(f) Effective for dental services rendered on or after October 1, 2010, by a state-operated dental clinic, payment shall be paid on a reasonable cost basis that is based on the Medicare principles of reimbursement. This payment shall be effective for services rendered on or after January 1, 2011, to recipients enrolled in managed care plans or county-based purchasing plans.

(g) Beginning in fiscal year 2011, if the payments to state-operated dental clinics in paragraph (f), including state and federal shares, are less than \$1,850,000 per fiscal year, a supplemental state payment equal to the difference between the total payments in paragraph (f) and \$1,850,000 shall be paid from the general fund to state-operated services for the operation of the dental clinics.

(h) If the cost-based payment system for state-operated dental clinics described in paragraph (f) does not receive federal approval, then state-operated dental clinics shall be designated as critical access dental providers under subdivision 4, paragraph (b), and shall receive the critical access dental reimbursement rate as described under subdivision 4, paragraph (a).

(i) Effective for services rendered on or after September 1, 2011, through June 30, 2013, payment rates for dental services shall be reduced by three percent. This reduction does not apply to state-operated dental clinics in paragraph (f).

3.1 (l) Effective for services provided on or after January 1, 2017, the commissioner
