or refunds to or additional payments required of a producer responsibility organization, as applicable.
- Subd. 3. Initial producer responsibility organization registration; implementation fee. (a) Notwithstanding the other provisions of this section, the commissioner may not allow registration of more than one producer responsibility organization under this section

before the first stewardship plan approved by the commissioner expires. If more than one producer responsibility organization applies to register under this section before the first stewardship plan is approved by the commissioner, the commissioner must select the producer responsibility organization that will represent producers until the first stewardship plan expires and must return the registration fee paid by applicants who are not selected. When selecting a producer responsibility organization, the commissioner must consider whether the producer responsibility organization: (1) has a governing board consisting of producers that represent a diversity of covered materials introduced; and 11.10 (2) demonstrates adequate financial responsibility and financial controls to ensure proper management of funds. 11.11 (b) By October 1, 2025, and annually until the first stewardship plan is approved, the 11.12 commissioner must provide written notice to the initial producer responsibility organization 11.13 registered under this section of the commissioner's estimate of the cost of conducting the 11.14 initial needs assessment and the commissioner's costs to administer this act during the period 11.15 prior to plan approval. The producer responsibility organization must remit payment in full 11.16 for these costs to the commissioner within 45 days of receipt of this notice. The producer 11.17 responsibility organization may charge each member producer to cover the cost of its 11.18 implementation fee according to each producer's unit-, weight-, volume-, or sales-based 11.19 market share or by another method it determines to be an equitable determination of each 11.20 11.21 producer's payment obligation. Subd. 4. Requirement for additional producer responsibility organizations. The 11.22 commissioner may allow registration of more than one producer responsibility organization 11.23 if: 11.24 (1) producers of a covered materials type or a specific covered material appoint a producer 11.25 responsibility organization; or 11.26 (2) producers organize under additional producer responsibility organizations that meet 11.27 11.28 the criteria established in subdivision 3, paragraph (a).

Sec. 5. [115A.1444] ESTABLISHMENT OF PRODUCER RESPONSIBILITY ADVISORY BOARD.

Subdivision 1. Establishment. The Producer Responsibility Advisory Board is established to review all programs conducted by producer responsibility organizations under this act

Subd. 3. Terms; removal. A member of the advisory board appointed under subdiv	ision
2, paragraph (a), clause (12), serves at the pleasure of the commissioner. All other mem	ıbers
serve for a term of four years, except that the initial term for nine of the initial appoin	tees
must be two years so that membership terms are staggered. Members may be reappoint	nted
but may not serve more than eight consecutive years. Removing members and filling	<u>of</u>
vacancies is governed by section 15.059, subdivision 4. Except as otherwise provided	<u>l,</u>
chapter 15 does not apply to the board.	
Subd. 4. Compensation. Members of the board must be compensated according to	0
section 15.059, subdivision 3.	_
Subd. 5. Quorum. A majority of the voting board members constitutes a quorum.	
there is a vacancy in the membership of the board, a majority of the remaining voting	•
members of the board constitutes a quorum.	
Subd. 6. Voting. Action by the advisory board requires a quorum and a majority of t	hose
present and voting. All members of the advisory board, except the member appointed u	nder
subdivision 2, paragraph (a), clause (12), are voting members of the board.	
Subd. 7. Meetings. The advisory board must meet at least two times per year and	mav
meet more frequently upon ten days' written notice at the request of the chair or a maj	
of its members.	
Subd. 8. Open meetings. Meetings of the board must comply with chapter 13D.	
Subd. 9. Chair. At its initial meeting, and every two years thereafter, the advisory b	oard
must elect a chair and vice-chair from among its members.	
Subd. 10. Administrative and operating support. The commissioner must provi	de
administrative and operating support to the advisory board and may contract with a third-	
facilitator to assist in administering the activities of the advisory board, including establish	
a website or landing page on the agency website.	
	1
Subd. 11. Conflict of interest policies. The commissioner must assist the advisory be	
in developing policies and procedures governing the disclosure of actual or perceived	_
conflicts of interest that advisory board members may have as a result of their employs	
or financial holdings of themselves or of family members. Each advisory board members	
responsible for reviewing the conflict of interest policies and procedures. An advisory b	
member must disclose any instance of actual or perceived conflicts of interest at each me	
of the advisory board at which recommendations regarding stewardship plans, progra	ms,
operations, or activities are made by the advisory board.

<u>(7</u>) ensure that producers operating under a stewardship plan administered by the producer
respo	nsibility organization comply with the requirements of the stewardship plan and with
this a	<u>ct;</u>
<u>(8</u>	expel a producer from the producer responsibility organization if efforts to return
the pr	roducer to compliance with the plan or with the requirements of this act are unsuccessful.
Γhe p	producer responsibility organization must notify the commissioner when a producer
nas b	een expelled under this clause;
<u>(9</u>) consider and respond in writing to comments received from the advisory board,
nclu	ding justifications for not incorporating any recommendations;
<u>(1</u>	0) provide producers with information regarding state and federal laws that prohibit
subst	ances in covered materials, including sections 115A.965, 116.943, 325F.075, 325F.172
o 32	5F.179, and all laws prohibiting toxic substances in covered materials;
<u>(1</u>	1) maintain a website according to section 115A.1457;
<u>(1</u>	2) notify the commissioner within 30 days if a change is made to the contact information
for a	person responsible for implementing the stewardship plan, a change to the board
nem	bers, or a change to the executive director; and
<u>(1</u>	3) assist service providers in identifying and using responsible markets.
Sec	. 9. [115A.1448] PRODUCER RESPONSIBILITIES.
Sı	abdivision 1. Registration required; prohibition of sale. (a) After January 1, 2025,
a pro	ducer must be a member of a producer responsibility organization registered in this
state.	
(b	After January 1, 2029, no producer may introduce covered materials, either separately
	nen used to package another product, unless the producer operates under a written
agree	ment with a producer responsibility organization to operate under an approved
stewa	ardship plan.
<u>(c</u>) After January 1, 2032, no producer may introduce covered materials unless the
cover	red materials are:
(1) reusable and included in an established reuse system that meets the reuse rate and
	n rate required under this act;
<u>(2</u>) included on the recyclables or compostables list established under section 115A.1453;
<u>or</u>

