1.18 (2) foster cross-agency collaboration at the state and local levels and reduce  
1.19 government costs by eliminating inefficiencies and applying best practices.

1.21 awarded by the commissioner of employment and economic development. Before any

2.10 of the targeted population, such as housing, mental and chemical health services, and  
2.11 preventative health care;

2.12 (4) explain how employment opportunities will be coordinated with housing,  
2.13 behavioral health, and other critical support services intended to ensure that program  
2.14 participants become stable, contributing members of their communities;

2.15 (5) outline how the proposed employment strategies will reduce federal, state, and  
2.16 local government costs, including public spending for shelter, food assistance, emergency  
2.17 health care, incarceration, and other public safety costs; and

2.18 (6) demonstrate the capacity to deliver an integrated set of core services, including  
2.19 new jobs, and the ability to track and report on the performance and results of their efforts.

2.20 (c) When making grants under this section, preference shall be given to eligible
