	Section 1. 1

Sec. 2. Minnesota Statutes 2010, section 60K.46, subdivision 4, is amended to read: 2.1 Subd. 4. Suitability of insurance. In recommending the purchase of any life, 2.2 endowment, individual accident and sickness, long-term care, annuity, life-endowment, or 2.3 Medicare supplement insurance to a customer, a producer must have reasonable grounds 2.4 for believing that the recommendation is suitable for the customer and must make 2.5 reasonable inquiries to determine suitability. The suitability of a recommended purchase 2.6 of insurance will be determined by reference to the totality of the particular customer's 2.7 circumstances, including, but not limited to, the customer's income, the customer's need 2.8 for insurance, and the values, benefits, and costs of the customer's existing insurance 2.9 program, if any, when compared to the values, benefits, and costs of the recommended 2.10 policy or policies. This subdivision does not apply to limited lines insurance under section 2.11 60K.38, subdivision 1, paragraph (c). Recommendations for the purchase of an annuity 2.12 are subject to sections 72A.203 to 72A.2036 and not this subdivision. 2.13

In the case of group insurance marketed on a direct response basis without the use of 2.20 direct agent contact, this subdivision is satisfied if the insurer has reasonable grounds to 2.21 2.22 believe that the insurance offered is generally suitable for the group to whom the offer is made. Sections 72A.203 to 72A.2036, and not this subdivision, apply to recommending 2.23 and issuing an annuity. 2.24

6.1	(1) make a record of any recommendation subject to subdivision 1;
6.2	(2) obtain a customer signed statement documenting a customer's refusal to provide
6.3	suitability information, if any; and
6.4	(3) obtain a customer signed statement acknowledging that an annuity transaction
6.5	is not recommended if a customer decides to enter into an annuity transaction that is not
6.6	based on the insurance producer's or insurer's recommendation.
6.7	Subd. 6. Supervision system. (a) An insurer shall establish a supervision system
6.8	that is reasonably designed to achieve the insurer's and its insurance producers' compliance
6.9	with sections 72A.203 to 72A.2036, including, but not limited to, the following:
6.10	(1) the insurer shall maintain reasonable procedures to inform its insurance
6.11	producers of the requirements of sections 72A.203 to 72A.2036 and shall incorporate the
6.12	requirements of sections 72A.203 to 72A.2036 into relevant insurance producer training
6.13	manuals;
6.14	(2) the insurer shall establish standards for insurance producer product training
6.15	and shall maintain reasonable procedures to require its insurance producers to comply
6.16	with the requirements of section 72A.2033;
6.17	(3) the insurer shall provide product-specific training and training materials which
6.18	explain all material features of its annuity products to its insurance producers;
6.19	(4) the insurer shall maintain procedures for review of each recommendation
6.20	before issuance of an annuity that are designed to ensure that there is a reasonable basis
6.21	to determine that a recommendation is suitable. The review procedures may apply a
6.22	screening system for the purpose of identifying selected transactions for additional
6.23	review and may be accomplished electronically or through other means including, but
6.24	not limited to, physical review. Such an electronic or other system may be designed to
6.25	require additional review only of those transactions identified for additional review by
6.26	the selection criteria;
6.27	(5) the insurer shall maintain reasonable procedures to detect recommendations
6.28	that are not suitable. This may include, but is not limited to, confirmation of consumer
6.29	suitability information, systematic customer surveys, interviews, confirmation letters,
6.30	and programs of internal monitoring. Nothing in this clause prevents an insurer from
6.31	complying with this clause by applying sampling procedures, or by confirming suitability
6.32	information after issuance or delivery of the annuity; and
6.33	(6) the insurer shall annually provide a report to senior management, including to the
6.34	senior manager responsible for audit functions, which details a review, with appropriate
6.35	testing, reasonably designed to determine the effectiveness of the supervision system, the
6.36	exceptions found, and corrective action taken or recommended, if any.