(3) included in an alternative collection system approved as part of a stewardship plan
under section 115A.1451.
(d) A producer responsibility organization may petition the commissioner for a two-year
extension on the requirements of paragraph (c) if market or technical issues prevent a covere
material from being considered recyclable, reusable, or compostable as included in the list
established under section 115A.1453. This extension may be renewed in annual increment
until January 1, 2040, if market or technical issues persist.
Subd. 2. Duties. A producer must:
(1) implement the requirements of the stewardship plan under which the producer operate
and to comply with the requirements of this act; and
(2) pay producer fees according to section 115A.1454.
Sec. 10. [115A.1449] SERVICE PROVIDER RESPONSIBILITIES.
A service provider receiving reimbursement or funding under an approved stewardship
plan must:
(1) ensure the collection, transportation, and management of covered materials generate
in the state pursuant to the lists established under section 115A.1453 and covered materia
that are capable of refill or reuse;
(2) provide that covered materials are sent to responsible markets; and
(3) provide documentation to the producer responsibility organization on the amounts
covered materials types, and volumes of covered materials collected, transported, and
managed for recycling, composting, or reuse.
Sec. 11. [115A.1450] NEEDS ASSESSMENT.
Subdivision 1. Needs assessment required. By December 31, 2026, and every five
years thereafter, the commissioner must complete a statewide needs assessment according
to this section. Upon request from the producer responsibility organization, the commissioned
may adjust what is required to be included in a specific needs assessment to reduce the
scope to best inform the next stewardship plan.
Subd. 2. Input from interested parties. In conducting a needs assessment, the
commissioner must:
(1) initiate a consultation process to obtain recommendations from the advisory board
political subdivisions, service providers, producer responsibility organizations, and other

Sec. 11. 17

interested parties regarding the type and scope of information that should be collected	d and
analyzed in the statewide needs assessment required by this section;	
(2) contract with a third party who is not a producer or a producer responsibility	
organization to conduct the needs assessment; and	
(3) prior to finalizing the needs assessment, make the draft needs assessment ava	<u>ilable</u>
for comment by the advisory board, producer responsibility organizations, and the p	ublic.
The commissioner must respond in writing to the comments and recommendations of	of the
advisory board and producer responsibility organizations.	
Subd. 3. Content of needs assessment. A needs assessment must include at least	t the
following:	
(1) an evaluation of the performance of:	
(i) existing waste reduction, reuse, recycling, and composting efforts for each covered to the contract of the	vered
materials type, as applicable, including collection rates, recycling rates, composting	rates,
reuse rates, and return rates for each covered materials type;	
(ii) overall recycling rate, composting rate, reuse rate, and return rate for all coveral	red
materials; and	
(iii) the extent to which postconsumer recycled content, by the best estimate, is or	could
be incorporated into each covered materials type, as applicable;	
(2) an evaluation of a representative sample of management of covered materials	with
mixed municipal solid waste, as source-separated recyclable materials, and as	
source-separated compostable materials as received by waste management, recycling	g, and
composting facilities in the state, and relevant findings from any publicly available v	vaste
stream evaluations conducted within the previous year, to evaluate the amount and p	ortion
of covered materials being disposed of that would otherwise be recyclable or compos	table;
(3) proposals for a range of outcomes for each covered materials type to be accomp	lished
within a five-year time frame in multiple units of measurement, including but not lin	<u>nited</u>
to unit-based, weight-based, and volume-based, for each of the following:	
(i) waste reduction;	
(ii) reuse rate and return rates;	
(iii) recycling rates;	
(iv) composting rates: and

targets and statewide requirements;

(8) an evaluation of options for third-party certification of activities to meet obligations

