Subd. 4c. **Exceptions for replacement beds after June 30, 2003.** (a) The commissioner of health, in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:

(1) to license and certify an 80-bed city-owned facility in Nicollet County to be constructed on the site of a new city-owned hospital to replace an existing 85-bed facility attached to a hospital that is also being replaced. The threshold allowed for this project under section 144A.073 shall be the maximum amount available to pay the additional medical assistance costs of the new facility;

(2) to license and certify 29 beds to be added to an existing 69-bed facility in St. Louis County, provided that the 29 beds must be transferred from active or layaway status at an existing facility in St. Louis County that had 235 beds on April 1, 2003.

The licensed capacity at the 235-bed facility must be reduced to 206 beds, but the payment rate at that facility shall not be adjusted as a result of this transfer. The operating payment rate of the facility adding beds after completion of this project shall be the same as it was on the day prior to the day the beds are licensed and certified. This project shall not proceed unless it is approved and financed under the provisions of section 144A.073;

(3) to license and certify a new 60-bed facility in Austin, provided that: (i) 45 of the new beds are transferred from a 45-bed facility in Austin under common ownership that is closed and 15 of the new beds are transferred from a 182-bed facility in Albert Lea under common ownership; (ii) the commissioner of human services is authorized by the 2004 legislature to negotiate budget-neutral planned nursing facility closures; and (iii) money is available from planned closures of facilities under common ownership to make implementation of this clause budget-neutral to the state. The bed capacity of the Albert Lea facility shall be reduced to 167 beds following the transfer. Of the 60 beds at the new facility, 20 beds shall be used for a special care unit for persons with Alzheimer's disease or related dementias;

The property payment rate for the first three years of operation shall be \$35 per day. Upon relocation to the new site, the nursing facility shall delicense 28 beds. The property payment rate for the first three years of operation of the new facility shall be increased by an amount as calculated according to items (i) to (v):

(ii) compute the annual savings to the medical assistance program from the delicensure of 28 beds by multiplying the anticipated decrease in medical assistance residents, determined in item (i), by the existing facility's weighted average payment rate multiplied by 365;

(iii) compute the anticipated annual costs for community-based services by multiplying the anticipated decrease in medical assistance residents served by the nursing

facility, determined in item (i), by the average monthly elderly waiver service costs for individuals in Steele County multiplied by 12;

(iv) subtract the amount in item (iii) from the amount in item (ii);

(v) divide the amount in item (iv) by an amount equal to the relocated nursing facility's occupancy factor under section 256B.431, subdivision 3f, paragraph (c), multiplied by the historical percentage of medical assistance resident days.

The property payment rate for the first three years of operation of the new facility shall be increased by an amount as calculated according to items (i) to (vi):

(i) compute the estimated decrease in medical assistance residents served by both nursing facilities by multiplying the difference between the occupied beds of the two nursing facilities for the reporting year ending September 30, 2009, and the projected occupancy of the facility at 95 percent occupancy by the historical percentage of medical assistance resident days;

(ii) compute the annual savings to the medical assistance program from the delicensure by multiplying the anticipated decrease in the medical assistance residents, determined in item (i), by the hospital-owned nursing facility weighted average payment rate multiplied by 365;

(iii) compute the anticipated annual costs for community-based services by multiplying the anticipated decrease in medical assistance residents served by the

4.1 facilities, determined in item (i), by the average monthly elderly waiver service costs for
4.2 individuals in Goodhue County multiplied by 12;

4.3 (iv) subtract the amount in item (iii) from the amount in item (ii);

4.4 (v) multiply the amount in item (iv) by 48.5 percent; and

4.6 amount equal to the relocated nursing facility's occupancy factor under section 256B.431,
4.7 subdivision 3f, paragraph (c), multiplied by the historical percentage of medical assistance
4.8 resident days.

4.9 For subsequent years, the adjusted property payment rate shall be adjusted for
4.10 inflation as provided in section 256B.434, subdivision 4, paragraph (c), as long as the