7.1	(b)(1) Nothing in this subdivision restricts an insurer from contracting for
7.2	performance of a function, including maintenance of procedures, required under paragraph
7.3	(a). An insurer is responsible for taking appropriate corrective action and may be subject
7.4	to sanctions and penalties pursuant to section 72A.2034 regardless of whether the insurer
7.5	contracts for performance of a function and regardless of the insurer's compliance with
7.6	subdivision 2; and
7.7	(2) an insurer's supervision system under paragraph (a) must include supervision
7.8	of contractual performance under this clause. This includes, but is not limited to, the
7.9	following:
7.10	(i) monitoring and, as appropriate, conducting audits to assure that the contracted
7.11	function is properly performed; and
7.12	(ii) annually obtaining a certification from a senior manager who has responsibility
7.13	for the contracted function that the manager has a reasonable basis to represent, and does
7.14	represent, that the function is properly performed.
7.15	(c) An insurer is not required to include in its system of supervision an insurance
7.16	producer's recommendations to consumers of products other than the annuities offered
7.17	by the insurer.
7.18	Subd. 7. Undue influence. An insurance producer shall not dissuade, or attempt to
7.19	dissuade, a consumer from:
7.20	(1) truthfully responding to an insurer's request for confirmation of suitability
7.21	information;
7.22	(2) filing a complaint; or
7.23	(3) cooperating with the investigation of a complaint.
7.24	Subd. 8. Alternative compliance. (a) Sales made in compliance with FINRA
7.25	requirements pertaining to suitability and supervision of annuity transactions satisfy
7.26	the requirements under sections 72A.203 to 72A.2036. This subdivision applies to
7.27	FINRA broker-dealer sales of variable annuities and fixed annuities if the suitability and
7.28	supervision is similar to those applied to variable annuity sales. However, nothing in this
7.29	subdivision limits the commissioner of commerce's ability to enforce the provisions of
7.30	sections 72A.203 to 72A.2036.
7.31	(b) For paragraph (a) to apply, an insurer shall:
7.32	(1) monitor the FINRA member broker-dealer using information collected in the
7.33	normal course of an insurer's business; and
7.34	(2) provide to the FINRA member broker-dealer information and reports that
7.35	are reasonably appropriate to assist the FINRA member broker-dealer to maintain its
7.36	supervision system.

8.1	Sec. 7. [72A.2033] INSURANCE PRODUCER TRAINING.
8.2	Subdivision 1. Requirement. An insurance producer shall not solicit the sale of an
8.3	annuity product unless the insurance producer has adequate knowledge of the product to
8.4	recommend the annuity and the insurance producer is in compliance with the insurer's
8.5	standards for product training. An insurance producer may rely on insurer-provided
8.6	product-specific training standards and materials to comply with this subdivision.
8.7	Subd. 2. Initial training. (a) An insurance producer who engages in the sale of
8.8	annuity products shall complete a one-time four-credit training course approved by
8.9	the commissioner and provided by a continuing education provider approved by the
8.10	commissioner.

8.12	date of sections 72A.203 to 72A.2036 and who desire to sell annuities shall complete
8.13	the requirements of this subdivision no later than six months after January 1, 2012.
8.14	Individuals who obtain a life insurance line of authority on or after January 1, 2012, may
8.15	not engage in the sale of annuities until the annuity training course required under this
8.16	subdivision has been completed. Producers licensed on or after January 1, 2012, have
8.17	until June 30, 2012, to complete the course.
8.18	(b) The length of the training required under this subdivision must be four continuing
8.19	education hours.
8.20	(c) The training required under this subdivision must include information on the

8.25	(4) the application of income taxation of qualified and nonqualified annuities;
8.26	(5) the primary uses of annuities; and
8.27	(6) appropriate sales practices, replacement, and disclosure requirements.
8.28	(d) Providers of courses intended to comply with this subdivision shall cover all
8.29	topics listed in the prescribed outline and shall not present any marketing information or
8.30	provide training on sales techniques or provide specific information about a particular

Only courses satisfying the 9.2 requirements of this section shall use this course title after the effective date of this section. 9.3 (g) Providers of annuity training shall comply with the course completion reporting 9.4 requirements of chapter 45. 9.5 (h) The satisfaction of the training requirements of another state that are substantially 9.6 similar to the provisions of this subdivision satisfies the training requirements of this 9.7 subdivision in this state, but does not satisfy any of the continuing education requirements 9.8 of chapter 60K unless the training requirements of the other state are satisfied through one 9.9 or more continuing education courses approved by the commissioner. 9.10 (i) An insurer shall verify that an insurance producer has completed the annuity 9.11 9.12 training course required under this subdivision before allowing the producer to sell an annuity product for that insurer. An insurer may satisfy its responsibility under this 9.13 subdivision by obtaining certificates of completion of the training course or obtaining 9.14 9.15 reports provided by commissioner-sponsored database systems or vendors or from a reasonably reliable commercial database vendor that has a reporting arrangement 9.16 with approved insurance education providers. If such data collection and reporting 9.17 arrangements are not in place, an insurer must maintain records verifying that the producer 9.18 has completed the annuity training course required under this subdivision and make the 9.19 9.20 records available to the commissioner upon request.