20.2 of this act; (9) an inventory of the current system including: 20.3 (i) infrastructure, capacity, performance, funding level, and method and sources of 20.4 20.5 financing for the existing waste reduction, reuse, collection, transportation, processing, recycling, and composting systems for covered materials operating in the state; and 20.6 20.7 (ii) availability and cost of waste reduction, reuse, recycling, and composting services for covered materials at single-family residences, at multifamily residences, and in public 20.8 places where political subdivisions arrange for collection of recyclable or compostable 20.9 materials, including identification of disparities in the availability of these services in 20.10 environmental justice areas compared with other areas and proposals for reducing or 20.11 20.12 eliminating those disparities; (10) an evaluation of investments needed to increase waste reduction, reuse, recycling, 20.13 and composting rates of covered materials according to the range of proposed performance 20.14 targets and statewide requirements including investments that would: 20.15 20.16 (i) maintain or improve operations of existing infrastructure and accounts for reuse, recycling, and composting of covered materials; 20.17 (ii) expand the availability and accessibility of recycling collection services for recyclable 20.18 covered materials to all residents of the state at the same or comparable level of convenience 20.19 as collection services for mixed municipal solid waste; and 20.20 (iii) establish and expand the availability and accessibility of reuse services for reusable 20.21 covered materials; 20.22 (11) an assessment of the viability and robustness of markets for recyclable covered 20.23 materials and the degree to which these markets can be considered responsible markets; 20.24 (12) an assessment of the level and causes of contamination of source-separated recyclable 20.25 materials, source-separated compostable materials and collected reusables, and the impacts 20.26 of contamination on service providers, including the cost to manage this contamination; 20.27 (13) an assessment of what toxic substances might be intentionally added to covered 20.28 materials and best practices to eliminate or mitigate their use or presence in covered materials; 20.29 (14) an assessment of current best practices to increase public awareness, educate, and 20.30 complete outreach activities accounting for culturally responsive materials and methods 20.31

Sec. 11. 20

this subdivision and must then submit the aggregated anonymized information to the

commissioner or to the party or parties contracted to complete the needs assessment.

Sec. 11. 21

21.30

Sec. 12. [115A.1451] STEWARDSHIP PLAN. 22.1 Subdivision 1. Stewardship plan required. By March 1, 2028, and every five years 22.2 thereafter, a producer responsibility organization must submit a stewardship plan to the 22.3 commissioner that describes the proposed operation by the organization of programs to 22.4 fulfill the requirements of this act and that incorporates the findings and results of needs 22.5 assessments. Once approved, a stewardship plan remains in effect for five years, as amended, 22.6 or until a subsequent stewardship plan is approved. 22.7 Subd. 2. Advisory board review of draft plan and amendments. A producer 22.8 responsibility organization must submit a draft stewardship plan or draft amendment to the 22.9 22.10 advisory board at least 60 days prior to submitting the draft plan or draft amendment to the commissioner to allow the advisory board to submit comments and must address advisory 22.11 board comments and recommendations prior to submission of the draft plan or draft 22.12 amendment to the commissioner. 22.13 Subd. 3. Content of stewardship plans. A proposed stewardship plan must include at 22.14 least the following: 22.15 (1) performance targets as applicable to each covered materials type to be accomplished 22.16 within a five-year period, established in subdivision 5, paragraph (a); 22.17 (2) a description of the anticipated method of collection and management to be used for 22.18 each covered materials type for covered materials capable of refill, reusable covered materials 22.19 and materials included on lists established in section 115A.1453; 22.20 (3) proposals for exemptions from performance targets and statewide requirements for 22.21 covered materials that cannot be waste reduced or made reusable, recyclable, or compostable 22.22 due to federal or state health and safety requirements. The producer responsibility 22.23 organization must identify the specific requirements and the impact on the covered materials; 22.24 22.25 (4) a plan for how the producer responsibility organization will measure recycling, waste reduction, and reuse according to subdivision 6, and a description of how the organization 22.26 will measure composting and inclusion of postconsumer recycled content; 22.27 (5) third-party certifications as required by the commissioner or voluntarily undertaken; 22.28 (6) a budget and identification of funding needs for each of the five calendar years 22.29 22.30 covered by the plan, including:

(i) producer fees and a description of the process used to calculate the fees, including

an explanation of how the fees meet the requirements of section 115A.1454; and

Sec. 12. 22

22.31

3rd Engrossment

(ii) set goals for infrastructure investments, including a description of how the process 23.1 to offer and select opportunities will be conducted in an open, competitive, and fair manner; 23.2 23.3 how it will address gaps in the system not met by service providers; and potential financial 23.4 and legal instruments to be used; (7) an explanation of how the program will be paid for by producers, without any 23.5 consumer-facing fee, charge, or surcharge to members of the public, businesses, service 23.6 providers, the state or any political subdivision, or any other person who is not a producer. 23.7 For purposes of this requirement, a deposit made in connection with a product's refill, reuse, 23.8 or recycling that can be redeemed by a consumer is not a fee, charge, or surcharge; 23.9 23.10 (8) a description of activities to be undertaken during the next five calendar years, which must at a minimum describe how the producer responsibility organization, acting on behalf 23.11 of producers, will: 23.12 (i) minimize the environmental impacts and human health impacts of covered materials; 23.13 (ii) incorporate as program objectives the improved design of covered materials according 23.14 to section 115A.1454, subdivision 1, clause (2); 23.15 (iii) expand and increase the convenience of waste reduction, reuse, collection, recycling, 23.16 and composting services according to the order of the waste management hierarchy under 23.17 section 115A.02; 23.18 (iv) provide for reasonable reimbursement rates for statewide coverage of recycling 23.19 services for covered materials on the lists established in section 115A.1453 to single-family 23.20 residences, multifamily residences, and political subdivisions arranging for collection, 23.21 transportation, and processing of recyclable materials at a comparable level of convenience 23.22 as services for mixed municipal solid waste; and 23.23 23.24 (v) ensure that postconsumer recycled materials are delivered to responsible markets; (9) a description of how the program shall reimburse service providers via differentiated 23.25 rates developed to address factors under section 115A.1455, subdivision 4, for managing 23.26 23.27 covered materials, exclusive of exempt materials, as follows: (i) a fixed amount for each ton of covered material collected and recycled by a service 23.28 23.29 provider in the prior calendar year based upon the average costs associated with the collection, transportation, and processing, from a central location within a political 23.30 subdivision, of collected covered material from the political subdivision to a recycling or 23.31 composting facility; the processing of and removal of contamination from covered material 23.32 by a recycling or composting facility; and the recycling or composting of covered materials 23.33

assistance to:

