A bill for an act

relating to education; directing the Board of Teaching to adopt standards for a specialized license, endorsement, or credential for project-based learning; requiring a project-based learning proposal; amending Minnesota Statutes 2014, section 122A.09, by adding a subdivision.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1. Minnesota Statutes 2014, section 122A.09, is amended by adding a subdivision to read:

Subd. 11. **Specialized license, endorsement, or credential for project-based learning.** Consistent with subdivision 4, paragraph (d), regarding specialized licenses, endorsements, and credentials, the Board of Teaching must create and issue a specialized license, endorsement, or credential for project-based learning instructors that is designed to foster employer participation in cooperative career and technical education programs and other applied and experiential learning opportunities under sections 124D.085 and 124D.46, among other programs and opportunities for project-based learning, and to improve educational and career outcomes for all students. The board must adopt standards for the specialized license, endorsement, or credential for project-based learning instructors in consultation with career and technical education program providers, teacher preparation program providers focused on project-based learning, and other interested education and work-related stakeholders. Candidates for the specialized license, endorsement, or credential under this subdivision must have sufficient direct practical experience in an occupation that is part of a career and technical education or in other project-based learning.

EFFECTIVE DATE. This section is effective the day following final enactment.