(12) a description of how the producer responsibility organization will provide technical

(i) service providers in order to deliver covered materials to responsible markets;

25.1	(ii) producers regarding toxic substances in covered materials and actions producers can
25.2	take to reduce intentionally added toxic substances in covered materials through certificates
25.3	of compliance, upon request; and
25.4	(iii) producers to make changes in product design that reduce the environmental impact
25.5	of covered materials or that increase the recoverability or marketability of covered materials
25.6	for reuse, recycling, or composting;
25.7	(13) a description of how the producer responsibility organization will increase public
25.8	awareness, educate, and complete outreach activities accounting for culturally responsive
25.9	materials and methods and evaluate the efficacy of these efforts including how the producer
25.10	responsibility organization will:
25.11	(i) assist producers in improving product labels as a means of informing consumers
25.12	about refilling, reusing, recycling, composting, and other environmentally sound methods
25.13	of managing covered materials;
25.14	(ii) increase public awareness of how to use and manage covered materials in an
25.15	environmentally sound manner and how to access waste reduction, reuse, recycling, and
25.16	composting services; and
25.17	(iii) encourage behavior change to increase participation in waste reduction, reuse,
25.18	recycling, and composting programs;
25.19	(14) a summary of consultations held with the advisory board and other stakeholders to
25.20	provide input to the stewardship plan, a list of recommendations that were incorporated into
25.21	the stewardship plan as a result, and a list of rejected recommendations and the reasons for
25.22	rejection; and
25.23	(15) strategies to incorporate findings from any relevant studies required by the
25.24	legislature.
25.25	Subd. 4. Plan and amendment review and approval procedure. (a) The commissioner
25.26	must review and approve, deny, or request additional information for a draft stewardship
25.27	plan or a draft plan amendment no later than 120 days after the date the commissioner
25.28	receives it from a producer responsibility organization. The commissioner must post the
25.29	draft plan or draft amendment on the agency's website and allow public comment for no
25.30	less than 45 days before approving, denying, or requesting additional information on the
25.31	draft plan or draft amendment.
25.32	(b) If the commissioner denies, or requests additional information for, a draft plan or
25.33	draft amendment, the commissioner must provide the producer responsibility organization

with the reasons, in writing, that the plan or plan amendment does not meet the plan 26.1 requirements of subdivision 3. The producer responsibility organization shall have 60 days 26.2 26.3 from the date that the rejection or request for additional information is received to submit to the commissioner any additional information necessary for the approval of the draft plan 26.4 or draft amendment. The commissioner shall review and approve or disapprove the revised 26.5 draft plan or draft amendment no later than 60 days after the date the commissioner receives 26.6 26.7 it. 26.8 (c) A producer responsibility organization may resubmit a draft plan or draft amendment to the commissioner on not more than two occasions. If after the second resubmission, the 26.9 commissioner determines that the draft plan or draft amendment does not meet the plan 26.10 requirements of this act, the commissioner must modify the draft plan or draft amendment 26.11 26.12 as necessary for it to meet the requirements of this act and approve it. (d) Upon recommendation by the advisory board, or upon the commissioner's own 26.13 initiative, the commissioner may require an amendment to a stewardship plan if the 26.14 commissioner determines that an amendment is necessary to ensure that the producer 26.15 responsibility organization maintains compliance with the requirements of this act. 26.16 Subd. 5. Performance targets. (a) The producer responsibility organization must propose 26.17 performance targets based on the needs assessment that meet the statewide requirements in 26.18 subdivision 7 that must be included in a stewardship plan approved under this section. 26.19 Performance targets must include reuse rates, return rates, recycling rates, composting rates, 26.20 and targets for waste reduction, and postconsumer recycled content by covered materials 26.21 type that are to be achieved by the end of the stewardship plan's term. The producer 26.22 responsibility organization must select the unit that is most appropriate to measure each 26.23 performance target as informed by the needs assessment. 26.24 (b) The commissioner may require that a producer responsibility organization obtain 26.25 third-party certification of any activity or achievement of any standard required by this act. 26.26 The commissioner must provide a producer responsibility organization with notice of at 26.27 26.28 least one year prior to requiring use of third-party certification under this paragraph if such certifications are readily available, applicable, and of equitable cost. 26.29 (c) Proposed performance targets must demonstrate continuous improvement in reducing 26.30 environmental impacts and human health impacts of covered materials over time. 26.31 26.32 Subd. 6. Measurement criteria for performance targets. (a) For purposes of determining whether recycling performance targets are being met, except as modified by 26.33 the commissioner, a stewardship plan must provide for the measurement of the amount of 26.34

Sec. 12. 27

(4) return rate;

28.1	(5) the percentage of weight of covered materials introduced that must be waste reduced;
28.2	<u>and</u>
28.3	(6) the percentage of postconsumer recycled content that covered materials introduced
28.4	must contain, including an overall percentage for all covered materials, as applicable,
28.5	excluding compostable materials that cannot include postconsumer recycled content because
28.6	unique chemical or physical properties or health and safety requirements prohibit introduction
28.7	of postconsumer recycled content.
28.8	(b) The commissioner may use the following information and criteria when establishing
28.9	statewide requirements under paragraph (a):
28.10	(1) needs assessment under section 115A.1450;
28.11	(2) goals and requirements of the Waste Management Act under this chapter;
28.12	(3) statewide goals for greenhouse gas emission reductions under section 216H.02;
28.13	(4) need for continuous progress toward generating less waste from covered materials
28.14	and the complete reuse, recycling, or composting of the covered materials that are generated,
28.15	in doing so reducing impacts to human health and the environment;
28.16	(5) a preference for statewide requirements that accomplish and further the goals and
28.17	requirements in clauses (2) to (4) as soon as practicable and to the maximum extent
28.18	achievable; and
28.19	(6) information from packaging and paper producer responsibility programs operating
28.20	in other jurisdictions.
28.21	(c) The commissioner must consult with the product stewardship organization on the
28.22	proposed statewide requirements and must submit proposed statewide requirements under
28.23	paragraph (a) to the advisory board and consider the board's recommendations before
28.24	finalizing the statewide requirements.
28.25	(d) Every five years, the commissioner must review the statewide requirements established
28.26	under paragraph (a). If the commissioner decides an update is not warranted at that time,
28.27	the commissioner must submit the reasoning to the advisory board and consider the board's
28.28	recommendations before making a final decision. If the commissioner decides an update is
28.29	warranted, the process in paragraphs (b) and (c) must be utilized.
28.30	(e) The producer responsibility organization must ensure the statewide requirements are
28.31	met.

29.1	Sec. 13. [115A.1453] RECYCLABLE OR COMPOSTABLE COVERED
29.2	MATERIALS LISTS.
29.3	Subdivision 1. List required. By March 1, 2027, and upon request from the producer
29.4	responsibility organization or advisory board, the commissioner must complete a list of
29.5	covered materials determined to be recyclable or compostable statewide through systems
29.6	where covered materials are commingled into a recyclables stream and a separate
29.7	compostables stream. These covered materials must be collected at the equivalent level of
29.8	service and convenience as collection services for mixed municipal solid waste.
29.9	Subd. 2. Alternative collection list required. By March 1, 2027, the commissioner
29.10	must complete a list of covered materials determined to be recyclable or compostable and
29.11	collected statewide through systems other than the system required for covered materials
29.12	on the list established in subdivision 1.
29.13	Subd. 3. Input from interested parties. The commissioner must consult with the
29.14	advisory board, producer responsibility organizations, service providers, political
29.15	subdivisions, and other interested parties to develop or amend the recyclable or compostable
29.16	covered materials lists and must review any petitions by interested parties for addition or
29.17	removal of covered materials from the lists created under this section.
29.18	Subd. 4. Criteria. In developing the lists under subdivisions 1 and 2, the commissioner
29.19	may consider the following criteria:
29.20	(1) current availability of recycling collection services;
29.21	(2) recycling collection and processing infrastructure;
29.22	(3) capacity and technology for sorting covered materials;
29.23	(4) availability of responsible end markets;
29.24	(5) presence and amount of processing residuals and contamination;
29.25	(6) quantity of material estimated to be available and recoverable;
29.26	(7) projected future conditions for clauses (1) to (6);
29.27	(8) if collected for recycling, the covered material type and form must be one that is
29.28	regularly sorted and aggregated into defined streams for recycling processes or the packaging
29.29	format must be specified in a relevant Institution of Scrap Recycling Industries specification;
29.30	<u>and</u>
29.31	(9) other criteria or factors determined by the commissioner.

Sec. 13. 29

30.1	Subd. 5. Collection requirements. (a) A producer responsibility organization must
30.2	collect covered materials included in a list established under subdivision 1 on a statewide
30.3	basis as follows:
30.4	(1) for residents that have curbside mixed municipal solid waste collection, provide
30.5	collection of covered materials at the same frequency and on the same day as mixed
30.6	municipal solid waste collection;
30.7	(2) provide collection of covered materials at each recycling or mixed municipal solid
30.8	waste drop-off site that is open to the public, including but not limited to canister sites,
30.9	transfer stations, and disposal facilities;
30.10	(3) provide a durable container dedicated to the collection of covered materials to every
30.11	residential unit served according to this paragraph; and
30.12	(4) in addition to the requirements of clauses (1) to (3), the producer responsibility
30.13	organization may collect or contract for the collection of covered materials from the public
30.14	by other means, including but not limited to other drop-off locations or mobile collections.
30.15	(b) A producer responsibility organization must collect covered materials included in a
30.16	list established under subdivision 2 on a statewide basis as follows:
30.17	(1) the producer responsibility organization must provide:
30.18	(i) for each county with a population of 10,000 or less, at least two permanent drop-off
30.19	<u>collection sites;</u>
30.20	(ii) for each county with a population greater than 10,000 but less than or equal to
30.21	100,000, at least two permanent drop-off collection sites and at least one additional permanent
30.22	drop-off collection site for each additional 10,000 in population above a population of
30.23	<u>10,000;</u>
30.24	(iii) for each county with a population greater than 100,000, at least 11 permanent
30.25	drop-off collection sites and at least one additional permanent year-round drop-off collection
30.26	site for each additional 50,000 in manufaction above a namulation of 100,000, and
	site for each additional 50,000 in population above a population of 100,000; and
30.27	(iv) a permanent drop-off collection site located within ten miles of the household of at
30.27 30.28	
	(iv) a permanent drop-off collection site located within ten miles of the household of at
30.28	(iv) a permanent drop-off collection site located within ten miles of the household of at least 95 percent of the residents of the state;
30.28 30.29	(iv) a permanent drop-off collection site located within ten miles of the household of at least 95 percent of the residents of the state; (2) the producer responsibility organization may propose an alternative to the

Sec. 14. 31

32.1	(v) enhancing recyclability or compostability of a covered material; and
32.2	(vi) increasing the amount of inputs derived from renewable and sustainable sources;
32.3	(3) discourage using materials and design attributes in a producer's covered materials
32.4	whose environmental impacts and human health impacts, as determined by the commissioner,
32.5	can be reduced by the methods listed under clause (2);
32.6	(4) prioritize reuse by charging covered materials that are managed through a reuse
32.7	system only once, upon initial entry into the marketplace; and
32.8	(5) generate revenue sufficient to pay in full:
32.9	(i) the annual registration fee required under section 115A.1443;
32.10	(ii) financial obligations to complete activities described in an approved stewardship
32.11	plan and to reimburse service providers under section 115A.1455;
32.12	(iii) the operating costs of the producer responsibility organization; and
32.13	(iv) for the establishment and maintenance of a financial reserve that is sufficient to
32.14	operate the program in a fiscally prudent and responsible manner.
32.15	Subd. 2. Overcollections. Revenue collected under this section that exceeds the amount
32.16	needed to pay the costs described in subdivision 1, clause (5), must be used to improve or
32.17	enhance program outcomes or to reduce producer fees according to provisions of an approved
32.18	stewardship plan.
32.19	Subd. 3. Prohibited conduct. Fees collected under this section may not be used for
32.20	lobbying, as defined in section 3.084, subdivision 1.
32.21	Sec. 15. [115A.1455] SERVICE PROVIDER; REIMBURSEMENT.
32.22	Subdivision 1. Service provider reimbursement required. The reimbursements
32.23	provided for waste reduction, reuse, processing, recycling, or composting services under
32.24	an approved stewardship plan shall only be provided to service providers that meet the
32.25	following conditions:
32.26	(1) establish strong labor standards and work safety practices, including but not limited
32.27	to safety programs, health benefits, and living wages;
32.28	(2) meet performance standards established under an approved stewardship plan; and
32.29	(3) establish clear and reasonable timelines for reimbursement, with a frequency of no
32.30	less than monthly.

Sec. 15. 33

34.1	(5) reflect the cost of managing contamination present in source-separated recyclable
34.2	materials and source-separated compostable materials, including disposal of contamination
34.3	and residuals;
34.4	(6) reflect the proportion of covered compostable materials within all source-separated
34.5	compostable materials collected or managed through composting; and
34.6	(7) reflect the cost of managing contamination and cleaning or sanitation needed for
34.7	reuse systems.
34.8	(b) Each service provider who is also a political subdivision must be provided
34.9	reimbursement rates that reflect relevant cost factors established in a contract between a
34.10	political subdivision and one or more service providers in place of paragraph (a), clauses
34.11	(1) and (2), as established in subdivision 4.
34.12	Subd. 5. Local government authority. (a) Nothing in this section shall be construed to
34.13	require a political subdivision to agree to operate under a stewardship plan, nor does it
34.14	restrict the authority of a political subdivision to provide waste management services to
34.15	residents or to contract with any entity to provide waste management services. If a majority
34.16	of political subdivisions in the state chooses not to participate in the program by January 1,
34.17	2030, the commissioner shall revise the performance targets established under section
34.18	115A.1451, subdivision 7.
34.19	(b) Nothing in this act restricts the authority of a political subdivision to provide waste
34.20	management services to residents, to contract with any entity to provide waste management
34.21	services, or to exercise its authority granted under section 115A.94. A producer responsibility
34.22	organization may not restrict or otherwise interfere with a political subdivision exercising
34.23	its authority under section 115A.94 to organize collection of solid waste, including materials
34.24	collected for recycling or composting, or to extend, renew, or otherwise manage any contracts
34.25	entered into as a result of exercising such authority or otherwise resulting from a competitive
34.26	procurement process.
34.27	Subd. 6. Dispute resolution. There must be a dispute resolution process for disputes
34.28	related to reimbursements utilizing third-party mediators.
34.29	Sec. 16. [115A.1456] REPORTING.
34.30	Subdivision 1. Producer responsibility organization annual report. (a) By July 1,
34.31	2031, and each July 1 thereafter, a producer responsibility organization must submit a written
34.32	report to the commissioner that contains, at a minimum, the following information for the
34.33	previous calendar year:

Sec. 16. 34

35.1	(1) the amount of covered materials introduced by each covered materials type, reported
35.2	in the same units used to establish fees under section 115A.1454, subdivision 1, clause (1);
35.3	(2) progress toward the performance targets reported in the same units used to establish
35.4	producer fees under section 115A.1454, subdivision 1, clause (1), and reported statewide
35.5	and for each county including:
35.6	(i) the amount of covered materials successfully waste reduced, reused, recycled, and
35.7	composted by covered materials type and the strategies or collection method used; and
35.8	(ii) information about third-party certifications obtained;
35.9	(3) the total cost to implement the program and a detailed description of program
35.10	expenditures including:
35.11	(i) the total amount of producer fees collected in the current calendar year; and
35.12	(ii) a description of infrastructure investments made during the previous year;
35.13	(4) a copy of a financial audit of program operations conducted by an independent auditor
35.14	approved by the commissioner;
35.15	(5) a description of program performance problems that emerged in specific locations
35.16	and efforts taken or proposed by the producer responsibility organization to address them;
35.17	(6) a discussion of technical assistance provided to producers regarding toxic substances
35.18	in covered materials and actions taken by producers to reduce intentionally added toxic
35.19	substances in covered materials beyond compliance with prohibitions already established
35.20	in law;
35.21	(7) a description of public awareness, education, and outreach activities undertaken
35.22	including any evaluations conducted of their efficacy, plans for next calendar year's activities,
35.23	and an evaluation of the process established by the producer responsibility organization to
35.24	answer questions from consumers regarding collection, recycling, composting, waste
35.25	reduction, and reuse activities;
35.26	(8) a summary of consultations held with the advisory board and how any feedback was
35.27	incorporated into the report as a result of the consultations, together with a list of rejected
35.28	recommendations and the reasons for rejection;
35.29	(9) a list of any producers found to be out of compliance with this act, and actions taken
35.30	by the producer responsibility organization to return the producer to compliance, and
35.31	notification of any producers that are no longer participating in the producer responsibility
35.32	organization or have been expelled due to their lack of compliance;

Sec. 16. 35

(10) any proposed amendments to the stewardship plan to improve program performance 36.1 or reduce costs, including changes to producer fees, infrastructure investments, or 36.2 36.3 reimbursement formula and rates; (11) any recommendations for additions or removal of covered materials to or from the 36.4 36.5 recyclable or compostable covered materials list developed under section 115A.1453; and (12) any information requested by the commissioner to assist with determining 36.6 compliance with this act. 36.7 (b) Every fourth year after a stewardship plan is approved by the commissioner, a 36.8 performance audit of the program must be completed. The performance audit must conform 36.9 to audit standards established by the United States Government Accountability Office; the 36.10 National Association of State Auditors, Comptrollers, and Treasurers; or another nationally 36.11 36.12 recognized organization approved by the commissioner. Subd. 2. Report following unmet target. A producer responsibility organization that 36.13 fails to meet a performance target approved in a stewardship plan must, within 90 days of 36.14 filing an annual report under this section, file with the commissioner an explanation of the 36.15 factors contributing to the failure and propose an amendment to the stewardship plan 36.16 specifying changes in operations that the producer responsibility organization will make 36.17 that are designed to achieve the following year's targets. If a performance target is unmet 36.18 due to lack of political subdivision participation in the program, the commissioner shall 36.19 revise the performance targets developed under section 115A.1451, subdivision 7. An 36.20 amendment filed under this subdivision must be reviewed by the advisory board and reviewed 36.21 and approved by the commissioner in the manner specified in section 115A.1451, 36.22 subdivisions 2 and 4. 36.23 Subd. 3. Commissioner's report. By October 15, 2034, and every five years thereafter, 36.24 the commissioner must submit a report to the governor and to the chairs and ranking minority 36.25 members of the legislative committees with jurisdiction over solid waste. The report must 36.26 contain a summary of the operations of the Packaging Waste and Cost Reduction Act during 36.27 36.28 the previous five years, a summary of the needs assessment, a link to reports filed under subdivisions 1 and 2, recommendations for policy, statutory, or regulatory changes to the 36.29 program, a list of efforts undertaken by the commissioner to enforce and secure compliance 36.30 with this act, and any other information the commissioner deems to be relevant. 36.31 Subd. 4. **Duty to cooperate.** Service providers must provide producer responsibility 36.32 organizations with data necessary to complete the reports required by this section upon 36.33 36.34 request.

37.28

WEBSITES.	
A producer responsibility organization must maintain a website that uses best practic	es
for accessibility that contains at least:	
(1) information regarding a process that members of the public can use to contact the	<u> </u>
producer responsibility organization with questions;	
(2) a directory of all service providers operating under the stewardship plan administer	<u>ed</u>
by the producer responsibility organization, grouped by location or political subdivision	<u>.</u>
and information about how to request service;	
(3) registration materials submitted to the commissioner under section 115A.1443;	
(4) the draft and approved stewardship plan and any draft and approved amendments	<u>;</u>
(5) information on how to manage materials including the list of recyclable and	
compostable materials developed by the commissioner under section 115A.1453 and any	<u>y</u>
alternative collection programs;	
(6) the most recent needs assessment and all past needs assessments;	
(7) annual reports filed by the producer responsibility organization;	
(8) a link to administrative rules implementing this act;	
(9) comments of the advisory board on the documents listed in clauses (4) and (7), and	nd
the responses of the producer responsibility organization to those comments;	
(10) the names of producers and brands that are not in compliance with section	
<u>115A.1448;</u>	
(11) a list, that is updated at least monthly, of all member producers that will operate	
under the stewardship plan administered by the producer responsibility organization and	<u>l,</u>
for each producer, a list of all brands of the producer's covered materials introduced in the	<u>ne</u>
state; and	
(12) education materials on waste reduction, reuse, recycling, and composting for	
producers and the general public.	

Sec. 18. [115A.1458] ANTICOMPETITIVE CONDUCT.

A producer responsibility organization that arranges collection, recycling, composting,
waste reduction, or reuse services under this act may engage in anticompetitive conduct to
the extent necessary to plan and implement collection, recycling, composting, waste

Sec. 18. 37

reduction, or reuse systems to meet the obligations under this act, and is immune from
liability under state laws relating to antitrust, restraint of trade, and unfair trade practices.
Sec. 19. [115A.1459] RULEMAKING.
The commissioner may adopt rules to implement this act. The 18-month time limit under
section 14.125 does not apply to the commissioner's rulemaking authority under this section.
Sec. 20. [115A.1460] PROVIDING INFORMATION.
Upon request of the commissioner for purposes of determining compliance with this
act, or for purposes of implementing this act, a person must furnish to the commissioner
any information that the person has or may reasonably obtain.
Sec. 21. [115A.1461] DEPOSIT RETURN SYSTEM.
(a) It is the intent of the legislature that if a bottle deposit return system is enacted in the
future, it will be harmonized with this act in a manner that ensures that:
(1) materials covered in that system are exempt from this act or related financial
obligations are reduced;
(2) colocation of drop-off facilities and alternative collection sites is maximized;
· · · · · · · · · · · · · · · · · · ·
(3) education and outreach is integrated between the two programs; and
(4) waste reduction and reuse strategies are prioritized between the two programs.
(b) Any implementation of a deposit return system is created with at least a two-year
transition period prior to the expiry of the currently approved stewardship plan and conducted
in a manner that does not create sudden and significant operational or financial disruption
to the implementation of a stewardship plan under section 115A.1451, including provisions
of recycling or reuse services contained in the plan.
Sec. 22. [115A.1462] ENFORCEMENT.
(a) The commissioner must enforce this act as provided under this section and sections
115.071 and 116.072. The commissioner may revoke a registration of a producer
responsibility organization or producer found to have violated this act.
(b) Notwithstanding the penalty limits contained in section 115.071, subdivision 3, and
except as otherwise provided in paragraph (c), a person that violates or fails to perform a

duty imposed by this act or any rule adopted thereunder is liable for a civil penalty not to exceed \$25,000 per day of violation.

(c) Notwithstanding the penalty limits contained in section 115.071, subdivision 3, a producer responsibility organization or producer that violates a provision of or fails to perform a duty imposed by this act, a rule adopted thereunder, or requirements of a stewardship plan approved by the commissioner, is liable for a civil penalty not to exceed \$25,000 per day of violation. For a second violation occurring within five years after the approval of a stewardship plan, a producer responsibility organization or producer is liable for a civil penalty not to exceed \$50,000 per day of violation. For a third or subsequent violation occurring within five years after the approval of a stewardship plan, a producer responsibility organization or producer is liable for a civil penalty not to exceed \$100,000 per day of violation.

Sec. 23. WORKPLACE CONDITIONS AND EQUITY STUDY.

- (a) By January 1, 2032, the commissioner of the Pollution Control Agency must contract 39.14 with a third party that is not a producer or a producer responsibility organization to conduct 39.16 a study of the recycling, composting, and reuse facilities operating in the state. The study must analyze, at a minimum information about:
- (1) working conditions, wage and benefit levels, and employment levels of minorities 39.18 and women at those facilities; 39.19
- (2) barriers to ownership of recycling, composting, and reuse operations faced by women 39.20 and minorities; 39.21
 - (3) the degree to which residents of multifamily buildings have less convenient access to recycling, composting, and reuse opportunities than those living in single-family homes;
 - (4) the degree to which environmental justice areas have access to fewer recycling, composting, and reuse opportunities compared to other parts of the state;
 - (5) the degree to which programs to increase access, convenience, and education are successful in raising reuse, recycling, and composting rates in areas where participation in these activities is low;
- 39.29 (6) strategies to increase participation in reuse, recycling, and composting; and
- (7) the degree to which residents and workers in environmental justice areas are impacted 39.30 39.31 by emissions, toxic substances, and other pollutants from solid waste facilities in comparison 39.32 to other areas of the state and provide recommendations to mitigate those impacts.

Sec. 23. 39

3rd Engrossment

(b) The initial producer responsibility organization registered by the commissioner under 40.1 Minnesota Statutes, sections 115A.144 to 115A.1462, must cover the cost of conducting 40.2 40.3 the study through its annual registration fee and recommended actions identified in the study must be considered as part of future stewardship plans as required under Minnesota Statutes, 40.4 section 115A.1451, including adjustments to service provider reimbursements as established 40.5 under Minnesota Statutes, section 115A.1455. 40.6 Sec. 24. COVERED MATERIALS POLLUTION AND CLEANUP STUDY. 40.7 (a) By January 1, 2032, the commissioner of the Pollution Control Agency, in consultation 40.8 40.9 with the commissioners of health and natural resources, must contract with a third party that is not a producer or a producer responsibility organization to conduct a study to identify 40.10 the contribution of covered products to litter and water pollution in Minnesota. The report 40.11 must at a minimum: 40.12 40.13 (1) analyze historical and current environmental and human health impacts of littered covered materials and their associated toxic substances in the environment; 40.14 (2) estimate the cost of cleanup and prevention; and 40.15 (3) provide recommendations for how to reduce and mitigate the impacts of litter in the 40.16 40.17 state. 40.18 (b) The contracted third party must consult with units of local government, the commissioners of health and natural resources, and environmental justice organizations. 40.19 40.20 (c) The initial producer responsibility organization registered by the commissioner under

Minnesota Statutes, sections 115A.144 to 115A.1462, must cover the cost of conducting

the study through its annual registration fee and recommended actions identified in the study

must be considered as part of future stewardship plans, as required under Minnesota Statutes,
